A. The sale of school supplies and an article of clothing or footwear designed to be worn on or about the human body shall be exempt from the tax imposed by Section 1354 of Title 68 of the Oklahoma Statutes if:

1. The sales price of the article is less than One Hundred Dollars (\$100.00); and

2. The sale takes place during a period beginning at 12:01 a.m. on the first Friday in August and ending at 12 midnight on the following Sunday, covering a period of three (3) days.

B. Subsection A of this section shall not apply to:

1. Any special clothing or footwear that is primarily designed for athletic activity or protective use and that is not normally worn except when used for athletic activity or protective use for which it is designed;

2. Accessories, including jewelry, handbags, luggage, umbrellas, wallets, watches, and similar items carried on or about the human body, without regard to whether worn on the body in a manner characteristic of clothing; and

3. The rental of clothing or footwear.

C. The Oklahoma Tax Commission shall promulgate any necessary rules to implement the provisions of this section.

SECTION 2. AMENDATORY 68 O.S. 2001, Section 1370, as last amended by Section 1, Chapter 317, O.S.L. 2004 (68 O.S. Supp. 2004, Section 1370), is amended to read as follows:

Section 1370. A. Any county of this state may levy a sales tax of not to exceed two percent (2%) upon the gross proceeds or gross receipts derived from all sales or services in the county upon which a consumer's sales tax is levied by this state. Before a sales tax may be levied by the county, the imposition of the tax shall first be approved by a majority of the registered voters of the county voting thereon at a special election called by the board of county commissioners or by initiative petition signed by not less than five percent (5%) of the registered voters of the county who were registered at the time of the last general election. However, if a majority of the registered voters of a county voting fail to approve such a tax, the board of county commissioners shall not call another special election for such purpose for six (6) months. Any sales tax approved by the registered voters of a county shall be applicable only when the point of sale is within the territorial limits of such county. Any sales tax levied or any change in the rate of a sales tax levied pursuant to the provisions of this section shall become effective on the first day of the calendar quarter following approval by the voters of the county unless another effective date, which shall also be on the first day of a calendar quarter, is specified in the ordinance or resolution levying the sales tax or changing the rate of sales tax.

B. The Oklahoma Tax Commission shall give notice to all vendors of a rate change at least sixty (60) days prior to the effective date of the rate change. Provided, for purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog, the rate change shall not be effective until the first day of a calendar quarter after a minimum of one hundred twenty (120) days' notice to vendors. Failure to give notice as required by this section shall delay the effective date of the rate change to the first day of the next calendar quarter.

C. Initiative petitions calling for a special election concerning county sales tax proposals shall be in accordance with Sections 2, 3, 3.1, 6, 18 and 24 of Title 34 of the Oklahoma Statutes. Petitions shall be submitted to the office of county clerk for approval as to form prior to circulation. Following approval, the petitioner shall have ninety (90) days to secure the required signatures. After securing the requisite number of signatures, the petitioner shall submit the petition and signatures to the county clerk. Following the verification of signatures, the county clerk shall present the petition to the board of county commissioners. The special election shall be held within sixty (60) days of receiving the petition. The ballot title presented to the voters at the special election shall be identical to the ballot as presented in the initiative petition.

D. ~~All~~ Subject to the provisions of Section 3 of this act, all items that are exempt from the state sales tax shall be exempt from any sales tax levied by a county.

E. Any sales tax which may be levied by a county shall be designated for a particular purpose. Such purposes may include, but are not limited to, projects owned by the state, any agency or instrumentality thereof, the county and/or any political subdivision located in whole or in part within such county, regional development, economic development, common education, general operations, capital improvements, county roads, weather modification or any other purpose deemed, by a majority vote of the county commissioners or as stated by initiative petition, to be necessary to promote safety, security and the general well being of the people. The county shall identify the purpose of the sales tax when it is presented to the voters pursuant to the provisions of subsection A of this section. Except as otherwise provided in this section, the proceeds of any sales tax levied by a county shall be deposited in the general revenue or sales tax revolving fund of the

county and shall be used only for the purpose for which such sales tax was designated. If the proceeds of any sales tax levied by a county pursuant to this section are pledged for the purpose of retiring indebtedness incurred for the specific purpose for which the sales tax is imposed, the sales tax shall not be repealed until such time as the indebtedness is retired. However, in no event shall the life of the tax be extended beyond the duration approved by the voters of the county.

F. 1. Notwithstanding any other provisions of law, any county that has approved a sales tax for the construction, support or operation of a county hospital may continue to collect such tax if such hospital is subsequently sold. Such collection shall only continue if the county remains indebted for the past construction, support or operation of such hospital. The collection may continue only until the debt is repaid or for the stated term of the sales tax, whichever period is shorter.

2. If the construction, support or operation of a hospital is funded through the levy of a county sales tax pursuant to this section and such hospital is subsequently sold, the county levying the tax may dissolve the governing board of such hospital following the sale. Upon the sale of the hospital and dissolution of any governing board, the county is relieved of any future liability for the operation of such hospital.

G. Proceeds from any sales tax levied that is designated to be used solely by the sheriff for the operation of the office of sheriff shall be placed in the special revenue account of the sheriff.

H. The life of the tax could be limited or unlimited in duration. The county shall identify the duration of the tax when it is presented to the voters pursuant to the provisions of subsections A and C of this section.

I. There are hereby created one or more county sales tax revolving funds in each county which levies a sales tax under this section if any or all of the proceeds of such tax are not to be deposited in the general revenue fund of the county or comply with the provisions of subsection G of this section. Each such revolving fund shall be designated for a particular purpose and shall consist of all monies generated by such sales tax which are designated for such purpose. Monies in such funds shall only be expended for the purposes specifically designated as required by this section. A county sales tax revolving fund shall be a continuing fund not subject to fiscal year limitations.

SECTION 3. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1377 of Title 68, unless there is created a duplication in numbering, reads as follows:

In the table so prescribed, the amounts of the tax shall be computed on the basis of the rates prescribed by subsection A of this section. For purposes of this subsection, the term "ceiling amount" means, with respect to any taxpayer, the amount determined by the Tax Commission for the tax rate category in which such taxpayer falls.

SECTION 5. AMENDATORY 68 O.S. 2001, Section 2358, as last amended by Section 14, Chapter 322, O.S.L. 2004 (68 O.S. Supp. 2004, Section 2358), is amended to read as follows:

Section 2358. For all tax years beginning after December 31, 1981, taxable income and adjusted gross income shall be adjusted to arrive at Oklahoma taxable income and Oklahoma adjusted gross income as required by this section.

A. The taxable income of any taxpayer shall be adjusted to arrive at Oklahoma taxable income for corporations and Oklahoma adjusted gross income for individuals, as follows:

1. There shall be added interest income on obligations of any state or political subdivision thereto which is not otherwise exempted pursuant to other laws of this state, to the extent that

such interest is not included in taxable income and adjusted gross income.

2. There shall be deducted amounts included in such income that the state is prohibited from taxing because of the provisions of the Federal Constitution, the State Constitution, federal laws or laws of Oklahoma.

3. The amount of any federal net operating loss deduction shall be adjusted as follows:

- a. For carryovers and carrybacks to taxable years beginning before January 1, 1981, the amount of any net operating loss deduction allowed to a taxpayer for federal income tax purposes shall be reduced to an amount which is the same portion thereof as the loss from sources within this state, as determined pursuant to this section and Section 2362 of this title, for the taxable year in which such loss is sustained is of the total loss for such year;
- b. For carryovers and carrybacks to taxable years beginning after December 31, 1980, the amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172, as modified by the Oklahoma Income Tax Act, Section 2351 et seq. of this title, and shall be allowed without regard to the existence of a federal net operating loss. For tax years beginning after December 31, 2000, the years to which such losses may be carried shall be determined solely by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172,

with the exception that the terms "net operating loss" and "taxable income" shall be replaced with "Oklahoma net operating loss" and "Oklahoma taxable income".

4. Items of the following nature shall be allocated as indicated. Allowable deductions attributable to items separately allocable in subparagraphs a, b and c of this paragraph, whether or not such items of income were actually received, shall be allocated on the same basis as those items:

a. Income from real and tangible personal property, such as rents, oil and mining production or royalties, and gains or losses from sales of such property, shall be allocated in accordance with the situs of such property;

b. Income from intangible personal property, such as interest, dividends, patent or copyright royalties, and gains or losses from sales of such property, shall be allocated in accordance with the domiciliary situs of the taxpayer, except that:

(1) where such property has acquired a nonunitary business or commercial situs apart from the domicile of the taxpayer such income shall be allocated in accordance with such business or commercial situs; interest income from investments held to generate working capital for a unitary business enterprise shall be included in apportionable income; a resident trust or resident estate shall be treated as having a separate commercial or business situs insofar as undistributed income is concerned, but shall not be treated as having a separate commercial or business situs insofar as distributed income is concerned,

(2) income from such property which is required to be allocated pursuant to the provisions of paragraph 5 of this subsection shall be allocated as herein provided;

c. Net income or loss from a business activity which is not a part of business carried on within or without the state of a unitary character shall be separately allocated to the state in which such activity is conducted;

d. In the case of a manufacturing or processing enterprise the business of which in Oklahoma consists solely of marketing its products by:

(1) sales having a situs without this state, shipped directly to a point from without the state to a purchaser within the state, commonly known as interstate sales,

(2) sales of the product stored in public warehouses within the state pursuant to "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within the state,

(3) sales of the product stored in public warehouses within the state where the shipment to such warehouses is not covered by "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within or without the state,

the Oklahoma net income shall, at the option of the taxpayer, be that portion of the total net income of the taxpayer for federal income tax purposes derived from the manufacture and/or processing and sales everywhere as determined by the ratio of the sales

defined in this section made to the purchaser within the state to the total sales everywhere. The term "public warehouse" as used in this subparagraph means a licensed public warehouse, the principal business of which is warehousing merchandise for the public;

e. In the case of insurance companies, Oklahoma taxable income shall be taxable income of the taxpayer for federal tax purposes, as adjusted for the adjustments provided pursuant to the provisions of paragraphs 1 and 2 of this subsection, apportioned as follows:

(1) except as otherwise provided by division (2) of this subparagraph, taxable income of an insurance company for a taxable year shall be apportioned to this state by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance on property or risks in this state, and the denominator of which is the direct premiums written for insurance on property or risks everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Insurance Commissioner in the form approved by the National Association of Insurance Commissioners, or such other form as may be prescribed in lieu thereof,

(2) if the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the taxable income of such company shall be apportioned to this state

by multiplying such income by a fraction, the numerator of which is the sum of (a) direct premiums written for insurance on property or risks in this state, plus (b) premiums written for reinsurance accepted in respect of property or risks in this state, and the denominator of which is the sum of (c) direct premiums written for insurance on property or risks everywhere, plus (d) premiums written for reinsurance accepted in respect of property or risks everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risks in this state, whether or not otherwise determinable, may at the election of the company be determined on the basis of the proportion which premiums written for insurance accepted from companies commercially domiciled in Oklahoma bears to premiums written for reinsurance accepted from all sources, or alternatively in the proportion which the sum of the direct premiums written for insurance on property or risks in this state by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

5. The net income or loss remaining after the separate allocation in paragraph 4 of this subsection, being that which is derived from a unitary business enterprise, shall be apportioned to this state on the basis of the arithmetical average of three factors consisting of property, payroll and sales or gross revenue enumerated as subparagraphs a, b and c of this paragraph. Net

income or loss as used in this paragraph includes that derived from patent or copyright royalties, purchase discounts, and interest on accounts receivable relating to or arising from a business activity, the income from which is apportioned pursuant to this subsection, including the sale or other disposition of such property and any other property used in the unitary enterprise. Deductions used in computing such net income or loss shall not include taxes based on or measured by income. Provided, for corporations whose property for purposes of the tax imposed by Section 2355 of this title has an initial investment cost equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00) and such investment is made on or after July 1, 1997, or for corporations which expand their property or facilities in this state and such expansion has an investment cost equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00) over a period not to exceed three (3) years, and such expansion is commenced on or after January 1, 2000, the three factors shall be apportioned with property and payroll, each comprising twenty-five percent (25%) of the apportionment factor and sales comprising fifty percent (50%) of the apportionment factor. The apportionment factors shall be computed as follows:

- a. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property everywhere owned or rented and used during the tax period.

- (1) Property, the income from which is separately allocated in paragraph 4 of this subsection, shall not be included in determining this fraction. The numerator of the fraction shall include a portion of the investment in

transportation and other equipment having no fixed situs, such as rolling stock, buses, trucks and trailers, including machinery and equipment carried thereon, airplanes, salespersons' automobiles and other similar equipment, in the proportion that miles traveled in Oklahoma by such equipment bears to total miles traveled,

(2) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer, less any annual rental rate received by the taxpayer from subrentals,

(3) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the Oklahoma Tax Commission may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property;

b. The payroll factor is a fraction, the numerator of which is the total compensation for services rendered in the state during the tax period, and the denominator of which is the total compensation for services rendered everywhere during the tax period. "Compensation", as used in this subsection means those paid-for services to the extent related to the unitary business but does not include officers' salaries, wages and other compensation.

(1) In the case of a transportation enterprise, the numerator of the fraction shall include a portion

of such expenditure in connection with employees operating equipment over a fixed route, such as railroad employees, airline pilots, or bus drivers, in this state only a part of the time, in the proportion that mileage traveled in Oklahoma bears to total mileage traveled by such employees,

(2) In any case the numerator of the fraction shall include a portion of such expenditures in connection with itinerant employees, such as traveling salespersons, in this state only a part of the time, in the proportion that time spent in Oklahoma bears to total time spent in furtherance of the enterprise by such employees;

c. The sales factor is a fraction, the numerator of which is the total sales or gross revenue of the taxpayer in this state during the tax period, and the denominator of which is the total sales or gross revenue of the taxpayer everywhere during the tax period. "Sales", as used in this subsection does not include sales or gross revenue which are separately allocated in paragraph 4 of this subsection.

(1) Sales of tangible personal property have a situs in this state if the property is delivered or shipped to a purchaser other than the United States government, within this state regardless of the FOB point or other conditions of the sale; or the property is shipped from an office, store, warehouse, factory or other place of storage in this state and (a) the purchaser is the United States government or (b) the taxpayer is not

doing business in the state of the destination of the shipment.

- (2) In the case of a railroad or interurban railway enterprise, the numerator of the fraction shall not be less than the allocation of revenues to this state as shown in its annual report to the Corporation Commission.
- (3) In the case of an airline, truck or bus enterprise or freight car, tank car, refrigerator car or other railroad equipment enterprise, the numerator of the fraction shall include a portion of revenue from interstate transportation in the proportion that interstate mileage traveled in Oklahoma bears to total interstate mileage traveled.
- (4) In the case of an oil, gasoline or gas pipeline enterprise, the numerator of the fraction shall be either the total of traffic units of the enterprise within Oklahoma or the revenue allocated to Oklahoma based upon miles moved, at the option of the taxpayer, and the denominator of which shall be the total of traffic units of the enterprise or the revenue of the enterprise everywhere as appropriate to the numerator. A "traffic unit" is hereby defined as the transportation for a distance of one (1) mile of one (1) barrel of oil, one (1) gallon of gasoline or one thousand (1,000) cubic feet of natural or casinghead gas, as the case may be.
- (5) In the case of a telephone or telegraph or other communication enterprise, the numerator of the fraction shall include that portion of the

interstate revenue as is allocated pursuant to the accounting procedures prescribed by the Federal Communications Commission; provided that in respect to each corporation or business entity required by the Federal Communications Commission to keep its books and records in accordance with a uniform system of accounts prescribed by such Commission, the intrastate net income shall be determined separately in the manner provided by such uniform system of accounts and only the interstate income shall be subject to allocation pursuant to the provisions of this subsection. Provided further, that the gross revenue factors shall be those as are determined pursuant to the accounting procedures prescribed by the Federal Communications Commission.

In any case where the apportionment of the three factors prescribed in this paragraph attributes to Oklahoma a portion of net income of the enterprise out of all appropriate proportion to the property owned and/or business transacted within this state, because of the fact that one or more of the factors so prescribed are not employed to any appreciable extent in furtherance of the enterprise; or because one or more factors not so prescribed are employed to a considerable extent in furtherance of the enterprise; or because of other reasons, the Tax Commission is empowered to permit, after a showing by taxpayer that an excessive portion of net income has been attributed to Oklahoma, or require, when in its judgment an insufficient portion of net income has been attributed to Oklahoma, the elimination, substitution, or use of additional factors, or reduction or increase in the weight of such prescribed factors. Provided, however, that any such variance from such prescribed factors which has the effect of increasing the portion of net income

attributable to Oklahoma must not be inherently arbitrary, and application of the recomputed final apportionment to the net income of the enterprise must attribute to Oklahoma only a reasonable portion thereof.

6. For calendar years 1997 and 1998, the owner of a new or expanded agricultural commodity processing facility in this state may exclude from Oklahoma taxable income, or in the case of an individual, the Oklahoma adjusted gross income, fifteen percent (15%) of the investment by the owner in the new or expanded agricultural commodity processing facility. For calendar year 1999, and all subsequent years, the percentage, not to exceed fifteen percent (15%), available to the owner of a new or expanded agricultural commodity processing facility in this state claiming the exemption shall be adjusted annually so that the total estimated reduction in tax liability does not exceed One Million Dollars (\$1,000,000.00) annually. The Tax Commission shall promulgate rules for determining the percentage of the investment which each eligible taxpayer may exclude. The exclusion provided by this paragraph shall be taken in the taxable year when the investment is made. In the event the total reduction in tax liability authorized by this paragraph exceeds One Million Dollars (\$1,000,000.00) in any calendar year, the Tax Commission shall permit any excess over One Million Dollars (\$1,000,000.00) and shall factor such excess into the percentage for subsequent years. Any amount of the exemption permitted to be excluded pursuant to the provisions of this paragraph but not used in any year may be carried forward as an exemption from income pursuant to the provisions of this paragraph for a period not exceeding six (6) years following the year in which the investment was originally made.

For purposes of this paragraph:

- a. "Agricultural commodity processing facility" means building, structures, fixtures and improvements used

or operated primarily for the processing or production of marketable products from agricultural commodities. The term shall also mean a dairy operation that requires a depreciable investment of at least Two Hundred Fifty Thousand Dollars (\$250,000.00) and which produces milk from dairy cows. The term does not include a facility that provides only, and nothing more than, storage, cleaning, drying or transportation of agricultural commodities, and

b. "Facility" means each part of the facility which is used in a process primarily for:

- (1) the processing of agricultural commodities, including receiving or storing agricultural commodities, or the production of milk at a dairy operation,

- (3) packaging or otherwise preparing the product for sale or shipment.

7. Despite any provision to the contrary in paragraph 3 of this subsection, for taxable years beginning after December 31, 1999, in the case of a taxpayer which has a farming loss, such farming loss shall be considered a net operating loss carryback in accordance with and to the extent of the Internal Revenue Code, 26 U.S.C., Section 172(b)(G). However, the amount of the net operating loss carryback shall not exceed the lesser of:

- a. Sixty Thousand Dollars (\$60,000.00), or
- b. the loss properly shown on Schedule F of the Internal Revenue Service Form 1040 reduced by one-half (1/2) of the income from all other sources other than reflected on Schedule F.

8. In taxable years beginning after December 31, 1995, all qualified wages equal to the federal income tax credit set forth in 26 U.S.C.A., Section 45A, shall be deducted from taxable income. The deduction allowed pursuant to this paragraph shall only be permitted for the tax years in which the federal tax credit pursuant to 26 U.S.C.A., Section 45A, is allowed. For purposes of this paragraph, "qualified wages" means those wages used to calculate the federal credit pursuant to 26 U.S.C.A., Section 45A.

The Oklahoma tax basis for all such assets placed into service after December 31, 1981, calculated in this section shall be retained and utilized for all Oklahoma income tax purposes through the final disposition of such assets.

Notwithstanding any other provisions of the Oklahoma Income Tax Act, Section 2351 et seq. of this title, or of the Internal Revenue Code to the contrary, this subsection shall control calculation of depreciation of assets placed into service after December 31, 1981, and before January 1, 1983.

For assets placed in service and held by a corporation in which accelerated cost recovery system was previously disallowed, an adjustment to taxable income is required in the first taxable year beginning after December 31, 1982, to reconcile the basis of such assets to the basis allowed in the Internal Revenue Code. The purpose of this adjustment is to equalize the basis and allowance for depreciation accounts between that reported to the Internal Revenue Service and that reported to Oklahoma.

b. There shall be allowed an additional exemption of One Thousand Dollars (\$1,000.00) for each taxpayer or spouse who is blind at the close of the tax year. For purposes of this subparagraph, an individual is blind only if the central visual acuity of the individual does not exceed 20/200 in the better eye with

c. There shall be allowed an additional exemption of One Thousand Dollars (\$1,000.00) for each taxpayer or spouse who is sixty-five (65) years of age or older at the close of the tax year based upon the filing status and federal adjusted gross income of the taxpayer. To the extent itemized deductions include allowable moving expense, proration of moving expense shall not be required or permitted but allowable moving expense shall be fully deductible for those taxpayers moving within or into Oklahoma and no part of moving expense shall be deductible for those taxpayers moving without or out of Oklahoma. All other itemized or standard deductions and personal exemptions shall be subject to proration as provided by law.

However, in no event shall the life of the tax be extended beyond the duration approved by the voters of the municipality.  - d. has been determined by the Department of Environmental Quality to be contaminated by any substance regulated by a federal or state statute governing environmental conditions for real property pursuant to an order of the Department of Environmental Quality,

shall qualify for incentive payments irrespective of its actual gross payroll or the number of full-time-equivalent employees engaged in new direct jobs.

2. In order to qualify for the incentive payments pursuant to this subsection, the establishment shall conduct the activity resulting in at least fifty percent (50%) of its Oklahoma taxable income or adjusted gross income, as determined under Section 2358 of this title, whether from the sale of products or services or both products and services, at the physical location which has been determined not to comply with the federal or state statutes described in this subsection with respect to environmental conditions for real property. The establishment shall be subject to all other requirements of the Oklahoma Quality Jobs Program Act other than the exemptions provided by this subsection.

- b. the site is being or has been remediated to a level which is consistent with the intended use of the property.

In making its determination, the Department of Environmental Quality may rely on existing data and information available to it, but may also require the applying entity to provide additional data and information as necessary.

4. If authorized by the Department of Environmental Quality pursuant to paragraph 3 of this subsection, the entity may utilize a remediated portion of the property for its intended purpose prior to remediation of the remainder of the site, and shall qualify for incentive payments based on employment associated with the portion of the site.

F. Except as otherwise provided by subsection G of this section, for applications submitted on and after the effective date of this act, in order to qualify to receive incentive payments as authorized by the Oklahoma Quality Jobs Program Act, in addition to other qualifications specified herein, an establishment shall be required to pay new direct jobs an average annualized wage which equals or exceeds:

1. One hundred ten percent (110%) of the average county wage as determined by the Oklahoma State Data Center based on the most recent U.S. Department of Commerce data for the county in which the new direct jobs are located. For purposes of this paragraph, healthcare premiums paid by the applicant for individuals in new direct jobs shall be included in the annualized wage; or

2. One hundred percent (100%) of the average county wage as that percentage is determined by the Oklahoma State Data Center based upon the most recent U.S. Department of Commerce data for the

county in which the new jobs are located. For purposes of this paragraph, healthcare premiums paid by the applicant for individuals in new direct jobs shall not be included in the annualized wage.

Provided, no average wage requirement shall exceed Twenty-five Thousand Dollars (\$25,000.00), in any county. This maximum wage threshold shall be indexed and modified from time to time based on the latest Consumer Price Index year-to-date percent change release as of the date of the annual average county wage data release from the Bureau of Economic Analysis of the U.S. Department of Commerce.

G. As used in this subsection, "opportunity zone" means one or more census tracts in which, according to the most recent federal decennial census, at least thirty percent (30%) of the residents have annual gross household incomes from all sources below the poverty guidelines established by the U.S. Department of Health and Human Services. An establishment which is otherwise qualified to receive incentive payments and which locates its principal business activity in an opportunity zone shall not be subject to the requirements of subsection F of this section.

H. The Department shall determine if the applicant is qualified to receive incentive payments.

I. If the applicant is determined to be qualified by the Department and is not subject to the provisions of subparagraph d of paragraph 6 of subsection A of Section 3603 of this title, the Department shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a ten-year period and to estimate the amount of gross payroll for a ten-year period. In conducting such cost/benefit analysis, the Department shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the added cost to the state of providing services, and such other criteria as deemed appropriate by the Department. Net direct state benefits may be considered as follows:

1. Benefits accruing to the state due to the location of other establishments in this state as a direct result of the applicant locating in this state may be considered; and

2. Benefits accruing to the state as a direct result of the purchase by the applicant of fifty percent (50%) or more raw materials from within the state for the purpose of adding value in the manufacturing process may be considered; provided, if such benefits are considered, they shall be considered as a benefit in the cost/benefit analysis only for the applicant and may not be considered in connection with the application of any other establishment. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits, except for applicants subject to the provisions of subparagraph d of paragraph 6 of subsection A of Section 3603 of this title.

J. Upon approval of such an application, the Department shall notify the Oklahoma Tax Commission and shall provide it with a copy of the application and the results of the cost/benefit analysis. The Tax Commission may require the qualified establishment to submit such additional information as may be necessary to administer the provisions of the Oklahoma Quality Jobs Program Act. The approved establishment shall report to the Tax Commission periodically to show its continued eligibility for incentive payments, as provided in Section 3606 of this title. The establishment may be audited by the Tax Commission to verify such eligibility. Once the establishment is approved, an agreement shall be deemed to exist between the establishment and the State of Oklahoma, requiring the continued incentive payment to be made as long as the establishment retains its eligibility as defined in and established pursuant to this section and Sections 3603 and 3606 of this title and within the limitations contained in the Oklahoma Quality Jobs Program Act, which existed at the time of such approval.

K. A municipality with a population of less than one hundred thousand (100,000) persons in which an establishment eligible to receive quarterly incentive payments pursuant to the provisions of this section is located may file a claim with the Tax Commission for up to twenty-five percent (25%) of the amount of such payment. The amount of such claim shall not exceed amounts paid by the municipality for direct costs of municipal infrastructure improvements to provide water and sewer service to the establishment. Such claim shall not be approved by the Tax Commission unless the municipality and the establishment have entered into a written agreement for such claims to be filed by the municipality prior to submission of the application of the establishment pursuant to the provisions of this section. If such claim is approved, the amount of the payment to the establishment made pursuant to the provisions of Section 3606 of this title shall be reduced by the amount of the approved claim by the municipality and the Tax Commission shall issue a warrant to the municipality in the amount of the approved claim in the same manner as warrants are issued to qualifying establishments.

SECTION 9. Sections 1, 2, 3 and 6 of this act shall become effective July 1, 2005.

SECTION 10. Section 5 of this act shall become effective January 1, 2005.

SECTION 11. Sections 4, 7 and 8 of this act shall become effective January 1, 2006.

SECTION 12. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
