1. Deductions shall begin with the first payroll period of the school year. In determining the amount earnable by a member in a payroll period, the Board of Trustees shall consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than a full period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth of one percent (1/10 of 1%) of the annual compensation upon the basis of which such deduction is to be made. Prior to January 1, 1991, any active contributing member who joined the System subsequent to July 1, 1943, may pay the normal cost, which shall mean the single sum which would have been paid under existing statutes at the time the service was performed, plus interest, for years of teaching service in Oklahoma from the date of establishment of the System in 1943 to date of membership, in a lump sum, or in installments equal to establishing one (1) year of creditable service. For purposes of

this option, teaching service in Oklahoma shall include the teaching of vocational agricultural courses within Oklahoma for the federal government. Years for which contributions are paid shall count as membership service under this plan. A member may receive credit for not more than five (5) years of teaching service rendered while in the Peace Corps or in the public schools of a territory of the United States or the public schools, American Military Dependent Schools or state colleges or state universities outside this state by paying his or her contributions, plus interest, and membership fees to the retirement system, subject to the regulations of the Board of Trustees, providing he or she is not receiving and is not eligible to receive retirement credit or benefits from said service in any other public retirement system of this state, or any other state or territory of the United States subject to the following provisions:

Effective January 1, 1991, the Peace Corps, territorial, out-of-state or noncovered in-state payment shall be the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title.

2. In addition to the deductions hereinabove provided for, any member who becomes a member of the Armed Forces of the United States of America during any period of national emergency, including World War II, the Korean conflict, the Vietnam conflict or others as may be determined by the Board of Trustees, or whose entrance into or training for the teaching profession was interrupted by his or her entrance into the Armed Forces, and who was or shall have become a member of the Teachers' Retirement System shall be granted the privilege of making up his or her five percent (5%) contributions as provided for in this section until January 1, 1991, for not to exceed five (5) years of service in the Armed Forces by electing to pay said contributions on the basis of the rate of pay in his or her contract as a teacher at the time his or her service in the Armed Forces commenced or in the case of a teacher who was not teaching prior to entering the Armed Forces, on the basis of the salary of the first year of teaching after being honorably discharged from the Armed Forces. Effective January 1, 1991, the member will receive such service upon payment of the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. Such contributions shall be credited in the regular manner, and the period for which said contributions were paid shall be counted as creditable years of service and allocated to the period during which the military service was rendered, except that the period for which contributions were paid must have been continuous and shall be credited in the aggregate, regardless of fiscal year limitations. Notwithstanding any provision herein to the contrary, contributions, benefits and service credit with respect to qualified military service as defined by Section 414(u) of the Internal Revenue Code of 1986, shall be provided in accordance with Section 414(u) of the Internal Revenue Code.

3. Retirement benefits for all service credits purchased pursuant to this subsection shall be determined in accordance with the provisions of paragraph 2 of this subsection.

H. For those members who joined the System prior to July 1, 1992, the total creditable service of a member who retires or terminates employment and elects a vested benefit shall include not to exceed one hundred twenty (120) days of unused sick leave accumulated subsequent to August 1, 1959. Twenty (20) days of unused sick leave shall equal one (1) month for purposes of creditable service credit. If the member becomes a member or was eligible to become a member prior to July 1, 1995, the year of credit received in this section shall be treated as service earned prior to July 1, 1995. This paragraph shall apply to members retiring or vesting on or after the effective date of this act and shall not be retroactive.

I. Any member who:

1. Shall be absent from the teaching service because of election to the State Legislature or appointment to the executive branch in an education-related capacity shall be allowed thirty (30) days from the date as of which the person is officially elected or appointed to file an election with the Teachers' Retirement System to retain his or her membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his or her service credits shall continue to be accumulated during such absence, provided he or she is not receiving retirement credits or benefits from said service beginning after July 1, 1992, in other public retirement systems; or

The election shall be irrevocable and shall require the Oklahoma Public Employees Retirement System to transfer all accumulated employer and employee contributions made on behalf of or by the person making such election to the Teachers' Retirement System for such period of time. The Teachers' Retirement System shall compute the employee contributions that would have been made to the System by such employee if the contributions had been computed pursuant to this section. In order to receive the full amount of creditable service for the period of time on or after June 1, 2001, but not later than June 30, 2002, the employee shall be required to pay any difference between the transferred employee contributions and the amount computed by the Teachers' Retirement System. The employee may make payment of any required amount in the manner provided by and subject to the requirements of Section 17-116.8 of this title. After payment of all required employee contributions, the Teachers' Retirement System shall credit the period of time represented by the transferred employee contributions as creditable service within the meaning of Section 17-101 of this title. After the transfer of the employee contributions, the Oklahoma Public Employees Retirement System shall cancel any service credit previously accumulated for the period of time represented by such transferred employee contributions. Any person who makes the election provided for by this paragraph, and who continues employment with the Oklahoma Commission for Teacher Preparation on or after July 1, 2002, shall continue to accrue service credit in the Teachers' Retirement System of Oklahoma. The employer shall make employer contributions according to the requirements of Section

17-108.1 of this title and shall provide for the deduction of employee contributions as required by this section.

J. Any member who shall be absent from the teaching service because of election or appointment as a local, state or national education association officer shall be allowed to retain his or her membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his or her service credits shall continue to be accumulated during such absence. Members contributing to the System on July 1, 1994, may continue to contribute under this subsection until they have completed ~~eight (8)~~ twelve (12) years allowed by this subsection. The member may file for retirement when otherwise eligible for retirement as provided by Section 17-105 of this title.

K. A member may receive credit for those years of service accumulated by the member while employed by an entity which is a participating employer in the Oklahoma Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for Justices and Judges, the Oklahoma Law Enforcement Retirement System, or the Oklahoma Public Employees Retirement System, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. A member also may receive credit for those years of service with the Department of Wildlife Conservation or with an employer that is a participating employer within one of the state retirement systems specifically referred to in this section when at the time of such service by the member the employer was not such a participating employer, if the member is not receiving or eligible to receive retirement credit or benefits from

said service in any other public retirement system. To receive the service credit provided in this subsection, the member shall pay the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. For purposes of this subsection, creditable service transferred from the Oklahoma Public Employees Retirement System shall include service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes as amended from time to time. Members who retire prior to July 1, 1993, shall have their monthly benefit adjusted to include all services accrued under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes. Provided however, any adjustment of existing retirement benefits caused by reason of inclusion of such service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes shall not affect any retirement benefit paid prior to July 1, 1993.

L. 1. An active member of the Teachers' Retirement System of Oklahoma may receive credit for those years of service accumulated by the member while a member of the Oklahoma Public Employees Retirement System if:

- a. the member is an active member of the Teachers' Retirement System of Oklahoma, and
- b. the member provides notice to the Oklahoma Public Employees Retirement System and the Teachers' Retirement System of Oklahoma of the member's election to transfer said service credit. The notice shall include a list of the years to be transferred, and
- c. the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection who are receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system shall have all service credit with the Oklahoma Public Employees Retirement System canceled which is not transferred to the Teachers' Retirement System of Oklahoma or used as a cash offset in such a transfer pursuant to subparagraph d of paragraph 2 of this subsection. Service credit transferred to the Teachers' Retirement System of Oklahoma under this subsection shall also be canceled with the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Oklahoma Public Employees Retirement System. The "receiving system" shall mean the Teachers' Retirement System of Oklahoma.

(1) for members who have accrued at least eight (8) years of credited service with the sending system, determine the present value of the member's earned benefits attributable to the years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation, but shall not make any

projections regarding future salary. For employees who have accrued at least eight (8) years of credited service, the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in division (2) of this subparagraph, and

(2) determine the sum of the employee and employer contributions applicable to the years of service sought to be transferred plus interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. For all non-vested members, and for members who have accrued at least eight (8) years of credited service, if the product of this calculation is greater than the product of the calculation in division (1) of this subparagraph, the sending system shall use the product of this calculation for purposes of determining the amount to be transferred by the sending system under subparagraph c of this paragraph and any transfer fee to be paid by the member under subparagraph d of this paragraph.

b. Within thirty (30) days notification of an intent to transfer is received by the receiving system, the receiving system shall determine, according to the system's own rules and regulations, the present value of the member's incremental projected benefits discounted according to the member's age at the time of the transfer. Incremental projected benefits shall

be the difference between the projected benefit said member would receive without transferring the service credit and the projected benefit after transfer of service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except if the cost as calculated under subparagraph a of this paragraph is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial value of the incremental projected benefit in the receiving system.

d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall elect to:

- (1) pay any difference to receive full credit for the years sought to be transferred, or

3. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. Years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, and shall qualify such person as a member of the Teachers' Retirement System of Oklahoma before July 1, 1992.

If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer service credit shall be void and of no effect, and any service credited as a result of this transfer shall be canceled. If such service is canceled, the years of canceled service credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The member's

rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

SECTION 5. AMENDATORY 74 O.S. 2001, Section 910.5, is amended to read as follows:

Section 910.5 A. Any active member, as of July 1, 1998, whose compensation for service exceeded Twenty-five Thousand Dollars (\$25,000.00) per annum prior to July 1, 1994, and who, prior to July 1, 1998, had voluntarily elected to increase the maximum compensation level pursuant to statutes in effect at that time, shall have transferred, pursuant to this subsection and the procedures established by the Board, the employee contributions made on compensation for service which is in excess of Twenty-five Thousand Dollars (\$25,000.00) per annum prior to July 1, 1994, with an amount which represents the actuarial assumed earnings of the System of seven and one-half percent (7.5%) compounded annually until the date of transfer. It is the intent of the Legislature that the excess contributions shall be transferred directly to an account established for the employee in the Oklahoma State Employees Deferred Savings Incentive Plan. The provisions for transfer contained in this subsection shall not take effect until the Board receives official written notice that this distribution satisfies the tax qualification requirements for governmental plans applicable to such transfers as specified in the Internal Revenue Code of 1986, as amended from time to time and as applicable to governmental plans and the relevant regulatory provisions and guidance related thereto.

B. Any member who is vested or eligible to vest ~~and not participating or retired from~~, who is retired and receiving monthly benefits or any other member of the System who was not eligible for the transfer of contributions provided in subsection A of this section, as of July 1, 1998, whose compensation for service exceeded

Twenty-five Thousand Dollars (\$25,000.00) per annum prior to July 1, 1994, and who, prior to July 1, 1998, had voluntarily elected to increase the maximum compensation level pursuant to statutes in effect at that time, shall be granted, pursuant to this subsection and the procedures established by the Board, a limited retirement benefit in addition to their normal retirement benefit in an amount equivalent to the additional employee contributions paid by the employee and made on compensation for service which is in excess of Twenty-five Thousand Dollars (\$25,000.00) per annum prior to July 1, 1994. The limited benefit shall be payable in an amount equal to Two Hundred Dollars (\$200.00) per month or the amount of additional contributions actually paid, whichever is less, beginning with the first month the member retires and begins to receive monthly retirement benefits until the amount of additional contributions has been paid. Upon the death of the member, the remaining unpaid amount of additional contributions, if any, shall be paid to the member's beneficiary in a lump sum or to the joint annuitant in the same manner as paid to the member if an election of a survivor option has been made pursuant to Section 918 of this title. Any provisions for cost of living or other retirement benefit adjustments shall not be applicable to this limited benefit. SECTION 6. AMENDATORY 74 O.S. 2001, Section 913b, is amended to read as follows:

Section 913b. A. A member of the Oklahoma Public Employees Retirement System who is employed and participating with a participating employer may purchase not to exceed two (2) years of incentive credit if:

2. The member is eligible for or is within two (2) years of being eligible for early retirement pursuant to Section 914 of Title 74 of the Oklahoma Statutes.

B. Purchased incentive credit may only be used as participation service and/or an addition to the member's age to qualify the member for normal or early retirement.

C. To receive the incentive credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of Title 74 of the Oklahoma Statutes.

SECTION 7. AMENDATORY 74 O.S. 2001, Section 913.4, is amended to read as follows:

Section 913.4 A. An elected official may elect to participate in the System and if he elects to do so shall have the option of contributing at any one of the below listed percentage factors and will receive retirement benefits in accordance with the percentage factor chosen. The election on participation in the System must be in writing, must specify the percent of contributions chosen, and must be filed with the System within ninety (90) days after the elected official takes office. The election is irrevocable. Reelection to the same office will not permit a new election. Failure of an elected official to file such election form within the ninety-day period shall be deemed an irrevocable election to participate in the System at the maximum contribution percentage. Any currently serving elected official who has not previously

elected to participate in the System on the effective date of this act, must make an election on participation in writing, specifying the contributions percent no later than December 1, 1999. Failure of a currently serving elected official to file such election form shall be deemed an irrevocable election to participate in the System at the maximum contribution percentage. Contributions and benefits will be based upon his annual compensation as defined in Section 902 of this title. Employer and employee contributions shall be remitted monthly, or as the Board may otherwise provide, to the Executive Director for deposit in the Oklahoma Public Employees Retirement Fund. Effective July 1, 1994, and thereafter, the participating employer shall contribute as provided in Section 920 of this title.

Effective July 1, 1994, and thereafter, the member contributions and the computation factor selected shall be based on the entire compensation as an elected official subject to the definition and maximum compensation levels as set forth in paragraph (9) of Section 902 of this title and shall be as follows:

Percent of Contribution	Computation Factor	Alternate Formula
4 1/2%	.019	\$12.50
6%	.025	\$20.00
7 1/2%	.030	\$25.00
8 1/2%	.034	\$27.50
9%	.036	\$30.00
10%	.040	\$40.00

B. The normal retirement date for an elected official shall be the first day of the month coinciding with or following the official's sixtieth birthday or the first day of the month coinciding with or following the date at which the sum of the elected official's age and number of years of credited service total eighty (80). Provided further, that any elective official who has a

minimum of ten (10) years' participating service may retire under the early retirement provisions of this act, including those electing a vested benefit and shall receive an adjustment of annual benefits in accordance with the following percentage schedule:

Age	Percentage of Normal Retirement Benefits
60	100%
59	94%
58	88%
57	82%
56	76%
55	70%

C. Any elected official shall receive annual benefits computed based upon the computation factor selected multiplied by the member's highest annual compensation received as an elected official prior to retirement or termination of employment; provided, no elected official shall retire using such highest annual compensation unless the elected official has made the required election and has paid the required contributions on such salary, multiplied by the number of years of credited service, that has been credited to the member in accordance with the provisions of this section.

The retirement benefit may be computed pursuant to the provisions of paragraph (1) of subsection A of Section 915 of this title if the benefit would be higher. Elected officials who have a vested benefit prior to July 1, 1980, may elect to receive annual benefits based on the alternate formula provided above. Such annual benefits shall be paid in equal monthly installments.

D. Any elected official making an election to participate at a contribution percent less than the maximum and later selecting a higher rate shall contribute to the System a sum equal to the amount which he would have contributed if he had made such election at the time he first became eligible, plus interest as determined by the

Board, in order to receive the additional benefits for all service as an elected official; otherwise, the additional benefits shall be applicable only to service for which the elected official pays the appropriate percent of contributions to the System. Any elected official who did not elect to participate and later elects to participate prior to December 1, 1999, may receive credit for those years of service accumulated by the member as an elected official if the member is not receiving or eligible to receive retirement credit or benefits from said service in any public retirement system. To receive this service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

E. An elected official who has a vested benefit on July 1, 1982, may elect to receive benefits based upon a higher contribution rate than the official previously contributed by paying to the System the contributions, plus interest as determined by the Board, due at the higher rate as if that rate had been in effect at the time the official accepted a vested benefit.

F. The surviving spouse of a deceased elected official having at least six (6) years of participating service shall be entitled to receive survivor benefits in the amount herein prescribed, if married to the decedent continuously for a period of at least three (3) years immediately preceding the elected official's death. Provided the elected official had met the service requirements, survivor benefits shall be payable when the deceased member would have met the requirements for normal or early retirement. The amount of the benefits the surviving spouse may receive shall be fifty percent (50%) of the amount of benefits the deceased elected official was receiving or will be eligible to receive. Remarriage of a surviving spouse shall disqualify the spouse for the receipt of survivor benefits. Elected officials may elect a retirement option as provided in Section 918 of this title in lieu of the survivors benefit provided above.

G. Any elected official who served in the Armed Forces of the United States, as defined in paragraph (23) of Section 902 of this title, prior to membership in the Oklahoma Public Employees Retirement System shall be granted credited service of not to exceed five (5) years for those periods of active military service during which the elected official was a war veteran.

H. Any one appointed or elected to an elected position after July 1, 1990, shall not be eligible to receive benefits as provided in this section until such person has participated as an elected official for six (6) years.

I. Elected officials who terminate participation in the System and who have a minimum of six (6) years of participating service shall be entitled to elect a vested benefit and shall be entitled to the retirement options as provided in Section 918 of this title in lieu of the survivors benefit provided above.

SECTION 8. AMENDATORY 74 O.S. 2001, Section 914, is amended to read as follows:

Section 914. A. The normal retirement date for a member of the System shall be as defined in Section 902 of this title, provided members employed on or after January 1, 1983, shall have six (6) or more years of full-time-equivalent employment with a participating employer before receiving any retirement benefits or if the member is a legislative session employee of the Legislature, shall have three (3) or more years of full-time-equivalent employment with a participating employer before receiving any retirement benefits. In no event shall a normal retirement date for a member be before six (6) months after the entry date of the participating employer by whom he or she is employed.

B. A member may be employed beyond the normal retirement date by the appointing authority of the participating employer. However, the member may not receive retirement pay so long as he continues employment under this act. Any member who has terminated employment

with a participating employer prior to the month immediately preceding said member's normal retirement date must elect a vested benefit pursuant to Section 917 of this title before receiving any retirement benefits.

C. Notice for retirement shall be filed through the retirement coordinator for the participating employer in such form and manner as the Board shall prescribe; provided, that such notice for retirement shall be filed with the office of the retirement system at least sixty (60) days prior to the date selected for the member's retirement; provided further, that the Board may waive the aforesaid sixty-day notice at its discretion.

D. No retirement benefits shall be payable to any member until the first day of the month following the termination of the member's employment with any participating employer. The type of retirement benefit selected by a member may not be changed on or after the effective date of the member's retirement. Receipt of workers' compensation benefits shall in no respect disqualify retirant for benefits.

E. If a retirant should be elected or appointed to any position or office for which compensation for service is paid from levies or taxes imposed by the state or any political subdivision thereof, the retirant shall not receive any retirement benefit for any month for which the retirant serves in such position or office after the retirant has received compensation in a sum equal to the amount allowable as wages or earnings by the Social Security Administration in any calendar year; provided, this subsection shall not apply to service rendered by a retirant as a juror, as a witness in any legal proceeding or action, as an election board judge or clerk, or in any other office or position of a similar nature, or to an employer that is not a participating employer. Provided, further, that any participating employer who is employing such a retirant shall make proper written notification to the System informing it of the

beginning date of such retirant's employment and the date such retirant reaches the maximum compensation allowed by this section in the calendar year; and provided, also, that any retirant returning to work for a participating employer shall make contributions to the System and the employer shall do likewise. All retirants who have returned to employment and participation in the System following retirement shall have post-retirement benefits calculated on one of the following methods:

1. All service accumulated from date of reemployment shall be computed based on the benefit formula applicable at that time and the additional benefits shall be added to the previous benefits. Such additional benefits shall be calculated each year based upon additional service accrued from July 1 to June 30 of the previous year and the additional benefit, if any, will be added to the retirant's monthly benefit beginning January 1, 2000, and each January 1 thereafter; however, the post-retirement service credit shall be cumulative, beginning with service credit accrued after the date of retirement, provided that the retirant has not received a distribution of the post-retirement contributions.

2. Any retirant who returns to employment with a participating employer may elect not to receive any retirement benefits while so reemployed. If such an election is made and reemployment is for a minimum period of thirty-six (36) consecutive months, all service accumulated from date of reemployment shall be participating service. For purposes of determining the retirement benefits of such a member upon the termination of such reemployment all creditable service of the member shall be computed based on the benefit formula applicable at the time of termination of such reemployment. Provided, a retirant who became reemployed prior to July 1, 1982, and who is reemployed for a minimum of thirty-six (36) consecutive months shall have all the creditable service of such retirant computed based on the benefit formula applicable at the

time of termination of such reemployment if the retirant elects not to receive retirement benefits prior to such termination of reemployment. A retirant who has waived receipt of the monthly benefit, but is not reemployed for the full thirty-six (36) consecutive months, shall upon termination of such reemployment have only the additional amount added to his or her benefit as if they had not waived the benefit as provided in paragraph 1 of this subsection.

3. All post-retirement additional benefits shall be calculated using actual hours worked as well as the actual compensation received and upon which contributions are paid. Post-retirement service is not subject to the partial year round-up provisions of subsection C of Section 913 of this title.

4. A retired member who returns to work for a participating employer pursuant to this section shall be bound by the election made pursuant to paragraph (2) of subsection A of Section 915 of this title if the member had made such election prior to retirement. If the member had not made such election prior to retirement, the member may do so during the member's reemployment with a participating employer pursuant to this section.

F. Any member may elect to retire before his or her normal retirement date on the first day of any month coinciding with or following the attainment of age fifty-five (55), provided such member has completed ten (10) years of participating service, but in no event before six (6) months after the entry date. Any member who shall retire before the normal retirement date shall receive an annual retirement benefit adjusted in accordance with the following percentage schedule:

Age	Percentage of Normal Retirement Benefit
62	100.00%
61	93.33%

60	86.67%
59	80.00%
58	73.33%
57	66.67%
56	63.33%
55	60.00%

SECTION 9. AMENDATORY 74 O.S. 2001, Section 915, as last amended by Section 2, Chapter 376, O.S.L. 2002 (74 O.S. Supp. 2002, Section 915), is amended to read as follows:

Section 915. A. subsection (1) of Section 919.1 of this title. The two and one-half percent (2 1/2%) multiplier shall not apply to purchased service, purchased or granted military service or transferred service. In order to receive the two and one-half percent (2 1/2%) multiplier in computing retirement benefits, an active member shall make an irrevocable written election to pay the contributions pursuant to paragraph (f) of subsection (1) of Section 919.1 of this title. The two and one-half percent (2 1/2%) multiplier pursuant to this paragraph shall not apply to additional years of service credit attributed to sick leave pursuant to paragraph 7 of subsection B of Section 913 of this title and fractional years pursuant to subsection C of Section 913 of this title and shall be attributable only to the participating service credited after the election of the member.

(4) Provided, further, any member who has elected a vested benefit pursuant to Section 917 of this title shall be entitled to receive benefits as outlined in this section except the percent factor and the member's maximum compensation level in effect the date the member's employment was terminated with a participating employer shall be applicable.

~~(2)~~ (5) Any member who is a correctional officer or a probation and parole officer employed by the Department of Corrections at the time of retirement and who retires on or before June 30, 2000, shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member not to exceed Twenty-five Thousand Dollars (\$25,000.00) and two percent (2%) of the final average salary in excess of Twenty-five Thousand Dollars (\$25,000.00) but not exceeding the maximum compensation level as provided in paragraph (9) of Section 902 of this title, multiplied by the number of years of service as a correctional officer or a probation and parole officer, provided, any years accrued prior to July 1, 1990, as a correctional officer or a probation and parole officer by a member who is employed as a correctional officer or a probation and parole officer on July 1, 1990, shall be calculated for retirement purposes at two and one-quarter percent (2 1/4%) of the final average compensation of the member not to exceed Twenty-five Thousand Dollars (\$25,000.00) and two percent (2%) of the final average salary in excess of Twenty-five Thousand Dollars (\$25,000.00) but not exceeding the maximum compensation level as provided in paragraph (9) of Section 902 of this title, multiplied by the number of years of such service and any years in excess of twenty (20) years as such an officer or years credited to the member in accordance with the provisions of Section 913 of this title shall be calculated for retirement purposes at two percent (2%) of the final average compensation of the member multiplied by the number of years of such service. Any person who

contributes to the System as a correctional officer or a probation and parole officer as provided in paragraph (c) of subsection (1) of Section 919.1 of this title, on or before June 30, 2000, but who does not make such contributions after June 30, 2000, and who does not qualify for normal retirement under subparagraph (c) of paragraph (24) of Section 902 of this title shall have retirement benefits for each year of full-time-equivalent participating service as a correctional or a probation and parole officer after July 1, 1990, computed on two and one-half percent (2 1/2%) of the final average compensation based upon those years as a correctional officer or a probation and parole officer. Provided, further, any fugitive apprehension agent shall be entitled to receive benefits as outlined in this act for service as a fugitive apprehension agent prior to July 1, 2002, only upon payment to the System of the employee contributions which would have been paid if such fugitive apprehension agent had been covered by this section prior to the effective date of this act, plus interest of not to exceed ten percent (10%) as determined by the Board. The Department of Corrections may make the employee contribution and interest payment on behalf of such member.

~~(3)~~ (6) Any member who is a correctional officer, a probation and parole officer or a fugitive apprehension agent employed by the Department of Corrections at the time of retirement and who retires on or after July 1, 2002, shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member, but not exceeding the maximum compensation level as provided in paragraph (18) of Section 902 of this title, multiplied by the number of years of service as a correctional officer, a probation and parole officer or a fugitive apprehension agent, and any years in excess of twenty (20) years as such an officer or agent, or years credited to the member in accordance with the provisions of Section 913 of this title, shall

be calculated for retirement purposes at two percent (2%) of the final average compensation of the member multiplied by the number of years of such service. For purposes of this paragraph, "final average compensation" shall be determined by computing the average annual salary, in the manner prescribed by paragraph (18) of Section 902 of this title, for the highest three (3) years of the last ten (10) years of participating service immediately preceding retirement or termination of employment for all years of service performed by such member, both for years of service performed as a correctional officer, probation and parole officer or fugitive apprehension agent, not in excess of twenty (20) years, and for years of service performed in excess of twenty (20) years, whether as a correctional officer, probation and parole officer, fugitive apprehension agent or other position unless the computation of benefits would result in a lower retirement benefit amount than if final average compensation were to be computed as otherwise provided by this paragraph.

~~(4)~~ (7) Any person who ~~contributes~~ contributed to the System as a correctional officer, a probation and parole officer or a fugitive apprehension agent as provided in ~~paragraph~~ paragraphs (c) or (d) of subsection (1) of Section 919.1 of this title, ~~on or after July 1, 2002,~~ and who ~~does not qualify for~~ retires under normal retirement or early retirement on or after January 1, 2004, under ~~subparagraph~~ ~~(d) or (e) of~~ paragraph (24) of Section 902 of this title shall have retirement benefits for each year of full-time-equivalent participating service as a correctional officer, a probation and parole officer or a fugitive apprehension agent, computed on two and one-half percent (2 1/2%) of the final average compensation based upon those years as a correctional officer, a probation and parole officer or a fugitive apprehension agent. For purposes of this paragraph, "final average compensation" shall be determined by computing the average annual salary, in the manner prescribed by paragraph (18) of Section 902 of this title, for the highest three

(3) years of the last ten (10) years of participating service immediately preceding retirement or termination of employment for all years of service performed by such member, both for years of service performed as a correctional officer, probation and parole officer or fugitive apprehension agent, not in excess of twenty (20) years, and for years of service performed in excess of twenty (20) years, whether as a correctional officer, probation and parole officer, fugitive apprehension agent or other position unless the computation of benefits would result in a lower retirement benefit amount than if final average compensation were to be computed as otherwise provided by this paragraph.

~~(5)~~ (8) Any member who is:

- a. initially on or after July 1, 2002, employed as a firefighter for the Oklahoma Military Department and who retires on or after the member's normal retirement date shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member multiplied by the number of years of service in such service,
- b. (1) a firefighter who performs firefighting services for the Oklahoma Military Department prior to July 1, 2002, and who makes an election in writing on a form prescribed for this purpose by the System not later than December 31, 2002, shall be entitled to receive a retirement benefit based upon two and one-half percent (2 1/2%) of the final average compensation of the member multiplied by the number of years of service as a firefighter with the Oklahoma Military Department on or after July 1, 2002. The election authorized by this subdivision shall be

A member, unless eligible under the definitions of "permanent total disability" or "permanent partial disability" pursuant to Section 902 of this title, shall be considered disabled if such member qualifies for the payment of Social Security disability benefits, or the payment of benefits pursuant to the Railroad Retirement Act of 1974, Section 231 et seq. of Title 45 of the United States Code, and shall be eligible for benefits hereunder upon proof of such disability, provided such member is an active regularly scheduled employee with a participating employer at the time of injury or inception of illness or disease resulting in subsequent certification of eligibility for Social Security disability benefits by reason of such injury, illness or disease, providing such disability is certified by the Social Security Administration within one (1) year after the last date physically on the job and after completion of at least eight (8) years of participating service or combined prior and participating service or resulting in subsequent certification of eligibility of disability by the Railroad Retirement Board providing such certification is made by the Railroad Retirement Board within one (1) year after the last date physically on the job and after completion of at least eight (8) years of participating service or combined prior and

participating service. The member shall submit to the Retirement System the Social Security Award Notice or the Railroad Retirement Award Notice certifying the date of entitlement for disability benefits, as issued by the Social Security Administration, Department of Health and Human Services or the Railroad Retirement Board. Disability benefits shall become effective on the date of entitlement as established by the Social Security Administration or the Railroad Retirement Board, but not before the first day of the month following removal from the payroll, whichever is later, and final approval by the Retirement System. Benefits shall be based upon length of service and compensation as of the date of disability, without actuarial reduction because of commencement prior to the normal retirement date. The only optional form of benefit payment available for disability benefits is Option A as provided for in Section 918 of this title. Option A must be elected in accordance with the provisions of Section 918 of this title. Benefit payments shall cease upon the member's recovery from disability prior to the normal retirement date. Future benefits, if any, shall be paid based upon length of service and compensation as of the date of disability. In the event that disability ceases and the member returns to employment within the System credited service to the date of disability shall be restored, and future benefits shall be determined accordingly.

C. A member who incurred a disability pursuant to subsection B of this section on or after July 1, 1999, and who has retired from the System with an early retirement benefit pending certification from the Social Security Administration or the Railroad Retirement Board shall receive a retirement benefit not less than the disability retirement benefit provided by subsection B of this section once the System receives a Social Security Award Notice or a Railroad Retirement Award Notice pursuant to subsection B of this section and a completed Application for Disability Benefits. In

addition, such member shall receive the difference, if any, between the early retirement benefit and the disability benefit from the date the Social Security Administration or the Railroad Retirement Board establishes disability entitlement.

D. For Department of Corrections employee members after January 1, 2004, who suffer a permanent total or permanent partial disability, if the member is eligible for disability benefits under the definitions of "permanent total disability" or "permanent partial disability" pursuant to Section 902 of this title, then the benefit will be the amount of "permanent total disability benefit" or "permanent partial disability benefit" as defined in Section 902 of this title, provided the member makes application within sixty (60) days of an award for permanent total or permanent partial disability by the Workers' Compensation Court. Additionally, any current or former Department of Corrections employee member who has been awarded a permanent total or permanent partial disability by the Workers' Compensation Court prior to January 1, 2004, that was a result of an offender action has a one-time eligibility of sixty (60) days from the effective date of this act to make application under these provisions for disability retirement. In addition to the above amounts, if the disabled member has a dependent child who is eighteen (18) years of age or under, or who is nineteen (19) to twenty-five (25) years of age and is a full-time student, the member shall receive an additional benefit of Four Hundred Fifty Dollars (\$450.00) per month. The combined disability benefit and additional dependent benefit shall not exceed the final average compensation paid to the member prior to becoming eligible for disability benefits. Members who retire under this section shall have the same options as under Section 918 of this title as described in subsection B of this section. Benefit payments shall cease upon the member's return to employment within the System. Credited service to the date of disability shall be restored to the member upon

return to employment within the System and future benefits shall be determined accordingly. For the first five (5) years of either "permanent total disability" or "permanent partial disability" as defined in Section 902 of this title, the Board shall have the right to require the disabled member to submit to the Board a physical examination paid for by the System. The purpose of this examination is to confirm that no significant change to the member's physical condition has occurred which could result in a lower percentage of permanent disability benefits being awarded by the Board. The member shall have the right to petition the Board for a higher retirement disability benefit if a subsequent award from the Workers' Compensation Court, resulting from the same offender related action, is adjudicated to grant a higher percentage of permanent disability.

E. Any actively participating member of the System on or after July 1, 1998, except for those employees provided in subparagraph (e) of paragraph (14) of Section 902 of this title, whose employment is less than full-time, shall have his or her final average compensation calculated on an annualized basis using his or her hourly wage subject to the maximum compensation limits; provided, however, any such member who has at least three (3) years of full-time employment during the last ten (10) years immediately preceding termination or retirement shall not be eligible for the annualization provisions contained herein. The Board of Trustees shall promulgate such administrative rules as are necessary to implement the provisions of this subsection.

The member, by the terms of this System, shall not have

any option to choose to receive the contributions so picked up directly and the picked up contributions must be paid by the participating employer to the System.

Member contributions which are picked up shall be treated in the same manner and to the same extent as member contributions made prior to the date on which member contributions were picked up by the participating employer.
