Section 5-207. A. Any person who appears to be or states that such person is mentally ill, alcohol-dependent, or drug-dependent to a degree that immediate emergency action is necessary may be taken into protective custody and detained as provided pursuant to the provisions of this section. SECTION 27. AMENDATORY 43A O.S. 2001, Section 7-101, as amended by Section 39, Chapter 46, O.S.L. 2003 (43A O.S. Supp. 2004, Section 7-101), is amended to read as follows:

Section 7-101. A. The person in charge of a facility within the Department of Mental Health and Substance Abuse Services shall discharge a patient or permit the patient to leave the facility as provided herein.

B. The person in charge shall discharge a patient:

1. Who is no longer a risk to self or others as defined in Section 1-103 of this title; and

2. Who is capable of surviving safely in freedom alone or with the help of other state agencies, private entities, or willing and responsible family members or friends; and

3. For whom a discharge plan has been developed pursuant to the provisions of Section 7-102 of this title.

C. The person in charge may grant a convalescent leave or visiting status to a patient in accordance with policies prescribed by the Commissioner. The facility granting a convalescent leave or visiting status to a patient has no responsibility in returning the patient to the facility should such become necessary. A convalescent leave or visiting status may be granted rather than a

discharge when the patient's complete recovery can be determined only by permitting the patient to leave the facility. The person in charge shall discharge a patient who has not returned to the facility within twelve (12) months from the time a convalescent leave or visiting status was granted. Any return from convalescent leave or visiting status must be on a voluntary basis.

D. In accordance with policies prescribed by the Commissioner, a person in charge may transfer a patient to an outpatient or other nonhospital status when, in the opinion of the person in charge, such transfer will not be detrimental to the public welfare or injurious to the patient and the necessary treatment may be continued on that basis; provided however, that before transferring the patient, the person in charge shall ensure that appropriate financial resources and appropriate services are available to receive and care for such patient after such transfer.

E. The person in charge of the facility shall notify the court that committed the patient that the patient has been discharged. Such notification shall be within forty-eight (48) hours after the actual discharge.

F. The expense of returning a patient from convalescent leave, outpatient status or visiting status shall be that of:

1. The party removing the patient from the facility; or
2. The Department. When it becomes necessary for the patient to be returned from the county where the patient happens to be, the Department shall reimburse the county pursuant to the provisions of the State Travel Reimbursement Act.

G. In the event authorization is necessary to accomplish the return of the patient to the facility, such authority is hereby vested in the judge of the district court in the county where the patient is located. Upon receipt of notice that the patient needs to be returned to the facility, the judge shall cause the patient to be brought before the court by issuance of a citation directed to

the patient to appear and show cause why the patient should not be returned to the facility. The judge shall, if clear and convincing evidence is presented by testimony under oath that the patient should be returned to the facility, enter an order returning the patient. If there is a lack of clear and convincing evidence showing the necessity of such return, the patient shall immediately be released. Law enforcement officers are authorized to take into custody, detain and transport a patient pursuant to a citation or an order of the judge of the district court.

H. An attending physician of any patient admitted to a private facility may discharge a patient or permit the patient to leave the facility subject to the same provisions applicable to the discharge or release of a patient by the person in charge of a state facility.

When a person is refused admission to an approved treatment facility, the administrator, subject to rules adopted by

the Board, shall refer the person to another approved treatment facility for treatment if possible and appropriate.

C. When a patient receiving inpatient care leaves an approved treatment facility, the patient shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator in charge of the approved treatment facility that the patient is an alcohol- or drug-dependent person who requires help, the facility shall arrange for assistance in obtaining supportive services and residential facilities if possible and appropriate.

D. If the patient is a minor or an incompetent person, the request for discharge from an inpatient or residential facility shall be made by a parent, spouse, or legal guardian, or by the minor if the minor was voluntarily admitted.
