The State Board of Education shall adopt rules to provide for the implementation of remote Internet-based courses.

C. Each district board of education shall adopt policies and procedures that conform to rules for Internet-based courses as adopted by the State Board. No district shall be liable for payment of any fees or charges for any Internet-based course for a student who has not complied with the district's policies and procedures. Districts shall require students enrolled in Internet-based courses to participate in the Oklahoma School Testing Program Act. Students participating in Internet-based courses from a remote site will be responsible for providing their own equipment and Internet access, unless the district chooses to provide the equipment. Credit may not be granted for such courses except upon approval of the State Board of Education and the district board of education.

D. The school day for kindergarten may consist of six (6) hours devoted to school activities.

SECTION 2. AMENDATORY 70 O.S. 2001, Section 1-114, is amended to read as follows:

For purposes of calculation of State Aid, children in an early childhood education program shall be included in the average daily membership of the district providing the program.

2. A child who has not reached the age of five (5) years on or before September 1 and who resides in a district which does not offer an early childhood program shall be eligible for transfer to a district where an early childhood program is offered if the district that offers the early childhood program agrees to the transfer. If the child requesting the transfer has not reached the age of four (4) years on or before September 1, the district may refuse to accept the nonresident child if the district determines the child is not ready for an early

childhood program. If the State Board of Education discovers that such attendance has been allowed without prior payment of the tuition fee in advance as required, no further payment of any State Aid Funds shall be made to the district until such district has shown to the satisfaction of the State Board of Education that all such tuition fees have been paid or that such tuition pupil will no longer be allowed to attend school until the required tuition fee has been paid.

E. Any parent, guardian, person or institution having care and custody of a child who pays ad valorem tax on real property in any other school district other than that in which that person resides may, with the approval of the receiving board, enroll the child in any school district in which ad valorem tax is paid and receive a credit on the nonresident tuition fee equal to the amount of the ad valorem tax paid for school district purposes in the school district in which the child is enrolled. Provided, the credit shall not exceed the total amount required for the tuition payment.

F. School districts are authorized to enroll students on a part-time basis for up to one-half (1/2) of a school day of classes, or the equivalent for those schools using other than a standard schedule.
