All repayments made as provided for in this subsection shall be made prior to September 1, 1986.

(c) Any member with ten (10) or more years of Oklahoma teaching service and whose accumulated contributions during such period have not been withdrawn shall be given an indefinite extension of membership beginning with the sixth year following his last contributing membership and shall become eligible to apply for retirement and be retired upon attaining age fifty-five (55).

(d) Members currently teaching in the public schools of Oklahoma past the fiscal year during which age seventy (70) was attained and who have not retired shall be granted the privilege of making up the five percent (5%) contributions, plus interest, for the years taught after age seventy (70). Such member shall be given an indefinite extension of membership and be eligible to retire upon

the filing of proper application for retirement as hereinbefore provided.

(2) An unclassified optional member who has retired or who retires at sixty-two (62) years of age or older or whose retirement is because of disability shall have his minimum retirement benefits calculated on an average salary of Five Thousand Three Hundred Fifty Dollars (\$5,350.00) or, if a larger monthly allowance would result, an amount arrived at pursuant to application of the formula prescribed herein.

(3) No member shall receive a lesser retirement benefit than he would have received under the law in effect at the time he retired. Any individual under the Teachers' Retirement System, who through error in stating the title of the position which he held, may, at the discretion of the Board of Trustees, be changed from the nonclassified optional group to the classified group for the purpose of calculating retirement benefits.

Any individual regardless of residence, who has a minimum of ten (10) years of teaching in Oklahoma schools prior to July 1, 1943, or who taught in Oklahoma schools prior to 1934 and thereafter taught a minimum of ~~ten (10)~~ eight (8) years and who does not qualify under the present retirement system, or who has a minimum of thirty (30) years of teaching in Oklahoma schools and has reached seventy (70) years of age prior to July 1, 1984, and is not otherwise eligible to receive any benefits from the retirement system shall receive a minimum of One Hundred Fifty Dollars (\$150.00) per month in retirement benefits from the Teachers' Retirement System of Oklahoma plus any general increase in benefits for annuitants as may be provided hereafter by the Legislature. Each individual must apply to the Teachers' Retirement System for such benefit and provide evidence to the Teachers' Retirement System that the service was actually rendered. The surviving spouse of any person who made application for the benefit provided for by this paragraph during

his lifetime but did not receive said benefit may submit an application to the system for payment of said benefit for those months during the lifetime of the deceased person that he was eligible for but did not receive the benefit. Upon approval of the application by the Board of Trustees, the benefit shall be paid to the surviving spouse in one lump sum.

(4) The value of each year of prior service is the total monthly retirement benefit divided by the number of years of creditable service.

(5) Upon application of a member who is actively engaged in teaching in Oklahoma or his employer, any member who has been a contributing member for ten (10) years may be retired by the Board of Trustees not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof, on a disability retirement allowance, provided the Medical Board of the Teachers' Retirement System after medical examination of such member by a duly qualified physician shall certify that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

(6) (a) A member who at the time of retirement is in the judgment of the Medical Board of the Teachers' Retirement System permanently physically or mentally incapacitated to teach school shall receive a minimum monthly retirement payment for life or until such time as the member may be found to be recovered to the point where he may return to teaching. Any member retired before the effective date of this act shall be eligible to receive the monthly retirement allowance herein provided, but such payment shall not begin until the first payment due him after the effective date of this act, and shall not be retroactive. The Board of Trustees is empowered to make such rules and regulations as it considers proper to preserve equity in retirements under this provision.

(b) A member who has qualified for retirement benefits under disability retirement shall have the total monthly payment deducted from his accumulated contributions plus interest earned and any money remaining in the member's account after the above deductions at the death of the member shall be paid in a lump sum to the beneficiary or to the estate of the member. Provided, if the deceased disabled member had thirty (30) years or more of creditable service and the death occurred after June 30, 1981, and death occurred prior to the disabled member receiving twelve monthly retirement payments, a surviving spouse may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 Plan of Retirement provided for in subsection (8) of this section in lieu of the death benefit provided for in this subsection and in subsection (12) of this section.

(c) Once each year the Board of Trustees may require any disabled annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence for said disabled annuitant or other place mutually agreed upon by a physician or physicians designated by the Board of Trustees. Should any disabled annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees his allowance may be discontinued until he submits to such examination.

(d) Should the Medical Board report and certify to the Board of Trustees that such disabled annuitant is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and the average final compensation, and should the Board of Trustees concur in such report then the amount of his pension shall be reduced to an amount which, together with his retirement allowance and that amount earnable by him, shall

equal the amount of his average final compensation. Should his earning capacity be later increased, the amount of his pension may be further modified, provided the new pension shall not exceed that amount of the pension originally granted nor an amount, which when added to the amount earnable by the member, together with his annuity, equals the amount of his average final compensation.

(e) Should a disabled annuitant be restored to active service, his disability retirement allowance shall cease and he shall again become a member of the Teachers' Retirement System and shall make regular contributions as required under this article. The unused portion of his accumulated contributions shall be reestablished to his credit in the Teachers' Savings Fund. Any such prior service certificates on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect.

(7) Should a member before retirement under this act make application for withdrawal duly filed with the Board of Trustees and approved by it, not earlier than four (4) months after the date of termination of such service as a teacher, the contribution standing to the credit of his individual account in the Teachers' Savings Fund shall be paid to him or, in the event of his death before retirement, shall be paid to such person or persons as he shall have nominated by written designation, duly executed and filed with the Board of Trustees; provided, however, if there be no designated beneficiary surviving upon such death, such contributions shall be paid to his administrators, executors, or assigns, together with interest as hereinafter provided. In lieu of a lump-sum settlement at the death of the member, the amount of money the member has on deposit in the Teachers' Savings Fund and the money the member has on deposit in the Teachers' Deposit Fund may be paid in monthly payments to a designated beneficiary, who must be the spouse, under the Maximum or Option 1 Plan of Retirement providing the monthly payment shall be not less than Twenty-five Dollars (\$25.00) per

month. The monthly payment shall be the actuarial equivalent of the amount becoming due at the member's death based on the sex of the spouse and the age the spouse has attained at the last birthday prior to the member's death. Provided further, if there be no designated beneficiary surviving upon such death, and the contributions standing to the credit of such member do not exceed Two Hundred Dollars (\$200.00), no part of such contributions shall be subject to the payment of any expense of the last illness or funeral of the deceased member or any expense of administration of the estate of such deceased and the Board of Trustees, upon satisfactory proof of the death of such member and of the name or names of the person or persons who would be entitled to receive such contributions under the laws of descent and distribution of the state, may authorize the payment of accumulated contributions to such person or persons. A member terminating his membership by withdrawal shall have the interest computed at a rate of interest determined by the Board of Trustees and paid to him subject to the following schedule:

(a) If termination occurs within seven (7) years from the date membership began, no part of such interest accumulations shall be paid.

(b) With at least seven (7) but less than sixteen (16) years of membership, fifty percent (50%) of such interest accumulations shall be paid.

(c) With at least sixteen (16) but less than twenty-one (21) years of membership, sixty percent (60%) of such interest accumulations shall be paid.

(d) With at least twenty-one (21) but less than twenty-six (26) years of membership, seventy-five percent (75%) of such interest accumulations shall be paid.

(e) With at least twenty-six (26) years of membership, ninety percent (90%) of such interest accumulations shall be paid.

In case of death of an active member, the interest shall be calculated and restored to the member's account and paid to his beneficiary.

(8) (a) In lieu of his retirement allowance payable throughout life for such an amount as determined under this section, the member may select a retirement allowance for a reduced amount payable under any of the following options the present value of which is the actuarial equivalent thereof.

(b) A member may select the option under which he desires to retire at the end of the school year in which he attains age seventy (70) and said option shall be binding and cannot be changed. Provided further that if a member retires before age seventy (70), no election of an option shall be effective in case an annuitant dies before the first payment due under such option has been received.

(c) The first payment of any benefit selected shall be made on the first day of the month following approval of the retirement by the Board of Trustees.

Option 1. If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 2. A member takes a reduced retirement allowance for life. Upon the death of the member the payments shall continue to the member's designated beneficiary, who must be a spouse, for the life of the beneficiary. The written designation of the beneficiary, who must be a spouse, must be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement; or

Option 3. A member receives a reduced retirement allowance for life. Upon the death of the member one-half (1/2) of the retirement allowance paid the member shall be continued throughout the life of the designated beneficiary, who must be a spouse. A written designation of a beneficiary must be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement; or

Option 4. Some other benefit or benefits shall be paid either to the member or to such person or persons as he shall nominate, provided such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance and shall be approved by the Board of Trustees; or

Option 5. A member receives a reduced retirement allowance for life. If the member dies within twenty-five (25) years from the date of commencement of the retirement payments, such payments shall be continued to the beneficiary of the member during the balance of the twenty-five-year period. The written designation of the beneficiary, who must be a spouse, shall be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement.

(9) The governing board of any "public school", as that term is defined in Section 17-101 of this title, is hereby authorized and empowered to pay additional retirement allowances or compensation to any person who was in the employ of such public school for not less than ten (10) school years preceding the date of his retirement. Payments so made shall be a proper charge against the current appropriation or appropriations of any such public school for salaries for the fiscal year in which such payments are made. Such payments shall be made in regular monthly installments in such amounts as the governing board of any such public school, in its judgment, shall determine to be reasonable and appropriate in view

of the length and type of service rendered by any such person to such public school by which such person was employed at the time of retirement. All such additional payments shall be uniform, based upon the length of tenure and the type of services performed, to persons formerly employed by such public school who have retired or been retired in accordance with the provisions of this act.

The governing board of any such public school may adopt rules and regulations of general application outlining the terms and conditions under which such additional retirement benefits shall be paid, and all decisions of such board shall be final.

Provided, if the deceased member had ten (10) years or more of creditable service and the death occurred after February 1, 1985, a surviving spouse may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 plan of retirement in lieu of the death benefit provided for in this subsection. Provided further, if the death occurred after June 1, 1987, and the surviving spouse elects to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 plan of retirement, the retirement benefit shall be determined using the average annual salary of the deceased member during any three (3) of the last five (5) years of participating service, but not to exceed Forty Thousand Dollars (\$40,000.00).

(12) Upon the death of an annuitant who has contributed to the system, the retirement system shall pay to the designated beneficiary of the annuitant or, if there is no designated beneficiary or if the designated beneficiary predeceases the annuitant, to the estate of the annuitant, the sum of Four Thousand Dollars (\$4,000.00) as a death benefit.

SECTION 2. AMENDATORY 70 O.S. 1981, Section 17-116.2, as last amended by Section 7, Chapter 334, O.S.L. 1990 (70 O.S. Supp. 1990, Section 17-116.2), is amended to read as follows:
