

ENGROSSED SENATE
BILL NO. 1569

By: Monson of the Senate

and

Mitchell of the House

[public health and safety - profile information on
physicians in Oklahoma -

emergency]

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1-121.1 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. As used in this act:

1. "Department" means the State Department of Health; and

2. "Physician" means an individual as defined in Section 725.2

of Title 59 of the Oklahoma Statutes.

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1-121.2 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. Each person who applies for licensure or relicensure as a physician in Oklahoma may, at the time of application, provide in conjunction with the renewal application, pursuant to procedures promulgated by the State Board of Medical Licensure and Supervision, the following information:

1. The names and addresses of all medical or professional schools or other institutions of higher learning attended by the physician, including the date of graduation and any graduate education, internships, residencies or fellowships received by the applicant;

2. A list of specialty certifications recognized by the State Board of Medical Licensure and Supervision;

3. The location and type of medical practice provided within the last ten (10) years;

4. The current location of the physician's primary practice setting. If more than one, the percentage of time spent at each location shall be included;

5. The hospital or hospitals where the physician has active clinical or admitting privileges in good standing;

6. Information concerning participation in the Medicare and Medicaid programs. Such information shall include any information barring the physician from participation in the programs;

7. A list of any criminal conviction for any felonies or other crimes involving moral turpitude within the last ten (10) years;

8. A description of any final board disciplinary actions from any state within the last ten (10) years;

9. A description of any revocation or involuntary restriction of hospital privileges, or a reduction in credentialing for a period of more than one hundred eighty (180) days from any state for reasons related to competence or character;

10. The method by which the physician is indemnified against adverse judgments as a result of malpractice litigation such as malpractice insurance or letter of credit. Such information shall include, but is not limited to, whether the physician has ever been denied malpractice insurance;

11. Information regarding all malpractice judgments and arbitration awards made to a party within the most recent ten (10) years of practice;

12. A disclosure of settlements of professional malpractice claims within the most recent five (5) years of continuous practice;

13. The names and addresses of any health facilities, other than the primary practice location, in which the physician has an

ownership interest. This information shall include the percentage of ownership interest the physician has in the facility; and

14. The names and types of health benefit plans or insurance that the physician contracts with for the provision of comprehensive health services to patients of the physician.

B. Each person who is licensed as a physician in Oklahoma shall provide on a quarterly basis to the State Department of Health, in the manner designated by the Department, the following utilization information on the practice of the physician:

1. The number and percentage of female patients who have received a breast cancer screening. Criteria for screening shall be based on medically accepted standards of treatment;

2. The number and percentage of female patients who have received a cervical cancer screening. Criteria for screening shall be based on medically accepted standards of treatment;

3. The number and percentage of male patients who have received a screening examination for prostate cancer. Criteria for screening shall be based on medically accepted standards of treatment;

4. The number and percentage of cesarean section deliveries as a function of all deliveries;

5. The number of laboratory procedures performed per member per month;

6. The number and percentage of children immunized;

7. The total number of office visits for each month;

8. The number of procedures performed by the physician for which the physician is not certified by the appropriate specialty board; and

9. The number of outpatient surgeries performed each month.

C. The Department shall compile, from the utilization data gathered from physicians pursuant to the provisions of subsection B of this section, summary statistics for each of the utilization categories.

D. The Department shall publish, not less than once per year, and make available to the public the summary results of utilization information it is required to compile pursuant to the provisions of this section.

E. The State Board of Medical Licensure and Supervision, the Department and providers shall maintain printed information on summary information and provider profiles on their premises. The information will be available upon request by any person.

F. The utilization data gathered by the Department shall not be used as proof of malpractice in any such proceeding pending against a physician.

G. Information submitted to the State Board of Medical Licensure and Supervision and the Department pursuant to the provisions of this section shall include a statement, signed under oath, by the physician attesting to the correctness and completeness of the information contained in the profile.

H. Neither the State Board of Medical Licensure and Supervision nor the Department shall be held liable for the correctness or completeness of the information contained in the provider profile. Each agency shall include a disclaimer attesting to the self-reporting nature of the program, and that the information has not been verified by the agency.

I. No state law prohibiting, limiting or penalizing disclosure of information about a physician shall apply with regard to information required by this section.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

Passed the Senate the 29th day of February, 2000.

President of the Senate

Passed the House of Representatives the ____ day of _____,
