Of the printed Bill  
Of the Engrossed Bill

By inserting a new Section 2 to read as follows:

(see below)

and by renumbering the subsequent section of the bill.

AMEND TITLE TO CONFORM TO AMENDMENTS

Amendment submitted by: Charles Key

Adopted: \_\_\_\_\_

\_\_\_\_\_  
Reading Clerk

"SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 6-110.4 of Title 47, unless there is created a duplication in numbering, reads as follows:

A. Any agency or department of the state, or a political subdivision thereof, which, as of the effective date of this act, holds a membership with any organization that establishes national or international standards for the design, issuance, or renewal of driver licenses or identification cards, or the collection, storage, or exchange of information associated with such documents, is hereby directed to withdraw such membership within eighteen (18) months of the effective date of this act and is prohibited from reestablishing such membership at any future time. Any agency or department of the state, or a political subdivision thereof, shall not engage in any additional agreement or compact with such an organization after the effective date of this act. Any agency or department of the state, or a political subdivision thereof, which, as of the effective date of this act, does not hold such a membership, is prohibited from establishing such a membership at any future time.

B. Any information regarding the design, issuance, or renewal of driver licenses or identification cards in this state, or the collection, storage, or exchange of information associated with such documents, which has been provided by any department or agency of this state or a political subdivision thereof, to any organization that establishes national or international standards for the design, issuance, or renewal of driver licenses or identification cards, or the collection, storage, or exchange of information associated with such documents, shall be retrieved and secured by the Department of Public Safety.

C. Upon the effective date of this act, the Department of Public Safety shall have sixteen (16) months to create rules and reciprocity agreements and enter into those agreements with other states regarding the design, issuance, or renewal of driver licenses or identification cards in this state or the collection, storage, or exchange of information associated with such documents with departments and agencies of other states, and that such agreements shall not disclose any additional information beyond what is currently authorized by compact or agreement in effect on January 1, 2008, and that such rules and reciprocity agreements shall be approved by the Oklahoma Legislature before implementation.

D. Beginning one (1) month from the effective date of this act the Department of Public Safety shall not disclose any photograph, finger image or biometric information without a court order from a court of proper jurisdiction. This section shall not be construed as preventing the Department of Public Safety from entering into agreements with departments and agencies of other states, the federal government, or the governments of foreign countries regarding the acceptance of nonresident driver licenses or identification documents as provided in Section 6-102 of Title 47 of the Oklahoma Statutes."
