BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 91.1 of Title 42, unless there is created a duplication in numbering, reads as follows:

Any abandoned vehicle auction performed by a class AA wrecker shall be exempt from all prior years' tag fees, title fees, stop flag fees, and any other fees imposed by the state from the prior ownership of the vehicle. The wrecker operator or buyer of the abandoned vehicle will be responsible only for fees incurred after the completion of the abandoned vehicle sale unless the buyer is the

registered vehicle owner prior to the towing of the vehicle, in which case all fees will be due from the buyer.

SECTION 2. AMENDATORY 47 O.S. 2001, Section 953.1, as amended by Section 3, Chapter 133, O.S.L. 2002 (47 O.S. Supp. 2003, Section 953.1), is amended to read as follows:

Section 953.1 A. The rates and provisions of this section shall apply only to determine the maximum fees and charges for wrecker or towing services performed in this state, including incorporated and unincorporated areas, by a wrecker or towing service licensed by the Department of Public Safety when that service appears on the rotation log of the Department or on the rotation log of any municipality, county or other political subdivision of this state, and the services performed are at the request or at the direction of any officer of the Department or of a municipality, county, or political subdivision. No wrecker or towing service in the performance of these services shall charge any fee which exceeds the maximum rates established in this section, adjusted as provided in subsection H of this section. Such rates shall be in addition to any other rates, fees or charges authorized or required by law. Any wrecker or towing service is authorized to collect from the owner, lienholder, agent or insurer accepting liability for paying the claim for a vehicle or purchasing the vehicle as a total loss vehicle from the registered owner of any towed or stored vehicle, the fee required by Section 904 of this title.

B. When wrecker or towing services are performed as provided in subsection A of this section:

1. Each performance of a wrecker or towing service shall be recorded by the operator on a bill or invoice as prescribed by rules of the Department;

2. Nothing herein shall limit the right of an operator who has provided or caused to be provided wrecker or towing services to

require prepayment, in part or in full, or guarantee of payment of any charges incurred for providing such services;

3. This section shall not be construed to require an operator to charge a fee for the performance of any wrecker or towing services; and

4. The operator is authorized to collect all lawful fees from the owner, lienholder or agent or insurer accepting liability for paying the claim for a vehicle or purchasing the vehicle as a total loss vehicle from the registered owner of the towed vehicle for the performance of any and all such services. An operator shall release the vehicle from storage upon authorization from the owner, agent or lienholder of the vehicle or, in the case of a total loss, the insurer accepting liability for paying the claim for the vehicle or purchasing the vehicle where the vehicle is to be moved to an insurance pool yard for sale.

C. Distance rates.

1. Rates in this subsection shall apply to the distance the towed vehicle is transported and shall include services of the operator of the wrecker vehicle. Hourly rates, as provided in subsection D of this section, may be applied in lieu of distance rates. Hourly rates may be applied from the time the wrecker vehicle is assigned to the service call until the time it is released from service either upon return to the premises of the wrecker or towing service or upon being assigned to perform another wrecker or towing service, whichever occurs first. When the hourly rate is applied in lieu of distance towing rates, the operator may not apply the two-hour minimum prescribed in subsection D of this section nor may hookup or mileage charges, as prescribed in this section, be applied.

Such distance rates shall be computed via the shortest highway mileage as determined from the latest official Oklahoma Department of Transportation state highway map, except as follows:

- a. for distances or portions of distances not specifically provided for in the governing highway map, the actual mileage via the shortest practical route will apply,
- b. in computing distances, fractions of a mile will be retained until the final and full mileage is determined, at which time any remaining fraction shall be increased to the next whole mile,
- c. when, due to circumstances beyond the control of the wrecker or towing service, roadway conditions make it impractical to travel via the shortest route, distance rates shall be computed based on the shortest practical route over which the wrecker vehicle and the vehicle it is towing can be moved, which route shall be noted on the bill or invoice, or
- d. when the wrecker or towing service is performed upon any turnpike or toll road, the turnpike or toll road mileage shall be used to determine the distance rates charged and the turnpike or toll road fees may be added to the bill or invoice.

2. Maximum distance rates shall be as follows:

Weight of Towed Vehicle (In pounds, including equipment and lading)	Distance Towed	Rate Per Mile
Single vehicle: 8,000 or less	25 miles or less	\$2.89 <u>\$3.00</u>

Hourly rates shall apply from the time the vehicle or labor is assigned to the service call until the time it is released from service either upon return to the premises of the wrecker or towing service or upon being assigned to perform another wrecker or towing service, whichever occurs first. Whenever a wrecker vehicle is used to tow a vehicle subject to distance rates, as provided in subsection C of this section, hourly rates shall apply only for the time such wrecker is used in the performance of services other than transportation, except when such hourly rates are used in lieu of such distance rates.

As used in this subsection, rates stated per hour apply for whole hours and, for fractions of an hour, rates stated per fifteen (15) minutes apply for each fifteen (15) minutes or fraction thereof over seven and one-half (7 1/2) minutes.
