

STATE OF OKLAHOMA

1st Session of the 46th Legislature (1997)

CONFERENCE COMMITTEE SUBSTITUTE

FOR ENGROSSED

HOUSE BILL NO. 1815

By: Adair, Voskuhl,  
Hutchison, Hefner,  
Steidley and Thornbrugh  
of the House

and

Robinson and Dunlap of  
the Senate

CONFERENCE COMMITTEE SUBSTITUTE

An Act relating to telecommunications; creating the Oklahoma Telecommunications Act of 1997; defining terms; requiring Commission approval of changes in regulated telecommunications service rates; limiting charges for basic local exchange service rates unless approved by the Legislature; providing for adjustment of rates by certain-sized companies; limiting application and effect of the act on the Commission and carriers; limiting application and effect of the act on rate case settlement agreements; stating provisions of certain rate case settlement agreements; authorizing the Commission to implement alternative forms of regulation; providing for right of consumer to file certain complaints; requiring quality of service rules to apply equally; stating powers and responsibilities of the Attorney General; providing for certain monies for enforcement duties; providing oversight by the Consumer Services Division; requiring local exchange telecommunications service providers to file certain tariffs; stating eligibility criteria for the program; creating the Oklahoma Lifeline Fund; providing for the administration of the Oklahoma Lifeline Fund; providing for the levy and collection of charges for the Lifeline Fund; providing for recovery of charges; exempting certain charges from taxes and fees; limiting reimbursement unless rates are reduced by a certain amount; allowing certain reimbursement; creating the Oklahoma Universal Service Fund; providing for the implementation of the OUSF; stating purpose of the OUSF; providing for an OUSF charge; providing procedure for request of OUSF funds; providing criteria for establishing refund of OUSF charge; allowing recovery of OUSF charges; exempting charges from certain taxes and fees; prohibiting the Commission from taking certain action before implementation of the OUSF; providing for funding for eligible local exchange telecommunications service providers for certain reasons; stating criteria for funding for certain investments and expenses of an eligible local exchange telecommunications service provider; providing for identifying and measuring costs

for determining certain funding levels for certain providers; providing for selection of costing methodology for certain providers; providing for support of expanded primary universal services; allowing recovery of certain costs due to certain actions from regulatory entities; providing for determination of funding level for certain providers; defining the incumbent local exchange telecommunications service provider as the eligible provider; providing for the designation of other eligible local exchange telecommunications service providers under certain circumstances; permitting local exchange telecommunications service providers to relinquish designation in certain areas; limiting eligibility for certain providers which serve under a certain number of access lines; providing for certain exceptions to limit for certain providers; providing for competitively neutral funding of the Lifeline Fund and OUSF; providing criteria for funding; directing the Commission to establish charges for each Fund; providing for administration of each Fund; providing for an Administrator; stating authority of the Administrator; authorizing the Commission to bring certain action for recovery of charges from a carrier; stating character of fund monies; prohibiting certain uses of the fund monies; prohibiting claims to be paid with state funds; providing for affect on OneNet and components of the Oklahoma Government Telecommunications Network; prohibiting the assessment of OUSF fee against OneNet; prohibiting anticompetitive pricing of Internet services by Internet providers; prohibiting certain pricing of Internet services by certain governmental entities; prohibiting reselling of OneNet access; providing for damages for violations; providing for enforcement by the Attorney General; directing the Commission to not approve certain applications for transmission services requiring a T-1 circuit unless OneNet is the provider; defining term; creating the Oklahoma E911 Emergency Service Fund; providing for contribution to the fund; providing for administration and purpose of the fund; limiting use and qualifications for funding; prohibiting recovery of contributions from the OUSF for certain providers; providing for expenditure from the fund; creating the Oklahoma Telecommunications Technology Training Fund; providing for contributions to the fund providing for administration and purpose of the fund; providing for recovery of contributions from the OUSF; providing for expenditures from the fund; declaring certain services to be Special Universal Services; providing certain access lines and an incoming toll-free phone number for not-for-profit hospitals, public schools, public libraries and county commissioners; providing certain Internet connection for public schools and public libraries; providing for exclusive use of Special Universal Services; prohibiting reselling or repackaging of Special Universal Services; directing the Commission to review, amend or delete certain rules by a certain date; declaring effect of legislative action; repealing Section 3, Chapter 365 O.S.L. 1993 (17 O.S. Supp. 1996, Section 137.1), which relates to alternative regulation of telecommunications service providers; providing for codification; providing for noncodification; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.101 of Title 17, unless there is created a duplication in numbering, reads as follows:

This act shall be known and may be cited as the "Oklahoma Telecommunications Act of 1997".

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.102 of Title 17, unless there is created a duplication in numbering, reads as follows:

As used in the Oklahoma Telecommunications Act of 1997:

1. "Access line" means the facility provided and maintained by a telecommunications service provider which permits access to or from the public switched network;

2. "Commission" means the Corporation Commission of this state;

3. "Competitive local exchange carrier" or "CLEC" means, with respect to an area or exchange, a telecommunications service provider that is certificated by the Commission to provide local exchange services in that area or exchange within the state after July 1, 1995;

4. "Competitively neutral" means not advantaging or favoring one person over another;

5. "End User Common Line Charge" means the flat-rate monthly interstate access charge required by the Federal Communications Commission that contributes to the cost of local service;

6. "Enhanced service" means a service that is delivered over communications transmission facilities and that uses computer processing applications to:

a. change the content, format, code, or protocol of transmitted information,

b. provide the customer new or restructured information, or

c. involve end-user interaction with information stored in a computer;

7. "Exchange" means a geographic area established by an incumbent local exchange telecommunications provider as filed with

or approved by the Commission for the administration of local telecommunications service in a specified area which usually embraces a city, town, or village and its environs and which may consist of one or more central offices together with associated plant used in furnishing telecommunications service in that area;

8. "Facilities" means all the plant and equipment of a telecommunications service provider, including all tangible and intangible real and personal property without limitation, and any and all means and instrumentalities in any manner owned, operated, leased, licensed, used, controlled, furnished, or supplied for, by, or in connection with the regulated business of any telecommunications service provider;

9. "Incumbent local exchange telecommunications service provider" or "ILEC" means, with respect to an area or exchanges, any telecommunications service provider furnishing local exchange service in such area or exchanges within this state on July 1, 1995, pursuant to a certificate of convenience and necessity or grandfathered authority;

10. "Interexchange telecommunications carrier" or "IXC" means any person, firm, partnership, corporation or other entity, except an incumbent local exchange telecommunications service provider, engaged in furnishing regulated interexchange telecommunications services under the jurisdiction of the Commission;

11. "Internet" means the international research-oriented network comprised of business, government, academic and other networks;

12. "Local exchange telecommunications service" means a regulated switched or dedicated telecommunications service which originates and terminates within an exchange or an exchange service territory. Local exchange telecommunications service may be terminated by a telecommunications service provider other than the telecommunications service provider on whose network the call originated. The local exchange service territory defined in the originating provider's tariff shall determine whether the call is local exchange service;

13. "Local exchange telecommunications service provider" means a company holding a certificate of convenience and necessity from the Commission to provide local exchange telecommunications service;

14. "Not-for-profit hospital" means a municipal, county or state government-owned, not-for-profit hospital, that is primarily funded by county, state or federal support, which is located in the state and is devoted primarily for the maintenance and operation of facilities for the diagnosis, treatment or care of patients admitted overnight or longer in order to obtain medical care, surgical care or obstetrical care;

15. "Oklahoma High Cost Fund" means the fund established by the Commission in Cause Nos. PUD 950000117 and 950000119;

16. "Oklahoma Lifeline Fund" means the fund established and required to be implemented by the Commission pursuant to Section 5 of this act;

17. "Oklahoma Universal Service Fund" means the fund established and required to be implemented by the Commission pursuant to Section 6 of this act;

18. "Person" means any individual, partnership, association, corporation, governmental entity, public or private organization of any character, or any other entity;

19. "Primary universal service" means an access line and dial tone provided to the premises of residential or business customers which provides access to other lines for the transmission of two-way switched or dedicated communication in the local calling area without additional, usage-sensitive charges, including:

- a. a primary directory listing,
- b. dual-tone multifrequency signaling,
- c. access to operator services,
- d. access to directory assistance services,
- e. access to telecommunications relay services for the hearing impaired,
- f. access to nine-one-one service where provided by a local governmental authority or multijurisdictional authority, and

g. access to interexchange long distance services;

20. "Public library" means a library or library system that is freely open to all persons under identical conditions and which is supported in whole or in part by public funds. Public library shall not include libraries operated as part of any university, college, school museum, the Oklahoma Historical Society or county law libraries;

21. "Public school" means all free schools supported by public taxation, and shall include grades kindergarten through twelve;

22. "Regulated telecommunications service" means the offering of telecommunications for a fee directly to the public where the rates for such service are regulated by the Commission. Regulated telecommunications service does not include the provision of nontelecommunications services, including, but not limited to, the printing, distribution, or sale of advertising in telephone directories, maintenance of inside wire, customer premises equipment, and billing and collection service, nor does it include the provision of wireless telephone service, enhanced service, and other unregulated services, including services not under the jurisdiction of the Commission, and services determined by the Commission to be competitive;

23. "Special Universal Services" means the telecommunications services supported by the OUSF which are furnished to public schools, public libraries, not-for-profit hospitals and county seats as provided for in Section 9 of this act;

24. "Tariff" means all or any part of the body of rates, tolls, charges, classifications, and terms and conditions of service relating to regulated services offered, the conditions under which offered, and the charges therefor, which have been filed with the Commission and have become effective;

25. "Telecommunications" means the transmission, between or among points specified by the user, of voice or data information of the user's choosing, without change in the form or content of the information as sent and received;

26. "Telecommunications carrier" means a person that provides telecommunications service in this state;

27. "Telecommunications service" means the offering of telecommunications for a fee;

28. "Universal service area" has the same meaning as the term "service area" as defined in 47 U.S.C., Section 214(e)(5); and

29. "Wire center" means a geographic area normally served by a central office.

SECTION 3. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.103 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. Except as provided as follows, no company shall increase or decrease any regulated telecommunications service rate without approval of the Corporation Commission, consistent with Commission rules. The Commission shall promulgate rules, to be effective no later than January 1, 1999, eliminating any regulatory disparities between the CLECs and ILECs with respect to the process of reviewing and approving tariffs.

B. Unless approved by the Legislature, no local exchange telecommunications service provider may charge a basic local exchange service rate that exceeds a basic local exchange service rate previously approved by the Commission and in effect on March 20, 1997, unless the local exchange telecommunications service provider is regulated under traditional rate base, rate of return regulation. Provided, companies serving fewer than seventy-five thousand access lines or which are subject to subsection B of Section 137 of Title 17 of the Oklahoma Statutes may adjust local exchange rates in the manner provided for in subsection B of Section 137 of Title 17 of the Oklahoma Statutes.

C. Nothing in this act shall be construed as modifying, affecting, or nullifying the responsibilities of the Commission or any telecommunications carrier as required pursuant to the National Labor Relations Act, the Communications Act of 1934 as amended by the Telecommunications Act of 1996, or the provisions relating to refund liability for overcharges pursuant to Section 121 et seq. of Title 17 of the Oklahoma Statutes.

D. Except as otherwise provided for in this subsection, nothing in this act shall be construed as abrogating any rate case settlement agreement approved by the Corporation Commission prior to the effective date of this act. With respect to local exchange telecommunications service providers serving fifteen percent (15%) or more of the access lines in the state:

1. The company shall not request and the Commission shall not approve an increase in basic local exchange service rates before January 1, 2002; and

2. The Commission shall not initiate or conduct any proceeding regarding the earnings of any such company before January 1, 2002.

E. Upon application of a provider of regulated telecommunications services, the Commission may implement an alternative form of regulation other than traditional rate base, rate of return regulation. In determining whether to approve an alternative form of regulation, the Commission may consider the compliance of the company with the federal Telecommunications Act of 1996 in opening its network to local competition and implementing the interconnection and access provisions of such act.

F. Nothing in this section shall be construed as restricting any right of a consumer to complain to the Commission regarding quality of service or the authority of the Commission to enforce quality of service standards through the Commission's contempt powers or authority to revoke or rescind a certificate of convenience and necessity if the provider fails to provide adequate service. A certificate shall not be revoked or rescinded without notice, hearing, and a reasonable opportunity to correct any inadequacy.

G. The rules of the Corporation Commission governing quality of service shall apply equally to all local exchange telecommunications service providers.

SECTION 4. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.104 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. For the exercise of duties and performance of responsibilities relating to telecommunications fraud pursuant to the Oklahoma Consumer Protection Act, Section 751 et seq. of Title 15 of the Oklahoma Statutes, and for representation in telecommunications matters as established in Section 18b of Title 74 of the Oklahoma Statutes, the Attorney General shall receive Two Hundred Fifty Thousand Dollars (\$250,000.00) per fiscal year to be paid from the Oklahoma Universal Service Fund established in Section 6 of this act. For the 1998 fiscal year, the total amount of the monies shall be paid to the Attorney General in one payment. For each fiscal year thereafter, the monies shall be paid to the Attorney General in equal monthly payments. All monies shall be deposited in the Attorney General's Revolving Fund created pursuant to Section 20 of Title 74 of the Oklahoma Statutes.

B. In addition to any other duties prescribed by law or by Corporation Commission rules, the Commission, through its Consumer Services Division, shall mediate grievances between consumers and telecommunications carriers and ensure compliance with quality of service standards adopted for local exchange telecommunications service providers and other telecommunications carriers which operate in this state.

SECTION 5. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.105 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. Each local exchange telecommunications service provider shall file tariffs with the Corporation Commission implementing a program to provide a full waiver of the End User Common Line charge and a credit equal to the End User Common Line charge on the monthly basic service rate of qualifying customers. Eligibility criteria for this program shall comply with the provisions of 47 C.F.R., Section 69.104(k)(1) and shall be limited to customers who:

1. Are eligible for or receive assistance or benefits, as certified by the Department of Human Services, under programs providing:

- a. Temporary Assistance to Needy Families,
- b. Food Stamps,
- c. Medical Assistance, or
- d. Supplemental Security Income;

2. Are eligible for or receive assistance or benefits, as certified by the State Department of Rehabilitation Services, under programs providing vocational rehabilitation, including aid to the hearing impaired; or

3. Are eligible for or receive assistance or benefits, as certified by the Oklahoma Tax Commission, pursuant to the Sales Tax Relief Act, Section 5011 et seq. of Title 68 of the Oklahoma Statutes.

B. There is hereby created within the Corporation Commission the "Oklahoma Lifeline Fund". The Commission shall administer and maintain the Oklahoma Lifeline Fund to help ensure that low-income Oklahomans are provided financial assistance in maintaining basic local exchange telecommunications service. Proceeds from the Oklahoma Lifeline Fund shall be distributed to all local exchange telecommunications service providers who are required to file lifeline tariffs.

C. The Oklahoma Lifeline Fund charges shall be levied, collected, and administered pursuant to Section 7 of this act. Telecommunications carriers may, at their option, recover from their retail customers who are not eligible for lifeline assistance, on an equitable basis, the amount of the lifeline charges paid by the carrier. The Oklahoma Lifeline Fund charges shall not be subject to state or local taxes or franchise fees.

D. An eligible telecommunications carrier may not receive reimbursements from the Oklahoma Lifeline Fund unless it demonstrates that its rates have been reduced by an amount equal to the amount of the Lifeline payments which have been previously included in the rate structure of the carrier. A carrier shall be eligible for support from the Oklahoma Lifeline Fund for any amount which is greater than the amount which has been previously included in the rate structure of the carrier.

SECTION 6. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.106 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. There is hereby created within the Corporation Commission the "Oklahoma Universal Service Fund" (OUSF). Not later than January 31, 1998, the Corporation Commission shall promulgate rules implementing the OUSF so that, consistent with the provisions of this section, funds can be made available to eligible local exchange telecommunications service providers.

B. The fund shall be funded and administered to promote and ensure the availability of primary universal services, at rates that are reasonable and affordable and special universal services, and to provide for reasonably comparable services at affordable rates in rural areas as in urban areas. The OUSF shall provide funding to local exchange telecommunications service providers that meet the eligibility criteria established in this section.

C. The OUSF shall be funded by a charge paid by all telecommunications carriers as provided for in Section 7 of this act, at a level sufficient to maintain universal service.

D. Within ninety (90) days after receipt of a request for funds from an eligible provider, the Administrator designated pursuant to Section 7 of this act shall review and determine the accuracy of the request and advise the provider requesting the funds of the determination of eligibility made by the Administrator. Any affected party shall have fifteen (15) days to request reconsideration by the Commission of the determination made by the Administrator. If the Commission does not issue an order within thirty (30) days from the request for reconsideration, the request shall be deemed approved, on an interim basis, subject to refund with interest. Any refund shall include interest at a rate of not more than the interest rate established by the Commission on customer deposits and shall accrue for a period not to exceed ninety (90) days from the date the funds were received by the requesting eligible provider.

E. Telecommunications carriers may, at their option, recover from their retail customers the OUSF charges paid by the

telecommunications carrier. The OUSF charges shall not be subject to state or local taxes or franchise fees.

F. The Commission shall not, prior to implementation and the availability of funds from the OUSF, require local exchange telecommunications service providers to reduce rates for intrastate access services.

G. Any eligible local exchange telecommunications service provider may request funding from the OUSF as necessary to maintain rates for primary universal services that are reasonable and affordable. OUSF funding shall be provided to eligible local exchange telecommunications service providers for the following:

1. To reimburse eligible local exchange telecommunications service providers for the reasonable investments and expenses not recovered from the federal universal service fund or any other state or federal government fund incurred in providing universal services;

2. Infrastructure expenditures or costs incurred in response to facility or service requirements established by a legislative, regulatory, or judicial authority or other governmental entity mandate;

3. For reimbursement of the Lifeline Service Program credits as set forth in Section 5 of this act;

4. To reimburse eligible local exchange telecommunications service providers for providing the Special Universal Services as set forth in subsection C of Section 9 of this act;

5. To defray the costs of administering the OUSF, including the costs of an annual independent audit, if not performed by the Commission staff; and

6. For other purposes deemed necessary by the Commission to preserve and advance universal service.

H. In identifying and measuring the costs of providing primary universal services, exclusively for the purpose of determining OUSF funding levels under this section, the eligible local exchange telecommunications service provider serving less than seventy-five thousand access lines shall, at its option:

1. Calculate such costs by including all embedded investments and expenses incurred by the eligible local exchange telecommunications service provider in the provision of primary universal service, and may identify high-cost areas within the local exchange area it serves and perform a fully distributed allocation of embedded costs and identification of associated primary universal service revenue. Such calculation may be made using fully distributed Federal Communications Commission parts 32, 36 and 64 costs, if such parts are applicable. The high-cost area shall be no smaller than a single exchange, wire center, or census block group, chosen at the option of the eligible local exchange telecommunications service provider; or

2. Adopt the cost studies approved by the Commission for a local exchange telecommunications service provider that serves seventy-five thousand or more access lines; or

3. Adopt such other costing or measurement methodology as may be established for such purpose by the Federal Communications Commission pursuant to Section 254 of the federal Telecommunications Act of 1996.

I. In identifying and measuring the cost of providing primary universal services, and exclusively for the purpose of determining OUSF funding levels pursuant to this section, each ILEC which serves seventy-five thousand or more access lines and each CLEC shall identify high-cost areas within the local exchange and perform a cost study using a Commission-approved methodology from those identified in subsection H of this section. The high-cost area shall be no smaller than a single exchange, wire center or census block group chosen at the option of the eligible ILEC or CLEC. If the Commission fails to approve the selected methodology within one hundred twenty (120) days of the filing of the selection, the selected methodology shall be deemed approved.

J. The Commission may by rule expand primary universal services to be supported by the OUSF, after notice and hearing. The Administrator, upon approval of the Commission, shall determine the level of additional OUSF funding to be made available to an eligible local exchange telecommunications service

Req. No. 7759Page 13

provider which is required to recover the cost of any expansion of universal services.

K. 1. Each request for OUSF funding by an eligible ILEC serving less than seventy-five thousand access lines shall be premised upon the occurrence of one or more of the following:

- a. in the event of a Federal Communications Commission order, rule or policy, the effect of which is to decrease the federal universal service fund revenues of an eligible local exchange telecommunications service provider, the eligible local exchange telecommunications service provider shall recover the decreases in revenues from the OUSF,
- b. if, as a result of changes required by existing or future federal or state regulatory rules, orders, or policies or by federal or state law, an eligible local exchange telecommunications service provider experiences a reduction in revenues or an increase in costs, it shall recover the revenue reductions or cost increases from the OUSF, the recovered amounts being limited to the net reduction in revenues or cost increases, or
- c. if, as a result of changes made as required by existing or future federal or state regulatory rules, orders, or policies or by federal or state law, an eligible local exchange telecommunications service provider experiences a reduction in costs, upon approval by the Commission, the provider shall reduce the level of OUSF funding it receives to a level sufficient to account for the reduction in costs.

2. The receipt of OUSF funds for any of the changes referred to in this subsection shall not be conditioned upon any rate case or earnings investigation by the Commission. The Commission shall, pursuant to subsection D of this section, approve the request for payment or adjustment of payment from the OUSF based on a comparison of the total annual revenues received from the

sources affected by the changes described in paragraph 1 of this subsection by the requesting eligible local exchange telecommunications service provider during the most recent twelve (12) months preceding the request, and the reasonable calculation of total annual revenues or cost increases which will be experienced after the changes are implemented by the requesting eligible local exchange telecommunications service provider.

L. Upon request for OUSF funding by an ILEC serving seventy-five thousand or more access lines or a CLEC, the Commission shall after notice and hearing make a determination of the level of OUSF funds, if any, that the provider is eligible to receive for the purposes contained in subsection K of this section. If the Commission fails to make a determination within one hundred twenty (120) days of the filing of the request, the request for funding shall be deemed approved. Providers who are not prohibited from applying for OUSF funds as set forth in Section 9 of this act shall receive funding for any special universal services provided and contributions made to the Oklahoma E911 Emergency Service Fund and the Oklahoma Telecommunications Technology Training Fund from the OUSF without a hearing.

M. The incumbent local exchange telecommunications service provider, its successors and assigns, which owned, maintained and provided facilities for universal service within a local exchange area on January 1, 1996, shall be the local exchange telecommunications service provider eligible for OUSF funding within the local exchange area, except as otherwise provided for in this act.

N. 1. Where the incumbent local exchange telecommunications service provider receives or is eligible to receive monies from the OUSF, except as otherwise provided in this section, the Commission, after notice and hearing, may designate other local exchange telecommunications service providers to be eligible for the funding, provided:

- a. the other local exchange telecommunications service provider is certificated by the Commission to provide and offers the primary universal services

supported by the OUSF to all customers in the universal service area designated by the Commission, using its own facilities, or a combination of its own facilities and the resale of the services or facilities of another. Universal service support under this subsection shall not begin until the other local exchange telecommunications service provider has facilities in place,

- b. the other local exchange telecommunications service provider may only receive funding for the portion of the facilities that it owns, maintains, and uses for regulated services,
- c. the other local exchange telecommunications service provider shall not receive OUSF funding at a level higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area; provided, the cost of any cost studies required to be performed shall be borne by the party requesting such studies, unless the party performing the study utilizes the study for its own benefit,
- d. the other local exchange telecommunications service provider advertises the availability and charges for services it provides through a medium of general distribution, and
- e. it is determined by the Commission that the designation is in the public interest and the other local exchange telecommunications service provider is in compliance with all Commission rules for which a waiver has not been granted.

2. Notwithstanding the criteria set forth in this section for designation as an eligible local exchange telecommunications service provider, a commercial mobile radio service provider may, after notice and hearing, seek reimbursement from the OUSF for the

Req. No. 7759Page 16

provision of services supported by the OUSF, and any telecommunications carrier may seek reimbursement from the OUSF for the provision of Lifeline service consistent with Section 5 of this act and for the provision of Special Universal Services consistent with Section 9 of this act.

O. In exchanges or wire centers where the Commission has designated more than one local exchange telecommunications service provider as eligible for OUSF funding, the Commission shall permit one or more of the local exchange telecommunications service providers in the area to relinquish the designation as a local exchange telecommunications service provider eligible for OUSF funding in a manner consistent with Section 214(e)(4) of the federal Telecommunications Act of 1996, upon a finding that at least one eligible local exchange telecommunications service provider shall continue to assume the carrier-of-last-resort obligations throughout the area.

P. For any area served by an incumbent local exchange telecommunications service provider which serves less than seventy-five thousand access lines within the state, only the incumbent local exchange telecommunications service provider shall be eligible for OUSF funding except:

1. Other eligible telecommunications carriers which provide Special Universal Services or Lifeline Service shall be eligible to request and receive OUSF funds in the same manner as the incumbent local exchange telecommunications service provider in the same area pursuant to this act;

2. The incumbent local exchange telecommunications service provider may elect to waive the right to be the only eligible local exchange telecommunications service provider within the local exchange area by filing notice with the Commission; or

3. When the Commission, after notice and hearing, makes a determination that it is in the public interest that another local exchange telecommunications service provider should also be deemed a carrier of last resort and be eligible to receive OUSF funding in addition to the incumbent local exchange telecommunications service provider. It shall not be in the public interest to

designate another local exchange telecommunications service provider as being a carrier of last resort and eligible to receive OUSF funding if such designation would cause a significant adverse economic impact on users of telecommunications services generally or if the other carrier refuses to seek and accept carrier-of-last-resort obligations throughout the universal service area as designated by the Commission. The other local exchange telecommunications service provider shall not receive OUSF funding at a level higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area and the other local exchange telecommunications service provider meets the requirements of subparagraphs a, b, d and e of paragraph 1 of subsection N of this section.

SECTION 7. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.107 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. The Oklahoma Lifeline Fund and the Oklahoma Universal Service Fund shall be funded in a competitively neutral manner by all telecommunications carriers. The funding from each carrier shall be based on the total retail-billed Oklahoma intrastate telecommunications revenues, from both regulated and unregulated services, of the telecommunications carrier as a percentage of all telecommunications carriers' total retail-billed intrastate telecommunications revenues, from both regulated and unregulated services.

B. The Corporation Commission shall establish the Oklahoma Lifeline Fund charges and the Oklahoma Universal Service Fund charges at a level sufficient to recover costs of administration. The Commission shall provide for administration of the two funds by Commission employees or by contracting for such services with a party having no conflicting interest in the provision of telecommunications services. The administrative function shall be headed by an Administrator.

C. If the Commission determines after notice and hearing that a telecommunications carrier has acted in violation of this section, in addition to the other enforcement powers of the Commission, including its contempt powers and authority to revoke a provider's certificate of convenience and necessity, the Commission may bring an action on behalf of the Oklahoma Lifeline Fund or the Oklahoma Universal Service Fund, in the district court that the Commission deems appropriate, to recover any unpaid fees and charges the Commission has determined are due and payable, including interest, administrative and adjudicative costs, and attorney fees. Upon collection of the charges and costs, the Administrator shall pay the costs of the actions and deposit the remaining funds in the Oklahoma Lifeline Fund or the Oklahoma Universal Service Fund as appropriate.

D. The monies deposited in the Oklahoma Lifeline Fund, the Oklahoma Universal Service Fund and the Oklahoma High Cost Fund shall at no time become monies of the state and shall not become part of the general budget of the Corporation Commission or any other state agency. Except as otherwise authorized by this act, no monies from the Oklahoma Lifeline Fund, the Oklahoma Universal Service Fund, or the Oklahoma High Cost Fund shall be transferred for any purpose to any other state agency or any account of the Corporation Commission or be used for the purpose of contracting with any other state agency or reimbursing any other state agency for any expense. Payments from the Oklahoma Lifeline Fund, the Oklahoma Universal Service Fund, and the Oklahoma High Cost Fund shall not become or be construed to be an obligation of this state. No claims for reimbursement from the Oklahoma Lifeline Fund, the Oklahoma Universal Service Fund or the Oklahoma High Cost Fund shall be paid with state monies.

SECTION 8. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.108 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. Except for the provisions of this section, nothing in this act shall be construed as applicable to the telecommunications network known as OneNet or to any other component of the Oklahoma  
Req. No. 7759Page 19

Government Telecommunications Network. Neither OneNet nor any other component of the Oklahoma Government Telecommunications Network shall be assessed any fee or other charge for the support of universal service.

B. No provider of Internet service or any company providing telecommunications services or its affiliate or subsidiary, may price such Internet service in an anticompetitive, discriminatory, or predatory manner or subsidize the price of Internet service with revenues received from other services. No governmental agency or entity using or being eligible to use OneNet facilities may price such Internet services in an anticompetitive or predatory manner. Any governmental agency or entity using OneNet facilities is hereby prohibited from reselling OneNet access directly to the general public at any nonpublic site. Provided, a governmental agency or entity using OneNet facilities may defray its actual OneNet costs through the assessment of reasonable user fees. Any company or individual damaged from a violation of this subsection by a private company or individual shall be entitled to treble damages. The Attorney General shall be responsible for bringing an action for violation of this section against a private company or individual.

C. The Corporation Commission shall not approve, endorse, forward or file any application for reimbursement submitted pursuant to subsection (h) of Section 254 of the Communications Act of 1934, as amended, for transmission services requiring a circuit of T-1 or greater capacity unless OneNet is the circuit provider. For purposes of this subsection, "T-1" means a digital, one-million-five-hundred-forty-four-thousand-bit (1.544 Mbit) circuit with capacity sufficient to simultaneously transmit twenty-four (24) voice or data channels at sixty-four thousand bits per second (64 Kbits/sec).

SECTION 9. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 139.109 of Title 17, unless there is created a duplication in numbering, reads as follows:

A. There is hereby created within the Oklahoma Department of Public Safety the "Oklahoma E911 Emergency Service Fund".

Beginning September 1, 1997, each local exchange telecommunications service provider shall annually contribute fifty cents (\$.50) per retail local exchange access line to the Oklahoma E911 Emergency Service Fund until the total amount contributed by all providers to the Fund equals Five Million Dollars (\$5,000,000.00). The contribution amount for each service provider shall be based upon the number of retail local exchange access lines of that service provider in service on July 1 of each applicable year. The Oklahoma E911 Emergency Service Fund shall be administered by the Oklahoma Department of Public Safety and used to defray the cost of purchasing and installing equipment for enhanced 911 emergency systems across the state. Preference for funding shall be given first to those systems established in areas of the state which do not have access to 911 emergency service before July 1, 1997, and second to areas of the state which do not have access to enhanced 911 emergency services. Funding from the E911 Emergency Service Fund shall not be used for ongoing operating costs of any emergency telephone service system. To qualify for funding, the emergency telephone service system shall have been or be in the process of being approved as provided for in the Nine-One-One Emergency Number Act. Local exchange telecommunications service providers serving fifteen percent (15%) or more of the access lines in the state may not apply for recovery of the contributions made to the E911 Emergency Service Fund from the Oklahoma Universal Service Fund created in Section 6 of this act. All monies in the Oklahoma E911 Emergency Service Fund shall be expended only for the purposes set forth in this subsection.

B. There is hereby created within the Oklahoma Department of Vocational and Technical Education the "Oklahoma Telecommunications Technology Training Fund". Beginning September 1, 1997, each local exchange telecommunications service provider shall annually contribute seventy-five cents (\$.75) per retail local exchange access line to the Oklahoma Telecommunications Technology Training Fund until the total amount contributed by all providers to the Fund equals Seven Million Dollars

(\$7,000,000.00). The contribution amount for each service provider shall be based upon the number of retail local exchange access lines of that service provider in service on July 1 of each applicable year. The Oklahoma Telecommunications Technology Training Fund shall be administered by the Oklahoma Department of Vocational and Technical Education working in conjunction with OneNet, and shall be used to provide statewide teacher training in the most effective use of telecommunications and distance learning technology for the enhancement of education throughout the state. Local exchange telecommunications service providers serving fifteen percent (15%) or more of the access lines in the state may not apply for recovery of the contributions made to the Oklahoma Telecommunications Technology Training Fund from the Oklahoma Universal Service Fund created in Section 6 of this act. All monies in the Oklahoma Telecommunications Technology Training Fund shall be expended only for the purposes set forth in this subsection.

C. The following services are hereby declared to be Special Universal Services and such services shall be provided only after funding for the Oklahoma Universal Service Fund is implemented as set forth in this act:

1. Each not-for-profit hospital in the state shall, upon written request, receive one incoming, toll-free phone number and up to a total of five access lines, free of charge, to allow incoming, toll-free calls from any location within the geographic area served by the hospital;

2. Each public school and each public library in the state shall, upon written request, receive one incoming, toll-free phone number and up to a total of five access lines, free of charge, to allow incoming, toll-free calls from any location within the geographic area served by the school or the public library;

3. Each public school and each public library in the state shall, upon written request, receive one access line, free of charge, with the ability to connect to an Internet service provider at 56 kbps, in the most economically efficient manner for the carrier, or an equivalent dollar credit to be applied by the

public school or public library toward similar services provided by the same carrier, for the purpose of accessing the Internet. In no case shall the Oklahoma Universal Service Fund reimburse an entity for an Internet subscriber fee or charges incurred as a result of services accessed via the Internet; and

4. Each county seat in the state shall, upon written request of the board of county commissioners, receive one incoming, toll-free phone number and up to a total of five access lines, free of charge, to allow incoming, toll-free calls from any location within the geographic area served by the county seat.

D. To the extent Special Universal Services are purchased from a telecommunications service provider by another carrier, the Special Universal Services are for the exclusive use of the not-for-profit hospital, public school, public library or county government. Under no circumstances shall the not-for-profit hospital, public school, public library or county government sell, repackage or share Special Universal Services with any other entity.

SECTION 10. No later than June 30, 1998, the Corporation Commission shall review all Commission rules impacted by this act and pursuant to the Administrative Procedures Act, amend or delete any rules which are in conflict with the provisions of this act.

SECTION 11. Pursuant to the authority vested in the Legislature by Section 35 of Article IX of the Constitution of the State of Oklahoma, the Legislature hereby expressly declares that Sections 2, 3, 6, 7 and 9 of this act are an amendment to, and alteration of, Sections 18, 28 and 34 inclusive of Article IX of the Constitution of the State of Oklahoma.

SECTION 12. REPEALER Section 3, Chapter 365, O.S.L. 1993 (17 O.S. Supp. 1996, Section 137.1), is hereby repealed.

SECTION 13. NONCODIFICATION The provisions of Sections 10 and 11 of this act shall not be codified in the Oklahoma Statutes.

SECTION 14. This act shall become effective July 1, 1997.

SECTION 15. It being immediately necessary for the preservation of the public peace, health and safety, an emergency

is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
