DEPARTMENT - EFFECTIVE DATE -

SECTION 1. AMENDATORY 47 O.S. 1991, Section 1113, is amended to read as follows:

Section 1113. A. Upon the filing of a registration application and the payment of the fees provided for in the Oklahoma Vehicle License and Registration Act, the Oklahoma Tax Commission shall assign to the vehicle described in the application a distinctive

number, and issue the owner of the vehicle a certificate of registration and one license plate or a yearly decal for the year that a license plate is not issued. Such yearly decal shall have an identification number and the last two numbers of the registration year for which it shall expire. Except as provided by Section 1113A of this title, the license plate shall remain with the vehicle until a replacement license plate is applied for. The yearly decal will validate said license plate for each registration period other than the year the license plate is issued. The license plate and decal shall be of such size, color, design and numbering as the Commission may direct. The license plate shall be securely attached to the rear of the vehicle, except truck-tractor plates which shall be attached to the front of the vehicle. The Commission may, with the concurrence of the Department of Public Safety, by Joint Rule, change and direct the manner, place and location of display of any vehicle license plate when such action is deemed in the public interest. The license plate, decal and all letters and numbers must be clearly visible at all times. Upon payment of the annual registration fee provided in Section 1133 of this title, the Oklahoma Tax Commission may issue a permanent nonexpiring license plate to an owner of ten or more motor vehicles and for vehicles registered under the provisions of Section 1120 of this title. Upon payment of the annual registration fee, the Commission shall issue a certificate of registration that shall be carried at all times in the vehicle for which it is issued. The permanent nonexpiring license plate shall be returned to the Commission upon the sale of a vehicle by the owner to whom the permanent nonexpiring license plate is issued.

B. The license plates required under the provisions of this act shall conform to the requirements and specifications listed hereinafter:

1. Each license plate shall have a space for the placement of the yearly decals for each succeeding year of registration after the initial issue;

2. The provisions of this act regarding the issuance of yearly decals shall not apply to the issuance of apportioned license plates, including license plates for state vehicles, and exempt plates for governmental entities;

3. Within the limits herein prescribed the Commission shall design the official vehicle license plates with the legend "Oklahoma OK". Except for personalized license plates and license plates issued for motorcycles and mopeds, the emblem on the state flag of Oklahoma as provided for in Section 91 of Title 25 of the Oklahoma Statutes shall be a part of all license plates issued after December 31, 1988. The Commission may continue to issue license plates with the legend "Oklahoma is OK" until any inventory of such license plates is depleted. Except for personalized license plates and license plates issued for motorcycles and mopeds, the "Native America" emblem shall be a part of all license plates issued after December 31, 1993. The license plates shall be issued with the letters and numerals in the colors of green and white. All license plates and decals shall be made with reflectorized material as a background to the letters, numbers and characters impressed thereon. The reflectorized material shall be of such a nature as to provide effective and dependable brightness during the service period for which the license plate or decal is issued; and

4. The Commission shall design appropriate official license plates for all state vehicles. Such license plates shall be permanent in nature and designed in such manner as to remain with the vehicle for the duration of the vehicle's life span or until the title is transferred to a nongovernmental owner.

C. Where the applicant has satisfactorily shown that he owns the vehicle sought to be registered but is unable to produce

documentary evidence of his ownership a license plate may be issued upon approval by the Commission. In such instances the reason for not issuing a certificate of title shall be indicated on the receipt given to the applicant. It shall still be the duty of the applicant to immediately take all necessary steps to obtain his Oklahoma certificate of title and it shall be unlawful for him to sell said vehicle until such certificate has been obtained in his name.

D. The certificate of registration provided for in this section shall be in convenient form, and the certificate of registration, or a certified copy or photostatic copy thereof, duly authenticated by the Commission, shall be carried at all times in or upon commercial vehicles so registered, in such manner as to permit a ready examination thereof upon demand by any peace officer of the state or duly authorized employee of the Department of Public Safety. Any such officer or agent may seize and hold such commercial vehicle when the operator of the same does not have the registration certificate in his possession or when any such officer or agent determines that the registration certificate has been obtained by misrepresentation of any essential or material fact or when any number or identifying information appearing on such certificate has been changed, altered, obliterated or concealed in any way, until the proper registration or identification of such vehicle has been made or produced by the owner thereof.

E. For the first year that any manufactured home is registered in this state, the Commission shall issue a metal license plate which shall be affixed to the manufactured home. Manufactured homes previously registered and subject to ad valorem taxation as provided by law shall have the metal license plate affixed at the time ad valorem taxes are paid for such manufactured home. The owner of the home shall be required to affix such plate to the home. The Commission shall make sufficient plates available to the various motor license agents of the state in order for an owner of a

manufactured home to acquire the plate. A One Dollar (\$1.00) fee shall be charged for issuance of any plate. Such fee shall be apportioned each month to the General Revenue Fund of the State Treasury.

F. The manufactured home license plate shall be designed so that it is easily visible for purposes of verification by a county assessor that the manufactured home is properly assessed for ad valorem taxation. The plate shall be designed for a yearly decal. In the first year of registration a decal shall be issued for placement on the license plate indicating payment of applicable registration fees and excise taxes. In the second and all subsequent years for which the manufactured home is subject to ad valorem taxation, an annual decal shall be affixed to the license plate as evidence of ad valorem tax payment. The Commission shall issue decals to the various county treasurers of the state in order for a manufactured home owner to obtain such decal each year. Upon presentation of a valid ad valorem tax receipt, the manufactured home owner shall be issued the annual decal.

G. Upon the registration of a manufactured home in this state for the first time or upon discovery of a manufactured home previously registered within this state for which the information required by this subsection is not known, the Oklahoma Tax Commission shall obtain:

1. the name of the owner of the manufactured home;
2. the serial number or identification number of the manufactured home;
3. a legal description or address of the location for the home;
4. the actual retail selling price of the manufactured home excluding Oklahoma taxes;
5. the certificate of title number for the home; and
6. any other information which the Commission deems to be necessary.

The application for registration shall also include the school district in which the manufactured home is located or is to be located. Such information shall be entered into a computer data system which shall be used by the Oklahoma Tax Commission to provide information to county assessors upon request by the assessor. The assessor may request any information from the system in order to properly assess a manufactured home for ad valorem taxation.
