Section 50-115. A. The State Board is authorized to pay a disability benefit to a member of the System or a pension to the beneficiaries of such member eligible as hereinafter provided, ~~not exceeding the accrued retirement benefit of the member, except as otherwise provided in this article.~~ Such disability benefit shall be payable immediately upon determination of eligibility. Any preexisting condition identified at the time of any initial or subsequent membership shall be used to offset the percentage of impairment to the whole person in determining any disability benefit. Once the initial disability benefit has been awarded by the Board ~~on the basis of the percentage of impairment to the whole person,~~ the member shall have no further recourse to increase the awarded percentage of impairment.

B. In order for any member to be eligible for any disability benefit, or the member's beneficiaries to be eligible for a pension,

the member must have complied with any agreement as to contributions by the member and other members to any funds of the System where said agreement has been made as provided by this article; and the State Board must find:

1. That the member incurred a ~~permanent total disability or a permanent partial~~ disability or died while in the line of duty, and ~~in consequence of, the performance of duty as an officer~~; or

2. That such member has served ten (10) years and incurred a permanent total disability or a permanent partial disability or has died, not in the line of duty ~~from any cause~~.

C. In the event of the death of any member who has been awarded a disability benefit ~~or is eligible therefor as provided in this article~~ from a disability incurred in the line of duty or is eligible therefor or for a member who died in the line of duty, the member's beneficiary shall be paid the benefit as provided in paragraph 1 of subsection D of this section.

D. 1. Upon determination by the State Board that a member is physically or mentally disabled and that the disability ~~is permanent and total~~ and was incurred while in, ~~and in consequence of, the performance of duty as an officer~~ the line of duty, the member shall be awarded ~~the normal~~ a monthly disability benefit equal to one-half (1/2) of the average paid gross salary of the member for normally scheduled hours over the highest salaried thirty (30) consecutive months of the last sixty (60) months of credited service.

2. ~~Upon determination by the State Board that a member is physically or mentally disabled and that the disability is permanent and partial and was incurred while in, and in consequence of, the performance of duty as an officer, the member shall be awarded a disability benefit on the basis of the percentage of impairment to the whole person, as defined by the most current standards of the impairment as outlined in the "American Medical Association's Guides~~

~~to the Evaluation of Permanent Impairment", as provided in the following table:~~

~~1% to 24% impairment to whole person = 25% of the normal disability benefit~~

~~25% to 49% impairment to whole person = 50% of the normal disability benefit~~

~~50% to 74% impairment to whole person = 75% of the normal disability benefit~~

~~75% to 99% impairment to whole person = 90% of the normal disability benefit.~~

~~Pursuant only to permanent partial disability incurred while in, and in consequence of, the performance of duty as an officer, if the participating municipality denies a disabled member the option of continuing employment instead of retiring under the above provisions, then the burden of proof rests with the participating municipality to show cause to the State Board that there is no position as a sworn officer within the police department of that municipality which the member can fill.~~

~~3.~~ Upon determination by the State Board that a member is physically or mentally disabled and that the disability is permanent and total and that the member has completed ten (10) years of credited service and is disabled by any cause not in the line of duty the member shall receive a disability benefit on the basis of the member's accrued retirement benefit.

"American Medical Association's Guides to the Evaluation of Permanent Impairment", on the basis of the following table:

1% to 24% impaired = 25% of accrued retirement benefit

25% to 49% impaired = 50% of accrued retirement benefit

50% to 74% impaired = 75% of accrued retirement benefit

~~D.~~ F. Before making a finding as to the disability of a member, the State Board shall require that, if the member is able, the member shall make a certificate as to the disability which shall be subscribed and sworn to by the member. It shall also require a certificate as to such disability to be made by some physician licensed to practice in this state as selected by the State Board. The State Board may require other evidence of disability before making the disability benefit. The salary of any such member shall continue while the member is so necessarily confined to such hospital bed or home and necessarily requires medical care or professional nursing on account of such sickness or disability for a period of not more than six (6) months, after which said period the other provisions of this article may apply.
