Assessment of the insurers shall occur at the end of each calendar year and shall be due and payable within thirty (30) days of receipt of the assessment notice by the insurer;

5. In addition to assessments required pursuant to paragraph 4 of this subsection, collect an organizational assessment or assessments from all insurers as necessary to provide for expenses which have been incurred or are estimated to be incurred prior to the receipt of the first calendar year assessments. Organizational assessments shall be equal for all insurers, but shall not exceed One Hundred Dollars (\$100.00) per insurer for all such assessments. Such assessments are due and payable within thirty (30) days of receipt of the assessment notice by the insurer;

6. Require that all policy forms issued by the Board conform to standard forms as approved by the Insurance Commissioner; and

7. Develop a program to publicize the existence of the plan, the eligibility requirements of the plan, and the procedures for enrollment in the plan, and to maintain public awareness of the plan.

SECTION 7. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6607 of Title 36, unless there is created a duplication in numbering, reads as follows:

3. In addition to imposing assessments under Section 6 of this act, levy interim assessments against insurers to insure the financial ability of the plan to cover claims expenses and administrative expenses incurred or estimated to be incurred in the operation of the plan prior to the end of a calendar year. Any interim assessment shall be due and payable within thirty (30) days of the receipt of the assessment notice by the insurer. Interim assessments shall be credited against the insurer's annual assessment.

SECTION 8. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6608 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. The Board of Directors of the Health Insurance Assigned Risk Pool shall select an insurer, through a competitive bidding process, to administer the plan. The Board shall evaluate the bids submitted under this subsection based on criteria established by the Board, which criteria shall include, but not be limited to, the following:

1. The insurer's proven ability to handle large group accident and health insurance policies and claims;
2. The efficiency of the insurer's claims-paying procedures; and
3. An estimate of total charges for administering the plan.

B. The administering insurer shall serve for a period of three (3) years. At least one (1) year prior to the expiration of each

three-year period of service by an administering insurer, the Board shall invite all insurers, including the current administering insurer, to submit bids to serve as the administering insurer for the succeeding three-year period. The selection of the administering insurer for the succeeding three-year period shall be made at least six (6) months prior to the end of the current three-year period.

C. The administering insurer shall:

1. Perform all eligibility and administrative claims-payment functions relating to the plan;

2. Pay an agent's referral fee as established by the Board to each agent who refers an applicant to the plan, if the applicant is accepted. The selling or marketing of the plan shall not be limited to the administering insurer or its agents. The referral fees shall be paid by the administering insurer from moneys received as premiums for the plan;

3. Establish a premium billing procedure for collection of premiums from persons insured under the plan;

4. Perform all necessary functions to assure timely payment of benefits to covered persons under the plan, including, but not limited to, the following:

a. making available information relating to the proper manner of submitting a claim for benefits under the plan and distributing forms upon which submissions shall be made,

b. evaluating the eligibility of each claim for payment under the plan, and

c. notifying each claimant within thirty (30) days after receiving a properly completed and executed proof of loss, whether the claim is accepted, rejected, or compromised;

5. Submit regular reports to the Board regarding the operation of the plan. The frequency, content, and form of the reports shall be determined by the Board;

6. Following the close of each calendar year, determine net premiums, reinsurance premiums less administrative expenses allowance, the expense of administration pertaining to the reinsurance operations of the Pool, and the incurred losses for the year, and report this information to the Board and to the Insurance Commissioner; and

7. a. Pay claims expenses from the premium payments received from, or on behalf of, covered persons under the plan, and

b. If the payments by the administering insurer for claims expenses exceed the portion of premiums allocated by the Board for the payment of claims expenses, the Board shall provide through assessment the additional funds necessary for payment of claims expenses.

D. 1. The administering insurer shall be paid, as provided in the contract of the Pool, for its direct and indirect expenses in administering the Pool.

2. As used in this subsection, the term "direct and indirect expenses" includes the portion of the audited administrative costs, printing expenses, claims administration expenses, management expenses, building overhead expenses and other actual operating and administrative expenses of the administering insurer which are approved by the Board as allocable to the administration of the plan and included in the bid specifications.

SECTION 9. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6609 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. Each insurer shall be assessed by the Board of Directors of the Health Insurance Assigned Risk Pool a portion of the operating losses of the plan; such portion being determined by multiplying the operating losses by a fraction, the numerator of which equals the insurer's premium and subscriber contract charges pertaining to the direct writing of health insurance written in this state during the preceding calendar year and the denominator of which equals the total of all such premiums and subscriber contract charges written by participating insurers in this state during the previous calendar year. The computation of assessments shall be made with a reasonable degree of accuracy, with the recognition that exact determinations may not always be possible.

B. 1. If assessments and other receipts by the Pool exceed the actual losses and administrative expenses of the plan, the excess shall be held at interest and used by the Board to offset future losses or to reduce premiums.

2. As used in this subsection, the term "future losses" includes reserves for claims incurred but not reported.

C. 1. Each insurer's proportion of participation in the plan shall be determined annually by the Board based on annual statements and other reports deemed necessary by the Board and filed with it by the insurer.

2. Any deficit incurred under the plan shall be recouped by assessments apportioned among participating insurers by the Board in the manner set forth in subsection A of this section, and the insurers may recover the net loss, if any, after the tax offset provided in Section 10 of this act in the normal course of their respective businesses without time limitation.

SECTION 10. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6610 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. Any assessment may be offset, in an amount equal to the amount of the assessment paid to the Health Insurance Assigned Risk Pool, against the state corporate income tax or the premium tax payable by that participating insurer for the year in which the assessment is levied or the four (4) years subsequent to that year.

B. 1. The Board may abate or defer, in whole or in part, the assessment of a participating insurer if, in the opinion of the Board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations.

2. In the event that an assessment against a participating insurer is abated or deferred, in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other participating insurers in a manner consistent with the basis for assessments set forth in subsection A of Section 9 of this act, and the insurer receiving the abatement or deferment shall remain liable to the Pool for the deficiency for four (4) years.

C. Notwithstanding any provisions of Sections 1 through 12 of this act to the contrary, no participating insurer may be assessed in any one (1) calendar year an amount greater than the amount which that insurer paid to the state in the previous year as premium tax or corporate income tax on the business to which this tax applies, or one-hundredth of one percent (0.01%) of that insurer's proportionate share of the total written premiums on such business in this state, whichever is greater.

2. The efficiency of the insurer's claims-paying procedures;  
and

3. An estimate of total charges for administering the plan.

B. The administering insurer shall serve for a period of three (3) years. At least one (1) year prior to the expiration of each three-year period of service by an administering insurer, the Board shall invite all insurers, including the current administering insurer, to submit bids to serve as the administering insurer for the succeeding three-year period. The selection of the administering insurer for the succeeding three-year period shall be made at least six (6) months prior to the end of the current three-year period.

C. The administering insurer shall:

1. Perform all eligibility and administrative claims-payment functions relating to the plan;

2. Establish a premium billing procedure for collection of premiums from persons insured under the plan;

3. Perform all necessary functions to assure timely payment of benefits to covered persons under the plan, including, but not limited to, the following:

a. making available information relating to the proper manner of submitting a claim for benefits under the plan and distributing forms upon which submissions shall be made,

b. evaluating the eligibility of each claim for payment under the plan, and

c. notifying each claimant within thirty (30) days after receiving a properly completed and executed proof of loss, whether the claim is accepted, rejected, or compromised;

4. Submit regular reports to the Board regarding the operation of the plan. The frequency, content, and form of the reports shall be determined by the Board;

5. Following the close of each calendar year, determine net premiums, reinsurance premiums less administrative expenses allowance, the expense of administration pertaining to the reinsurance operations of the Pool, and the incurred losses for the year, and report this information to the Board and to the Insurance Commissioner; and

6. a. Pay claims expenses from the premium payments received from, or on behalf of, covered persons under the plan, and
- b. If the payments by the administering insurer for claims expenses exceed the portion of premiums allocated by the Board for the payment of claims expenses, the Board shall provide through assessment the additional funds necessary for payment of claims expenses.

D. The administering insurer shall be paid, as provided in the contract of the Pool, for its direct and indirect expenses in administering the Pool. As used in this subsection, the term "direct and indirect expenses" includes the portion of the audited administrative costs, printing expenses, claims administration expenses, management expenses, building overhead expenses and other actual operating and administrative expenses of the administering insurer which are approved by the Board as allocable to the administration of the plan and included in the bid specifications.

SECTION 21. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6629 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. Each insurer shall be assessed by the Board of Directors of the Health Insurance Portability Pool a portion of the operating

losses of the plan; such portion being determined by multiplying the operating losses by a fraction, the numerator of which equals the insurer's premium and subscriber contract charges pertaining to the direct writing of health insurance written in this state during the preceding calendar year and the denominator of which equals the total of all such premiums and subscriber contract charges written by participating insurers in this state during the previous calendar year. The computation of assessments shall be made with a reasonable degree of accuracy, with the recognition that exact determinations may not always be possible.

B. If assessments and other receipts by the Pool exceed the actual losses and administrative expenses of the plan, the excess shall be held at interest and used by the Board to offset future losses or to reduce premiums. As used in this subsection, the term "future losses" includes reserves for claims incurred but not reported.

C. 1. Each insurer's proportion of participation in the plan shall be determined annually by the Board based on annual statements and other reports deemed necessary by the Board and filed with it by the insurer.

2. Any deficit incurred under the plan shall be recouped by assessments apportioned among participating insurers by the Board in the manner set forth in subsection A of this section, and the insurers may recover the net loss, if any, in the normal course of their respective businesses without time limitation.

SECTION 22. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6630 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. The Board may abate or defer, in whole or in part, the assessment of a participating insurer if, in the opinion of the Board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations.

B. In the event that an assessment against a participating insurer is abated or deferred, in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other participating insurers in a manner consistent with the basis for assessments set forth in subsection A of Section 21 of this act, and the insurer receiving the abatement or deferment shall remain liable to the Pool for the deficiency for four (4) years.

SECTION 23. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6631 of Title 36, unless there is created a duplication in numbering, reads as follows:

The coverage provided by the plan shall be directly insured by the Health Insurance Portability Pool and the policies administered through the administering insurer.

SECTION 24. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6632 of Title 36, unless there is created a duplication in numbering, reads as follows:

A. 1. The plan of the Health Insurance Portability Pool shall offer in an annually renewable policy the coverage specified in this section for each eligible person.

2. Any person who meets the requirements of Section 16 of this act may apply for coverage under the plan. If such coverage is applied for within ninety (90) days of the date of termination of coverage with the previous employer and if premiums are paid for the entire period of coverage, the effective date of coverage under the benefit plan of the Pool shall be the date of termination of the previous coverage.

3. The plan shall provide that, upon the death, annulment of marriage or divorce of the individual in whose name the contract was issued, every other person covered in the contract may elect within sixty (60) days to continue coverage under a continuation or conversion policy.

4. Coverage under the plan shall be provided until the employee or dependents qualify for coverage under the group health policy or plan of an employer, except coverage shall be terminated for a covered person for nonpayment of premiums or if the benefits paid exceed Five Hundred Thousand Dollars (\$500,000.00) for a covered person.

B. 1. The plan shall offer to each eligible person coverage equivalent to the benefits which would be provided by the employer, and subject to the same limits on deductible and coinsurance payments.

2. The schedule of premiums shall be established by the Board. The employer shall contribute to the payment of the premium that amount which the employer contributes for an employee and dependents under its health insurance plan.

3. Rates for coverage issued by the Pool may not be unreasonable in relation to the benefits provided, the risk experience and the reasonable expenses of providing coverage.

4. Separate schedules of premium rates based on age may apply for individual risks.

5. Rates are subject to approval by the Insurance Commissioner.

6. Standard risk rates for coverages issued by the Pool shall be established by the Board, subject to the approval of the Insurance Commissioner, using reasonable actuarial techniques, and shall reflect anticipated experiences and expenses of such coverage for standard risks.

7. a. The rating plan established by the Board shall initially provide for rates equal to two hundred percent (200%) of the average standard risk rates, and
- b. Any change to the initial rates shall be based on experience of the plan and shall reflect reasonably anticipated losses and expenses.

8. A Pool policy may contain provisions under which coverage is excluded during a period of twelve (12) months following the effective date of coverage with respect to a covered person's preexisting condition if the preexisting condition was not covered under the previous employer's health insurance policy or plan. The Board shall have a cause of action against a covered person for any benefits paid to the person which should not have been claimed or recognized as claims because of the provision of this paragraph or because otherwise not covered.

SECTION 25. This act shall become effective July 1, 1992.

SECTION 26. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
