in the Oklahoma Statutes as Section 237 of Title 44, unless there is
created a duplication in numbering, reads as follows:

A. The Military Department of the State of Oklahoma shall
create the Oklahoma National Guard Relief Program. This program is
being created for the purpose of providing financial relief for
approved expenses to qualified members of the Oklahoma National
Guard.

B. A review board shall be created for purposes of accepting
applications for relief and distributing monies accrued to those
members with qualifying expenses. The board shall consist of:

1. The Adjutant General;
2. The Commanding Sergeant Major of the Army National Guard;

and

3. The Chief Master Sergeant of the Air National Guard.

C. Procedures for meetings, qualifying expenses, approvals, and
minimum criteria for accepting applications shall be developed by
the review board.

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2368.14 of Title 68, unless there is created a duplication in numbering, reads as follows:

A. Each state individual income tax return form for tax years which begin after December 31, 2004, and each state corporate tax return form for tax years beginning after December 31, 2004, shall contain a provision to allow a donation from a tax refund for the benefit of providing financial relief to qualified members of the Oklahoma National Guard, as follows:

Support of the Oklahoma National Guard Relief Program. Check if you wish to donate from your tax refund: () \$2, () \$5, or () \$____.

B. Except as otherwise provided for in this section, all monies generated pursuant to subsection A of this section shall be paid to the State Treasurer by the Oklahoma Tax Commission and placed to the credit of the Income Tax Checkoff Revolving Fund for the Support of the Oklahoma National Guard Relief Program created in subsection C of this section.

C. There is hereby created in the State Treasury a revolving fund for the Military Department of the State of Oklahoma to be designated the "Income Tax Checkoff Revolving Fund for the Support of the Oklahoma National Guard Relief Program". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all monies apportioned to the fund pursuant to the provisions of this section. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the Military Department for the purpose of funding qualified National Guard members to assist with approved expenses. Such monies shall be apportioned as and in a manner specified by the Military Department. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as

prescribed by law with the Director of State Finance for approval and payment.

D. If a taxpayer makes a donation pursuant to subsection A of this section in error, such taxpayer may file a claim for refund at any time within three (3) years from the due date of the tax return. Such claims shall be filed pursuant to the provisions of Section 2373 of Title 68 of the Oklahoma Statutes. Prior to the apportionment set forth in this section, an amount equal to the total amount of refunds made pursuant to this subsection during any one (1) year shall be deducted from the total donations received pursuant to this section during the following year and such amount deducted shall be paid to the State Treasurer and placed to the credit of the Income Tax Withholding Refund Account.

SECTION 3. AMENDATORY 68 O.S. 2001, Section 2358, as last amended by Section 14, Chapter 322, O.S.L. 2004 (68 O.S. Supp. 2004, Section 2358), is amended to read as follows:

Section 2358. For all tax years beginning after December 31, 1981, taxable income and adjusted gross income shall be adjusted to arrive at Oklahoma taxable income and Oklahoma adjusted gross income as required by this section.

A. The taxable income of any taxpayer shall be adjusted to arrive at Oklahoma taxable income for corporations and Oklahoma adjusted gross income for individuals, as follows:

1. There shall be added interest income on obligations of any state or political subdivision thereto which is not otherwise exempted pursuant to other laws of this state, to the extent that such interest is not included in taxable income and adjusted gross income.

2. There shall be deducted amounts included in such income that the state is prohibited from taxing because of the provisions of the Federal Constitution, the State Constitution, federal laws or laws of Oklahoma.

3. The amount of any federal net operating loss deduction shall be adjusted as follows:

- a. For carryovers and carrybacks to taxable years beginning before January 1, 1981, the amount of any net operating loss deduction allowed to a taxpayer for federal income tax purposes shall be reduced to an amount which is the same portion thereof as the loss from sources within this state, as determined pursuant to this section and Section 2362 of this title, for the taxable year in which such loss is sustained is of the total loss for such year;
- b. For carryovers and carrybacks to taxable years beginning after December 31, 1980, the amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172, as modified by the Oklahoma Income Tax Act, Section 2351 et seq. of this title, and shall be allowed without regard to the existence of a federal net operating loss. For tax years beginning after December 31, 2000, the years to which such losses may be carried shall be determined solely by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172, with the exception that the terms "net operating loss" and "taxable income" shall be replaced with "Oklahoma net operating loss" and "Oklahoma taxable income".

4. Items of the following nature shall be allocated as indicated. Allowable deductions attributable to items separately allocable in subparagraphs a, b and c of this paragraph, whether or

not such items of income were actually received, shall be allocated on the same basis as those items:

- a. Income from real and tangible personal property, such as rents, oil and mining production or royalties, and gains or losses from sales of such property, shall be allocated in accordance with the situs of such property;
- b. Income from intangible personal property, such as interest, dividends, patent or copyright royalties, and gains or losses from sales of such property, shall be allocated in accordance with the domiciliary situs of the taxpayer, except that:
 - (1) where such property has acquired a nonunitary business or commercial situs apart from the domicile of the taxpayer such income shall be allocated in accordance with such business or commercial situs; interest income from investments held to generate working capital for a unitary business enterprise shall be included in apportionable income; a resident trust or resident estate shall be treated as having a separate commercial or business situs insofar as undistributed income is concerned, but shall not be treated as having a separate commercial or business situs insofar as distributed income is concerned,
 - (2) income from such property which is required to be allocated pursuant to the provisions of paragraph 5 of this subsection shall be allocated as herein provided;
- c. Net income or loss from a business activity which is not a part of business carried on within or without

the state of a unitary character shall be separately allocated to the state in which such activity is conducted;

d. In the case of a manufacturing or processing enterprise the business of which in Oklahoma consists solely of marketing its products by:

(1) sales having a situs without this state, shipped directly to a point from without the state to a purchaser within the state, commonly known as interstate sales,

(2) sales of the product stored in public warehouses within the state pursuant to "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within the state,

(3) sales of the product stored in public warehouses within the state where the shipment to such warehouses is not covered by "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within or without the state,

the Oklahoma net income shall, at the option of the taxpayer, be that portion of the total net income of the taxpayer for federal income tax purposes derived from the manufacture and/or processing and sales everywhere as determined by the ratio of the sales defined in this section made to the purchaser within the state to the total sales everywhere. The term "public warehouse" as used in this subparagraph means a licensed public warehouse, the principal business of which is warehousing merchandise for the public;

e. In the case of insurance companies, Oklahoma taxable income shall be taxable income of the taxpayer for federal tax purposes, as adjusted for the adjustments provided pursuant to the provisions of paragraphs 1 and 2 of this subsection, apportioned as follows:

(1) except as otherwise provided by division (2) of this subparagraph, taxable income of an insurance company for a taxable year shall be apportioned to this state by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance on property or risks in this state, and the denominator of which is the direct premiums written for insurance on property or risks everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Insurance Commissioner in the form approved by the National Association of Insurance Commissioners, or such other form as may be prescribed in lieu thereof,

(2) if the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the taxable income of such company shall be apportioned to this state by multiplying such income by a fraction, the numerator of which is the sum of (a) direct premiums written for insurance on property or risks in this state, plus (b) premiums written for reinsurance accepted in respect of property

or risks in this state, and the denominator of which is the sum of (c) direct premiums written for insurance on property or risks everywhere, plus (d) premiums written for reinsurance accepted in respect of property or risks everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risks in this state, whether or not otherwise determinable, may at the election of the company be determined on the basis of the proportion which premiums written for insurance accepted from companies commercially domiciled in Oklahoma bears to premiums written for reinsurance accepted from all sources, or alternatively in the proportion which the sum of the direct premiums written for insurance on property or risks in this state by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

5. The net income or loss remaining after the separate allocation in paragraph 4 of this subsection, being that which is derived from a unitary business enterprise, shall be apportioned to this state on the basis of the arithmetical average of three factors consisting of property, payroll and sales or gross revenue enumerated as subparagraphs a, b and c of this paragraph. Net income or loss as used in this paragraph includes that derived from patent or copyright royalties, purchase discounts, and interest on accounts receivable relating to or arising from a business activity, the income from which is apportioned pursuant to this subsection, including the sale or other disposition of such property and any

other property used in the unitary enterprise. Deductions used in computing such net income or loss shall not include taxes based on or measured by income. Provided, for corporations whose property for purposes of the tax imposed by Section 2355 of this title has an initial investment cost equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00) and such investment is made on or after July 1, 1997, or for corporations which expand their property or facilities in this state and such expansion has an investment cost equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00) over a period not to exceed three (3) years, and such expansion is commenced on or after January 1, 2000, the three factors shall be apportioned with property and payroll, each comprising twenty-five percent (25%) of the apportionment factor and sales comprising fifty percent (50%) of the apportionment factor. The apportionment factors shall be computed as follows:

- a. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property everywhere owned or rented and used during the tax period.

- (1) Property, the income from which is separately allocated in paragraph 4 of this subsection, shall not be included in determining this fraction. The numerator of the fraction shall include a portion of the investment in transportation and other equipment having no fixed situs, such as rolling stock, buses, trucks and trailers, including machinery and equipment carried thereon, airplanes, salespersons' automobiles and other similar equipment, in the

proportion that miles traveled in Oklahoma by such equipment bears to total miles traveled,

(2) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer, less any annual rental rate received by the taxpayer from subrentals,

(3) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the Oklahoma Tax Commission may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property;

b. The payroll factor is a fraction, the numerator of which is the total compensation for services rendered in the state during the tax period, and the denominator of which is the total compensation for services rendered everywhere during the tax period. "Compensation", as used in this subsection means those paid-for services to the extent related to the unitary business but does not include officers' salaries, wages and other compensation.

(1) In the case of a transportation enterprise, the numerator of the fraction shall include a portion of such expenditure in connection with employees operating equipment over a fixed route, such as railroad employees, airline pilots, or bus drivers, in this state only a part of the time, in the proportion that mileage traveled in

Oklahoma bears to total mileage traveled by such employees,

(2) In any case the numerator of the fraction shall include a portion of such expenditures in connection with itinerant employees, such as traveling salespersons, in this state only a part of the time, in the proportion that time spent in Oklahoma bears to total time spent in furtherance of the enterprise by such employees;

c. The sales factor is a fraction, the numerator of which is the total sales or gross revenue of the taxpayer in this state during the tax period, and the denominator of which is the total sales or gross revenue of the taxpayer everywhere during the tax period. "Sales", as used in this subsection does not include sales or gross revenue which are separately allocated in paragraph 4 of this subsection.

(1) Sales of tangible personal property have a situs in this state if the property is delivered or shipped to a purchaser other than the United States government, within this state regardless of the FOB point or other conditions of the sale; or the property is shipped from an office, store, warehouse, factory or other place of storage in this state and (a) the purchaser is the United States government or (b) the taxpayer is not doing business in the state of the destination of the shipment.

(2) In the case of a railroad or interurban railway enterprise, the numerator of the fraction shall not be less than the allocation of revenues to

this state as shown in its annual report to the Corporation Commission.

- (3) In the case of an airline, truck or bus enterprise or freight car, tank car, refrigerator car or other railroad equipment enterprise, the numerator of the fraction shall include a portion of revenue from interstate transportation in the proportion that interstate mileage traveled in Oklahoma bears to total interstate mileage traveled.
- (4) In the case of an oil, gasoline or gas pipeline enterprise, the numerator of the fraction shall be either the total of traffic units of the enterprise within Oklahoma or the revenue allocated to Oklahoma based upon miles moved, at the option of the taxpayer, and the denominator of which shall be the total of traffic units of the enterprise or the revenue of the enterprise everywhere as appropriate to the numerator. A "traffic unit" is hereby defined as the transportation for a distance of one (1) mile of one (1) barrel of oil, one (1) gallon of gasoline or one thousand (1,000) cubic feet of natural or casinghead gas, as the case may be.
- (5) In the case of a telephone or telegraph or other communication enterprise, the numerator of the fraction shall include that portion of the interstate revenue as is allocated pursuant to the accounting procedures prescribed by the Federal Communications Commission; provided that in respect to each corporation or business entity required by the Federal Communications Commission

to keep its books and records in accordance with a uniform system of accounts prescribed by such Commission, the intrastate net income shall be determined separately in the manner provided by such uniform system of accounts and only the interstate income shall be subject to allocation pursuant to the provisions of this subsection. Provided further, that the gross revenue factors shall be those as are determined pursuant to the accounting procedures prescribed by the Federal Communications Commission.

In any case where the apportionment of the three factors prescribed in this paragraph attributes to Oklahoma a portion of net income of the enterprise out of all appropriate proportion to the property owned and/or business transacted within this state, because of the fact that one or more of the factors so prescribed are not employed to any appreciable extent in furtherance of the enterprise; or because one or more factors not so prescribed are employed to a considerable extent in furtherance of the enterprise; or because of other reasons, the Tax Commission is empowered to permit, after a showing by taxpayer that an excessive portion of net income has been attributed to Oklahoma, or require, when in its judgment an insufficient portion of net income has been attributed to Oklahoma, the elimination, substitution, or use of additional factors, or reduction or increase in the weight of such prescribed factors. Provided, however, that any such variance from such prescribed factors which has the effect of increasing the portion of net income attributable to Oklahoma must not be inherently arbitrary, and application of the recomputed final apportionment to the net income of the enterprise must attribute to Oklahoma only a reasonable portion thereof.

6. For calendar years 1997 and 1998, the owner of a new or expanded agricultural commodity processing facility in this state may exclude from Oklahoma taxable income, or in the case of an individual, the Oklahoma adjusted gross income, fifteen percent (15%) of the investment by the owner in the new or expanded agricultural commodity processing facility. For calendar year 1999, and all subsequent years, the percentage, not to exceed fifteen percent (15%), available to the owner of a new or expanded agricultural commodity processing facility in this state claiming the exemption shall be adjusted annually so that the total estimated reduction in tax liability does not exceed One Million Dollars (\$1,000,000.00) annually. The Tax Commission shall promulgate rules for determining the percentage of the investment which each eligible taxpayer may exclude. The exclusion provided by this paragraph shall be taken in the taxable year when the investment is made. In the event the total reduction in tax liability authorized by this paragraph exceeds One Million Dollars (\$1,000,000.00) in any calendar year, the Tax Commission shall permit any excess over One Million Dollars (\$1,000,000.00) and shall factor such excess into the percentage for subsequent years. Any amount of the exemption permitted to be excluded pursuant to the provisions of this paragraph but not used in any year may be carried forward as an exemption from income pursuant to the provisions of this paragraph for a period not exceeding six (6) years following the year in which the investment was originally made.

For purposes of this paragraph:

- a. "Agricultural commodity processing facility" means building, structures, fixtures and improvements used or operated primarily for the processing or production of marketable products from agricultural commodities. The term shall also mean a dairy operation that requires a depreciable investment of at least Two

Hundred Fifty Thousand Dollars (\$250,000.00) and which produces milk from dairy cows. The term does not include a facility that provides only, and nothing more than, storage, cleaning, drying or transportation of agricultural commodities, and

b. "Facility" means each part of the facility which is used in a process primarily for:

- (1) the processing of agricultural commodities, including receiving or storing agricultural commodities, or the production of milk at a dairy operation,
- (2) transporting the agricultural commodities or product before, during or after the processing, or
- (3) packaging or otherwise preparing the product for sale or shipment.

7. Despite any provision to the contrary in paragraph 3 of this subsection, for taxable years beginning after December 31, 1999, in the case of a taxpayer which has a farming loss, such farming loss shall be considered a net operating loss carryback in accordance with and to the extent of the Internal Revenue Code, 26 U.S.C., Section 172(b)(G). However, the amount of the net operating loss carryback shall not exceed the lesser of:

- a. Sixty Thousand Dollars (\$60,000.00), or
- b. the loss properly shown on Schedule F of the Internal Revenue Service Form 1040 reduced by one-half (1/2) of the income from all other sources other than reflected on Schedule F.

8. In taxable years beginning after December 31, 1995, all qualified wages equal to the federal income tax credit set forth in 26 U.S.C.A., Section 45A, shall be deducted from taxable income. The deduction allowed pursuant to this paragraph shall only be

permitted for the tax years in which the federal tax credit pursuant to 26 U.S.C.A., Section 45A, is allowed. For purposes of this paragraph, "qualified wages" means those wages used to calculate the federal credit pursuant to 26 U.S.C.A., Section 45A.

B. The taxable income of any corporation shall be further adjusted to arrive at Oklahoma taxable income, except those corporations electing treatment as provided in subchapter S of the Internal Revenue Code, 26 U.S.C., Section 1361 et seq., and Section 2365 of this title, deductions pursuant to the provisions of the Accelerated Cost Recovery System as defined and allowed in the Economic Recovery Tax Act of 1981, Public Law 97-34, 26 U.S.C., Section 168, for depreciation of assets placed into service after December 31, 1981, shall not be allowed in calculating Oklahoma taxable income. Such corporations shall be allowed a deduction for depreciation of assets placed into service after December 31, 1981, in accordance with provisions of the Internal Revenue Code, 26 U.S.C., Section 1 et seq., in effect immediately prior to the enactment of the Accelerated Cost Recovery System. The Oklahoma tax basis for all such assets placed into service after December 31, 1981, calculated in this section shall be retained and utilized for all Oklahoma income tax purposes through the final disposition of such assets.

Notwithstanding any other provisions of the Oklahoma Income Tax Act, Section 2351 et seq. of this title, or of the Internal Revenue Code to the contrary, this subsection shall control calculation of depreciation of assets placed into service after December 31, 1981, and before January 1, 1983.

For assets placed in service and held by a corporation in which accelerated cost recovery system was previously disallowed, an adjustment to taxable income is required in the first taxable year beginning after December 31, 1982, to reconcile the basis of such assets to the basis allowed in the Internal Revenue Code. The

purpose of this adjustment is to equalize the basis and allowance for depreciation accounts between that reported to the Internal Revenue Service and that reported to Oklahoma.

C. 1. For taxable years beginning after December 31, 1987, the taxable income of any corporation shall be further adjusted to arrive at Oklahoma taxable income for transfers of technology to qualified small businesses located in Oklahoma. Such transferor corporation shall be allowed an exemption from taxable income of an amount equal to the amount of royalty payment received as a result of such transfer; provided, however, such amount shall not exceed ten percent (10%) of the amount of gross proceeds received by such transferor corporation as a result of the technology transfer. Such exemption shall be allowed for a period not to exceed ten (10) years from the date of receipt of the first royalty payment accruing from such transfer. No exemption may be claimed for transfers of technology to qualified small businesses made prior to January 1, 1988.

2. For purposes of this subsection:

a. "Qualified small business" means an entity, whether organized as a corporation, partnership, or proprietorship, organized for profit with its principal place of business located within this state and which meets the following criteria:

- (1) Capitalization of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00),
- (2) Having at least fifty percent (50%) of its employees and assets located in Oklahoma at the time of the transfer, and
- (3) Not a subsidiary or affiliate of the transferor corporation;

b. "Technology" means a proprietary process, formula, pattern, device or compilation of scientific or

technical information which is not in the public domain;

- c. "Transferor corporation" means a corporation which is the exclusive and undisputed owner of the technology at the time the transfer is made; and
- d. "Gross proceeds" means the total amount of consideration for the transfer of technology, whether the consideration is in money or otherwise.

D. The Oklahoma adjusted gross income of any individual taxpayer shall be further adjusted as follows to arrive at Oklahoma taxable income:

- 1. a. In the case of individuals, there shall be added or deducted, as the case may be, the difference necessary to allow personal exemptions of One Thousand Dollars (\$1,000.00) in lieu of the personal exemptions allowed by the Internal Revenue Code.
- b. There shall be allowed an additional exemption of One Thousand Dollars (\$1,000.00) for each taxpayer or spouse who is blind at the close of the tax year. For purposes of this subparagraph, an individual is blind only if the central visual acuity of the individual does not exceed 20/200 in the better eye with correcting lenses, or if the visual acuity of the individual is greater than 20/200, but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than twenty (20) degrees.
- c. There shall be allowed an additional exemption of One Thousand Dollars (\$1,000.00) for each taxpayer or spouse who is sixty-five (65) years of age or older at the close of the tax year based upon the filing status and federal adjusted gross income of the taxpayer.

Taxpayers with the following filing status may claim this exemption if the federal adjusted gross income does not exceed:

- (1) Twenty-five Thousand Dollars (\$25,000.00) if married and filing jointly;
- (2) Twelve Thousand Five Hundred Dollars (\$12,500.00) if married and filing separately;
- (3) Fifteen Thousand Dollars (\$15,000.00) if single; and
- (4) Nineteen Thousand Dollars (\$19,000.00) if a qualifying head of household.

Provided, for taxable years beginning after December 31, 1999, amounts included in the calculation of federal adjusted gross income pursuant to the conversion of a traditional individual retirement account to a Roth individual retirement account shall be excluded from federal adjusted gross income for purposes of the income thresholds provided in this subparagraph.

- d. For taxable years beginning after December 31, 1990, and beginning before January 1, 1992, there shall be allowed a one-time additional exemption of Four Hundred Dollars (\$400.00) for each taxpayer or spouse who is a member of the National Guard or any reserve unit of the Armed Forces of the United States and who was at any time during such taxable year deployed in active service during a time of war or conflict with an enemy of the United States.

2. In the case of individuals who use the standard deduction in determining taxable income, there shall be added or deducted, as the case may be, the difference necessary to allow a standard deduction in lieu of the standard deduction allowed by the Internal Revenue

Code, in an amount equal to the larger of fifteen percent (15%) of the Oklahoma adjusted gross income or One Thousand Dollars (\$1,000.00), but not to exceed Two Thousand Dollars (\$2,000.00), except that in the case of a married individual filing a separate return such deduction shall be the larger of fifteen percent (15%) of such Oklahoma adjusted gross income or Five Hundred Dollars (\$500.00), but not to exceed the maximum amount of One Thousand Dollars (\$1,000.00).

3. In the case of resident and part-year resident individuals having adjusted gross income from sources both within and without the state, the itemized or standard deductions and personal exemptions shall be reduced to an amount which is the same portion of the total thereof as Oklahoma adjusted gross income is of adjusted gross income. To the extent itemized deductions include allowable moving expense, proration of moving expense shall not be required or permitted but allowable moving expense shall be fully deductible for those taxpayers moving within or into Oklahoma and no part of moving expense shall be deductible for those taxpayers moving without or out of Oklahoma. All other itemized or standard deductions and personal exemptions shall be subject to proration as provided by law.

4. A resident individual with a physical disability constituting a substantial handicap to employment may deduct from Oklahoma adjusted gross income such expenditures to modify a motor vehicle, home or workplace as are necessary to compensate for his or her handicap. A veteran certified by the Veterans Administration of the federal government as having a service-connected disability shall be conclusively presumed to be an individual with a physical disability constituting a substantial handicap to employment. The Tax Commission shall promulgate rules containing a list of combinations of common disabilities and modifications which may be

presumed to qualify for this deduction. The Tax Commission shall prescribe necessary requirements for verification.

5. ~~In any taxable year the first One Thousand Five Hundred Dollars (\$1,500.00)~~ In taxable years beginning after December 31, 2005, the first Three Thousand Dollars (\$3,000.00) received by any person from the United States as salary or compensation in any form, other than retirement benefits, as a member of any component of the Armed Forces of the United States shall be deducted from taxable income. In any taxable year beginning after December 31, 2005, all income received by any individual as salary or compensation for active duty service, other than retirement benefits, as a member of any component of the Armed Forces of the United States or as a member of the National Guard shall be deducted from taxable income. Whenever the filing of a timely income tax return by a member of the Armed Forces of the United States is made impracticable or impossible of accomplishment by reason of:

- a. absence from the United States, which term includes only the states and the District of Columbia;
- b. absence from the State of Oklahoma while on active duty; or
- c. confinement in a hospital within the United States for treatment of wounds, injuries or disease,

the time for filing a return and paying an income tax shall be and is hereby extended without incurring liability for interest or penalties, to the fifteenth day of the third month following the month in which:

- (1) Such individual shall return to the United States if the extension is granted pursuant to subparagraph a of this paragraph, return to the State of Oklahoma if the extension is granted pursuant to subparagraph b of this paragraph or be discharged from such hospital if the extension

is granted pursuant to subparagraph c of this paragraph; or

- (2) An executor, administrator, or conservator of the estate of the taxpayer is appointed, whichever event occurs the earliest.

Provided, that the Tax Commission may, in its discretion, grant any member of the Armed Forces of the United States an extension of time for filing of income tax returns and payment of income tax without incurring liabilities for interest or penalties. Such extension may be granted only when in the judgment of the Tax Commission a good cause exists therefor and may be for a period in excess of six (6) months. A record of every such extension granted, and the reason therefor, shall be kept.

6. The salary or any other form of compensation, received from the United States by a member of any component of the Armed Forces of the United States, shall be deducted from taxable income during the time in which the person is detained by the enemy in a conflict, is a prisoner of war or is missing in action and not deceased.

7. Notwithstanding anything in the Internal Revenue Code or in the Oklahoma Income Tax Act to the contrary, it is expressly provided that, in the case of resident individuals, amounts received as dividends or distributions of earnings from savings and loan associations or credit unions located in Oklahoma, and interest received on savings accounts and time deposits from such sources or from state and national banks or trust companies located in Oklahoma, shall qualify as dividends for the purpose of the dividend exclusion, and taxable income shall be adjusted accordingly to arrive at Oklahoma taxable income; provided, however, that the dividend, distribution of earnings and/or interest exclusion provided for hereinabove shall not be cumulative to the maximum dividend exclusion allowed by the Internal Revenue Code. Any dividend exclusion already allowed by the Internal Revenue Code and

reflected in the taxpayer's Oklahoma taxable income together with exclusion allowed herein shall not exceed the total of One Hundred Dollars (\$100.00) per individual or Two Hundred Dollars (\$200.00) per couple filing a joint return.

8. a. An individual taxpayer, whether resident or nonresident, may deduct an amount equal to the federal income taxes paid by the taxpayer during the taxable year.
- b. Federal taxes as described in subparagraph a of this paragraph shall be deductible by any individual taxpayer, whether resident or nonresident, only to the extent they relate to income subject to taxation pursuant to the provisions of the Oklahoma Income Tax Act. The maximum amount allowable in the preceding paragraph shall be prorated on the ratio of the Oklahoma adjusted gross income to federal adjusted gross income.
- c. For the purpose of this paragraph, "federal income taxes paid" shall mean federal income taxes, surtaxes imposed on incomes or excess profits taxes, as though the taxpayer was on the accrual basis. In determining the amount of deduction for federal income taxes for tax year 2001, the amount of the deduction shall not be adjusted by the amount of any accelerated ten percent (10%) tax rate bracket credit or advanced refund of the credit received during the tax year provided pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001, P.L. No. 170-16, and the advanced refund of such credit shall not be subject to taxation.
- d. The provisions of this paragraph shall apply to all taxable years ending after December 31, 1978.

9.
