PRODUCTS INSPECTION ACT - CODIFICATION -

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6-290.1 of Title 2, unless there is created a duplication in numbering, reads as follows:

This act shall be known and may be cited as the "Exotic Game and Exotic Game Products Inspection Act".

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6-290.2 of Title 2, unless there is created a duplication in numbering, reads as follows:

A. Exotic animals and exotic animal products are becoming an important source of the nation's supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that slaughtered exotic game and exotic game

products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded exotic game are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged exotic game and exotic game products, and result in sundry losses to exotic game producers and processors of exotic game and exotic game products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally.

B. It is hereby declared to be the policy of the Legislature of this state to provide for the inspection of exotic game and exotic game products and otherwise regulate the processing and distribution of such articles to prevent the movement or sale in intrastate commerce of exotic game and exotic game products which are adulterated or misbranded.

SECTION 3. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6-290.3 of Title 2, unless there is created a duplication in numbering, reads as follows:

For the purposes of the Exotic Game and Exotic Game Products Inspection Act:

1. "Adulterated" shall apply to any carcass, part thereof, exotic game or exotic game products under one or more of the following circumstances:

- a. if it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such article shall not be considered adulterated under this paragraph if the quantity of such substance in or on such article does not ordinarily render it injurious to health,

- b. if it bears or contains, by reason of administration of any substance to live exotic game or otherwise, any added poisonous or added deleterious substance, other than one which is:
 - (1) a pesticide chemical in or on a raw agricultural commodity,
 - (2) a food additive, or
 - (3) a color additive;

which may, in the judgment of the Board, make such article unfit for human food;

- c. if it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of Section 408 of the Federal Food, Drug, and Cosmetic Act,
- d. if it bears or contains any food additive which is unsafe within the meaning of Section 409 of the Federal Food, Drug, and Cosmetic Act,
- e. if it bears or contains any color additive which is unsafe within the meaning of Section 706 of the Federal Food, Drug, and Cosmetic Act. Provided, that an article which is not otherwise deemed adulterated under subparagraph b, c, or d, shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on such article is prohibited by regulations of the Board in establishments at which inspection is maintained pursuant to the Exotic Game and Exotic Game Products Inspection Act,
- f. if it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other

reason unsound, unhealthful, unwholesome, or otherwise unfit for human food,

- g. if it has been prepared, packed, or held under unsanitary conditions whereby it may become contaminated with filth, or whereby it may have been rendered injurious to health,
- h. if it is, in whole or in part, the product of any exotic game which has died otherwise than by slaughter,
- i. if its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health,
- j. if it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to Section 409 of the Federal Food, Drug, and Cosmetic Act, or
- k. if any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is;
