The agency or assessor shall, within seventy-two (72) hours from the time the person is evaluated and assessed, submit a written report to the court for the purpose of assisting the court in its final sentencing determination. If such report indicates that the evaluation and assessment shows that the defendant would benefit from a ten-hour or twenty-four-hour alcohol and drug substance abuse course or a treatment program or both, the court shall, as a condition of any sentence imposed, including deferred and suspended sentences, require the person to follow all recommendations identified by the evaluation and assessment and ordered by the court. No person, agency or facility operating an evaluation and assessment program certified by the Department of Mental Health and Substance Abuse Services shall solicit or refer any person evaluated and assessed pursuant to this section for any treatment program or substance abuse service in which such person, agency or facility has a vested interest; however, this provision shall not be construed to prohibit the court from ordering participation in or any person from voluntarily utilizing a treatment program or substance abuse service offered by such person, agency or facility. If a person is sentenced to imprisonment in the custody of the Department of Corrections and the court has received a written evaluation report pursuant to the provisions of this subsection, the report shall be furnished to the Department of Corrections with the judgment and sentence. Any evaluation and assessment report submitted to the court pursuant to the provisions of this subsection shall be handled in a manner which will keep such report confidential from the

general public's review. Nothing contained in this subsection shall be construed to prohibit the court from ordering judgment and sentence in the event the defendant fails or refuses to comply with an order of the court to obtain the evaluation and assessment required by this subsection. If the defendant fails or refuses to comply with an order of the court to obtain the evaluation and assessment, the Department of Public Safety shall not reinstate driving privileges until the defendant has complied in full with such order. Nothing contained in this subsection shall be construed to prohibit the court from ordering judgment and sentence and any other sanction authorized by law for failure or refusal to comply with an order of the court.

I. The person shall pay the monthly maintenance fee for each ignition interlock device installed

J. Any person who is found guilty of a felony violation of the provisions of this section may be required to submit to electronic monitoring as authorized and defined by Section 991a of Title 22 of the Oklahoma Statutes.

K. The court shall, as a condition of any sentence imposed, including deferred and suspended sentences, require the person to participate in and successfully complete all recommendations from the evaluation, such as an alcohol and drug substance abuse treatment program pursuant to Section 3-452 of Title 43A of the Oklahoma Statutes.

L. Any person who is found guilty of a violation of the provisions of this section who has been sentenced by the court to perform any type of community service shall not be permitted to pay a fine in lieu of performing the community service.

M. When a person is found guilty of a violation of the provisions of this section, the court shall order, in addition to any other penalty, the defendant to pay a one-hundred-dollar assessment to be deposited in the Drug Abuse Education and Treatment Revolving Fund created in Section 2-503.2 of Title 63 of the Oklahoma Statutes, upon collection.

N. In any case in which a person is convicted of violating the provisions of this section and who was transporting in the motor vehicle a child fifteen (15) years of age or younger, the fine shall be enhanced to double the amount of the whole sum otherwise prescribed.

SECTION 2. AMENDATORY 47 O.S. 2001, Section 751, as amended by Section 1, Chapter 410, O.S.L. 2002 (47 O.S. Supp. 2003, Section 751), is amended to read as follows:

Section 751. A. 1. Any person who operates a motor vehicle upon the public roads, highways, streets, turnpikes or other public place or upon any private road, street, alley or lane which provides access to one or more single or multi-family dwellings within this state shall be deemed to have given consent to a test or tests of such person's blood or breath, for the purpose of determining the alcohol concentration as defined in Section 756 of this title, and such person's blood, saliva or urine for determining the presence and concentration of any other intoxicating substance therein as defined in this section, if arrested for any offense arising out of acts alleged to have been committed while the person was operating or in actual physical control of a motor vehicle upon the public roads, highways, streets, turnpikes or other public place or upon any private road, street, alley or lane which provides access to one or more single or multi-family dwellings while under the influence of alcohol or other intoxicating substance, or the combined influence of alcohol and any other intoxicating substance, or if the person is involved in a traffic accident that resulted in the immediate death or serious injury of any person and is removed from the scene of the accident to a hospital or other health care facility outside the State of Oklahoma before a law enforcement officer can effect an arrest.

2. A law enforcement officer, having reasonable grounds to believe that such person was operating or in actual physical control

of a motor vehicle while under the influence may direct the administration of or administer the test or tests.

As used in this title, the term "other intoxicating substance" shall mean any controlled dangerous substance as defined in the Uniform Controlled Dangerous Substances Act and any other substance, other than alcohol, which is capable of being ingested, inhaled, injected or absorbed into the human body and is capable of adversely affecting the central nervous system, vision, hearing or other sensory or motor functions.

B. The law enforcement agency by which the arresting officer is employed may designate, in accordance with the rules and regulations of the Board of Tests for Alcohol and Drug Influence, hereinafter referred to as the Board, whether blood or breath is to be tested for the alcohol concentration thereof, and whether blood, saliva or urine is to be tested for the presence and concentration of any other intoxicating substance therein.

In the event the law enforcement agency does not designate the test to be administered, breath shall be the substance tested for alcohol concentration. Blood may also be tested to determine the alcohol concentration thereof in the event that breath cannot be tested to determine the alcohol concentration thereof because of the lack of an approved device or qualified person to administer a breath test or because such breath test for any other reason cannot be administered in accordance with the rules of the Board.

In the event the law enforcement agency does not designate the test to be administered, blood, saliva or urine shall be the substance tested for the presence and concentration of any other intoxicating substance or the combination of alcohol and any other intoxicating substance.

C. In the event the person is incapable of submitting to and successfully completing, by reason of illness or injury or other

physical disability, the test to be administered, an alternate test may be administered in accordance with the rules of the Board.

D. Any person who is unconscious or otherwise incapable of refusing to submit to a test of such person's blood or breath to determine the alcohol concentration thereof, or to a test of such person's blood, saliva or urine to determine the presence and concentration of any other intoxicating substance therein, shall be deemed not to have withdrawn the consent provided by subsection A of this section, and such test may be administered as provided herein.

An unconscious person who has been issued a citation by a law enforcement officer for one of the offenses listed in subsection A of this section is arrested for purposes of this section. The arresting officer must leave a copy of the citation with the arrested person which may be accomplished by handing it to the arrested person, or by leaving it with the personal effects of the arrested party, so as to inform the unconscious person of the arrest.

Any person who has been arrested for one of the offenses listed in subsection A of this section who is unconscious or injured and who requires immediate medical treatment as determined by a treating physician may be released on the person's own recognizance for medical reasons by the arresting officer. The arresting officer who releases an arrested person on the person's own recognizance must indicate the release on the face of the citation. Any person released on his or her own recognizance for medical reasons shall remain at liberty pending the filing of charges.

E. In addition to any test designated by the arresting officer, the arrested person may also designate any additional test to be administered to determine the concentration of alcohol, any other intoxicating substance or the combination of alcohol and any other intoxicating substance. The cost of such additional test shall be at the expense of the arrested person.

A sufficient quantity of any specimen obtained at the designation of the arrested person shall be available to the law enforcement agency employing the arresting officer. Such specimens shall be treated in accordance with the rules applicable to the specimens obtained by an arresting officer.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
