the pension paid in accordance with subsection A of Section 49-109 of this title.

3. In the event of the death of a firefighter who at the time of the firefighter's death was drawing, or eligible to draw, a disability pension for a physical or mental disability from causes not arising in the line of duty and which prevented the effective performance of the firefighter's duties, the beneficiary of such person shall be paid an amount not to exceed one hundred percent (100%) of the pension paid in accordance with subsection B of Section 49-109 of this title.

SECTION 3. AMENDATORY 11 O.S. 2001, Section 49-117.3, as last amended by Section 6, Chapter 546, O.S.L. 2004 (11 O.S. Supp. 2004, Section 49-117.3), is amended to read as follows:

Section 49-117.3 A. The State Board shall adopt rules for computation of the purchase price for transferred credited service.

These rules shall base the purchase price for each year purchased on the actuarial cost of the incremental projected benefits to be purchased. The purchase price shall represent the present value of the incremental projected benefits discounted according to the member's age at the time of purchase. Incremental projected benefits shall be the difference between the projected benefit said member would receive without purchasing the transferred credited service and the projected benefit after purchase of the transferred credited service computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

B. In the event that the member is unable to pay the purchase price provided for in this section by the due date, the State Board shall permit the members to amortize the purchase price over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the State Board permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the State Board for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance. The State Board shall promulgate such rules as are necessary to implement the provisions of this subsection.

C. ~~Effective January 1, 2002, payment of the purchase price may be made by a trustee to trustee transfer from a Code Section 403(b) annuity, a governmental Code Section 457 plan, and/or a Code Section 401(a) qualified plan~~ Members who pay the purchase price by the due date may make payment by:

1. A trustee-to-trustee transfer from a Code Section 403(b) annuity or custodial account, an eligible deferred compensation plan described in Code Section 457(b) which is maintained by an eligible employer described in Code Section 457(e) (1) (A), and/or a Code Section 401(a) qualified plan; or

2. A direct rollover of tax-deferred funds from a Code Section 403(b) annuity or custodial account, an eligible deferred compensation plan described in Code Section 457(b) which is maintained by an eligible employer described in Code Section 457(e) (1) (A), a Code Section 401(a) qualified plan, and/or a Code Section 408(a) or 408(b) traditional or conduit Individual Retirement Account or Annuity (IRA). Roth IRAs and Coverdell Education Savings Accounts shall not be used to purchase transferred credited service.

The State Board shall promulgate such rules as are necessary to implement the provisions of this subsection.

D. Members amortizing the purchase price and making payments by payroll deduction ~~on or after January 1, 2002~~, shall have the option of making a cash lump-sum payment for the balance of the actuarial purchase price with interest due through the date of payment by a trustee-to-trustee transfer from a Code Section 403(b) annuity, a governmental Code Section 457 plan, and/or a Code Section 401(a) qualified plan:

1. A trustee-to-trustee transfer from a Code Section 403(b) annuity or custodial account, an eligible deferred compensation plan described in Code Section 457(b) which is maintained by an eligible employer described in Code Section 457(e) (1) (A), and/or a Code Section 401(a) qualified plan; or

2. A direct rollover of tax-deferred funds from a Code Section 403(b) annuity or custodial account, an eligible deferred compensation plan described in Code Section 457(b) which is maintained by an eligible employer described in Code Section 457(e) (1) (A), a Code Section 401(a) qualified plan, and/or a Code Section 408(a) or 408(b) traditional or conduit Individual Retirement Account or Annuity (IRA). Roth IRAs and Coverdell Education Savings Accounts shall not be used to purchase transferred credited service.

The State Board shall promulgate such rules as are necessary to implement the provisions of this subsection.

SECTION 4. AMENDATORY 11 O.S. 2001, Section 49-138, as last amended by Section 1, Chapter 302, O.S.L. 2004 (11 O.S. Supp. 2004, Section 49-138), is amended to read as follows:

Section 49-138. A. Any member of a regularly constituted fire department of any municipality who is now serving or may hereafter serve in the Armed Forces of the United States whether such service is voluntary or involuntary, who shall have been a member of such fire department at the time of entering such service, shall be entitled to have the whole of the time of such service applied under the provisions of Section 49-106 of this title, so far as the same applies to a service pension; provided further, that the municipality shall continue its payment into said pension fund, to the same force and effect as though the member were in the actual service of such fire department; provided, that any person who is eligible for such service but who shall have volunteered for military or naval service for a period not to exceed five (5) years shall likewise be entitled to all of the benefits of Sections 49-138 through 49-142 of this title for the full period of such service or enlistment; provided further, that only one such period of voluntary service shall be considered hereunder. If such person shall reenlist, unless he is required to do so by law, he shall not thereafter be entitled to the provisions of this subsection. The provisions of this subsection shall not apply where any such person dies during the period of said service or enlistment, and shall not entitle the surviving spouse or children to any benefits, and shall not apply to any member who shall have served on active duty

(including initial active duty) for training purposes only and/or inactive duty training.

B. Effective February 1, 1997, credited service received pursuant to this section or credited service for wartime military service received as otherwise provided by law shall be used in determining the member's retirement benefit but shall not be used in determining years of service for retirement, vesting purposes or eligibility for participation in the Oklahoma Firefighters Deferred Option Plan. For a member of the System hired on or after July 1, 2003, if the military service credit authorized by this section is used to compute the retirement benefit of the member and the member retires from the System, such military service credit shall not be used to compute the retirement benefit in any other retirement system created pursuant to the Oklahoma Statutes and the member may receive credit for such service only in the retirement system from which the member first retires.

C. A member who retires or elects to participate in the Oklahoma Firefighters Deferred Option Plan on or after July 1, 1998, shall be entitled to prior service credit, not to exceed five (5) years, for those periods of military service on active duty prior to membership in the Oklahoma Firefighters Pension and Retirement System.

 - (2) for purposes of determining eligibility for education and training benefits, such period shall end on December 31, 1976, or

- f. August 1, 1990, to December 31, 1991, commonly referred to as the Gulf War, the Persian Gulf War, or Operation Desert Storm, but excluding any person who served on active duty for training only, unless discharged from such active duty for a service-connected disability;

During a period of war or combat military operation other than a conflict, war or era listed in paragraph 1 of this subsection, beginning on the date of Congressional authorization, Congressional resolution, or Executive Order of the President of the United States, for the use of the Armed Forces of the United States in a war or combat military operation, if such war or combat military operation lasted for a period of ninety (90) days or more, for a person who served, and only for the period served, in the area of responsibility of the war or combat military operation, but excluding a person who served on active duty for training only, unless discharged from such active duty for a service-connected disability, and provided that the burden of proof of military service during this period shall be with the member, who must present appropriate documentation establishing such service.

D. An eligible member pursuant to subsection C of this section shall include only those persons who shall have served during the times or in the areas prescribed in subsection C of this section, and only if such person provides appropriate documentation in such time and manner as required by the System to establish such military service prescribed in this section, or for service pursuant to division (1) of subparagraph e of paragraph 1 of subsection C of this section, those persons who were awarded service medals, as authorized by the United States Department of Defense as reflected in the veteran's Defense Department Form 214, related to the Vietnam Conflict for service prior to August 5, 1964. The provisions of subsection C of this section shall include military retirees, whose retirement was based only on active service, that have been rated as having twenty percent (20%) or greater service-connected disability by the Veterans Administration or the Armed Forces of the United States. The provisions of subsection C of this section shall not apply to any person who shall have served on active duty for training purposes only unless discharged from active duty for a service-connected disability.

E. Notwithstanding any provision herein to the contrary, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code of 1986, which is in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, (USERRA) as amended. The municipality's contributions to the System for a member covered by USERRA are due when such a member makes up his or her contributions that were missed due to his or her qualified military service.

F. Members or beneficiaries shall make application to the System for credited service related to wartime military service. Interest on additional benefits related to wartime military service owed by the System to a retired member or beneficiary as provided by law shall cease accruing one (1) year after the effective date the
