

STATE OF OKLAHOMA

2nd Session of the 50th Legislature (2006)

SENATE BILL 1019

By: Gumm

AS INTRODUCED

An Act relating to waters and water rights; amending 82 O.S. 2001, Section 1452, as amended by Section 2, Chapter 305, O.S.L. 2003 (82 O.S. Supp. 2005, Section 1452), which relates to scenic rivers; expanding designated scenic river areas; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 82 O.S. 2001, Section 1452, as amended by Section 2, Chapter 305, O.S.L. 2003 (82 O.S. Supp. 2005, Section 1452), is amended to read as follows:

Section 1452. A. The Oklahoma Legislature finds that some of the free-flowing streams and rivers of Oklahoma possess such unique natural scenic beauty, water conservation, fish, wildlife and outdoor recreational values of present and future benefit to the people of the state that it is the policy of the Legislature to preserve these areas for the benefit of the people of Oklahoma. For this purpose there are hereby designated certain "scenic river areas" to be preserved as a part of Oklahoma's diminishing resource of free-flowing rivers and streams.

B. The areas of the state designated as "scenic river areas" shall include:

1. The Flint Creek and the Illinois River above the confluence of the Barren Fork Creek in Cherokee, Adair and Delaware Counties;
2. The Barren Fork Creek in Adair and Cherokee Counties from the present alignment of Highway 59 West to the Illinois River;

3. The Upper Mountain Fork River above the 600-foot elevation level of Broken Bow Reservoir in McCurtain and LeFlore Counties;

4. Big Lee's Creek, sometimes referred to as Lee Creek, located in Sequoyah County, above the 420-foot MSL elevation, excluding that portion necessary for a dam to be built in the State of Arkansas with a crest elevation of no more than the 420-foot MSL elevation. The Oklahoma Water Resources Board shall make such classifications, designations or adjustments to Oklahoma's water quality standards as required to allow the impoundment of water by said dam; ~~and~~

5. Little Lee's Creek, sometimes referred to as Little Lee Creek, located in Adair and Sequoyah Counties, beginning approximately four (4) miles east-southeast of Stilwell, Oklahoma, and ending at its conjunction with Big Lee's Creek approximately two (2) miles southwest of Short, Oklahoma; and

6. The Blue River and tributaries located in Pontotoc and Johnston counties.

C. The term "scenic river area" as used in the Scenic Rivers Act is defined as the stream or river and the public use and access areas located within the area designated.

SECTION 2. This act shall become effective November 1, 2006.
