[children - creating the Family Centered and
Community Designed Services Act - codification -
effective date]

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified
in the Oklahoma Statutes as Section 601.71 of Title 10, unless there
is created a duplication in numbering, reads as follows:

A. Sections 1 through 4 of this act shall be known and may be
cited as the "Family Centered and Community Designed Services Act".

B. The Oklahoma State Legislature finds that the problems most
often cited by families seeking or receiving services for their
children are:

1. Difficulty in identifying appropriate service providers;
2. Being required to complete numerous applications and
procedures for services at different agencies, most of which request
the same information;
3. Confusing system for referrals between service providers;
4. Confusing, and often contradictory, duplication of services
when received through more than one agency or service provider;

5. A service delivery system focused on the services that are available rather than the services needed by children and families; and

6. Inflexible categorical funding formulas that inhibit provision of services which address the specific needs of a child or family.
