4 B. A record signed pursuant to subparagraph b of paragraph 1 of subsection A of
5 this section must:

6 1. Be witnessed by at least two adults, at least one of whom is a disinterested
7 witness, who have signed at the request of the individual; and

17 absence of an express, contrary indication by the individual set forth in the refusal, an

19 bars all other persons from making an anatomical gift of the individual's body or part.

20 SECTION 8. NEW LAW A new section of law to be codified in the Oklahoma
21 Statutes as Section 2200.8A of Title 63, unless there is created a duplication in

2 subsection F of this section, in the absence of an express, contrary indication by the
3 donor, a person other than the donor is barred from making, amending, or revoking an
4 anatomical gift of a donor's body or part if the donor made an anatomical gift of the
5 donor's body or part under Section 5 of this act or an amendment to an anatomical gift of
6 the donor's body or part under Section 6 of this act.

7 B. A donor's revocation of an anatomical gift of the donor's body or part under
8 Section 6 of this act is not a refusal and does not bar another person specified in Section
9 4 or 9 of this act from making an anatomical gift of the donor's body or part under
10 Section 5 or 10 of this act.

11 C. If a person other than the donor makes an unrevoked anatomical gift of the
12 donor's body or part under Section 5 of this act or an amendment to an anatomical gift of
13 the donor's body or part under Section 6 of this act, another person may not make,

15 D. A revocation of an anatomical gift of a donor's body or part under Section 6 of
16 this act by a person other than the donor does not bar another person from making an
17 anatomical gift of the body or part under Section 5 or 10 of this act.

18 E. In the absence of an express, contrary indication by the donor or other person
19 authorized to make an anatomical gift under Section 4 of this act, an anatomical gift of a
20 part is neither a refusal to give another part nor a limitation on the making of an
21 anatomical gift of another part at a later time by the donor or another person.

1 F. In the absence of an express, contrary indication by the donor or other person
2 authorized to make an anatomical gift under Section 4 of this act, an anatomical gift of a
3 part for one or more of the purposes set forth in Section 4 of this act is not a limitation on
4 the making of an anatomical gift of the part for any of the other purposes by the donor or
5 any other person under Section 5 or 10 of this act.

6 G. If a donor who is an unemancipated minor dies, a parent of the donor who is
7 reasonably available may revoke or amend an anatomical gift of the donor's body or part.

8 H. If an unemancipated minor who signed a refusal dies, a parent of the minor who
9 is reasonably available may revoke the minor's refusal.

10 SECTION 9. NEW LAW A new section of law to be codified in the Oklahoma
11 Statutes as Section 2200.9A of Title 63, unless there is created a duplication in
12 numbering, reads as follows:

13 A. Subject to subsections B and C of this section and unless barred by Section 7 or 8
14 of this act, an anatomical gift of a decedent's body or part for purpose of transplantation,
15 therapy, research, or education may be made by any member of the following classes of

8 B. If there is more than one member of a class listed in paragraph 1, 3, 4, 5, 6, 7 or

9 9 of subsection A of this section entitled to make an anatomical gift, an anatomical gift

10 may be made by a member of the class unless that member or a person to whom the gift

11 may pass under Section 11 of this act knows of an objection by another member of the

12 class. If an objection is known, the gift may be made only by a majority of the members

13 of the class who are reasonably available.

14 C. A person may not make an anatomical gift if, at the time of the decedent's death,

15 a person in a prior class under subsection A of this section is reasonably available to

16 make or to object to the making of an anatomical gift.

17 SECTION 10. NEW LAW A new section of law to be codified in the Oklahoma

18 Statutes as Section 2200.10A of Title 63, unless there is created a duplication in

19 numbering, reads as follows:

2 reduced to a record and signed by the individual receiving the oral communication.

3 B. Subject to subsection C of this section, an anatomical gift by a person authorized
4 under Section 9 of this act may be amended or revoked orally or in a record by any

6 prior class is reasonably available, the gift made by a person authorized under Section 9
7 of this act may be:

8 1. Amended only if a majority of the reasonably available members agree to
9 amending the gift; or

10 2. Revoked only if a majority of the members agree to the revoking of the gift or if
11 they are equally divided as to whether to revoke the gift.

12 C. A revocation under subsection B of this section is effective only if, before an
13 incision has been made to remove a part from the donor's body or before invasive
14 procedures have begun to prepare the recipient, the procurement organization,
15 transplant hospital, or physician or technician knows of the revocation.

16 SECTION 11. NEW LAW A new section of law to be codified in the Oklahoma
17 Statutes as Section 2200.11A of Title 63, unless there is created a duplication in

7 person making the anatomical gift.

8 C. If an anatomical gift of one or more specific parts or of all parts is made in a
9 document of gift that does not name a person described in subsection A of this section but

15 the gift passes to the appropriate tissue bank;

16 3. If the part is an organ and the gift is for the purpose of transplantation or

19 4. If the part is an organ, an eye, or tissue and the gift is for the purpose of research
20 or education, the gift passes to the appropriate procurement organization.

21 D. For the purpose of subsection C of this section, if there is more than one purpose
22 of an anatomical gift set forth in the document of gift but the purposes are not set forth

7 and the gift passes in accordance with subsection G of this section.

8 F. If a document of gift specifies only a general intent to make an anatomical gift by
9 words such as “donor”, “organ donor”, or “body donor”, or by a symbol or statement of
10 similar import, the gift may be used for transplantation, research, or therapy, and the
11 gift passes in accordance with subsection G of this section.

12 G. For purposes of subsections B, E and F of this section, the following rules apply:

- 13 1. If the part is an eye, the gift passes to the appropriate eye bank;

17 H. An anatomical gift of an organ for transplantation or therapy, other than an
18 anatomical gift under paragraph 2 of subsection A of this section, passes to the organ
19 procurement organization as custodian of the organ.

20 I. If an anatomical gift does not pass pursuant to subsections A through H of this
21 section or the decedent’s body or part is not used for transplantation, therapy, research,

1 or education, custody of the body or part passes to the person under obligation to dispose
2 of the body or part.

3 J. A person may not accept an anatomical gift if the person knows that the gift was
4 not effectively made under Section 5 or 10 of this act or if the person knows that the
5 decedent made a refusal under Section 7 of this act that was not revoked. For purposes
6 of this subsection, if a person knows that an anatomical gift was made on a document of
7 gift, the person is deemed to know of any amendment or revocation of the gift or any
8 refusal to make an anatomical gift on the same document of gift.

9 K. Except as otherwise provided in paragraph 2 of subsection A of this section,
10 nothing in this act affects the allocation of organs for transplantation or therapy.

22 search required by paragraph 1 of subsection A of this section and the individual or

1 deceased individual to whom it relates is taken to a hospital, the person responsible for
2 conducting the search shall send the document of gift or refusal to the hospital.

3 C. A person is not subject to criminal or civil liability for failing to discharge the
4 duties imposed by this section but may be subject to administrative sanctions.

5 SECTION 13. NEW LAW A new section of law to be codified in the Oklahoma
6 Statutes as Section 2200.13A of Title 63, unless there is created a duplication in

9 effective.

10 B. Upon or after an individual's death, a person in possession of a document of gift
11 or a refusal to make an anatomical gift with respect to the individual shall allow
12 examination and copying of the document of gift or refusal by a person authorized to
13 make or object to the making of an anatomical gift with respect to the individual or by a
14 person to which the gift could pass under Section 11 of this act.

21 geographical area in which the individual resides to ascertain whether the individual has
22 made an anatomical gift.

1 B. A procurement organization must be allowed reasonable access to information in
2 the records of the Department of Public Safety to ascertain whether an individual at or
3 near death is a donor.

4 C. When a hospital refers an individual at or near death to a procurement
5 organization, the organization may conduct any reasonable examination necessary to
6 ensure the medical suitability of a part that is or could be the subject of an anatomical
7 gift for transplantation, therapy, research, or education from a donor or a prospective
8 donor. During the examination period, measures necessary to ensure the medical
9 suitability of the part may not be withdrawn unless the hospital or procurement
10 organization knows that the individual expressed a contrary intent.

11 D. Unless prohibited by any other provisions of law, at any time after a donor's
12 death, the person to whom a part passes under Section 11 of this act may conduct any
13 reasonable examination necessary to ensure the medical suitability of the body or part
14 for its intended purpose.

15 E. Unless prohibited by any other provisions of law, an examination under
16 subsection C or D of this section may include an examination of all medical and dental
17 records of the donor or prospective donor.

18 F. Upon the death of a minor who was a donor or had signed a refusal, unless a
19 procurement organization knows the minor is emancipated, the procurement
20 organization shall conduct a reasonable search for the parents of the minor and provide
21 the parents with an opportunity to revoke or amend the anatomical gift or revoke the
22 refusal.

1 G. Upon referral by a hospital under subsection A of this section, a procurement
2 organization shall make a reasonable search for any person listed in Section 9 of this act
3 having priority to make an anatomical gift on behalf of a prospective donor. If a
4 procurement organization receives information that an anatomical gift to any other
5 person was made, amended, or revoked, it shall promptly advise the other person of all
6 relevant information.

7 H. Subject to subsection I of Section 11 and Section 23 of this act, the rights of the
8 person to which a part passes under Section 11 of this act are superior to the rights of all
9 others with respect to the part. The person may accept or reject an anatomical gift in
10 whole or in part. Subject to the terms of the document of gift and this act, a person that
11 accepts an anatomical gift of an entire body may allow embalming, burial or cremation,
12 and use of remains in a funeral service. If the gift is of a part, the person to which the
13 part passes under Section 11 of this act, upon the death of the donor and before
14 embalming, burial, or cremation, shall cause the part to be removed without unnecessary
15 mutilation.

16 I. Neither the physician who attends the decedent at death nor the physician who
17 determines the time of the decedent's death may participate in the procedures for
18 removing or transplanting a part from the decedent.

19 J. A physician or technician may remove a donated part from the body of a donor
20 that the physician or technician is qualified to remove.

10 valuable consideration, knowingly purchases or sells a part for transplantation or
11 therapy if removal of a part from an individual is intended to occur after the individual's
12 death commits a felony and upon conviction is subject to a fine of not more than Fifty
13 Thousand Dollars (\$50,000.00) or imprisonment for not more than five (5) years, or both

10 any injury or damage that results from the making or use of the gift.

11 C. In determining whether an anatomical gift has been made, amended, or revoked
12 under this act, a person may rely upon representations of an individual listed in
13 paragraph 2, 3, 4, 5, 6, 7 or 8 of subsection A of Section 9 of this act relating to the
14 individual's relationship to the donor or prospective donor unless the person knows that
15 the representation is untrue.

16 SECTION 19. NEW LAW A new section of law to be codified in the Oklahoma
17 Statutes as Section 2200.19A of Title 63, unless there is created a duplication in
18 numbering, reads as follows:

2 was domiciled, has a place of residence, or was a national at the time the document of gift
3 was executed.

4 B. If a document of gift is valid under this section, the law of this state governs the
5 interpretation of the document of gift.

6 C. A person may presume that a document of gift or amendment of an anatomical

8 SECTION 20. NEW LAW A new section of law to be codified in the Oklahoma
9 Statutes as Section 2200.20A of Title 63, unless there is created a duplication in
10 numbering, reads as follows:

11 A. 1. There is hereby established within the State Department of Health, an organ,
12 eye and tissue donor registry for the State of Oklahoma to be known as the “Life Share
13 Donor Registry”. The Department is authorized to contract with the designated organ
14 procurement organization who shall act on behalf of the Department by carrying out the
15 functions of the Department in the administration of the registry, in compliance with 18
16 U.S.C. Section 2721. The contract between the Department and the designated organ
17 procurement organization shall be subject to the concurrence and approval of the
18 Department of Public Safety.

19 2. The registry shall maintain and update as needed the pertinent information on
20 all Oklahomans who have indicated a willingness to be an organ donor, eye donor or
21 tissue donor by a designation on a driver license, a state identification card, a donor card,
22 an online or other organ donor registry enrollment form, or any other document of gift.

1 3. The registry and all information therein shall be confidential and shall be subject
2 to access only by the designated organ procurement organization and by eye banks and
3 tissue banks licensed by the State of Oklahoma seven (7) days a week, twenty-four (24)
4 hours per day; however, the personal information and highly restricted personal
5 information shall only be available to the designated organ, tissue, and eye procurement
6 organizations solely for the purpose of identifying a potential donor and only when acting
7 on behalf of the State Department of Health as prescribed in paragraph 1 of this
8 subsection. The placement of any personal information and highly restricted personal
9 information on the registry that, at the time of placement, was confidential under the
10 Open Records Act or the Driver's Privacy Protection Act (DPPA), 18 U.S.C. Sections 2721
11 through 2725, shall remain confidential.

12 4. The purpose of the registry shall include, but not be limited to:

- 13 a. providing a means of recovering an anatomical gift for transplantation
- 14 or research, and
- 15 b. collecting data to develop and evaluate the effectiveness of educational
- 16 initiatives promoting organ, eye and tissue donation.

17 B. Procedures to administer the Life Share Donor Registry shall specify:

18 1. The information placed in the registry may include personal information and
19 highly restricted personal information, as defined in 18 U.S.C. Section 2721, and access
20 to such information shall conform to the Driver's Privacy Protection Act (DPPA), 18
21 U.S.C. Sections 2721 through 2725;

1 2. Authorization for the designated organ procurement organization or an eye or
2 tissue bank, licensed by the State of Oklahoma, to analyze registry data under research
3 protocols directed toward determination and identification of the means to promote and
4 increase organ, eye and tissue donation within this state;

5 3. A process for updating information in the registry including a method whereby
6 an individual may revoke his or her intent to be an organ, eye, or tissue donor;

7 4. The method for making information on the registry available to the designated
8 organ procurement organizations and to tissue banks and eye banks licensed by the
9 State of Oklahoma;

10 5. Limitations on the use of and access to the registry;

11 6. A toll-free telephone number, available twenty-four (24) hours a day, for use by
12 the public to obtain information on becoming an organ, tissue or eye donor;

13 7. A process for establishing, implementing, maintaining, and administering an
14 online organ, eye and tissue donor registration process and ensuring the confidentiality
15 of information provided;

16 8. A process for a donor who has registered online to sign a confirmation card that
17 will be returned to the designated organ procurement organization and made part of the
18 registry record; and

19 9. Procedures for collaborating with the Department of Public Safety to transmit
20 stored driver license data by the Department of Public Safety, in conformance with 18
21 U.S.C. Section 2721, to the Life Share Donor Registry maintained by the designated
22 organ procurement organization, and to ensure the confidentiality of such information for

1 present and potential donors. Monies credited to the Oklahoma Organ Donor Education
2 and Awareness Program Revolving Fund created in Section 2220.3 of Title 63 of the
3 Oklahoma Statutes may be used for a one-time transfer to the Department of Public
4 Safety for the reasonable costs associated with the initial installation and setup of
5 equipment and software for electronic transfer of donor information. All actual electronic
6 transfers of donor information shall be at no charge to the designated organ procurement
7 organization; however, all costs associated with the creation and maintenance of the Life
8 Share Donor Registry shall be paid by the designated organ procurement organization.

9 C. Information obtained by the designated organ procurement organization shall be
10 used for the purpose of:

11 1. Establishing a statewide organ, eye, and tissue donor registry that is accessible
12 to designated organ procurement organizations and to eye banks and tissue banks,
13 licensed by the State of Oklahoma, for the recovery, preservation, transportation, and
14 placement of organs, eyes, and tissue; and

15 2. Designated organ procurement organizations in other states when an Oklahoma
16 resident is a donor of an anatomical gift and is not located in Oklahoma at the time of
17 death or immediately before the death of the donor.

18 SECTION 21. NEW LAW A new section of law to be codified in the Oklahoma
19 Statutes as Section 2200.21A of Title 63, unless there is created a duplication in
20 numbering, reads as follows:

21 A. As used in this section:

1 1. “Advance health care directive” means a power of attorney for health care or a
2 record signed or authorized by a prospective donor containing the prospective donor’s
3 direction concerning a health care decision for the prospective donor;

4 2. “Declaration” means a record signed by a prospective donor specifying the
5 circumstances under which a life support system may be withheld or withdrawn from the
6 prospective donor; and

7 3. “Health care decision” means any decision regarding the health care of the
8 prospective donor.

9 B. If a prospective donor has a declaration or advance health care directive and the
10 terms of the declaration or directive and the express or implied terms of a potential
11 anatomical gift are in conflict with regard to the administration of measures necessary to
12 ensure the medical suitability of a part for transplantation or therapy, the prospective
13 donor’s attending physician and prospective donor shall confer to resolve the conflict. If
14 the prospective donor is incapable of resolving the conflict, an agent acting under the
15 prospective donor’s declaration or directive, or, if none or the agent is not reasonably
16 available, another person authorized by law other than this act to make health care
17 decisions on behalf of the prospective donor, shall act for the donor to resolve the conflict.
18 The conflict must be resolved as expeditiously as possible. Information relevant to the
19 resolution of the conflict may be obtained from the appropriate procurement organization
20 and any other person authorized to make an anatomical gift for the prospective donor
21 under Section 9 of this act. Before resolution of the conflict, measures necessary to
22 ensure the medical suitability of the part may not be withheld or withdrawn from the

1 prospective donor if withholding or withdrawing the measures is not contraindicated by
2 appropriate end-of-life care.

3 SECTION 22. NEW LAW A new section of law to be codified in the Oklahoma
4 Statutes as Section 2200.22A of Title 63, unless there is created a duplication in
5 numbering, reads as follows:

6 A. A medical examiner shall cooperate with procurement organizations to
7 maximize the opportunity to recover anatomical gifts for the purpose of transplantation,
8 therapy, research, or education.

9 B. If a medical examiner receives notice from a procurement organization that an
10 anatomical gift might be available or was made with respect to a decedent whose body is
11 under the jurisdiction of the medical examiner and a postmortem examination is going to
12 be performed, unless the medical examiner denies recovery in accordance with Section 23
13 of this act, the medical examiner or designee shall conduct a postmortem examination of
14 the body or the part in a manner and within a period compatible with its preservation for
15 the purposes of the gift.

16 C. A part may not be removed from the body of a decedent under the jurisdiction of
17 a medical examiner for transplantation, therapy, research, or education unless the part
18 is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the
19 medical examiner may not be delivered to a person for research or education unless the
20 body is the subject of an anatomical gift. This subsection does not preclude a medical
21 examiner from performing the medicolegal investigation upon the body or parts of a
22 decedent under the jurisdiction of the medical examiner.

1 SECTION 23. NEW LAW A new section of law to be codified in the Oklahoma
2 Statutes as Section 2200.23A of Title 63, unless there is created a duplication in
3 numbering, reads as follows:

4 A. Upon request of a procurement organization, a medical examiner shall release to
5 the procurement organization the name, contact information, and available medical and
6 social history of a decedent whose body is under the jurisdiction of the medical examiner.
7 If the decedent's body or part is medically suitable for transplantation, therapy, research,
8 or education, the medical examiner shall release postmortem examination results to the
9 procurement organization. The procurement organization may make a subsequent
10 disclosure of the postmortem examination results or other information received from the
11 medical examiner only if relevant to transplantation, therapy, research or education.

12 B. The medical examiner may conduct a medicolegal investigation by reviewing all
13 medical records, laboratory test results, x-rays, other diagnostic results, and other
14 information that any person possesses about a donor or prospective donor whose body is
15 under the jurisdiction of the medical examiner that the medical examiner determines
16 may be relevant to the investigation.

17 C. A person who has any information requested by a medical examiner pursuant to
18 subsection B of this section shall provide that information as expeditiously as possible to
19 allow the medical examiner to conduct the medicolegal investigation within a period
20 compatible with the preservation of parts for the purpose of transplantation, therapy,
21 research, or education.

1 D. If an anatomical gift has been or might be made of a part of a decedent whose
2 body is under the jurisdiction of the medical examiner and a postmortem examination is
3 not required, or the medical examiner determines that a postmortem examination is
4 required but that the recovery of the part that is the subject of an anatomical gift will not
5 interfere with the examination, the medical examiner and procurement organization
6 shall cooperate in the timely removal of the part from the decedent for the purpose of
7 transplantation, therapy, research, or education.

8 E. The medical examiner and procurement organizations shall enter into an
9 agreement setting forth protocols and procedures to govern relations between the parties
10 when an anatomical gift of a part from the decedent under the jurisdiction of the medical
11 examiner has been or might be made, but the medical examiner believes that the
12 recovery of the part could interfere with the postmortem investigation into the decedent's
13 cause or manner of death. Decisions regarding the recovery of organs, tissue and eyes
14 from such a decedent shall be made in accordance with the agreement. In the event that
15 the medical examiner denies recovery of an anatomical gift, the procurement
16 organization may request the Chief Medical Examiner to reconsider the denial and to
17 permit the recovery to proceed. The parties shall evaluate the effectiveness of the
18 protocols and procedures at regular intervals but no less frequently than every two (2)
19 years.

20 F. If the medical examiner or designee allows recovery of a part under subsection D
21 or E of this section, the procurement organization, upon request, shall cause the
22 physician or technician who removes the part to provide the medical examiner with a

1 record describing the condition of the part, a biopsy, a photograph, and any other
2 information and observations that would assist in the postmortem examination.

3 G. If a medical examiner or designee is required to be present at a removal
4 procedure under subsection E of this section, upon request the procurement organization
5 requesting the recovery of the part shall reimburse the medical examiner or designee for
6 the additional costs incurred in complying with subsection E of this section.

7 SECTION 24. NEW LAW A new section of law to be codified in the Oklahoma
8 Statutes as Section 2200.24A of Title 63, unless there is created a duplication in
9 numbering, reads as follows:

10 In applying and construing this uniform act, consideration must be given to the
11 need to promote uniformity of the law with respect to its subject matter among states
12 that enact it.

13 SECTION 25. NEW LAW A new section of law to be codified in the Oklahoma
14 Statutes as Section 2200.25A of Title 63, unless there is created a duplication in
15 numbering, reads as follows:

16 This act modifies, limits, and supersedes the Electronic Signatures in Global and
17 National Commerce Act, 15 U.S.C. Section 7001 et seq., but does not modify, limit or
18 supersede Section 101(a) of that act, 15 U.S.C. Section 7001, or authorize electronic
19 delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Section
20 7003(b).

1 SECTION 26. NEW LAW A new section of law to be codified in the Oklahoma
2 Statutes as Section 2200.26A of Title 63, unless there is created a duplication in
3 numbering, reads as follows:

4 Any references in the Oklahoma Statutes to the Uniform Anatomical Gift Act shall
5 mean the Oklahoma Uniform Anatomical Gift Act.

6 SECTION 27. NEW LAW A new section of law to be codified in the Oklahoma
7 Statutes as Section 2200.27A of Title 63, unless there is created a duplication in
8 numbering, reads as follows:

9 Neither the Office of the Chief Medical Examiner nor any employee of the Office of
10 the Chief Medical Examiner of this state shall receive compensation of any kind from any
11 organ, eye or tissue recovery organization except as provided in subsection G of Section
