B. A person whose license has been revoked by the Board may be reinstated only upon written application showing affirmatively that the cause which resulted in the revocation has been eliminated or the applicant has otherwise rehabilitated himself, and that reinstatement of the applicant would not be a detriment to the denturism profession or a danger to the public. The burden of proof shall be on the applicant. The applicant may be required to pass a written, oral, or practical skills examination, or any combination of such examinations by order of the Board prior to reinstatement.
