In addition to furnishing the sales tax permit number to the vendor, the purchaser must certify in writing to the vendor that the

Failure to so certify, or to falsely certify with the knowledge that the items purchased are not for resale, shall be sufficient grounds upon which the Tax Commission may cause the purchaser's sales tax permit to be canceled. Certification may be made on the bill, invoice or sales slip retained by the vendor or by furnishing a certification letter to the seller which contains the following:

1. The name and address of the purchaser;
2. The sales tax permit number of the permit issued to the purchaser;

The Tax Commission is authorized to allow a vendor to deduct two and one-fourth percent (2 1/4%) if the Tax Commission determines that the vendor is unable to participate in the Tax Commission's electronic funds transfer and electronic data interchange program.

Such deduction shall not be allowed with respect to a direct payment permit.

B. No deductions from tax shall be allowed if any such report or payment of tax is delinquent; provided, the deduction shall be allowed if the Oklahoma Tax Commission determines that the reason that such report or payment of tax was delinquent was due to the tornadoes occurring May 3, 1999, or May 8 or 9, 2003.

C. Notwithstanding the formula provided by subsection A of this section, the deduction provided by this section shall be limited to a maximum of Three Thousand Three Hundred Dollars (\$3,300.00) per month per sales tax permit. However, if a majority of the registered voters of a county voting fail to approve such a tax, the board of county commissioners shall not call another special election for such purpose for six (6) months. Any sales tax approved by the registered voters of a county shall be applicable only when the point of sale is within the territorial limits of such county. Any sales tax levied or any change in the rate of a sales tax levied pursuant to the provisions of this section shall become effective on the first day of the calendar quarter following approval by the voters of the county unless another effective date, which shall also be on the first day of a calendar quarter, is specified in the ordinance or resolution levying the sales tax or changing the rate of sales tax.

B. The Oklahoma Tax Commission shall give notice to all vendors of a rate change at least sixty (60) days prior to the effective date of the rate change. Provided, for purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog, the rate change shall not be effective until the first day of a calendar quarter after a minimum of one hundred twenty (120) days' notice to vendors. Failure to

give notice as required by this section shall delay the effective date of the rate change to the first day of the next calendar quarter.

C. Initiative petitions calling for a special election concerning county sales tax proposals shall be in accordance with Sections 2, 3, 3.1, 6, 18 and 24 of Title 34 of the Oklahoma Statutes. Following approval, the petitioner shall have ninety (90) days to secure the required signatures. After securing the requisite number of signatures, the petitioner shall submit the petition and signatures to the county clerk. Following the verification of signatures, the county clerk shall present the petition to the board of county commissioners. The special election shall be held within sixty (60) days of receiving the petition. The ballot title presented to the voters at the special election shall be identical to the ballot as presented in the initiative petition.

~~C.~~ D. All items that are exempt from the state sales tax shall be exempt from any sales tax levied by a county.

~~D.~~ E. Any sales tax which may be levied by a county shall be designated for a particular purpose. SECTION 79. AMENDATORY 68 O.S. 2001, Section 2902, as last amended by Section 1, Chapter 458, O.S.L. 2003 (68 O.S. Supp. 2003, Section 2902), is amended to read as follows:

Section 2902. A. Except as otherwise provided by subsection H of Section 3658 of this title pursuant to which the exemption authorized by this section may not be claimed, a qualifying manufacturing concern, as defined by Section 6B of Article X of the Oklahoma Constitution, and as further defined herein, shall be exempt from the levy of any ad valorem taxes upon new, expanded or acquired manufacturing facilities, including facilities engaged in research and development, for a period of five (5) years. The provisions of Section 6B of Article X of the Oklahoma Constitution requiring an existing facility to have been unoccupied for a period of twelve (12) months prior to acquisition shall be construed as a qualification for a facility to initially receive an exemption, and shall not be deemed to be a qualification for that facility to continue to receive an exemption in each of the four (4) years following the initial year for which the exemption was granted. Such facilities are hereby classified for the purposes of taxation as provided in Section 22 of Article X of the Oklahoma Constitution.

B. For purposes of this section, the following definitions shall apply:

1. "Manufacturing facilities" shall mean facilities engaged in the mechanical or chemical transformation of materials or substances into new products and shall include:

- a. establishments which have received a manufacturer exemption permit pursuant to the provisions of Section 1359.2 of this title,
- b. facilities, including repair and replacement parts, primarily engaged in aircraft repair, building and rebuilding whether or not on a factory basis,
- c. establishments primarily engaged in computer services and data processing as defined under Industrial Group Numbers 7372 and 7373 of the SIC Manual, latest revision, and which derive at least fifty percent (50%) of their annual gross revenues from the sale of a product or service to an out-of-state buyer or consumer, and as defined under Industrial Group Number 7374 of the SIC Manual, latest revision, which derive at least eighty percent (80%) of their annual gross revenues from the sale of a product or service to an out-of-state buyer or consumer. Eligibility as a manufacturing facility pursuant to this subparagraph shall be established, subject to review by the Oklahoma Tax Commission, by annually filing an affidavit with the Tax Commission stating that the facility so qualifies and such other information as required by the Tax Commission. For purposes of determining whether annual gross revenues are derived from sales to out-of-state buyers, all sales to the federal government shall be considered to be an out-of-state buyer, or
- d. establishments primarily engaged in distribution as defined under Industrial Group Number 4221, 4222, 4225 or 4226 or Major Group Number 50 or 51 of the SIC Manual, latest revision, and which meet the following qualifications:

- (1) construction with an initial capital investment of at least Five Million Dollars (\$5,000,000.00),
- (2) employment of at least one hundred (100) full-time-equivalent employees, as certified by the Oklahoma Employment Security Commission,
- (3) payment of wages or salaries to its employees at a wage which equals or exceeds one hundred seventy-five percent (175%) of the federally mandated minimum wage, as certified by the Oklahoma Employment Security Commission, and
- (4) commencement of construction prior to December 31, 2006, with construction to be completed within three (3) years from the date of the commencement of construction.

Eligibility as a manufacturing facility pursuant to this subparagraph shall be established, subject to review by the Tax Commission, by annually filing an affidavit with the Tax Commission stating that the facility so qualifies and containing such other information as required by the Tax Commission.

Provided, eating and drinking places, as well as other retail establishments, except as otherwise provided in subsection E of this section, shall not qualify as manufacturing facilities for purposes of this section, nor shall centrally assessed properties;

2. For tax years beginning after December 31, 1992, "manufacturing facilities" shall mean those facilities as defined in paragraph 1 of this subsection for which the investment cost of the construction, acquisition or expansion of the manufacturing facility is Two Hundred Fifty Thousand Dollars (\$250,000.00) or more;

3. "Facility" and "facilities" shall mean and include the land, buildings, structures, improvements, machinery, fixtures, equipment

and other personal property used directly and exclusively in the manufacturing process; and

4. "Research and development" shall mean activities directly related to and conducted for the purpose of discovering, enhancing, increasing or improving future or existing products or processes or productivity.

C. For applications for a five-year exemption submitted after the effective date of this act, the following provisions shall apply:

1. A manufacturing concern shall be entitled to the exemption herein provided for each new manufacturing facility constructed, each existing manufacturing facility acquired and the expansion of existing manufacturing facilities on the same site, as such terms are defined by Section 6B of Article X of the Oklahoma Constitution and by this section; provided, if a facility has initially qualified for an exemption pursuant to the provisions of this section on or after January 1, 1999, and ownership of the facility changes during the five-year period of the exemption, the exemption shall continue in effect for the balance of the five-year period as long as all other qualifications provided in this section are met;

2. Except as otherwise provided in paragraph 5 of this subsection, no manufacturing concern shall receive more than one five-year exemption for any one manufacturing facility unless the expansion which qualifies the manufacturing facility for an additional five-year exemption meets the requirements of paragraph 4 of this subsection and the employment level established for any previous exemption is maintained;

3. Any exemption as to the expansion of an existing manufacturing facility shall be limited to the increase in ad valorem taxes directly attributable to the expansion;

4. Except as provided in paragraphs 5 and 6 of this subsection, all initial applications for any exemption for a new, acquired or expanded manufacturing facility shall be granted only if:

- a. (i) for applications approved by a county assessor on or before July 1, 2003, there is a net increase of Two Hundred Fifty Thousand Dollars (\$250,000.00) or more in annualized payroll, or a net increase of Two Million Dollars (\$2,000,000.00) or more in capital improvements while maintaining or increasing payroll, or
- (ii) for applications approved by a county assessor after July 1, 2003, there is a net increase in annualized payroll at the facility of at least Two Hundred Fifty Thousand Dollars (\$250,000.00) if the facility is located in a county with a population of fewer than fifty thousand (50,000), according to the most recent federal decennial census, or at least One Million Dollars (\$1,000,000.00) if the facility is located in a county with a population of fifty thousand (50,000) or more, according to the most recent federal decennial census.

The Oklahoma Tax Commission shall verify all payroll information through the Oklahoma Employment Security Commission. Payroll shall be verified by the Oklahoma Tax Commission by using the average of the third and fourth quarter Oklahoma Employment Security Commission reports of the calendar year immediately preceding the year for which initial application is made for baseline payroll, and

- b. the facility offers, or will offer within one hundred eighty (180) days of the date of employment, a basic

health benefits plan to the full-time-equivalent employees of the facility, which is determined by the Department of Commerce to consist of the elements specified in subparagraph b of paragraph 1 of subsection A of Section 3603 of this title or elements substantially equivalent thereto.

For purposes of this section, calculation of the amount of increased payroll shall be measured from the start of initial construction or expansion to the completion of such construction or expansion or for three (3) years from the start of initial construction or expansion, whichever occurs first. For the facilities of any qualified manufacturing concern the construction or expansion of which began on or after January 1, 1996, and for which an application for the exemption authorized by this section was filed prior to June 6, 2002, the amount of increased payroll shall include payroll for full-time-equivalent employees in this state who are employed by an entity other than the facility which has previously or is currently qualified to receive an exemption pursuant to the provisions of this section and who are leased or otherwise provided to the facility, if such employment did not exist in this state prior to the start of initial construction or expansion of the facility. The manufacturing concern shall submit an affidavit to the Tax Commission, signed by an officer, stating that the construction, acquisition or expansion of the facility will result in a net increase in the annualized payroll as required by this paragraph and that full-time-equivalent employees of the facility are or will be offered a basic health benefits plan as required by this paragraph. If, after the completion of such construction or expansion or after three (3) years from the start of initial construction or expansion, whichever occurs first, the construction, acquisition or expansion has not resulted in a net increase in the amount of annualized payroll, if required, or any

other qualification specified in this paragraph has not been met, the manufacturing concern shall pay an amount equal to the amount of any exemption granted, including penalties and interest thereon, to the Tax Commission for deposit to the Ad Valorem Reimbursement Fund;

5. Any new, acquired or expanded automotive final assembly manufacturing facility which does not meet the requirements of paragraph 4 of this subsection shall be granted an exemption only if all other requirements of this section are met and only if the investment cost of the construction, acquisition or expansion of the manufacturing facility is Three Hundred Million Dollars (\$300,000,000.00) or more and the manufacturing facility retains an average employment of one thousand seven hundred fifty (1,750) or more full-time-equivalent employees in the year in which the exemption is initially granted and in each of the four (4) subsequent years only if an average employment of one thousand seven hundred fifty (1,750) or more full-time-equivalent employees is maintained in the subsequent year. Any property installed to replace property damaged by the tornado or natural disaster that occurred May 8, 2003, may continue to receive the exemption provided in this paragraph for the full five-year period based on the value of the previously qualifying assets as of January 1, 2003. The exemption shall continue in effect as long as all other qualifications in this paragraph are met. If the average employment of one thousand seven hundred fifty (1,750) or more full-time-equivalent employees is reduced as a result of temporary layoffs because of a tornado or natural disaster on May 8, 2003, then the average employment requirement shall be waived for year 2003 of the exemption period. Calculation of the number of employees shall be made in the same manner as required under Section 2357.4 of this title for an investment tax credit. As used in this paragraph, "expand" and "expansion" shall mean and include any increase to the size or scope of a facility as well as any renovation, restoration,

replacement or remodeling of a facility which permits the manufacturing of a new or redesigned product; and

6. Any new, acquired, or expanded computer data processing, data preparation, or information processing services provider classified in Industrial Group Number 7374 of the SIC Manual, latest revision, and U.S. Industry Number 514210 of the North American Industrial Classification System (NAICS) Manual, latest revision, which has made an initial application pursuant to paragraph 4 of this subsection on or after January 1, 2003, and before July 1, 2003, which application has been approved by the county assessor, may apply for additional exemptions under this section for each year in which new, acquired, or expanded capital improvements to the facility are made if:

- a. there is a net increase in annualized payroll at the facility of at least Two Hundred Fifty Thousand Dollars (\$250,000.00) attributable to the capital improvements or a net increase of Seven Million Dollars (\$7,000,000.00) or more in capital improvements while maintaining or increasing payroll, and
- b. the facility offers, or will offer within one hundred eighty (180) days of the date of employment of new employees attributable to the capital improvements, a basic health benefits plan to the full-time-equivalent employees of the facility, which is determined by the Department of Commerce to consist of the elements specified in subparagraph b of paragraph 1 of subsection A of Section 3603 of this title or elements substantially equivalent thereto.

D. The five-year period of exemption from ad valorem taxes for any qualifying manufacturing facility property shall begin on

January 1 following the initial qualifying use of the property in the manufacturing process.

E. Any person, firm or corporation claiming the exemption herein provided for shall file each year for which exemption is claimed, an application therefor with the county assessor of the county in which the new, expanded or acquired facility is located. The application shall be on a form or forms prescribed by the Tax Commission, and shall be filed before March 15, except as provided in Section 2902.1 of this title, of each year in which the facility desires to take the exemption or within thirty (30) days from and after receipt by such person, firm or corporation of notice of valuation increase, whichever is later. In a case where completion of the facility or facilities will occur after January 1 of a given year, a facility may apply to claim the ad valorem tax exemption for that year. If such facility is found to be qualified for exemption, the ad valorem tax exemption provided for herein shall be granted for that entire year and shall apply to the ad valorem valuation as of January 1 of that given year. For applicants which qualify under the provisions of subparagraph b of paragraph 1 of subsection B of this section, the application shall include a copy of the affidavit and any other information required to be filed with the Tax Commission.

F. The application shall be examined by the county assessor and approved or rejected in the same manner as provided by law for approval or rejection of claims for homestead exemptions. The taxpayer shall have the same right of review by and appeal from the county board of equalization, in the same manner and subject to the same requirements as provided by law for review and appeals concerning homestead exemption claims. Approved applications shall be filed by the county assessor with the Tax Commission no later than June 15, except as provided in Section 2902.1 of this title, of the year in which the facility desires to take the exemption.

Incomplete applications and applications filed after June 15 will be declared null and void by the Tax Commission. In the event that a taxpayer qualified to receive an exemption pursuant to the provisions of this section shall make payment of ad valorem taxes in excess of the amount due, the county treasurer shall have the authority to credit the taxpayer's real or personal property tax overpayment against current taxes due. The county treasurer may establish a schedule of up to five (5) years of credit to resolve the overpayment.

G. Nothing herein shall in any manner affect, alter or impair any law relating to the assessment of property, and all property, real or personal, which may be entitled to exemption hereunder shall be valued and assessed as is other like property and as provided by law. The valuation and assessment of property for which an exemption is granted hereunder shall be performed by the Tax Commission.

H. The Tax Commission shall have the authority and duty to prescribe forms and to promulgate rules as may be necessary to carry out and administer the terms and provisions of this section.

SECTION 80. REPEALER 68 O.S. 2001, Section 2902, as last amended by Section 8, Chapter 374, O.S.L. 2003 (68 O.S. Supp. 2003, Section 2902), is hereby repealed.

Except for schools operating under an extended day schedule as provided for in Section 1-109 of this title, not more

than one (1) school day shall be counted for attendance purposes in any twenty-four-hour period.

B. Students absent from school in which they are regularly enrolled may be considered as being in attendance if the reason for such absence is to participate in scheduled school activities under the direction and supervision of a regular member of the faculty or to participate in a remote internet-based course approved by the district board of education. The State Board of Education shall adopt rules to provide for the implementation of remote Internet-based courses.

C. Each district board of education shall adopt policies and procedures that conform to rules for Internet-based courses as adopted by the State Board. SECTION 85. AMENDATORY 70 O.S. 2001, Section 18-200.1, as last amended by Section 31, Chapter 415, O.S.L. 2003 (70 O.S. Supp. 2003, Section 18-200.1), is amended to read as follows:

Section 18-200.1 A. Beginning with the 1997-98 school year, and each school year thereafter, each school district shall have its initial allocation of State Aid calculated based on the state dedicated revenues actually collected during the preceding fiscal year, the adjusted assessed valuation of the preceding year and the highest weighted average daily membership for the school district of the two (2) preceding school years. Each school district shall submit the following data based on the first nine (9) weeks, to be used in the calculation of the average daily membership of the school district:

1. Student enrollment by grade level;
2. Pupil category counts; and
3. Transportation supplement data.

On or before December 30, the State Department of Education shall determine each school district's current year allocation pursuant to subsection D of this section. The State Department of Education shall complete an audit, using procedures established by the Department, of the student enrollment by grade level data, pupil category counts and transportation supplement data to be used in the

State Aid Formula pursuant to subsection D of this section by December 1 and by January 15 shall notify each school district of the district's final State Aid allocation for the current school year. The January payment of State Aid and each subsequent payment for the remainder of the school year shall be based on the final State Aid allocation as calculated in subsection D of this section. Except for reductions made due to the assessment of penalties by the State Department of Education according to law, the January payment of State Aid and each subsequent payment for the remainder of the school year shall not decrease by an amount more than the amount that the current chargeable revenue increases for that district.

B. The State Department of Education shall retain not less than one and one-half percent (1 1/2%) of the total funds appropriated for financial support of schools, to be used to make midyear adjustments in State Aid and which shall be reflected in the final allocations. If the amount of appropriated funds, including the one and one-half percent (1 1/2%) retained, remaining after January 1 of each year is not sufficient to fully fund the final allocations, the Department shall recalculate each school district's remaining allocation pursuant to subsection D of this section using the reduced amount of appropriated funds.

C. On and after July 1, 1997, the amount of State Aid each district shall receive shall be the sum of the Foundation Aid, the Salary Incentive Aid and the Transportation Supplement, as adjusted pursuant to the provisions of subsection G of this section and Section 18-112.2 of this title; provided, no district having per pupil revenue in excess of three hundred percent (300%) of the average per pupil revenue of all districts shall receive any State Aid or Supplement in State Aid.

The July calculation of per pupil revenue shall be determined by dividing the district's second preceding year's total weighted average daily membership (ADM) into the district's second preceding

year's total revenues excluding federal revenue, insurance loss payments, reimbursements, recovery of overpayments and refunds, unused reserves, prior expenditures recovered, prior year surpluses, and less the amount of any transfer fees paid in that year.

The December calculation of per pupil revenue shall be determined by dividing the district's preceding year's total weighted average daily membership (ADM) into the district's preceding year's total revenues excluding federal revenue, insurance loss payments, reimbursements, recovery of overpayments and refunds, unused reserves, prior expenditures recovered, prior year surpluses, and less the amount of any transfer fees paid in that year.

D. For the 1997-98 school year, and each school year thereafter, Foundation Aid, the Transportation Supplement and Salary Incentive Aid shall be calculated as follows:

1. Foundation Aid shall be determined by subtracting the amount of the Foundation Program Income from the cost of the Foundation Program and adding to this difference the Transportation Supplement.

a. The Foundation Program shall be a district's highest weighted average daily membership based on the first nine (9) weeks of the current school year, the preceding school year or the second preceding school year of a school district, as determined by the provisions of subsection A of Section 18-201.1 of this title and paragraphs 1, 2, 3 and 4 of subsection B of Section 18-201.1 of this title, multiplied by the Base Foundation Support Level.

b. The Foundation Program Income shall be the sum of the following:

SECTION 101. AMENDATORY 74 O.S. 2001, Section 913, as amended by Section 17, Chapter 406, O.S.L. 2003 (74 O.S. Supp. 2003, Section 913), is amended to read as follows:

Section 913. A. Prior service shall be credited as follows:

1. A member shall receive full credit for employment with any participating employer prior to the entry date of his or her employer whether or not continuous and whether or not he or she was employed with a participating employer on such entry date, provided that any member who has retired before the passage of Section 901 et seq. of this title, shall not receive retirement benefits retroactively for such prior service. Provided, that at such time that an employer becomes a participating employer on or after January 1, 1965, and before January 1, 1975, each member and each retirant, upon making proper written application therefor, shall receive prior service credit for service with such employer in the same manner as if such participating employer had been a participating employer on the date first eligible to become a participating employer; and increased benefits attributable to such increased prior service credit shall commence with the next monthly benefit payment due following receipt and approval of such

application by the Board of Trustees. No prior service shall be granted, however, for periods of service in which the employee made contributions which he or she subsequently withdrew, unless he or she has complied with the provisions of subsection (5) of Section 917 of this title. The burden of proof regarding prior service shall be with the member and shall be documented in such manner as the Board may direct;

2. Any member who was employed in an institution of higher learning by a State Board of Regents or who was employed by an Oklahoma school district prior to July 1, 1943, may receive prior service credit under this act for the period of time they were so employed;

3. Any member who served in the Armed Forces of the United States, as defined in paragraph (23) of Section 902 of this title, prior to membership in the Oklahoma Public Employees Retirement System shall be granted prior service credit, not to exceed five (5) years, for those periods of active military service during which he or she was a war veteran. For a member of the System hired on or after July 1, 2003, if the military service credit authorized by this paragraph is used to compute the retirement benefit of the member and the member retires from the System, such military service credit shall not be used to compute the retirement benefit in any other retirement system created pursuant to the Oklahoma Statutes and the member may receive credit for such service only in the retirement system from which the member first retires;

4. An elective state, county, city or town official who is ineligible for membership as a result of any applicable state law or constitutional provision making him or her ineligible solely because of his or her being such an official at the time of his or her eligibility for membership at the time his or her employer becomes a participating employer shall nevertheless not forfeit the prior

service credit to which he or she would be entitled except for such ineligibility, provided that he or she either:

- a. becomes an employee of a participating employer within four (4) calendar months of the expiration of his or her term of office current at the time of his or her eligibility except for his or her being an elective state or county official, or
- b. within a period of four (4) years after the expiration of his or her term of office current at the time of his or her eligibility except for his or her being an elective state or county official, is elected as a state or county official and thereupon becomes a member of the System, or

5. Beginning July 1, 1965, all employees of the Department of Human Services shall participate in the Oklahoma Public Employees Retirement System to the same extent as other employees of participating employers in such System. Provided, that any employee performing teaching services in the Oklahoma School for the Deaf or the Oklahoma School for the Blind may elect to participate in the Teachers' Retirement System of Oklahoma in lieu of the Oklahoma Public Employees Retirement System; and any other employee at each such institution or any other institution under the jurisdiction of the Department of Human Services, participating in the Teachers' Retirement System of Oklahoma, may elect to continue to participate in such system in lieu of the Oklahoma Public Employees Retirement System. All employees who shall have participated in the Teachers' Retirement System of Oklahoma and not continuing therein shall have the right to withdraw their membership from the Teachers' Retirement

System of Oklahoma on the same terms as other members withdrawing from such System before retirement. Provided, all persons employed at the Oklahoma School for the Blind and Oklahoma School for the Deaf on June 30, 1965, who became subject to the Oklahoma Public Employees Retirement System, on July 1, 1965, shall receive credit for prior service and be eligible for participation, regardless of age;

6. A member employed as a temporary employee by the Legislative Service Bureau or its predecessors, the State Senate or the House of Representatives for the full duration of a regular legislative session prior to the member's eligibility for membership in the System shall receive six (6) months of prior service credit for each such full regular legislative session if the employee is employed by the Legislative Service Bureau or its predecessors, the State Senate or the House of Representatives as either a full-time or temporary employee for a minimum of six (6) full regular legislative sessions beginning January 1, 1983. For purposes of this subsection, the determination of whether an employee is employed for the full duration of a regular legislative session shall be made by the Legislative Service Bureau if such employee is employed by the Legislative Service Bureau, the State Senate if such employee is employed by the State Senate, or by the House of Representatives if such employee is employed by the House of Representatives;

7. A member of the System shall receive prior service credit for any years of service after January 1, 1975, the member had with a participating employer if the member is not receiving or eligible to receive such prior service credit for the same time in any other state or county retirement system authorized by law. To receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title; and

8. Any member who is a state employee and receives temporary total disability benefits during the period of absence with a

participating employer due to a work-related injury or illness incurred while engaged in a governmental function for said participating employer pursuant to the Workers' Compensation Act shall receive credit for participating service during said period of absence subject to the following requirements:

- a. the member was employed by the participating employer immediately prior to and during the period of absence,
- b. the member must notify the System in writing not later than four (4) months after the member's return to his or her job duties with the participating employer, or termination of employment with the participating employer, or termination of the temporary total disability benefits, whichever is earlier, of the member's desire to receive participating service credit for the period of absence,
- c. the participating employer must certify to the System in writing the dates during which temporary total disability benefits payments were paid to the member, and
- d. the member and the participating employer shall each pay their respective contributions required for the period of absence without interest within sixty (60) days of invoicing by the System, or with interest of seven and one-half percent (7 1/2%) compounded annually if paid after said sixty (60) days.

B. Participating service shall be credited as follows:

1. A member shall receive credit for participating service with a participating employer in accordance with the rules and regulations established by the Board; provided, however, that a member who is not a full-time employee shall receive prorated credit for actual hours worked;

2. Leaves of absence shall not count as a break in continuous employment provided the member leaves his or her accumulated contribution on deposit with the fund; however, the leaves of absence shall not be credited except that involuntary furloughs established by Office of Personnel Management rules shall be credited;

3. Any member who has served in the Armed Forces of the United States, as defined in paragraph (23) of Section 902 of this title, shall be granted participating service for those periods of active military service during which he or she was a war veteran provided this service is immediately preceded by a period of employment with a participating employer and is followed by return to employment as an employee with the same or another participating employer within ninety (90) days immediately following discharge from such military service provided the member leaves his or her accumulated contributions on deposit with the fund;

4. A period of total disability under the System immediately followed by employment with a participating employer, shall not count as a break in continuous employment; provided, that such periods while not employed shall not be credited except that involuntary furloughs established by Office of Personnel Management Rule 6.13, shall be credited;

5. Termination of employment with a participating employer followed by employment with the same or another participating employer within four (4) calendar months shall not constitute a break in continuous employment; provided, that such period while not employed shall not be credited as participating service;

6. Provided, however, that all employee contributions required by this act made by employees prior to June 30, 1977, will entitle the employee to additional years of participating service in accordance with the following schedule.

Employee accumulated contributions:

More than \$1.00 up to \$500 = 1 year participating service
More than \$500 up to \$1,000 = 2 years participating service
More than \$1,000 up to \$1,500 = 3 years participating service
More than \$1,500 up to \$2,000 = 4 years participating service
More than \$2,000 = 5 years participating service

In no event shall the employee be entitled to more than five (5) additional years of participating service as provided hereunder.

Provided further, that upon termination of employment prior to retirement, the accumulated contributions will be credited as above indicated to establish a vested benefit if so elected by any such employee; and

7. The total participating service credit of a member who retires or terminates employment and elects a vested benefit shall include not to exceed one hundred thirty (130) days of unused sick leave accumulated subsequent to August 1, 1959, during the member's employment with any participating employer. Such credit shall be added in terms of whole months. Twenty (20) days of unused sick leave shall equal one (1) month for purposes of participating service credit. If unused sick leave entitles a member to an additional year of service credit, the member's employer shall reimburse the System for the cost of funding the additional reserve. Each participating employer shall provide the System with adequate and timely information necessary to determine additional benefits and its cost under this paragraph. This paragraph shall apply to members retiring or vesting on or after July 1, 1984.

C. In determining the number of years of credited service, a fractional year of six (6) months or more shall be considered as one (1) year, and less than six (6) months shall be disregarded.

D. A member may receive credit for those years of credited service accumulated by the member while a member of the Oklahoma Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for

Justices and Judges, the Oklahoma Law Enforcement Retirement System, or the Teachers' Retirement System of Oklahoma, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. To receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

E. A member may receive credit for those years of service accumulated by the member as an elected official if the member is not receiving or eligible to receive retirement credit or benefits from said service in any public retirement system. Prior to January 1, 1991, to receive the service credit, the member shall pay to the Board for each year of service purchased pursuant to this subsection a sum equal to the employee and employer contribution rate that would have been applicable to the member as determined by the Board and interest of not to exceed five percent (5%), and effective January 1, 1991, to receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

F. Effective December 12, 1994, and thereafter, a leave of absence on account of a period of qualified military service in the uniformed services of the United States within the meaning of Section 414(u) (5) of the federal Internal Revenue Code, followed by a return to employment with the participating employer within ninety (90) days after completion of the period of service may be eligible for credited service under this System. Notwithstanding any provision of this plan to the contrary, contributions, benefits and service credit with respect to qualified military service will be allowed in accordance with Section 414(u) of the federal Internal Revenue Code.

G. 1. An active member of the Oklahoma Public Employees Retirement System may receive credit for those years of service

accumulated by the member while a member of the Teachers' Retirement System of Oklahoma if:

- a. the member is an active member of the Oklahoma Public Employees Retirement System, and
- b. the member provides notice to the Teachers' Retirement System of Oklahoma and the Oklahoma Public Employees Retirement System of the member's election to transfer said retirement credit. The notice shall include a list of the years to be transferred, and
- c. the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection who are receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system shall have all service credit with the Teachers' Retirement System of Oklahoma canceled which is not transferred to the Oklahoma Public Employees Retirement System or used as a cash offset in such a transfer pursuant to subparagraph d of paragraph 2 of this subsection. Service credit transferred to the Teachers' Retirement System of Oklahoma under this subsection shall also be canceled with the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Teachers' Retirement System of Oklahoma. The "receiving system" shall mean the Oklahoma Public Employees Retirement System.

- a. Within thirty (30) days notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules and regulations:

- (1) for members who have vested with the sending system, determine the present value of the member's earned benefits attributable to the years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation but shall not make any projections regarding future salary. For vested employees the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in this division, and
- (2) determine the sum of the employee and employer contributions applicable to the years of service sought to be transferred plus interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. For all nonvested members, and for vested members if the product of this calculation is greater than the product of the calculation in division (1) of this subparagraph, the sending system shall use the product of this calculation for purposes of determining the amount to be transferred by the

sending system under subparagraph c of this paragraph and any transfer fee to be paid by the members under subparagraph d of this paragraph.

- b. Within thirty (30) days notification of an intent to transfer is received by the receiving system, the receiving system shall determine, according to the system's own rules and regulations, the present value of the member's incremental projected benefits discounted according to the member's age at the time of the transfer. Incremental projected benefits shall be the difference between the projected benefit said member would receive without transferring the service credit and the projected benefit after transfer of service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.
- c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except, if the cost under subparagraph a of this paragraph for the same years of service to the sending system is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial

value of the incremental projected benefit in the receiving system.

d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall elect to:

- (1) pay any difference to receive full credit for the years sought to be transferred, or
- (2) receive prorated service credit for only the amount received from the Teachers' Retirement System of Oklahoma pursuant to this subsection.

Such an election shall be made in writing, filed with the System prior to receiving the credit provided for in paragraph 1 of this subsection, and shall be irrevocable.

3. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the sending system shall pay the receiving system any amount due under this subsection. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the member shall pay the receiving system any amount due under this subsection. In the event that the member is unable to pay the transfer fee provided for in this subsection by the due date, the Board of Trustees of the receiving system shall permit the member to amortize the transfer fee over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest

rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. Years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, and shall qualify such person as a member of the Oklahoma Public Employees Retirement System before July 1, 1992.

5. Notwithstanding the requirements of Section 17-104 of Title 70 of the Oklahoma Statutes, members electing to take advantage of the transfer authorized by this subsection who have withdrawn their contributions from the sending system shall remit to the sending system the amount of the accumulated contributions the member has withdrawn plus simple interest of ten percent (10%) per annum prior to making said election or the election shall be deemed invalid and the transfer shall be canceled. If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of

this subsection shall be determined by the sending system in accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer retirement credit shall be void and of no effect, and any retirement credited as a result of this transfer shall be canceled. If such retirement credit is canceled, the years of canceled retirement credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The member's rights and obligations regarding any retirement credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 17-101 et seq. of Title 70 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

- c. the member is not receiving or eligible to receive retirement credit or benefits from such service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection shall have all service credit with the Teachers' Retirement System of Oklahoma canceled which is transferred to the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Teachers' Retirement System of Oklahoma. The "receiving system" shall mean the Oklahoma Public Employees Retirement System. Within thirty (30) days after notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules, send to the receiving system all employer and employee contributions made on behalf of the member which were made to the sending system plus an additional amount of earnings based on the actuarial assumed rate of the sending system. Upon receipt of these contributions by the receiving system, the receiving system shall give credit to the transferring member in an amount equal to the years of service accrued in the sending system.

3. If the transferring member's normal retirement date calculation is based upon the sum of the member's age and number of years of credited service totaling eighty (80) in the sending system, then the member shall retain such calculation in the receiving system.

4. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.
