AN ACT RELATING TO CHILDREN; AMENDING 10 O.S. 1991,  
SECTION 411, WHICH RELATES TO IMMUNIZATIONS;  
REQUIRING CERTAIN IMMUNIZATION; AND DECLARING AN  
EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 10 O.S. 1991, Section 411, is amended to read as follows:

Section 411. No person, firm, corporation, partnership or other legal entity operating a day care center or day care home in this state shall cause or permit a minor child two (2) months of age or older to be admitted to such facility unless the parent or guardian of said child presents certification from a licensed physician or authorized representative of any state or local department of public health that such child has received or will receive immunization at the medically appropriate time against diphtheria, pertussis, tetanus, haemophilus influenzae type B (HIB), measles (rubeola), rubella, and poliomyelitis; or presents such certification that the child is likely to be immune as a result of the disease. Provided, however, that in the event the parent, guardian, or other person presenting a child for admission to a day care center or day care home certifies in writing that a family emergency exists, the requirement imposed by this section may be waived for a period not to exceed thirty (30) days. Such certification shall be made prior to the provision of care. No such waiver shall be knowingly permitted more than once for any child.

SECTION 2. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
