Such credit shall be added in terms of whole months. Twenty (20) days of unused sick leave shall equal one (1) month for purposes of participating service credit. The member's employer shall reimburse the System for the cost of funding the additional reserve. Each participating employer shall provide the System with adequate and timely information necessary to determine additional benefits and its cost under this paragraph. This paragraph shall apply to members retiring or vesting on or after July 1, 1984, and shall not be retroactive.

C. In determining the eligibility for retirement or vesting purposes only, a fractional year of six (6) months or more shall be considered as one (1) year, and less than six (6) months shall be disregarded.

D. A member may receive credit for those years of credited service accumulated by the member while a member of the Oklahoma

Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for Justices and Judges, the Oklahoma Law Enforcement Retirement System, or the Teachers' Retirement System of Oklahoma, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. To receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

E. A member may receive credit for those years of service accumulated by the member as an elected official if the member is not receiving or eligible to receive retirement credit or benefits from said service in any public retirement system. Prior to January 1, 1991, to receive the service credit, the member shall pay to the Board for each year of service purchased pursuant to this subsection a sum equal to the employee and employer contribution rate that would have been applicable to the member as determined by the Board and interest of not to exceed five percent (5%), and effective January 1, 1991, to receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

F. 1. An active member of the Oklahoma Public

Employees Retirement System may receive credit for those years of service accumulated by the member while a member of the Teachers' Retirement System of Oklahoma if:

- a. the member is an active member of the Oklahoma Public Employees Retirement System, and
- b. the member provides notice to the Teachers' Retirement System of Oklahoma and the Oklahoma Public Employees Retirement System of the member's election to transfer said retirement credit. The notice shall include a list of the years to be transferred, and

- c. the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection who are receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system shall have all service credit with the Teachers' Retirement System of Oklahoma canceled which is not transferred to the Oklahoma Public Employees Retirement System or used as a cash offset in such a transfer pursuant to subparagraph d of paragraph 2 of this subsection. Service credit transferred to the Teachers' Retirement System of Oklahoma under this subsection shall also be cancelled with the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Teachers' Retirement System of Oklahoma. The "receiving system" shall mean the Oklahoma Public Employees Retirement System.

- a. Within thirty (30) days notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules ~~and regulations:~~

- (1) for members who have vested with the sending system, determine the present value of the member's earned benefits attributable to the years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the

actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation but shall not make any projections regarding future salary. For vested employees the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in division (1) of this subparagraph, and

(2) determine the sum of the employee and employer contributions applicable to the years of service sought to be transferred plus interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. For all non-vested members, and for vested members if the product of this calculation is greater than the product of the calculation in division (1) of this subparagraph, the sending system shall use the product of this calculation for purposes of determining the amount to be transferred by the sending system under subparagraph c of this paragraph and any transfer fee to be paid by the members under subparagraph d of this paragraph.

b. Within thirty (30) days notification of an intent to transfer is received by the receiving system, the receiving system shall determine, according to the system's own rules ~~and regulations~~, the present value of the member's incremental projected benefits discounted according to the member's age at the time

of the transfer. Incremental projected benefits shall be the difference between the projected benefit said member would receive without transferring the service credit and the projected benefit after transfer of service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

- c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except, if the cost under subparagraph a of this paragraph for the same years of service to the sending system is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial value of the incremental projected benefit in the receiving system.
- d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall elect to:

(1) pay any difference to receive full credit for the years sought to be transferred, or

(2) receive prorated service credit for only the amount received from the Teachers' Retirement System of Oklahoma pursuant to this subsection.

Such an election shall be made in writing, filed with the System prior to receiving the credit provided for in paragraph 1 of this subsection, and shall be irrevocable.

3. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the sending system shall pay the receiving system any amount due under this subsection. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the member shall pay the receiving system any amount due under this subsection. In the event that the member is unable to pay the transfer fee provided for in this subsection by the due date, the Board of Trustees of the receiving system shall permit the member to amortize the transfer fee over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. Years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, and shall qualify such person as a member of the Oklahoma Public Employees Retirement System before July 1, 1992.

5. Notwithstanding the requirements of Section 17-104 of Title 70 of the Oklahoma Statutes, members electing to take advantage of the transfer authorized by this subsection who have withdrawn their contributions from the sending system shall remit to the sending system the amount of the accumulated contributions the member has withdrawn plus simple interest of ten percent (10%) per annum prior to making said election or the election shall be deemed invalid and the transfer shall be canceled. If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer retirement credit shall be void and of no effect, and any retirement credited as a result of this transfer shall be canceled. If such retirement credit is canceled, the years of canceled retirement credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The

member's rights and obligations regarding any retirement credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending in accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

SECTION 7. AMENDATORY 74 O.S. 1991, Section 913.4, as last amended by Section 3, Chapter 302, O.S.L. 1995 (74 O.S. Supp. 1995, Section 913.4), is amended to read as follows:

Section 913.4 A. An elected official may elect to participate in the System and if he elects to do so shall have the option of contributing at any one of the below listed percentage factors and will receive retirement benefits in accordance with the percentage factor chosen. Contributions and benefits will be based upon his annual compensation as defined in Section 902 of this title. Employer and employee contributions shall be remitted monthly, or as the Board may otherwise provide, to the Executive Director for deposit in the Oklahoma Public Employees Retirement Fund. Effective July 1, 1994, and thereafter, the participating employer shall contribute as provided in Section 920 of this title.

Effective July 1, 1994, and thereafter, the member contributions and the computation factor selected shall be based on the entire compensation as an elected official subject to the definition and maximum compensation levels as set forth in subsection (9) of Section 902 of this title and shall be as follows:

Percent of Contribution	Computation Factor	Alternate Formula
4 1/2%	.019	\$12.50
6%	.025	\$20.00
7 1/2%	.030	\$25.00
8 1/2%	.034	\$27.50

10%	.040	\$40.00

B. The normal retirement date for an elected official shall be the first day of the month coinciding with or following the official's sixtieth birthday or the first day of the month coinciding with or following the date at which the sum of the elected official's age and number of years of credited service total eighty (80). Provided further, that any elective official who has a minimum of ten (10) years' participating service may retire under the early retirement provisions of this act, including those electing a vested benefit and shall receive an adjustment of annual benefits in accordance with the following percentage schedule:

Age	Percentage of Normal Retirement Benefits
60	100%
59	94%
58	88%
57	82%
56	76%
55	70%

C. Any elected official shall receive annual benefits computed as follows:

1. The computation factor selected multiplied by the member's highest annual compensation received as an elected official prior to retirement or termination of employment; provided, no elected official shall retire with a highest annual compensation for service rendered prior to July 1, 1994, in excess of Forty Thousand Dollars (\$40,000.00) and no elected official shall retire with a highest annual compensation for service rendered prior to July 1, 1994, in excess of Twenty-five Thousand Dollars (\$25,000.00) unless the elected official has made the required election and has paid the required contributions on such salary in excess of Twenty-five

Thousand Dollars (\$25,000.00), as determined pursuant to subsection (9) of Section 902 of this title, multiplied by the number of years of credited service rendered or attributed to time prior to July 1, 1994, that has been credited to the member in accordance with the provisions of this section. In addition to those persons retiring on or after July 1, 1995, the provisions of this paragraph shall be applicable to those elected officials retiring on or after July 1, 1994, but not later than the effective date of this act, unless such application would result in a reduction of retirement benefits for those persons;

2. The computation factor selected multiplied by the member's highest annual compensation received as an elected official prior to retirement or termination of employment, as determined pursuant to subsection (9) of Section 902 of this title, multiplied by the number of years of credited service rendered or attributed to time after July 1, 1994, that has been credited to the member in accordance with the provisions of this section. In addition to those persons retiring on or after the effective date of this act, the provisions of this paragraph shall be applicable to those elected officials retiring on or after July 1, 1994, but not later than July 1, 1995, unless such application would result in a reduction of retirement benefits for those persons;

3. Provided, however, for purposes of determining the official's number of years of credited service, for every twelve (12) months of participating service as an elected official rendered after July 1, 1994, twelve (12) months of participating service as an elected official rendered prior to July 1, 1994, shall be subtracted from the calculation of benefits in paragraph 1 of this subsection and shall be utilized in the calculation of benefits in paragraph 2 of this subsection. Members who failed to elect to increase the maximum compensation level pursuant to subsection (9)

of Section 902 of this title shall not be eligible for the service credit adjustment provided for in this paragraph.

The retirement benefit may be computed pursuant to the provisions of Section 915 of this title if the benefit would be higher. Elected officials who have a vested benefit prior to July 1, 1980, may elect to receive annual benefits based on the alternate formula provided above. Such annual benefits shall be paid in equal monthly installments.

4. The System shall, prior to January 1, 1996, pay to members retiring on or after July 1, 1994, and prior to July 1, 1995, any retroactive increase in benefits due pursuant to this subsection.

D. Any elected official making one of the above elections and later selecting a higher rate shall contribute to the System a sum equal to the amount which he would have contributed if he had made such election at the time he first became eligible, plus interest as determined by the Board, in order to receive the additional benefits for all service as an elected official; otherwise, the additional benefits shall be applicable only to service for which the elected official pays the appropriate percent of contributions to the System.

E. An elected official who has a vested benefit on July 1, 1982, may elect to receive benefits based upon a higher contribution rate than the official previously contributed by paying to the System the contributions, plus interest as determined by the Board, due at the higher rate as if that rate had been in effect at the time the official accepted a vested benefit.

F. The surviving spouse of a deceased elected official having at least six (6) years of participating service shall be entitled to receive survivor benefits in the amount herein prescribed, if married to the decedent continuously for a period of at least three (3) years immediately preceding the elected official's death. Provided the elected official had met the service requirements,

survivor benefits shall be payable when the deceased member would have met the requirements for normal or early retirement. The amount of the benefits the surviving spouse may receive shall be fifty percent (50%) of the amount of benefits the deceased elected official was receiving or will be eligible to receive. Remarriage of a surviving spouse shall disqualify the spouse for the receipt of survivor benefits. Elected officials may elect a retirement option as provided in Section 918 of this title in lieu of the survivors benefit provided above.

G. ~~Any elected official who served in the Armed Forces of the United States, as defined in paragraph (22) of Section 902 of this title, prior to membership in the Oklahoma Public Employees Retirement System shall be granted credited service of not to exceed five (5) years for those periods of active military service during which the elected official was a war veteran~~ Effective July 1, 1996, no elected official becoming a member of the System shall receive service credit for military service performed prior to the date the member begins participation in the System.

I. Elected officials who terminate participation in the System and who have a minimum of six (6) years of participating service shall be entitled to elect a vested benefit and shall be entitled to the retirement options as provided in Section 918 of this title in lieu of the survivors benefit provided above.
