The jurisdiction and powers of the Board provided for herein shall also be exclusive of any law now or hereafter enacted provided for land use regulation, zoning or building codes by this state or any agency or authority of the state, and the provisions of any such law shall not be applicable within the territorial limits of any spaceport territory. The Board may exercise the powers granted to it in this section within the city limits of any municipality now or hereafter organized or existing within the limits of any spaceport territory.

SECTION 21. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5221 of Title 74, unless there is created a duplication in numbering, reads as follows:

A. The Board of Directors may at any time strike out or correct the description of any land within or claimed to be within the boundary lines of any spaceport territory upon the consent and writing of the owners of all the land that would be included or excluded from the boundary lines of any spaceport territory or otherwise affected by the taking of such action, and of the owners of not less than the majority in acreage of all lands within any spaceport territory. The Board may enlarge the geographical limits of any spaceport territory to include lands not then within any spaceport territory as follows:

1. Upon the written consent of the simple majority of owners of all the land to be included in any spaceport territory and of not less than a majority in acreage of all the land then within any spaceport territory; or

2. By resolution of the Board approved at a special election called for such purpose, by vote of a majority of landowners residing within the area to be annexed and a majority of landowners residing within any spaceport territory.

1. Upon the written consent of the owners of all of the land to be so excluded and of the owners of not less than a majority in acreage of all the land within any spaceport territory;

C. Any owner of land located within the geographic limits of the spaceport territory may within ninety (90) days following the effective date of this act make written application to the Board to have the land of such owner excluded from the boundaries of the spaceport territory. In the event such written application is made within the ninety-day period, the Board shall exclude the land of such owner from the spaceport territory and revise the boundaries thereof accordingly. No application under this subsection shall be granted if made later than ninety (90) days after the effective date of this act.

D. Nothing in this section shall permit the annexation or exclusion of lands contrary to the terms, covenants or conditions of any of the bonds or obligations of the Authority, or in any manner that would impair the security of the holders of any bonds or other obligations of the Authority.

E. No town, city or other municipality having any of the powers of the Authority, or any like powers, shall hereafter be organized or established by any proceedings under the general laws of this state if upon such organization or establishment the territorial limits of such municipality would lie wholly or partly within the geographic boundaries of any spaceport territory, except upon the consent in writing given by the owners of a majority in acreage of the lands within such spaceport territory proposed to be so incorporated within such municipality. No land within the geographic boundaries of any spaceport territory shall be annexed to or incorporated by any proceeding under any general or special law, now or hereafter enacted into any town, city or other municipality, now existing or hereafter created, except upon the consent in writing given by the owners of a majority in acreage of the lands within such spaceport territory to be so annexed or incorporated.

F. In the event that the geographic boundaries of the spaceport territory, as set forth in Section 13 of this act, are revised so as to include within the spaceport territory any areas not presently contained within the spaceport territory, the Authority shall not engage in the business of furnishing telephone service in such annexed area unless the Authority offers to purchase from any telephone company that is at the time engaged in the business of furnishing telephone service within such annexed area such portion of its plant and property suitable and used for such business in connection therewith as lies within the limits of such annexed area.

G. In the event that the geographic limits of the spaceport territory, as set forth in Section 13 of this act, are revised so as to include within any spaceport territory any areas not presently contained within any spaceport territory, the Authority shall not engage in the business of furnishing electric power for sale in such annexed area, unless the Authority offers to purchase from any person who is at the time engaged in the business of making,

generating or distributing electricity for sale within such annexed area, such portion of its electric plant and property suitable and used for business in connection therewith as lies within the limits of such annexed area.

SECTION 22. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5222 of Title 74, unless there is created a duplication in numbering, reads as follows:

A. 1. To recover the costs of a spaceport facility or system, the Oklahoma Space Industry Development Authority shall have the power to prescribe, fix, establish, and collect rates, fees, rentals, tolls, fares, or other charges, hereinafter referred to as "revenues", and to revise the same from time to time, for the facilities and service furnished or to be furnished by the Authority and a spaceport, including, but not limited to, launch pads, ranges, payload assembly and processing facilities, visitor and tourist facilities, transportation facilities, and parking and other related facilities, and shall have the power to provide for reasonable penalties against any user or property for any such rates, fees, rentals, tolls, fares, or other charges that are delinquent.

2. The Authority shall have the power to enter into contracts for the use of the projects of the Authority and for the services and facilities furnished or to be furnished by the Authority, including, but not limited to, launch services, payload assembly and processing, and other space-related services, for such consideration and on such other terms and conditions as the Authority may approve. Such contracts, and revenues or service charges received or to be received by the Authority thereunder, may be pledged as security for any of the bonds of the Authority.

B. In the event that the rates, fees, rentals, tolls, fares, or other charges, or delinquent penalties shall not be paid as and when due and shall be in default for thirty (30) days or more, the unpaid balance thereof and all interest accrued thereon, together with

attorney fees and costs, may be recovered by the Authority in a civil action.

C. In the event that the rates, fees, rentals, tolls, fares, or other charges for the services and facilities of any project are not paid when due, the Authority shall have the power to discontinue and shut off the same until such rates, fees, rentals, tolls, fares, or other charges, including interest, penalties, and charges for the shutting off and discontinuance and the restoration of such services and facilities, are fully paid. Such delinquent rates, fees, rentals, tolls, fares, or other charges, together with interest, penalties, and charges for the shutting off and discontinuance and the restoration of such services and facilities, and reasonable attorney fees and other expenses, may be recovered by the Authority by suit in any court of competent jurisdiction. The Authority may also enforce payment of such delinquent rates, fees, rentals, tolls, fares, or other charges by any other lawful method of enforcement.

SECTION 23. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5223 of Title 74, unless there is created a duplication in numbering, reads as follows:

The Oklahoma Space Industry Development Authority is authorized to accept and receive federal monies, and other monies, either public or private, for the acquisition, development, construction, enlargement, improvement, maintenance, equipment, or operation of spaceports and other facilities, and sites therefor, and to comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditure of federal monies upon such spaceports and other facilities.

SECTION 24. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5224 of Title 74, unless there is created a duplication in numbering, reads as follows:

A. 1. The Oklahoma Space Industry Development Authority may provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the Authority for the purpose of paying all or any part of the cost of any one or more projects. The Authority, when it finds that it would be economical and beneficial to do so, may combine two or more, or any part thereof, or all of its proposed projects into one unit and consider the same as one project to the same extent and with like effect as if the same were a single project.

2. The principal of and the interest on the bonds shall be payable solely from the funds provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding the limitations pertaining to public trust indebtedness from time to time expressed in subsection F of Section 176 of Title 60 of the Oklahoma Statutes, shall mature at such time or times not exceeding forty (40) years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity at the option of the Authority at such price or prices and pursuant to such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

3. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state.

4. If any officer whose signature or facsimile of whose signature appears on any bonds or coupons shall cease to be the officer before the delivery of the bonds, the signature or the facsimile shall nevertheless be valid and sufficient for all purposes the same as if the person had remained in office until such delivery.

5. All bonds issued pursuant to the provisions of this act shall have all the qualities and incidents of negotiable instruments subject to the negotiable instruments law of this state. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Authority may sell the bonds in such amounts and in such manner, either at public or private sale, and for such price, as it may determine to be in the best interest of this state, but in no event at a discount in excess of that from time to time expressed in subsection F of Section 176 of Title 60 of the Oklahoma Statutes.

B. The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project for which the bonds have been issued, and shall be disbursed in such manner and pursuant to such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of the bonds or in the trust agreement securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds, or shall be used by the Authority in implementing any other power expressly granted to the Authority in this act.

C. Prior to the preparation of definitive bonds, the Authority, subject to like restrictions, may issue interim receipts or

temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which have become mutilated or were destroyed or lost. Bonds may be issued pursuant to the provisions of this act without obtaining the consent of any department, division, commission, board, bureau, or agency of this state, and without any other proceedings or the occurrence of any other conditions or things other than those proceedings, conditions, or things that are specifically required by this act; provided, however, bonds and other obligations of the Authority shall be subject to the provisions of Section 695.1 et seq. of Title 62 of the Oklahoma Statutes.

D. The Authority is hereby authorized to provide that the bonds:

1. Be made payable from time to time on demand or tender for purchase by the owner provided a credit facility supports such bonds, unless the Authority specifically determines that a credit facility is not required;

2. Be additionally supported by a credit facility;

3. Be made subject to redemption prior to maturity, with or without premium, on such notice and at such time or times and with such redemption provisions as may be determined by the Authority or with such variations as may be permitted in connection with a par formula;

4. Bear interest at a rate or rates that may vary as permitted pursuant to a par formula and for such period or periods of time, all as may be determined by the Authority; and

5. Be made the subject of a remarketing agreement whereby an attempt is made to remarket the bonds to new purchasers prior to their presentment for payment to the provider of the credit facility or to the Authority.

No credit facility, repayment agreement, par formula or remarketing agreement shall become effective without the approval of the Authority.

E. As used in this section, the following terms shall have the following meanings:

1. "Credit facility" means an agreement entered into by the Authority with any bank, savings and loan association or other banking institution; an insurance company, reinsurance company, surety company, or other insurance institution; a corporation, investment banker or other investment institution; or any other financial institution providing for prompt payment of all or any part of the principal, whether at maturity, presentment for purchase, redemption or acceleration, redemption premium, if any, and interest on any bonds payable on demand or tender by the owner issued in accordance with this section, in consideration of the Authority's agreeing to repay the provider of such credit facility in accordance with the terms and provisions of such repayment agreement, provided, that any such repayment agreement shall provide that the obligation of the Authority thereunder shall have only such sources of payment as are permitted for the payment of the bonds issued under this act; and

2. "Par formula" means any provision or formula adopted by the Authority to provide for the adjustment, from time to time, of the interest rate or rates borne by any such bonds so that the purchase price of such bonds in the open market would be as close to par as possible.

F. Any other provision of law notwithstanding, the Authority shall have the right to issue bonds or other obligations the interest income, in whole or in part, on which is subject, directly or indirectly, to federal income taxation.

SECTION 25. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5225 of Title 74, unless there is created a duplication in numbering, reads as follows:

In the discretion of the Oklahoma Space Industry Development Authority, any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may pledge or assign the revenues to be received from the project constructed by the use of the proceeds of the bonds, but shall not convey or mortgage any project or any part thereof. The trust agreement or resolution providing for the issuance of the bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project in connection with which the bonds shall have been authorized, and the custody, safeguarding and application of all monies, and provisions for the employment of consulting engineers in connection with the construction or operation of such project or projects. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders.

All expenses incurred in carrying out the provisions of the trust agreement may be treated as a part of the cost of the operation of the project or projects.

SECTION 26. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5226 of Title 74, unless there is created a duplication in numbering, reads as follows:

All monies received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this act. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds shall provide that any officer to whom, or any bank or trust company to which, such money shall be paid shall act as trustee of the monies and shall hold and apply the same for the purposes hereof, subject to such regulations as this act and such resolution or trust agreement may provide.

SECTION 27. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5227 of Title 74, unless there is created a duplication in numbering, reads as follows:

Any holder of bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee under the trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding protect and enforce any and all rights under the laws of this state or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the Authority or by any officer thereof.

SECTION 28. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5228 of Title 74, unless there is created a duplication in numbering, reads as follows:

Bonds issued under the provisions of this act are hereby made securities in which all public officers and public bodies, agencies, and instrumentalities of the state and its political subdivisions, all banks, trust companies, trust and loan associations, investment companies, and others carrying on a banking business, and all insurance companies and insurance associations, and others carrying on an insurance business, may legally and properly invest funds including capital in their control or belonging to them.

SECTION 29. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5229 of Title 74, unless there is created a duplication in numbering, reads as follows:

The Oklahoma Space Industry Development Authority is authorized in its discretion to file an application with the Supreme Court of Oklahoma for the approval of any bonds to be issued hereunder, and exclusive original jurisdiction is hereby conferred upon the Supreme Court to hear and determine each such application. It shall be the duty of the Court to give such applications precedence over the other business of the Court and to consider and pass upon the applications and any protests which may be filed thereto as speedily as possible. Notice of the hearing on each application shall be given by a notice published in a newspaper of general circulation in this state that on a day named the Authority will ask the Court to hear its application and approve the bonds. Such notice shall inform all persons interested that they may file protests against the issuance of the bonds and be present at the hearing and contest the legality thereof. Such notice shall be published one time not less than ten (10) days prior to the date named for the hearing and the hearing may be adjourned from time to time in the discretion of the Court. If the Court shall be satisfied that the bonds have been properly authorized in accordance with this act and that when issued, they will constitute valid obligations in accordance with their terms, the Court shall render its written opinion approving

the bonds and shall fix the time within which a petition for rehearing may be filed. The decision of the Court shall be a judicial determination of the validity of the bonds, shall be conclusive as to the Authority, its officers and agents, and thereafter the bonds so approved and the revenues pledged to their payment shall be incontestable in any court in this state.

SECTION 30. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 5230 of Title 74, unless there is created a duplication in numbering, reads as follows:

The Oklahoma Space Industry Development Authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if the Authority shall so determine, for the additional purpose of constructing improvements, extensions, or enlargements of the project or projects in connection with which the bonds to be refunded shall have been issued. The Authority is further authorized to provide for the issuance of its revenue bonds for the combined purpose of:

1. Refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued, or to accrue to the date of redemption of such bonds; and

2. Paying all or any part of the cost of any additional project or projects as authorized by this act. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable.

B. Bonds may be issued by the Authority under the provisions of this section at any time prior to the maturity or maturities or the date selected for the redemption of the bonds being refunded thereby. Pending the application of the proceeds of such refunding bonds, with any other available funds, to the payment of the principal, accrued interest, and any redemption premium of the bonds being refunded, and if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds, and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. In lieu of such investments, all or any part of such proceeds may be placed in interest bearing time deposits or other similar arrangements may be made with regard thereto which will assure that such proceeds, together with the interest accruing thereon, will be available when required for the purposes intended.

Contracts of the Authority with any such person shall not be invalid or

unenforceable by reason of such interest, provided that each member of the Board shall have submitted to the Board a statement of the member's interest in or relationship to such person prior to the approval or authorization of the contract by the Authority. The statement shall be maintained as part of the permanent record book of the Authority for as long as the contract continues in effect and for not less than one (1) year thereafter.

The court shall, upon proof of any such violation, have the duty to issue temporary and permanent injunctions as are necessary to prevent further violation thereof. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure, land or water is used, in violation of this act, or of any rules, resolutions, procedures, or orders adopted under authority conferred by this act or under law, the Board may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct or avoid such violations, to prevent the occupancy of such building, structure, land or water, and to prevent any illegal act, conduct, business or use in or about such premises, land or water.
