

ENROLLED HOUSE  
BILL NO. 1099

By: Rice and Nance of the House

and

Wilkerson of the Senate

An Act relating to public health and safety; defining terms; providing for vaccination program for first responders who may be exposed to infectious diseases deployed to disaster locations; making program voluntary; providing exceptions; providing for priority; providing for notification; authorizing certain contracts making program effective and authorizing continuation of the program upon receipt of certain funds; repealing 63 O.S. 2001, Section 689, which relates to a short title; providing for codification; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 682.1 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. As used in this section:

1. "Department" means the State Department of Health, Bioterrorism Division;

2. "Director" means the Commissioner of Health;

3. "Bioterrorism" means the intentional use of any microorganism, virus, infectious substance or biological product that may be engineered as a result of biotechnology or any naturally occurring or bioengineered component of any microorganism, virus, infectious substance or biological product, to cause or attempt to cause death, disease or other biological malfunction in any living organism;

4. "Disaster locations" means any geographical location where a bioterrorism attack, terrorist attack, catastrophic or natural disaster or emergency occurs; and

5. "First responders" means state and local law enforcement personnel, fire department personnel and emergency medical personnel who will be deployed to bioterrorism attacks, terrorist attacks, catastrophic or natural disasters and emergencies.

B. The Department shall offer a vaccination program for first responders who may be exposed to infectious diseases when deployed

to disaster locations. The vaccinations shall include, but are not limited to, hepatitis B vaccination, diphtheria-tetanus vaccination, influenza vaccination, and other vaccinations when recommended by the United States Public Health Service and in accordance with Federal Emergency Management Directors Policy. Immune globulin will be made available when necessary.

C. Participation in the vaccination program will be voluntary by the first responders, except for first responders who are classified as having "occupational exposure" to bloodborne pathogens as defined by the Occupational Safety and Health Administration Standard contained at 29 CFR 1910.1030. First responders who are classified as having "occupational exposure" to bloodborne pathogens shall be required to take the designated vaccinations.

D. A first responder shall be exempt from vaccinations when a written statement from a licensed physician is presented indicating that a vaccine is medically contraindicated for that person or the first responder signs a written statement that the administration of a vaccination conflicts with their religious tenets.

E. In the event of a vaccine shortage, the Director, in consultation with the Governor and the Centers for Disease Control and Prevention, shall give priority for vaccination to first responders.

F. The Department shall notify first responders of the availability of the vaccination program and shall provide educational materials on ways to prevent exposure to infectious diseases.

G. The Department may contract with county and local health departments, not-for-profit home health care agencies, hospitals and physicians to administer a vaccination program for first responders.

H. This section shall be effective upon receipt of federal funding and/or federal grants for administering a first responders vaccination program. Upon receipt of such funding, the Department shall make available the vaccines to first responders as provided in this section. If federal funds for these vaccines cease, the state shall not be liable for the continuation or cost of vaccines.

SECTION 2. REPEALER 63 O.S. 2001, Section 689, is hereby repealed.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

Passed the House of Representatives the 15th day of May, 2003.
