SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 4112 of Title 68, unless there is created a duplication in numbering, reads as follows:

It is the intent of the Legislature that:

1. The State of Oklahoma provide appropriate incentives to support retention of manufacturing establishments:

- a. that yield higher long-term benefits for job retention and increase the wealth of the state,
- b. that create competitive advantages for the State of Oklahoma in attracting and retaining industries and thus jobs, and
- c. that hold the promise of significant modernization and retooling that will assure the growth of the industry in Oklahoma and, by doing so, help enlarge the tax base and stabilize the economy of the State of Oklahoma when there is a direct threat to the existing revenue base and wealth of the state because existing establishments are at risk of being lost to other states or nations;

2. The amount of incentives provided pursuant to this act in connection with a particular establishment be directly related to benefits caused by retention of jobs and investment and the placing of new investment, created as a result of the establishment modernizing and retooling in, and thereby remaining and growing in the State of Oklahoma as reflected by the economic impact, historical contributions' trends and tax revenue projections analyses;

3. The Manufacturing Investment Committee created by this act, the Oklahoma Department of Commerce and the Oklahoma Tax Commission implement the provisions of this act and exercise all powers as authorized in the Oklahoma Manufacturing Investment Act. The exercise of powers conferred by the Oklahoma Manufacturing Investment Act shall be deemed and held to be the performance of essential public purposes; and

4. Nothing herein shall be construed to constitute a guarantee or assumption by the State of Oklahoma of any debt of any individual, company or corporation or association. Nor does the Oklahoma Manufacturing Investment Act authorize the credit of the State of Oklahoma to be given, pledged or loaned to any individual, company, corporation or association. Nothing herein shall be construed to constitute a gift by the State of Oklahoma to any individual, company, corporation or association.

Economic impacts, Historical Contributions Trends and Tax Revenues Projections Analyses conducted

by or on behalf of the Oklahoma Department of Commerce, may be performed and reviewed for the purposes of determining the desirability of offering a manufacturing investment agreement and the percentage of investment payments. Provided, investment payments shall in no event exceed ten percent (10%) of the retooling or modernization capital costs actually purchased and existing on the Oklahoma site that is the subject of the agreement. The Committee and the Oklahoma Department of Commerce are directed to give equal weight to retention benefits and growth benefits reflected in these analyses. Provided, a county, town or municipality in which an establishment eligible to receive annual investment payments pursuant to this section is located may join in the manufacturing investment agreement with the state and the establishment and set out that it intends to annually appropriate a portion of local sales tax revenue that shall be included in the quality investment payments. Provided further, the Department of Commerce may not enter into agreements that would result in payments from state revenues to all establishments in the program in an amount in excess of Ten Million Dollars (\$10,000,000.00) in any fiscal year. The maximum amount of projected investment for purposes of an agreement entered into under the Oklahoma Manufacturing Investment Act shall not exceed Fifty Million Dollars (\$50,000,000.00) over the term of the agreement.

B. In order to receive investment payments, an establishment shall apply to and enter into a manufacturing investment agreement with the Oklahoma Department of Commerce on behalf of the state, and the local community when the town, city or county resolves to join with the agreement. 2. Incur capital costs for new retooling or modernization projected to equal or exceed One Million Dollars (\$1,000,000.00) within twenty-four (24) months; and

3. Enter into a manufacturing investment agreement specifying:

Provided, for taxes collected on behalf of a municipality or county, that are specified by an appropriation by the city, town or county, as part of the local community to be included in the manufacturing investment payments in accordance with Section 4 of this act, then those amounts shall also be deposited into the fund. The amount deposited shall equal the sum of an amount provided by the Manufacturing Investment Committee as determined pursuant to the provisions of this act. All of the amounts deposited in such fund shall be used and expended by the Tax Commission solely for the purposes and in the amounts authorized by the Oklahoma Manufacturing Investment Act. The liability of the State of Oklahoma to make the incentive payments under the Oklahoma Manufacturing Investment Act shall be limited to the balance contained in the fund created by this section.

As soon as practicable after the end of a calendar year for which an establishment has qualified to receive an investment payment, the establishment shall file a claim for the payment with the Oklahoma Tax Commission for one-tenth (1/10) or less of the total amount of investment identified and specified in its manufacturing investment agreement. Provided, in the event the establishment applies for a payment before all investment for retooling or modernization has occurred, the payment shall be reduced by the percentage of investment costs predicted but not incurred at the time of the claim as those costs bear to the whole investment. In no event shall the first claim for investment payment be filed later than two (2) years from the start date designated by the Manufacturing Investment Committee. The Tax Commission shall verify for each calendar year the actual amount of capital investment in Oklahoma and the amounts of local communities'

sales tax rebates for the establishment. If the Tax Commission is not able to provide such verification utilizing all available resources, the Tax Commission may request such additional information from the establishment as may be necessary or may reject the establishment's claim.

B. If the capital costs for investment in retooling or investment does not meet or exceed One Million Dollars (\$1,000,000.00) within twenty-four (24) months of the start date of the establishment as set out in its agreement with the Manufacturing Investment Committee, investment payments shall cease and shall not be resumed.

D. An establishment that is receiving investment payments may not apply for additional investment payments for any new capital improvement projects until twelve (12) calendar quarters after receipt of the first investment payment, or until the establishment's actual verified capital costs of retooling and modernization equals or exceeds One Million Dollars (\$1,000,000.00), whichever comes first. After meeting the requirements of this subsection, an establishment may apply for additional investment payments based upon additional retooling and modernization capital costs and investment.

E. As soon as practicable after verification of the eligibility of the manufacturer as required by this section, the Tax Commission shall issue a warrant to the establishment.
