THE STATE SENATE
Monday, February 23, 2009

Senate Bill No. 1088
As Amended

SENATE BILL NO. 1088 - By: Newberry of the Senate and Jordan of the House.

[revenue and taxation - certain income tax credits
transferrable - establishing procedures - effective date]

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 68 O.S. 2001, Section 2357.4, as last amended by Section 29, Chapter 281, O.S.L. 2006 (68 O.S. Supp. 2008, Section 2357.4), is amended to read as follows:

Section 2357.4 A. Except as otherwise provided in subsection F of Section 3658 of this title, for taxable years beginning after December 31, 1987, there shall be allowed a credit against the tax imposed by Section 2355 of this title for:

- 1. Investment in qualified depreciable property placed in service during those years for use in a manufacturing operation, as defined in Section 1352 of this title, which has received a manufacturer exemption permit pursuant to the provisions of Section 1359.2 of this title or a qualified aircraft maintenance or manufacturing facility as defined in paragraph 14 of Section 1357 of this title in this state or a qualified web search portal as defined paragraph 35 of Section 1357 of this title; or

1 2. A net increase in the number of full-time-equivalent
2 employees engaged in manufacturing, processing or aircraft
3 maintenance in this state including employees engaged in support
4 services.

5 B. Except as otherwise provided in subsection F of Section 3658
6 of this title, for taxable years beginning after December 31, 1998,
7 there shall be allowed a credit against the tax imposed by Section
8 2355 of this title for:

9 1. Investment in qualified depreciable property with a total
10 cost equal to or greater than Forty Million Dollars (\$40,000,000.00)
11 within three (3) years from the date of initial qualifying
12 expenditure and placed in service in this state during those years
13 for use in the manufacture of products described by any Industry
14 Number contained in Division D of Part I of the Standard Industrial
15 Classification (SIC) Manual, latest revision; or

16 2. A net increase in the number of full-time-equivalent
17 employees in this state engaged in the manufacture of any goods
18 identified by any Industry Number contained in Division D of Part I
19 of the Standard Industrial Classification (SIC) Manual, latest
20 revision, if the total cost of qualified depreciable property placed
21 in service by the business entity within the state equals or exceeds
22 Forty Million Dollars (\$40,000,000.00) within three (3) years from
23 the date of initial qualifying expenditure.

1 C. The business entity may claim the credit authorized by
2 subsection B of this section for expenditures incurred or for a net
3 increase in the number of full-time-equivalent employees after the
4 business entity provides proof satisfactory to the Oklahoma Tax
5 Commission that the conditions imposed pursuant to paragraph 1 or
6 paragraph 2 of subsection B of this section have been satisfied.

7 D. If a business entity fails to expend the amount required by
8 paragraph 1 or paragraph 2 of subsection B of this section within
9 the time required, the business entity may not claim the credit
10 authorized by subsection B of this section, but shall be allowed to
11 claim a credit pursuant to subsection A of this section if the
12 requirements of subsection A of this section are met with respect to
13 the investment in qualified depreciable property or net increase in
14 the number of full-time-equivalent employees.

15 E. The credit provided for in subsection A of this section, if
16 based upon investment in qualified depreciable property, shall not
17 be allowed unless the investment in qualified depreciable property
18 is at least Fifty Thousand Dollars (\$50,000.00). The credit
19 provided for in subsection A or B of this section shall not be
20 allowed if the applicable investment is the direct cause of a
21 decrease in the number of full-time-equivalent employees. Qualified
22 property shall be limited to machinery, fixtures, equipment,
23 buildings or substantial improvements thereto, placed in service in

1 this state during the taxable year. The taxable years for which the
2 credit may be allowed if based upon investment in qualified
3 depreciable property shall be measured from the year in which the
4 qualified property is placed in service. If the credit provided for
5 in subsection A or B of this section is calculated on the basis of
6 the cost of the qualified property, the credit shall be allowed in
7 each of the four (4) subsequent years. If the qualified property on
8 which a credit has previously been allowed is acquired from a
9 related party, the date such property is placed in service by the
10 transferor shall be considered to be the date such property is
11 placed in service by the transferee, for purposes of determining the
12 aggregate number of years for which credit may be allowed.

13 F. The credit provided for in subsection A or B of this
14 section, if based upon an increase in the number of full-time-
15 equivalent employees, shall be allowed in each of the four (4)
16 subsequent years only if the level of new employees is maintained in
17 the subsequent year. In calculating the credit by the number of new
18 employees, only those employees whose paid wages or salary were at
19 least Seven Thousand Dollars (\$7,000.00) during each year the credit
20 is claimed shall be included in the calculation. Provided, that the
21 first year a credit is claimed for a new employee, such employee may
22 be included in the calculation notwithstanding paid wages of less
23 than Seven Thousand Dollars (\$7,000.00) if the employee was hired in

1 the last three quarters of the tax year, has wages or salary which
2 will result in annual paid wages in excess of Seven Thousand Dollars
3 (\$7,000.00) and the taxpayer submits an affidavit stating that the
4 employee's position will be retained in the following tax year and
5 will result in the payment of wages in excess of Seven Thousand
6 Dollars (\$7,000.00). The number of new employees shall be
7 determined by comparing the monthly average number of full-time
8 employees subject to Oklahoma income tax withholding for the final
9 quarter of the taxable year with the corresponding period of the
10 prior taxable year, as substantiated by such reports as may be
11 required by the Tax Commission.

12 G. The credit allowed by subsection A of this section shall be
13 the greater amount of either:

14 1. One percent (1%) of the cost of the qualified property in
15 the year the property is placed in service; or

16 2. Five Hundred Dollars (\$500.00) for each new employee. No
17 credit shall be allowed in any taxable year for a net increase in
18 the number of full-time-equivalent employees if such increase is a
19 result of an investment in qualified depreciable property for which
20 an income tax credit has been allowed as authorized by this section.

21 H. The credit allowed by subsection B of this section shall be
22 the greater amount of either:

1 1. Two percent (2%) of the cost of the qualified property in
2 the year the property is placed in service; or

3 2. One Thousand Dollars (\$1,000.00) for each new employee.

4 No credit shall be allowed in any taxable year for a net
5 increase in the number of full-time-equivalent employees if such
6 increase is a result of an investment in qualified depreciable
7 property for which an income tax credit has been allowed as
8 authorized by this section.

9 I. Except as provided by subsection G of Section 3658 of this
10 title, any credits allowed but not used in any taxable year may be
11 carried over in order as follows:

12 1. To each of the four (4) years following the year of
13 qualification; and

14 2. To the extent not used in those years in order to each of
15 the fifteen (15) years following the initial five-year period.

16 To the extent not used in paragraphs 1 and 2 of this subsection,
17 such credits from qualified depreciable property placed in service
18 on or after January 1, 2000, may be utilized in any subsequent tax
19 years after the initial twenty-year period.

20 J. Credits available to be claimed before the effective date of
21 this act pursuant to subsection B of this section to a business
22 entity engaged in the production of paper consumer products and
23 located in a county of this state having a population of more than

1 five hundred thousand (500,000) according to the latest Federal
2 Decennial Census, but not used, shall be freely transferable **before**
3 **January 1, 2014**, by written agreement to subsequent transferees at
4 any time following the year of qualification; provided that the
5 amount of any credit transferred pursuant to this subsection shall
6 only be granted to the subsequent transferee at an amount equal to
7 ninety percent (90%) of the original face amount of the credit, and
8 the amount of any credit transferred in a tax year shall not exceed
9 **twenty percent (20%) of the total credits available to be claimed**
10 **before the effective date of this act.** The transferor must invest,
11 within sixty (60) months of the transfer of the credits, an amount
12 equal to the net proceeds received in connection with the transfer,
13 in capital expenditures for an Oklahoma business entity eligible
14 pursuant to this subsection. The transferor shall be required to
15 certify annually such reinvestment in accordance with procedures
16 developed by the Tax Commission. An eligible transferee shall be
17 any taxpayer subject to the tax imposed by Section 1803 or Section
18 2355 of this title or Section 624 or 628 of Title 36 of the Oklahoma
19 Statutes. The transferor and the subsequent transferee shall
20 jointly file a copy of the written credit transfer agreement with
21 the Tax Commission within thirty (30) days of the transfer. The
22 written agreement shall contain the name and address and taxpayer
23 identification number of the parties to the transfer, the original

1 face amount of credit being transferred, the new reduced amount of
2 the transferred credit which is the amount of credit that the
3 transferee is allowed to utilize, and the year the credit was
4 originally allowed to the transferor. The Tax Commission may
5 promulgate rules to permit verification of the validity and
6 timeliness of a tax credit claimed upon a tax return pursuant to
7 this subsection but shall not promulgate any rules which unduly
8 restrict or hinder the transfers of such tax credit. The
9 transferred credits, upon election of the transferee taxpayer, shall
10 be treated and may be claimed as a payment of tax, a prepayment of
11 tax or a payment of estimated tax for purposes of Section 1803 or
12 2355 of this title or Section 624 or 628 of Title 36 of the Oklahoma
13 Statutes.

14 K. As used in this subsection, "recapture event" means that
15 with respect to the credits which may be transferred pursuant to
16 subsection J of this section:

17 1. The business entity eligible pursuant to subsection J of
18 this section fails to invest the net proceeds received in connection
19 with the transfer of the credits within sixty (60) months of the
20 transfer of such credits in capital expenditures for an Oklahoma
21 business entity eligible pursuant to subsection J of this section;
22 or

1 2. The Tax Commission finds that the investment does not meet
2 the requirements of subsection J of this section.

3 L. If a recapture event occurs with respect to a transferrable
4 credit authorized pursuant to subsection J of this section, the tax
5 imposed pursuant to the applicable provisions of Title 68 of the
6 Oklahoma Statutes shall be increased to one hundred percent (100%)
7 of the original face amount of the credit.

8 M. For purposes of this section, the recapture amount shall be
9 equal to the sum of:

10 1. The aggregate decrease in the credits previously allowed to
11 the taxpayer pursuant to this section for all prior taxable periods
12 which would have resulted if no credit had been authorized; plus

13 2. Interest at the rate prescribed by Section 217 of this title
14 on the amount determined pursuant to paragraph 1 of this subsection
15 for each prior taxable period for the period beginning on the due
16 date for filing the applicable report or return for the prior
17 taxable period; and

18 3. If the transferor invested a portion but not all of the net
19 proceeds in capital expenditures as required by subsection J of this
20 section, the Tax Commission shall prorate the recapture amount
21 accordingly.

22 N. The tax for the taxable period shall be increased pursuant
23 to this section only with respect to credits which were used to

1 reduce tax liability. In the case of credits not used to reduce tax
2 liability, the carryforwards allowed shall be adjusted accordingly.

3 O. For any transaction that is audited by the Tax Commission
4 after such credits have been allowed, but which is subsequently
5 determined to constitute a recapture event, the Tax Commission shall
6 be required to disallow any and all credits claimed in violation of
7 the requirements of subsection J of this section for a period of ten
8 (10) years after the date as of which any applicable tax report or
9 return utilizing such credits is filed.

10 P. The provisions of subsection E of this section shall
11 supersede any other provision of the Uniform Tax Procedure Code or
12 any other state tax law that would prohibit the disallowance of such
13 credits based upon an otherwise applicable statute of limitations.

14 SECTION 2. This act shall become effective November 1, 2009.

15 COMMITTEE REPORT BY: COMMITTEE ON FINANCE, dated 2-17-09 - DO PASS,
16 As Amended and Coauthored.
