SENATE BILL 1239

By: Maddox

AS INTRODUCED

An Act relating to state government; requiring telephones at state agencies be answered by a person during certain hours; designating state agencies; prohibiting use of answering device for certain purpose and providing exception; providing for codification; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 3306 of Title 74, unless there is created a duplication in numbering, reads as follows:

A. At the central administrative office of every state agency and at every other state agency office normally contacted by the public that is not on the same agency telephone system as the central office, the primary telephone number designated to receive calls from the public shall be answered during normal business hours by an employee of the agency. For the purposes of this section, institutions, higher education centers, and other constituent agencies of The Oklahoma State System of Higher Education shall be considered state agencies.

B. In no instance shall an answering device be used to answer calls to the primary telephone designated to receive calls from the public during normal business hours, nor shall calls to the primary designated telephone be automatically forwarded to a telephone that is not answered by an employee of the agency. Agencies may, however, utilize answering devices to answer calls during other than normal business hours and calls to other numbers the agency maintains.

SECTION 2. This act shall become effective July 1, 2003.
