E. 1. The Legislature finds and declares that rural electric cooperatives, which are owned by the member-consumers they serve, are regulated by the member-consumers themselves acting through an elected governing board. It is further declared that the regulation by the Commission promulgated pursuant to this section may be duplicative of the self-regulation by the rural electric cooperative and may be neither necessary nor cost-effective. It is therefore the purpose of this subsection to determine the necessity of regulation by the Commission by allowing the member-consumers of a rural electric cooperative to exempt themselves from regulation by the Commission.

2. Except as otherwise provided in paragraph 4 of this subsection, the provisions of this section shall not apply to rural electric cooperatives which comply with paragraph 3 of this subsection;

3. To be exempt under paragraph 2 of this subsection, a cooperative shall poll its members as follows:

Notice to the members shall be written and delivered not less than twenty-one (21) nor more than forty-five (45) days before the date of the meeting,
- c. if the cooperative mails information to its members regarding the proposition for deregulation other than notice of the election and the ballot, the cooperative shall also include in such mailing any information in opposition to the proposition that is submitted by petition signed by not less than one percent (1%) of the cooperative's members. All expenses incidental to mailing the additional information, including any additional postage required to mail such additional information, must be paid by the signatories to the petition,
- d. if the proposition for deregulation is approved by the affirmative vote of not less than a majority of the members voting on the proposition, the cooperative shall notify the state corporation commission in writing of the results within ten (10) days after the date of the election,
- e. voting on the proposition for deregulation shall be by mail ballot.

4. In the event the member-consumers have voted, pursuant to paragraph 3 of this subsection, to exempt themselves from regulation by the Commission, any such cooperative may vote no more than once a year to place said cooperative under the regulation of the Commission, as provided in this section. Said question shall be submitted to the member-consumers of the rural electric cooperative if at least five percent (5%) of the members of the cooperative sign a petition requesting such an election. Such petition shall be submitted to the membership in the same manner as provided for in paragraph 3 of this subsection.

SECTION 2. This act shall become effective September 1, 1993.
