A. "Mandated health benefit" means a statute, state board or commission's official action, or an administrative rule of this state which requires a health benefit plan to do any of the following:

1. Permit a person covered under the health benefit plan to obtain treatment or services from a particular type of health care provider, including, but not limited to, requiring a health maintenance organization, preferred provider plan, or other plan to contract with or credential a health care provider or providers for participation in the plan or plans;

3. Provide coverage of a particular type of health care treatment or service, or of equipment, supplies or drugs used in connection with a health care treatment or service;

4. Provide coverage for particular persons because of their relation to the covered individual or legal status with respect to the covered individual, or for any other reason; or

5. Require network arrangements contrary to those currently contracted by the health benefit plan.

B. The State Senate and the Oklahoma House of Representatives fiscal staffs shall jointly submit a report on the fiscal impact of any mandated health benefit as defined in this section affecting any health benefit plan to the Governor, President Pro Tempore of the Senate, and the Speaker of the House of Representatives. Such report shall be considered by the legislature and the executive branch prior to the final adoption of any mandated health benefit.

C. Any report prepared pursuant to subsection B of this section shall assess, to the extent possible when relevant data is available, all of the following social impact factors which are relevant to the type of mandated health benefit created, expanded or continued by this act:

1. Whether the mandated health benefit would increase the use of the treatments or services covered by the mandated health benefit;

2. The impact of the mandated health benefit on total costs of health care in the state;

3. Whether the mandated health benefit would increase the administrative costs of health benefit plans and the premium costs to policyholders;

4. The number of persons who would be eligible for coverage under the mandated health benefit and the availability of coverage for those persons without the mandated health benefit; and

5. The number of persons currently enrolled in self-insured plans that are not subject to the mandated health benefit.

E. In preparing the report, the fiscal staff shall use outside sources as is necessary to obtain relevant data. If relevant data is not available to address any of the listed social and financial impact factors, the report shall be prepared without an assessment of those factors.
