

STATE OF OKLAHOMA

2nd Session of the 48th Legislature (2002)

CONFERENCE COMMITTEE  
SUBSTITUTE  
FOR ENGROSSED  
HOUSE BILL NO. 2777

By: Adkins of the House

and

Easley of the Senate

CONFERENCE COMMITTEE SUBSTITUTE

An Act relating to telecommunications; amending 63 O.S. 2001, Sections 142.2 and 142.9a, which relate to the Oklahoma Underground Facilities Damage Prevention Act; modifying definitions; updating statutory references; making an excavator liable for damages to underground facilities; authorizing the enjoinder of an excavator for certain willful and repeated acts; providing an exception to liability for damage to imprudently placed underground facilities in certain areas; providing certain definition; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 63 O.S. 2001, Section 142.2, is amended to read as follows:

Section 142.2 As used in the Oklahoma Underground Facilities Damage Prevention Act:

1. "Certified project" means a project where the public agency responsible for the public project, as part of its procedure, certifies that the project right-of-way is free and clear of underground facilities or wherein the public agency responsible for such project, as part of its procedure, notifies all persons determined by the public agency to have underground facilities located within the construction right-of-way and certifies that all known underground facilities are duly located or noted on the engineering drawings for the project;

2. "Damage" means any impact upon or removal of support from an underground facility as a result of explosion, excavation or demolition which according to the operating practices of the operator of the underground facilities would necessitate the repair thereof;

3. "Demolish" means to wreck, raze, render, move or remove a structure by means of any equipment or explosive;

4. "Demolition" means the act or operation of demolishing a structure;

5. "Excavate" means to dig, compress or remove earth, rock or other materials in or on the ground by use of mechanized equipment or blasting, including, but not necessarily limited to, augering, boring, backfilling, drilling, grading, pile driving, plowing in, pulling in, trenching, tunneling and plowing; provided, however, that neither:

- a. the moving of earth by tools manipulated only by human or animal power, nor
- b. any form of cultivation for agricultural purposes, nor any augering, dozing by noncommercial dozer operators or digging for postholes, farm ponds, land clearing or other normal agricultural purposes, nor
- c. routine maintenance, nor
- d. work by a public agency or its contractors on a preengineered project, nor
- e. work on a certified project, nor
- f. work on a permitted project, nor
- g. the opening of a grave in a cemetery, nor
- h. a solid waste disposal site which is a preengineered project, nor
- i. any individual excavating on his own property and who is not in the excavating business for hire,

shall be deemed excavation;

6. "Excavation" means the act or operation of excavating;

7. "Excavator" means a person or public agency that intends to excavate or demolish within the State of Oklahoma;

8. "Notification center" means a center operated by an organization which has as one of its purposes to receive notification of planned excavation and demolition in a specified area from excavators, and to disseminate such notification of planned excavation or demolition to operators who are members and participants;

9. "Operator" shall mean and include any person or public agency owning or operating underground facilities; except private underground facilities not used to service the public, which serve residential or rural customers one or more of whom is the owner of such facilities;

10. "Permitted project" means a project where a permit for the work to be performed must be issued by a state or federal agency and, as a prerequisite to receiving such permit, the applicant must locate all underground facilities in the area of the work and in the vicinity of any blasting and notify each owner of such underground facilities;

11. "Person" includes any individual, partnership, corporation, association, cooperative, trust or other entity, including a person engaged as a contractor by a public agency, but not including a public agency;

12. "Preengineered project" means a public project wherein the public agency responsible for such project, as part of its engineering and contract procedures, holds a meeting prior to the commencement of any construction work on such project in which all persons, determined by the public agency to have underground facilities located within the construction area of the project, are invited to attend and given an opportunity to verify or inform the public agency of the location of their underground facilities, if

any, within the construction area and where the location of all known underground facilities are duly located or noted on the engineering drawing and specifications for the project;

13. "Public agency" means the state or any board, commission or agency of the state, and any city, town, county, subdivision thereof or other governmental entity;

14. "Routine maintenance" means the grading of roads and barrow or drainage ditches, the removal and replacement of pavement, including excavation relating thereto and the installation and maintenance of drainage and bridge facilities, signs, guardrails, and electrical and communications facilities in or on the public rights-of-way by a public agency; and

15. "Underground facility" means any underground line, cable, facility, system and appurtenances thereto, for producing, storing, conveying, transmitting or distributing communication (including voice, video, or data information), electricity, power, light, heat, gas, oil, petroleum products, water (including storm water), steam, sewage and other commodities.

SECTION 2. AMENDATORY 63 O.S. 2001, Section 142.9a, is amended to read as follows:

Section 142.9a ~~On and after the effective date of this act, any~~  
A. Any excavator except for public agencies who fails to comply with the Oklahoma Underground Facilities Damage Prevention Act and who damages an underground facility owned or operated by a nonprofit rural water corporation organized pursuant to Section 863 of Title 18 of the Oklahoma Statutes or a rural water district organized pursuant to the Rural Water, Sewer, Gas, and Solid Waste Management Districts Act shall be liable for the underground damage to and responsible for the repair of such facilities. ~~On and after the effective date of this act, any~~ Any new underground facilities installed on and after September 1, 1992, shall contain materials

capable of being detected so that the facilities can be accurately located.

B. Any excavator who damages or cuts an underground facility, as a result of failing to comply with the provisions of the Oklahoma Underground Facilities Damage Prevention Act or as a result of failing to take measures for the protection of an underground facility, shall be liable to the operator of the underground facility for the repair of the damaged underground facility.

C. Except for public agencies and their contractors, any excavator who by willful act or by reckless disregard of the rights of others, repeatedly violates the provisions of the Oklahoma Underground Facilities Damage Prevention Act and repeatedly damages underground facilities, thereby threatening the public health, safety, and welfare, may be enjoined by a court of competent jurisdiction from further excavation.

D. Any excavator who damages or cuts an imprudently placed underground facility that is located in an unincorporated area shall not be liable to the operator of the underground facility for the repair of the damaged underground facility. For purposes of this subsection, "imprudently placed underground facility" shall mean an underground facility which is placed within a two-foot radius of an existing aboveground electric transmission or distribution pole, existing aboveground telecommunications pole, or existing underground natural gas line.

SECTION 3. This act shall become effective July 1, 2002.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
