BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 70 O.S. 2001, Section 17-103, is amended to read as follows:

Section 17-103. The membership of the retirement system shall consist of the following:

(1) All classified personnel shall become members of the retirement system as a condition of their employment.

(2) All full-time nonclassified optional personnel regularly employed for more than one (1) year may join the Teachers' Retirement System subject to the rules and regulations adopted pursuant to this act. Subject to the outcome of a private letter ruling request which shall be submitted by the Board to the Internal Revenue Service, the System shall permit full-time nonclassified optional personnel who have ceased to make otherwise required employee contributions after having made an election to become a member of the retirement system to resume employee contributions. No service shall be credited to any such member for any period of time during which employee contributions were not made.

(3) All persons who shall become classified personnel or who are regularly employed in any school system as new classified personnel after July 1, 1943, hereof, shall become members of the retirement system as a condition of their employment.

(4) All other regular school employees may join the Teachers' Retirement System subject to the rules and regulations as may be adopted by the Board of Trustees of the Teachers' Retirement System.

(5) The Board of Trustees may, in its discretion, deny the right to become members to any class of members whose compensation is only partly paid by the state, or who is serving on a temporary or other than per annum basis, and it also may, in its discretion, make optional with members in any such class their individual entrance into the retirement system.

(6) Should any member, with less than ten (10) years of teaching service in Oklahoma, in any period of six (6) consecutive years after becoming a member be absent from service more than five (5) years, withdraw his contributions, retire or die, he shall thereupon cease to be a member. The provisions of this paragraph shall not apply to any member of the Teachers' Retirement System who has been a member of such classes of military services as may be approved by the Board of Trustees, until a period of one and one-half (1 1/2) years from date of termination of such service shall have elapsed.

(7) Notwithstanding paragraphs (1) through (3) of this section, employees of Comprehensive Universities who are eligible to become members of the Teachers' Retirement System of Oklahoma and who are at least age forty-five (45) at the time of employment may at their option become a member of the System.

SECTION 2. AMENDATORY 70 O.S. 2001, Section 17-105, as amended by Section 5, Chapter 352, O.S.L. 2002 (70 O.S. Supp. 2002, Section 17-105), is amended to read as follows:

Section 17-105. (1) (a) Any member who has attained age fifty-five (55) or who has completed thirty (30) years of creditable service, as defined in Section 17-101 of this title, or for any person who initially became a member prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992, whose age and number of years of creditable service total eighty (80) may be retired upon filing a written application for such retirement. Such a retirement date will also apply to any person who became a member of the sending system as defined in this act, prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992. Any person who became a member after June 30, 1992, whose age and number of years of creditable service total ninety (90) may be retired upon filing a written application for such retirement. The application shall be filed on the form provided by the Board of Trustees for this purpose, not less than thirty (30) days nor more than ninety (90) days before the date of retirement.

(b) An individual who becomes a member of the Teachers' Retirement System after July 1, 1967, shall be employed by the public schools, state colleges or universities of Oklahoma for a minimum of ~~ten (10)~~ five (5) years and be a contributing member of the Teachers' Retirement System of Oklahoma for a minimum of ~~ten~~

~~(10) five (5) years to qualify for monthly retirement benefits from the Teachers' Retirement System of Oklahoma. Provided, however, any individual who was a contributing member of the System for a minimum of ten (10) years and withdrew such individual's accumulated contributions upon termination of employment may repay to the System such contributions with interest as determined by the Board for the purpose of receiving monthly retirement benefits from the System. All repayments made as provided for in this subsection shall be made prior to September 1, 1986.~~

(c) Any member with ~~ten (10)~~ five (5) or more years of Oklahoma teaching service and whose accumulated contributions during such period have not been withdrawn shall be given an indefinite extension of membership beginning with the sixth year following his or her last contributing membership and shall become eligible to apply for retirement and be retired upon attaining age fifty-five (55).

(d) Members currently teaching in the public schools of Oklahoma past the fiscal year during which age seventy (70) was attained and who have not retired shall be granted the privilege of making up the five percent (5%) contributions, plus interest, for the years taught after age seventy (70). Such member shall be given an indefinite extension of membership and be eligible to retire upon the filing of proper application for retirement as hereinbefore provided.

(2) An unclassified optional member who has retired or who retires at sixty-two (62) years of age or older or whose retirement is because of disability shall have his or her minimum retirement benefits calculated on an average salary of Five Thousand Three Hundred Fifty Dollars (\$5,350.00) or, if a larger monthly allowance would result, an amount arrived at pursuant to application of the formula prescribed herein.

(3) No member shall receive a lesser retirement benefit than he or she would have received under the law in effect at the time he or she retired. Any individual under the Teachers' Retirement System, who through error in stating the title of the position which he or she held, may, at the discretion of the Board of Trustees, be changed from the nonclassified optional group to the classified group for the purpose of calculating retirement benefits.

Any individual regardless of residence, who has a minimum of ten (10) years of teaching in Oklahoma schools prior to July 1, 1943, or who taught in Oklahoma schools prior to 1934 and thereafter taught a minimum of ten (10) years and who does not qualify under the present retirement System, or who has a minimum of thirty (30) years of teaching in Oklahoma schools and has reached seventy (70) years of age prior to July 1, 1984, and is not otherwise eligible to receive any benefits from the retirement system shall receive a minimum of One Hundred Fifty Dollars (\$150.00) per month in retirement benefits from the Teachers' Retirement System of Oklahoma plus any general increase in benefits for annuitants as may be provided hereafter by the Legislature. Each individual must apply to the Teachers' Retirement System for such benefit and provide evidence to the Teachers' Retirement System that the service was actually rendered. The surviving spouse of any person who made application for the benefit provided for by this paragraph during his or her lifetime but did not receive said benefit may submit an application to the

System for payment of said benefit for those months during the lifetime of the deceased person that he or she was eligible for but did not receive the benefit. Upon approval of the application by the Board of Trustees, the benefit shall be paid to the surviving spouse in one lump sum.

(4) The value of each year of prior service is the total monthly retirement benefit divided by the number of years of creditable service.

(5) Upon application of a member who is actively engaged in teaching in Oklahoma or his or her employer, any member who has been a contributing member for ten (10) years may be retired by the Board of Trustees not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof, on a disability retirement allowance, provided that it is found by the Board of Trustees after medical examination of such member by a duly qualified physician that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired. The Board of Trustees shall give due consideration to the conclusions and recommendations in the certified written report of the Medical Board of the Teachers' Retirement System regarding the disability application of such member. If a member is determined to be eligible for disability benefits pursuant to the Social Security System, then such determination shall entitle the member to the authorized disability retirement allowance provided by law. For members who are not eligible for disability benefits pursuant to the Social Security System, the Board of Trustees shall apply the same standard for which provision is made in the first two sentences of this subsection for determining the eligibility of a person for such disability benefits in making a determination of eligibility for disability benefits as authorized by this subsection.

(6) (a) A member who at the time of retirement has been found to be permanently physically or mentally incapacitated to teach school shall receive a minimum monthly retirement payment for life or until such time as the member may be found to be recovered to the point where he or she may return to teaching. Any member retired before July 1, 1992 shall be eligible to receive the monthly retirement allowance herein provided, but such payment shall not begin until the first payment due him or her after July 1, 1992, and shall not be retroactive. The Board of Trustees is empowered to make such rules and regulations as it considers proper to preserve equity in retirements under this provision, which shall include a provision to protect the rights of the member's spouse.

(b) A member who has qualified for retirement benefits under disability retirement shall have the total monthly payment deducted from his or her accumulated contributions plus interest earned and any money remaining in the member's account after the above deductions at the death of the member shall be paid in a lump sum to the beneficiary or to the estate of the member. Provided, if the deceased disabled member had thirty (30) years or more of creditable service and the death occurred after June 30, 1981, and death occurred prior to the disabled member receiving twelve monthly retirement payments, a surviving spouse may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 Plan of Retirement provided for in subsection (8) of this section in lieu of the death

benefit provided for in this subsection and in subsection (12) of this section.

(c) Once each year the Board of Trustees may require any disabled annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence for said disabled annuitant or other place mutually agreed upon by a physician or physicians designated by the Board of Trustees. Should any disabled annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees his or her allowance may be discontinued until he or she submits to such examination.

(d) Should the Medical Board report and certify to the Board of Trustees that such disabled annuitant is engaged in or is able to engage in a gainful occupation paying more than the difference between his or her retirement allowance and the average final compensation, and should the Board of Trustees concur in such report then the amount of his or her pension shall be reduced to an amount which, together with his or her retirement allowance and that amount earnable by him or her, shall equal the amount of his or her average final compensation. Should his or her earning capacity be later increased, the amount of his or her pension may be further modified, provided the new pension shall not exceed that amount of the pension originally granted nor an amount, which when added to the amount earnable by the member, together with his or her annuity, equals the amount of his or her average final compensation.

(e) Should a disabled annuitant be restored to active service, his or her disability retirement allowance shall cease and he or she shall again become a member of the Teachers' Retirement System and shall make regular contributions as required under this article. The unused portion of his or her accumulated contributions shall be reestablished to his or her credit in the Teachers' Savings Fund. Any such prior service certificates on the basis of which his or her service was computed at the time of his or her retirement shall be restored to full force and effect.

(7) Should a member before retirement under Section 1-101 et seq. of this title make application for withdrawal duly filed with the Board of Trustees and approved by it, not earlier than four (4) months after the date of termination of such service as a teacher, the contribution standing to the credit of his or her individual account in the Teachers' Savings Fund shall be paid to him or her or, in the event of his or her death before retirement, shall be paid to such person or persons as he or she shall have nominated by written designation, duly executed and filed with the Board of Trustees; provided, however, if there be no designated beneficiary surviving upon such death, such contributions shall be paid to his or her administrators, executors, or assigns, together with interest as hereinafter provided. In lieu of a lump-sum settlement at the death of the member, the amount of money the member has on deposit in the Teachers' Savings Fund and the money the member has on deposit in the Teachers' Deposit Fund may be paid in monthly payments to a designated beneficiary, who must be the spouse, under the Maximum or Option 1 Plan of Retirement providing the monthly payment shall be not less than Twenty-five Dollars (\$25.00) per month. The monthly payment shall be the actuarial equivalent of the amount becoming due at the member's death based on the sex of the

spouse and the age the spouse has attained at the last birthday prior to the member's death. Provided further, if there be no designated beneficiary surviving upon such death, and the contributions standing to the credit of such member do not exceed Two Hundred Dollars (\$200.00), no part of such contributions shall be subject to the payment of any expense of the last illness or funeral of the deceased member or any expense of administration of the estate of such deceased and the Board of Trustees, upon satisfactory proof of the death of such member and of the name or names of the person or persons who would be entitled to receive such contributions under the laws of descent and distribution of the state, may authorize the payment of accumulated contributions to such person or persons. A member terminating his or her membership by withdrawal after June 30, 2003, shall have the interest computed at a rate of interest determined by the Board of Trustees and paid to him or her subject to the following schedule:

(a) If termination occurs within ~~seven (7)~~ sixteen (16) years from the date membership began, ~~no part of such interest accumulations shall be paid.~~

~~(b) With at least seven (7) but less than sixteen (16) years of membership,~~ fifty percent (50%) of such interest accumulations shall be paid.

~~(c)~~ (b) With at least sixteen (16) but less than twenty-one (21) years of membership, sixty percent (60%) of such interest accumulations shall be paid.

~~(d)~~ (c) With at least twenty-one (21) but less than twenty-six (26) years of membership, seventy-five percent (75%) of such interest accumulations shall be paid.

~~(e)~~ (d) With at least twenty-six (26) years of membership, ninety percent (90%) of such interest accumulations shall be paid.

In case of death of an active member, the interest shall be calculated and restored to the member's account and paid to his or her beneficiary.

(8) (a) In lieu of his or her retirement allowance payable throughout life for such an amount as determined under this section, the member may select a retirement allowance for a reduced amount payable under any of the following options the present value of which is the actuarial equivalent thereof.

(b) A member may select the option under which he or she desires to retire at the end of the school year in which he or she attains age seventy (70) and said option shall be binding and cannot be changed. Provided further that if a member retires before age seventy (70), no election of an option shall be effective in case an annuitant dies before the first payment due under such option has been received.

(c) The first payment of any benefit selected shall be made on the first day of the month following approval of the retirement by the Board of Trustees. If the named designated beneficiary under Option 2 or 3 dies at any time after the member's retirement date, but before the death of the member, the member shall return to the retirement benefit, including any post retirement benefit increases

the member would have received had the member not selected Option 2 or 3 of this subsection. The benefit shall be determined at the date of death of the designated beneficiary or July 1, 1994, whichever is later. This increase shall become effective the first day of the month following the date of death of the designated beneficiary or July 1, 1994, whichever is later, and shall be payable for the member's remaining lifetime. The member shall notify the Teachers' Retirement System of Oklahoma of the death of the designated beneficiary in writing. In the absence of said written notice being filed by the member notifying the Teachers' Retirement System of Oklahoma of the death of the designated beneficiary within six (6) months of the date of death, nothing in this subsection shall require the Teachers' Retirement System of Oklahoma to pay more than six (6) months of retrospective benefits increase.

Option 1. If he or she dies before he or she has received in annuity payments the present value of his or her annuity as it was at the time of his or her retirement, the balance shall be paid to his or her legal representatives or to such person as he or she shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his or her retirement; or

Option 2. A member takes a reduced retirement allowance for life. Upon the death of the member the payments shall continue to the member's designated beneficiary for the life of the beneficiary. The written designation of the beneficiary must be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement and cannot be changed after the effective date of the member's retirement; or

Option 3. A member receives a reduced retirement allowance for life. Upon the death of the member one-half (1/2) of the retirement allowance paid the member shall be continued throughout the life of the designated beneficiary. A written designation of a beneficiary must be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement and cannot be changed after the effective date of the member's retirement; or

Option 4. Some other benefit or benefits shall be paid either to the member or to such person or persons as he or she shall nominate, provided such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his or her retirement allowance and shall be approved by the Board of Trustees; or

Option 5. A member receives a reduced retirement allowance for life. If the member dies within twenty-five (25) years from the date of commencement of the retirement payments, such payments shall be continued to the beneficiary of the member during the balance of the twenty-five-year period. The written designation of the beneficiary, who must be a spouse, shall be duly acknowledged and filed with the Board of Trustees at the time of the member's retirement.

(d) Provided that Option 2 and Option 3 shall not be available if the member's expected benefit is less than fifty percent (50%) of the lump-sum actuarial equivalent and the designated beneficiary is not the spouse of the member.

(9) The governing board of any "public school", as that term is defined in Section 17-101 of this title, is hereby authorized and empowered to pay additional retirement allowances or compensation to any person who was in the employ of such public school for not less than seven (7) school years preceding the date of his or her retirement. Payments so made shall be a proper charge against the current appropriation or appropriations of any such public school for salaries for the fiscal year in which such payments are made. Such payments shall be made in regular monthly installments in such amounts as the governing board of any such public school, in its judgment, shall determine to be reasonable and appropriate in view of the length and type of service rendered by any such person to such public school by which such person was employed at the time of retirement. All such additional payments shall be uniform, based upon the length of service and the type of services performed, to persons formerly employed by such public school who have retired or been retired in accordance with the provisions of Section 1-101 et seq. of this title.

The governing board of any such public school may adopt rules and regulations of general application outlining the terms and conditions under which such additional retirement benefits shall be paid, and all decisions of such board shall be final.

(10) In addition to the teachers' retirement herein provided, teachers may voluntarily avail themselves of the Federal Social Security Program upon a district basis.

(11) For those members who joined the System prior to July 1, 1992, upon the death of an in-service member, the System shall pay to the designated beneficiary of the member or, if there is no designated beneficiary or if the designated beneficiary predeceases the member, to the estate of the member, the sum of Eighteen Thousand Dollars (\$18,000.00) as a death benefit. Provided, if the deceased member had ten (10) years or more of creditable service and the death occurred after February 1, 1985, the member's designated beneficiary may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 plan of retirement in lieu of the death benefit provided for in this subsection. Provided further, the option provided in this subsection is only available when the member has designated one individual as the designated beneficiary.

(12) Upon the death of an annuitant who has contributed to the System, the retirement system shall pay to the designated beneficiary of the annuitant or, if there is no designated beneficiary or if the designated beneficiary predeceases the annuitant, to the estate of the annuitant, the sum of Five Thousand Dollars (\$5,000.00) as a death benefit. The benefit payable pursuant to this subsection shall be deemed, for purposes of federal income taxation, as life insurance proceeds and not as a death benefit if the Internal Revenue Service approves this provision pursuant to a private letter ruling request which shall be submitted by the board of trustees of the System for that purpose.

(13) Upon the death of a member who dies leaving no living beneficiary or having designated his or her estate as beneficiary, the System may pay any applicable death benefit, unpaid contributions, or unpaid benefit which may be subject to probate, in an amount of Five Thousand Dollars (\$5,000.00) or less, without the

intervention of the probate court or probate procedure pursuant to Section 1 et seq. of Title 58 of the Oklahoma Statutes.

(a) Before any applicable probate procedure may be waived, the System must be in receipt of the member's proof of death and the following documents from those persons claiming to be the legal heirs of the deceased member:

1. The member's valid last will and testament;
2. An affidavit or affidavits of heirship which must state:
 - a. the names and signatures of all claiming heirs to the deceased member's estate including the claiming heirs' names, relationship to the deceased, current addresses and current telephone numbers,
 - b. a statement or statements by the claiming heirs that no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction,
 - c. a statement that the value of the deceased member's entire estate is subject to probate, and that the estate wherever located, less liens and encumbrances, does not exceed Five Thousand Dollars (\$5,000.00), including the payment of benefits or unpaid contributions from the System as authorized by this subsection,
 - d. a description of the personal property claimed, (i.e., death benefit or unpaid contributions or both) together with a statement that such personal property is subject to probate,
 - e. a statement by each individual claiming heir identifying the amount of personal property that the heir is claiming from the System, and that the heir has been notified of, is aware of and consents to the identified claims of all the other claiming heirs of the deceased member pending with the System;
3. A written agreement or agreements signed by all claiming heirs of the deceased member which provides that the claiming heirs release, discharge and hold harmless the System from any and all liability, obligations and costs which it may incur as a result of making a payment to any of the deceased member's heirs;
4. A corroborating affidavit from an individual other than a claiming heir, who was familiar with the affairs of the deceased member;
5. Proof that all debts of the deceased member, including payment of last sickness, hospital, medical, death,

funeral and burial expenses have been paid or provided for.

(b) The Executive Director of the System shall retain complete discretion in determining which requests for probate waiver may be granted or denied, for any reason. Should the System have any question as to the validity of any document presented by the claiming heirs, or as to any statement or assertion contained therein, the probate requirement provided for in Section 1 et seq. of Title 58 of the Oklahoma Statutes, shall not be waived.

(c) After paying any death benefits or unpaid contributions to any claiming heirs as provided pursuant to this subsection, the System is discharged and released from any and all liability, obligation and costs to the same extent as if the System had dealt with a personal representative of the deceased member. The System is not required to inquire into the truth of any matter specified in this subsection or into the payment of any estate tax liability.

(14) Upon the death of a retired member, the benefit payment for the month in which the retired member died, if not previously paid, shall be made to the beneficiary of the member or to the member's estate if there is no beneficiary. Such benefit payment shall be made in an amount equal to a full monthly benefit payment regardless of the day of the month in which the retired member died.
