3. Bear interest at a rate or rates not exceeding ten percent (10%) per annum; and
4. Contain such terms, covenants and conditions.

The gross revenues derived by the Commission from the operation of any part or parts of the properties of the Commission, but no revenues derived by the Commission through

legislative appropriation or from sources other than operation of the properties of the Commission, may be pledged to the payment of principal and interest. Notwithstanding any other provisions of law, the Commission may use money derived from annual legislative appropriations on a year-to-year basis, as authorized by the Legislature, to repay any obligations to the Oklahoma Water Resources Board pursuant to Sections 1085.51 and 1085.71 et seq. of Title 82 of the Oklahoma Statutes.

D. Any revenues which may be received by the Commission for the use of such buildings or improvements, in whole or in part, shall be regarded as all other revenues of the Commission and shall be subject to be pledged to the payment of bonds issued hereunder. Unless an action shall be filed in the Supreme Court for validation of the bonds in the manner hereinafter provided, no bonds shall be issued hereunder until a certified copy of the proceedings authorizing the issuance thereof, together with any other information which the Attorney General may require, shall be submitted to the Attorney General. If the Attorney General finds that such bonds have been authorized in accordance with law, the Attorney General shall approve the bonds and shall execute a certificate to that effect, which shall be filed in the office of the State Auditor and Inspector. All bonds so approved by the Attorney General, registered by the State Auditor and Inspector, and issued in accordance with the approved proceedings shall be valid and binding obligations of the Commission, and the bonds and all of the provisions securing the bonds shall be incontestable for any cause in any court in Oklahoma unless suit thereon shall be brought in a court having jurisdiction within thirty (30) days from the date of the approval.

SECTION 63. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2262 of Title 74, unless there is created a duplication in numbering, reads as follows:

Where bonds are issued under this section solely for refunding purposes, such bonds may either be sold as above provided or delivered in exchange for the outstanding obligations. If sold, the proceeds may be either applied to the payment of the obligations, refunded or deposited in escrow for the retirement of the bond obligations. Nothing contained in this act shall be construed to authorize the refunding of any outstanding obligations which are not either maturing, callable for redemption under their terms or voluntarily surrendered by their holders for cancellation. All bonds issued under this section shall in all respects be authorized, issued, and secured in the manner provided for other bonds issued under this act and shall have all of the attributes of such bonds. It shall be the duty of the Court to give such applications precedence over the other business of the Court and to consider and pass upon the applications any protests which may be filed thereto as speedily as possible. Notice of the hearing on each application shall be given by a notice published in a newspaper of general circulation in the state informing that, on a day named, the Commission will ask the Court to hear its application

and approve bonds. Such notice shall inform all persons interested that they may file protest against the issuance of the bonds and be present at the hearing and contest the legality thereof. Such notice shall be published one time not less than ten (10) days prior to the date named for the hearing and the hearing may be adjourned from time to time in the discretion of the Court. If the Court shall be satisfied that the bonds have been properly authorized in accordance with this act and that when issued they will constitute valid obligations in accordance with their terms, the Court shall render its written opinion approving the bonds and shall fix the time within which a petition for rehearing may be filed. The decision of the Court shall be a judicial determination of the validity of the bonds and shall be conclusive as to the Commission, its officers and agents. Thereafter, the bonds so approved and the revenue pledged to their payment and the provision and agreements contained in the bond resolution for the security of such bonds shall be incontestable in any court in the State of Oklahoma.

All notes and bonds issued pursuant to the provisions of this act shall have all the qualities and incidences of negotiable instruments subject to the laws of this state. The Commission may sell the notes and bonds in such amounts and in such manner, either at public or private sale, and for such price, as it may determine to be in the best interests of the state. The Attorney General shall file the certificates in the Office of the State Auditor and Inspector, and the certificates shall be recorded in a record kept for that purpose. All notes and bonds approved by the Attorney General and issued in accordance with the approved proceedings shall be valid and binding obligations of the Commission and shall be incontestable from and after the date of such approval.

State special-use trails, which shall be trails designed to provide for those trail activities which require special trail definition and will include trails for bicycling, public riding and motorcycle and minibike activities, as well as trails designed to meet the needs of the handicapped, the blind and the elderly; and

4. State heritage trails, which shall be trails designed to promote the identification and interpretation of significant cultural and historic sites throughout the state.

A. The Commission shall be vested with the responsibility and authority to:

1. Plan, purchase, develop, construct, maintain, operate and protect the state trails system and shall prescribe the uses and limits of each designated trail; and

2. Acquire, by lease, deed or contract, rights-of-way or easements of trails across private, municipal, county, state or federal lands. In selecting the rights-of-way, every effort will be made to minimize any adverse effects on the adjacent landowner or user and his operations. Acquisition shall be, whenever possible, in the form of an easement obtained by gift, exchange or purchase with donated funds. In cases where these attempts fail, the Commission may authorize the expenditure of state trail funds for acquisition in fee. Any agreement for acquisition of rights in land shall be for terms of not less than twenty-five (25) years whenever possible.

B. The Commission may abandon any portion or all of a trail or easement acquired for trail purposes; or it may transfer any trail or easement to a local government having jurisdiction over the area in which the trail or easement is located, provided that such local government agrees to maintain and operate the trail.

C. The Commission shall notify the owner of the land, through which any trail or easement passes, prior to entering into any agreement with local government for the operation of a trail and shall secure the consent of the landowner prior to the transfer of any trail or easement to a local government.

D. The Commission shall review all formal declarations of railroad rights-of-way abandonment for possible inclusion into the state trails system.

E. Within the boundaries of a right-of-way, the Commission may acquire, on behalf of the state, lands in fee title, any interest in lands in the form of scenic or other easements or any interest in lands under cooperative or other agreement. Acquisition of land or of any interest in land may be by gift, purchase or exchange. Acquisition may be through the use of funds obtained by donation, federal grants, legislative appropriation or otherwise. In acquiring real property or any interest therein, the power of eminent domain shall not be used.

F. 1. The Commission shall encourage the provision of bicycle routes within the rights-of-way of federal aid system highways and on or along county and city roadways. These bicycle routes shall be composed of three types of pathways: bicycle trails, bicycle lanes and bicycle routes. Bicycle trails shall be distinct pathways which separate bicycles from motorized vehicular traffic by means of an open space or barrier. Bicycle lanes shall use designated portions of existing roadways and will be clearly marked and separated from automobile lanes. Bicycle routes shall be existing, low-volume roads and will be designated by clearly marked signs.

2. Prior to the designation and construction of the bicycle pathway system, the Commission shall authorize the development of a bicycle master plan. The plan shall be comprised of a set of clearly defined goals, a statement of current and projected demands, a proposed layout of routes, construction specifications, cost projections and the scheduling of implementation. The plan shall likewise devote serious consideration to those design criteria which will help to ensure the safety of bicyclist, pedestrian and motorist alike.

3. Funds received for this pathway program shall be expended in amounts deemed reasonable and necessary by the Commission for the establishment of the bicycle pathway system.

B. Nothing in the Oklahoma Trails System Act shall prevent a segment of the state trails system from being a part of the National Scenic or Recreation Trails System. The Commission shall coordinate the state trails system with the National Trails System and will encourage and assist any federal studies for inclusion of state trails into the National Trails System.

Such portions of the trail shall be closed to trail use, as listed in the Oklahoma Trails System Act, during hunting season.

B. All horseback riding and motorcycling activities shall be restricted to their designated special-use trails. Foot travel on special-use trails shall be permitted; however, the special-use activities shall have the right-of-way on the trails.

C. Each person is guilty of a misdemeanor, who shall:

1. Willfully mutilate, deface or destroy any guidepost, notice, tablet or other work for the protection or ornamentation of any state trail;

2. Place along any trail or affix to any object in the right-of-way, without a written license from the Commission, any word, character or device designed to advertise any business, trade, profession, article, thing, matter or event; or

3. Willfully cause any damage to lands within or adjacent to the state trails system.
