calendar days shall mark an end to continuous service. The legislative session employees who have worked for two (2) years or more in part-time status and are eligible for state retirement benefits, but do not receive other longevity payments, shall be eligible and shall be considered to have been continuously employed for purposes of calculating longevity payments, notwithstanding the provisions of subsection E of this section.

Further, no employee shall receive duplicating longevity payments for the same periods of service with any and all agencies.

E. To determine years of service, cumulative periods of full-time employment or part-time employment working more than one hundred fifty (150) hours per month with the state excluding service as specified in subsection A of this section are applicable. Part-time employment, working one hundred fifty (150) hours per month or less for the state, excluding service as specified in subsection A of this section, shall be counted only if:

1. The period of employment was continuous for at least five (5) months; and
2. The person worked more than two-fifths (2/5) time.

Other employment shall not be counted as service for purposes of longevity payments. Further, no period of employment with the state, whether with one or more than one agency, shall be counted as more than full-time service.

F. Years of service under the administrative authority of the State Regents for Higher Education or the administrative authority of the Department of Vocational and Technical Education of any employee who is now employed in a job classification which is eligible for longevity pay shall be included in years of service for purposes of determining longevity pay.

G. Years of service shall be certified through the current employing agency by the appointing authority on a form approved by the Office of Personnel Management. Said form shall be filed with the Office of Personnel Management by the current employing agency

within sixty (60) calendar days before an employee becomes eligible for longevity payments and thereafter whenever the employee's anniversary date is changed.

H. Eligible employees, in full-time status or in part-time status working more than one hundred fifty (150) hours per month, shall receive one (1) lump-sum annual payment, in the amount provided on the preceding schedule, during the month following the anniversary date of the employee's most recent enter-on-duty day with the state. Eligible part-time employees who work one hundred fifty (150) hours per month or less shall receive one (1) lump-sum annual payment, based on the formula in subsection L of this section, during the month following the anniversary date of the employee's most recent enter-on-duty day with the state. To receive longevity pay an employee must be in pay status on or after his or her anniversary date.

Eligible employees who would not otherwise receive annual longevity payments because their employment includes regular periods of leave without pay in excess of thirty (30) calendar days shall receive one (1) lump-sum annual payment, based on the formula in subsection L of this section, during:

1. The month of August if the employee is in pay status on July 1; or
2. During the month following the employee's first return to duty that fiscal year if the employee is not in pay status on July 1.

Employees terminated as a result of a reduction in force or retiring from state employment shall receive upon said termination or retirement the proportionate share of any longevity payment which may have accrued as of the date of termination or retirement. Provided further that, the proportionate share of any longevity payment which may have accrued as of the date of death of an

employee shall be made to the surviving spouse of the employee or if there is no surviving spouse to the estate of the employee.

I. Periods of leave without pay taken in accordance with Section 840.7b of this title shall be counted as service. Other periods of nonpaid leave status in excess of thirty (30) calendar days shall not mark a break in service; however, they shall:

1. Not be used in calculating total months of service for longevity pay purposes; and

2. Extend the anniversary date for longevity pay by the total period of time on nonpaid leave status except as provided in subsection H of this section for employees whose conditions of employment include regular periods of leave without pay.

J. Employees currently receiving longevity pay who work for the judicial branch of state government or who work for the Department of Vocational and Technical Education shall not be eligible for the longevity pay plan provided for in this section.

K. A break in service with the state in excess of thirty (30) days but which does not exceed two (2) years which was caused by a reduction in force shall be treated as if it were a period of nonpaid leave status as provided for in subsection I of this section for the purpose of calculating total months of service for longevity pay. This subsection shall only apply to state employees laid off after June 30, 1982.

L. Eligible part-time employees working less than one hundred fifty (150) hours per month and other eligible employees with regular annual periods of leave without pay of more than thirty (30) calendar days will receive a prorated share of the "Annual Longevity Payment" authorized in subsection D of this section.
