Committee Substitute for  
ENGROSSED  
Senate Bill No. 854

COMMITTEE SUBSTITUTE FOR ENGROSSED SENATE BILL NO. 854 - By: SCHULZ  
of the Senate and SANDERS of the House.

An Act relating to roads, bridges and ferries; amending 69 O.S. 2001, Section 662, as amended by Section 3, Chapter 157, O.S.L. 2006 (69 O.S. Supp. 2008, Section 662), which relates to the County Bridge and Road Improvement Act; modifying amount of county bridge project which may be reimbursed according to certain procedure or done by certain method; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

1       SECTION 1.   AMENDATORY   69 O.S. 2001, Section 662, as amended by  
2   Section 3, Chapter 157, O.S.L. 2006 (69 O.S. Supp. 2008, Section 662), is amended to  
3   read as follows:

4       Section 662. A. The program and funds shall be administered by the ~~Oklahoma~~  
5   Department of Transportation under a minimum of policies, guidelines and engineering  
6   design standards. Approved projects will be awarded to contractors by the ~~State~~  
7   Transportation Commission or by other federal or state agencies under their normal  
8   competitive bidding procedures, excluding prequalification of bidders. Force account  
9   road projects may be approved for a county by the Transportation Commission. No force

1 account county bridge project shall be reimbursed in excess of ~~Two Hundred Thousand~~  
2 ~~Dollars (\$200,000.00)~~ Four Hundred Thousand Dollars (\$400,000.00). No county road  
3 project in excess of ~~Two Hundred Thousand Dollars (\$200,000.00)~~ Four Hundred  
4 Thousand Dollars (\$400,000.00), excluding the cost for engineering, right-of-way  
5 acquisition, and utility relocation, in cost shall be done by the force account method.

6 B. Funds available for the County Bridge and Road Improvement Act shall not be  
7 subject to fiscal year limitations and shall be available for encumbrance and expenditure  
8 purposes for a period of thirty (30) months from the effective date such funds are  
9 appropriated.

10 C. In order to receive reimbursement for constructing a force account bridge, a  
11 county shall have sufficient funds in the County Bridge and Road Improvement Fund to  
12 pay the reimbursement request cost. Upon completion of a force account bridge, the  
13 board of county commissioners shall request an inspection of the bridge in accordance  
14 with the criteria set forth by the National Bridge Inventory Program.

15 D. When the force account bridge has been inspected and achieves a load rating of  
16 H. twenty (20) tons or greater, the board of county commissioners may submit a request  
17 for reimbursement to the Department of Transportation. The county shall receive  
18 reimbursement for all costs claimed relating to the construction of the bridge provided  
19 the inspection report indicates that the county has met or exceeded the criteria set forth  
20 in this section. The resolution for reimbursement submitted by the board of county  
21 commissioners shall serve to satisfy the requirements of Section 41.16 of Title 62 of the

1 Oklahoma Statutes. County force account bridges eligible for reimbursement from the  
2 County Bridge and Road Improvement Fund shall meet or exceed the following criteria:

3 1. The bridge has been built according to the current edition of the County Bridge  
4 Standards manual or from field notes drawn by a registered professional engineer that  
5 provide the basic structural requirements to achieve a load rating of H. twenty (20) tons  
6 or greater. Field notes may be handwritten specifications or sketches which have been  
7 stamped or signed;

8 2. The finished bridge shall achieve a twenty-ton or greater rating. The rating  
9 criteria shall be determined by the National Bridge Inventory and approved by the  
10 Department of Transportation for bridges twenty (20) feet or more in length;

11 3. The subsurface foundation of the bridge shall meet the minimum guidelines  
12 established by using approved engineering methods, details of which shall be kept as  
13 shop notes;

14 4. The finished bridge shall have a minimum roadway width of twenty-four (24)  
15 feet; and

16 5. Materials used in the construction of the bridge shall meet or exceed the  
17 specifications for materials as specified in the current edition of the County Bridge  
18 Standards or certified in writing by the engineer or supplier.

19 E. Monies from the County Bridge and Road Improvement Fund may be used to  
20 establish minimum standards for guardrail applications on low-traffic-volume county  
21 roads. The board of directors of the association representing the county commissioners of  
22 Oklahoma may request the development of guardrail standards for bridges on low-traffic-

1 volume county roads, as defined in the county road standard manual, the cost of which  
2 shall be paid from monies from the County Bridge and Road Improvement Fund.

3 F. Prior to construction of the bridge, a county may request that construction  
4 supervision be provided by the Circuit Engineering District of which the county is a  
5 member to ensure quality control and quality assurance.

6 SECTION 2. This act shall become effective July 1, 2009.

7 SECTION 3. It being immediately necessary for the preservation of the public  
8 peace, health and safety, an emergency is hereby declared to exist, by reason whereof  
9 this act shall take effect and be in full force from and after its passage and approval.

10 COMMITTEE REPORT BY: COMMITTEE ON APPROPRIATIONS AND BUDGET,  
11 dated 04-07-09 - DO PASS, As Amended.
