C. 1. Prior to July 1, 1995, an active member of the System may elect to have a maximum compensation level of Forty Thousand Dollars (\$40,000.00). Such an election shall be made in writing and filed with the System. Members whose salaries are in excess of Twenty-five Thousand Dollars (\$25,000.00) on the effective date of

this act shall file the election with the System prior to January 1, 1988. Members whose salaries exceed Twenty-five Thousand Dollars (\$25,000.00) after the effective date of this act shall file the election when the salary exceeds Twenty-five Thousand Dollars (\$25,000.00). If a member makes such an election, the member shall contribute the following amounts:

Except as provided in subsection E of this section, any such election shall be irrevocable.

2. After June 30, 1995, in addition to the amount contributed by each member to the retirement system pursuant to subsection B of this section, the total amount contributed by each member to the retirement system shall include, beginning July 1, 1995 through June 30, 1997, seven percent (7%) of the regular annual compensation of each member that is in excess of Twenty-five Thousand Dollars (\$25,000.00).

D. For purposes of this act, regular annual compensation shall include:

1. Normal periodic payments of money for service the right to which accrues on a regular basis in proportion to the service performed, such periodic payments shall include payments for staff development or other periodic payments to qualifying employees of the employer;

2. Amounts that would otherwise qualify as salary under paragraph 1 of this subsection but are not received directly by the member pursuant to a good faith, voluntary written salary reduction agreement in order to finance payments to a deferred compensation or tax-sheltered annuity program or to finance benefit options under a cafeteria plan qualifying under the United States Internal Revenue Code, 26 U.S.C., Section 101 et seq.;

3. Group health and disability insurance, group term life insurance, annuities and pension plans, provided on a periodic basis to all qualified employees of the employer, which qualify as fringe benefits under the United States Internal Revenue Code.

Excluded from regular annual compensation are expense payments, allowances, payment for unused vacation and sick leave, any payment made for reason of termination or retirement not specifically provided for in paragraphs 1 through 3 of this subsection, maintenance or other nonmonetary compensation, payment received as an independent contractor or consultant, any benefit payments not made pursuant to a valid employment agreement, or any compensation not described in paragraphs 1 through 3 of this subsection.

E. 1. Any member who was a contributing member of the Retirement System between July 1, 1987, and June 30, 1995, who at the time the member was eligible to make an election to increase the maximum compensation level of the member, failed to make an election or chose not to increase the maximum compensation level of the member to Forty Thousand Dollars (\$40,000.00), may elect to make back contributions to the Retirement System. The member shall complete a new election form and file with the Board of Trustees,

the form and a payment equaling the difference between the amount contributed at the twenty-five-thousand-dollar level and the appropriate contribution on compensation in excess of Twenty-five Thousand Dollars (\$25,000.00) up to a maximum of Forty Thousand Dollars (\$40,000.00) shall be made prior to the official retirement date of the member. The required payment shall include any contribution required by the employing school district, and shall include interest compounded annually at ten percent (10%) per annum of both employer and employee contributions.

2. Any changes made pursuant to this subsection shall be irrevocable.

F. 1. An individual who withdrew from the Teachers' Retirement System and whose salary was in excess of Seven Thousand Eight Hundred Dollars (\$7,800.00) and had elected to contribute only on Seven Thousand Eight Hundred Dollars (\$7,800.00) before his withdrawal shall contribute on the earning ceiling as provided for in this section on his reentry into membership in the Teachers' Retirement System.

2. An individual who elected to contribute on a maximum of Seven Thousand Eight Hundred Dollars (\$7,800.00) per annum shall, beginning July 1, 1979, contribute on his earning ceiling as provided for in this section.

3. Any member who elected to contribute on Seven Thousand Eight Hundred Dollars (\$7,800.00) prior to January 1, 1978, and whose salary was more than Seven Thousand Eight Hundred Dollars (\$7,800.00) during the school years 1974-75 through 1978-79 may elect to make back contributions to the retirement system by paying the five percent (5%) contributions on the difference between Seven Thousand Eight Hundred Dollars (\$7,800.00) and the actual salary of the member, not to exceed Ten Thousand Dollars (\$10,000.00) for each applicable school year, plus interest compounded annually at ten

percent (10%) per annum. Such payment shall be made prior to the official retirement date of the member.

G. Each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period, the proper percentage of his earnable compensation as provided for in subsection B of this section.

1. Deductions shall begin with the first payroll period of the school year. In determining the amount earnable by a member in a payroll period, the Board of Trustees shall consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than a full period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth of one percent (1/10 of 1%) of the annual compensation upon the basis of which such deduction is to be made. Prior to January 1, 1991, any active contributing member who joined the System subsequent to July 1, 1943, may pay the normal cost, which shall mean the single sum which would have been paid under existing statutes at the time the service was performed, plus interest, for years of teaching service in Oklahoma from the date of establishment of the System in 1943 to date of membership, in a lump-sum, or in installments equal to establishing one (1) year of creditable service. Effective January 1, 1991, any active contributing member who joined the System subsequent to July 1, 1943, may pay the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title for years of teaching service in Oklahoma from the date of establishment of the System in 1943 to date of membership, in a lump-sum, or in installments equal to establishing one (1) year of creditable service. For purposes of this option, teaching service in Oklahoma shall include the teaching of vocational agricultural courses within Oklahoma for the federal

government. Years for which contributions are paid shall count as membership service under this plan. A member may receive credit for not more than five (5) years of teaching service rendered while in the Peace Corps or in the public schools of a territory of the United States or the public schools, American Military Dependent Schools or state colleges or state universities outside this state by paying his contributions, plus interest, and membership fees to the retirement system, subject to the regulations of the Board of Trustees, providing he is not receiving and is not eligible to receive retirement credit or benefits from said service in any other public retirement system of this state, or any other state or territory of the United States subject to the following provisions:

- a. the member is required to have two (2) years of employed service teaching earned in Oklahoma for each year of Peace Corps, territorial, out-of-state, noncovered in-state or military membership credit granted.
- b. prior to January 1, 1991, the out-of-state or noncovered in-state payment shall be the normal cost, which means the single sum which would have been paid under existing law at the time the service was performed, plus interest, on the basis of what his annual salary would have been in Oklahoma or out of state, whichever is greater, had he been employed as a teacher. Effective January 1, 1991, the Peace Corps, territorial, out-of-state or noncovered in-state payment shall be the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title.

2. In addition to the deductions hereinabove provided for, any member who becomes a member of the Armed Forces of the United States of America during any period of national emergency, including World War II, the Korean conflict, the Vietnam conflict or others as may

be determined by the Board of Trustees, or whose entrance into or training for the teaching profession was interrupted by his entrance into the Armed Forces, and who was or shall have become a member of the Teachers' Retirement System shall be granted the privilege of making up his five percent (5%) contributions as provided for in this section until January 1, 1991, for not to exceed five (5) years of service in the Armed Forces by electing to pay said contributions on the basis of the rate of pay in his contract as a teacher at the time his service in the Armed Forces commenced or in the case of a teacher who was not teaching prior to entering the Armed Forces, on the basis of the salary of the first year of teaching after being honorably discharged from the Armed Forces. Effective January 1, 1991, the member will receive such service upon payment of the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. Such contributions shall be credited in the regular manner, and the period for which said contributions were paid shall be counted as creditable years of service and allocated to the period during which the military service was rendered, except that the period for which contributions were paid must have been continuous and shall be credited in the aggregate, regardless of fiscal year limitations.

3. Retirement benefits for all service credits purchased pursuant to this subsection shall be determined in accordance with the provisions of paragraph 2 of this subsection.

H. For those members who joined the System prior to July 1, 1992, the total creditable service of a member who retires or terminates employment and elects a vested benefit shall include not to exceed one hundred twenty (120) days of unused sick leave accumulated subsequent to August 1, 1959. Twenty (20) days of unused sick leave shall equal one (1) month for purposes of creditable service credit. If the member becomes a member or was eligible to become a member prior to July 1, 1995, the year of

credit received in this section shall be treated as service earned prior to July 1, 1995. This paragraph shall apply to members retiring or vesting on or after the effective date of this act and shall not be retroactive.

I. Any member who shall be absent from the teaching service because of election to the State Legislature or appointment to the executive branch in an education-related capacity shall be allowed to retain his membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his service credits shall continue to be accumulated during such absence, provided he is not receiving and is not eligible to receive retirement credits or benefits from said service beginning after July 1, 1992, in other public retirement systems.

J. Any member who shall be absent from the teaching service because of election or appointment as a local, state or national education association officer shall be allowed to retain his membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his service credits shall continue to be accumulated during such absence. Provided, however, any one such absence shall not exceed eight (8) continuous years.

K. A member may receive credit for those years of service accumulated by the member while employed by an entity which is a participating employer in the Oklahoma Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for Justices and Judges, the Oklahoma Law Enforcement Retirement System, or the Oklahoma Public Employees Retirement System, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. A member also may receive credit for those years of service with the Oklahoma Department of

Wildlife or with an employer that is a participating employer within one of the state retirement systems specifically referred to in this section when at the time of such service by the member the employer was not such a participating employer, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. To receive the service credit provided in this subsection, the member shall pay the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. For purposes of this subsection, creditable service transferred from the Oklahoma Public Employees Retirement System shall include service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes as amended from time to time. Members who retire prior to July 1, 1993, shall have their monthly benefit adjusted to include all services accrued under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes. Provided however, any adjustment of existing retirement benefits caused by reason of inclusion of such service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes shall not affect any retirement benefit paid prior to July 1, 1993.

L. 1. An active member of the Teachers' Retirement System of Oklahoma may receive credit for those years of service accumulated by the member while a member of the Oklahoma Public Employees Retirement System if:

- a. the member is an active member of the Teachers' Retirement System of Oklahoma, and
- b. the member provides notice to the Oklahoma Public Employees Retirement System and the Teachers' Retirement System of Oklahoma of the member's election to transfer said service credit, and
- c. the member is not receiving or eligible to receive retirement credit or benefits from said service in any

other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection who are receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system shall have all service credit with the Oklahoma Public Employees Retirement System canceled which is not transferred to the Teachers' Retirement System of Oklahoma. Service credit transferred to the Teachers' Retirement System of Oklahoma under this subsection shall also be canceled with the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Oklahoma Public Employees Retirement System. The "receiving system" shall mean the Teachers' Retirement System of Oklahoma.

a. Within thirty (30) days notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules and regulations:

(1) for members who have accrued at least eight (8) years of credited service with the sending system, determine the present value of the member's earned benefits attributable to the years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of

Trustees for purposes of preparing the annual actuarial evaluation, but shall not make any projections regarding future salary. For employees who have accrued at least eight (8) years of credited service, the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in division (2) of this subparagraph, and

(2) determine the sum of the employee and employer contributions applicable to the years of service sought to be transferred plus interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. For all non-vested members, and for members who have accrued at least eight (8) years of credited service, if the product of this calculation is greater than the product of the calculation in division (1) of this subparagraph, the sending system shall use the product of this calculation for purposes of determining the amount to be transferred by the sending system under subparagraph c of this paragraph and any transfer fee to be paid by the member under subparagraph d of this paragraph.

b. Within thirty (30) days notification of an intent to transfer is received by the receiving system, the receiving system shall determine, according to the system's own rules and regulations, the present value of the member's incremental projected benefits

discounted according to the member's age at the time of the transfer. Incremental projected benefits shall be the difference between the projected benefit said member would receive without transferring the service credit and the projected benefit after transfer of service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except if the cost as calculated under subparagraph a of this paragraph is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial value of the incremental projected benefit in the receiving system.

d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall pay any difference.

3. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the sending system shall pay the receiving system any amount due under this subsection. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the member shall pay the receiving system any amount due under this subsection. In the event that the member is unable to pay the transfer fee provided for in this subsection by the due date, the Board of Trustees of the receiving system shall permit the member to amortize the transfer fee over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. Years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, and shall qualify such person as a member of the Teachers' Retirement System of Oklahoma before July 1, 1992.

5. Notwithstanding the requirements of subsection (5) of Section 917 of Title 74 of the Oklahoma Statutes, members electing to take advantage of the transfer authorized by this subsection who have withdrawn their contributions from the sending system shall remit to the sending system the amount of the accumulated contributions the member has withdrawn plus simple interest of ten percent (10%) per annum prior to making said election or the election shall be deemed invalid and the transfer shall be canceled. If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer service credit shall be void and of no effect, and any service credited as a result of this transfer shall be canceled. If such service is canceled, the years of canceled service credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

M. Any member whose regular annual compensation was not determined as provided for by law may pay the member contribution

required pursuant to subsection B of this section on such amount not included in the member's regular annual compensation and receive credit for such amount in the calculation of the member's benefit. The employees must pay the employer contributions required pursuant to Section 17-108.1 of this title. Interest at the rate of ten percent (10%) per annum shall be charged to both employee and employer contributions.

~~M.~~ N. Any active member who elected during the 1978-79 school year to pay the difference between five percent (5%) on actual salary not exceeding Ten Thousand Dollars (\$10,000.00) and six percent (6%) on actual salary not exceeding Fifteen Thousand Dollars (\$15,000.00) shall receive credit for one (1) year of credited service upon receipt and approval of a proper request by the Board of Trustees.

~~N.~~ O. Effective July 1, 1988, any member who is employed by the Governor, the State Senate, the House of Representatives or the Legislative Service Bureau shall be allowed to elect to retain membership in the Retirement System upon payment of the accrued and current member contributions and employer contributions as provided in subsection B of this section and Section 17-108.1 of this title. Such contributions may be paid on behalf of the member by the employing entity. Upon payment of such contributions, service credits shall continue to be accumulated during such employment. Accrued contributions shall be paid to the Retirement System by August 1, 1989. Current contributions shall be paid to the Retirement System by the tenth of the following month beginning with the month of July 1989.

SECTION 2. AMENDATORY 74 O.S. 1991, Section 913, as last amended by Section 4, Chapter 370, O.S.L. 1994 (74 O.S. Supp. 1994, Section 913), is amended to read as follows:

Provided, that at such time that an employer becomes a participating employer on or after January 1, 1965, and before January 1, 1975, each member and each retirant, upon making proper written application therefor, shall receive prior service credit for service with such employer in the same manner as if such participating employer had been a participating employer on the date first eligible to become a participating employer; and increased benefits attributable to such increased prior service credit shall commence with the next monthly benefit payment due following receipt and approval of such application by the Board of Trustees. No prior service shall be granted, however, for periods of service in which the employee made contributions which he subsequently withdrew, unless he has complied with the provisions of subsection (5) of Section 917 of this title. The burden of proof regarding prior service shall be with the member and shall be documented in such manner as the Board may direct;

4. An elective state, county, city or town official who is ineligible for membership as a result of any applicable state law or constitutional provision making him ineligible solely because of his being such an official at the time of his eligibility for membership at the time his employer becomes a participating employer shall nevertheless not forfeit the prior service credit to which he would be entitled except for such ineligibility, provided that he either

- a. becomes an employee of a participating employer within four (4) calendar months of the expiration of his term of office current at the time of his eligibility except for his being an elective state or county official, or
- b. within a period of four (4) years after the expiration of his term of office current at the time of his eligibility except for his being an elective state or county official, is elected as a state or county official and thereupon becomes a member of the System, or

years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation but shall not make any projections regarding future salary. For vested employees the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in division (1) of this subparagraph, and

Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.
- c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except, if the cost under subparagraph a of this paragraph for the same years of service to the sending system is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial value of the incremental projected benefit in the receiving system.

d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall pay any difference.

3. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the sending system shall pay the receiving system any amount due under this subsection. In the event that the member is unable to pay the transfer fee provided for in this subsection by the due date, the Board of Trustees of the receiving system shall permit the member to amortize the transfer fee over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. ~~Notwithstanding this rule and the provisions of paragraph 23 of Section 902 of this title, and subsections (1) and (5) of Section 914 of this title, and subsection B of Section 915 of this title, the retirement date of a member who makes an election to transfer retirement credit as provided in this subsection shall not occur unless the member continues to participate as an active contributing member in the Oklahoma Public Employees Retirement System for at least one (1) full year after the date of the transfer.~~ Years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, and shall qualify such person as a member of the Oklahoma Public Employees Retirement System before July 1, 1992.

5. Notwithstanding the requirements of Section 17-104 of Title 70 of the Oklahoma Statutes, members electing to take advantage of the transfer authorized by this subsection who have withdrawn their contributions from the sending system shall remit to the sending system the amount of the accumulated contributions the member has withdrawn plus simple interest of ten percent (10%) per annum prior to making said election or the election shall be deemed invalid and the transfer shall be canceled. If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in

accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer retirement credit shall be void and of no effect, and any retirement credited as a result of this transfer shall be canceled. If such retirement credit is canceled, the years of canceled retirement credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The member's rights and obligations regarding any retirement credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending in accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

SECTION 3. This act shall become effective July 1, 1995.
