4           which the sum of the direct premiums written for  
5           insurance on property or risks in this state by  
6           each ceding company from which reinsurance is  
7           accepted bears to the sum of the total direct  
8           premiums written by each such ceding company for  
9           the taxable year.

10           5. The net income or loss remaining after the separate  
11           allocation in paragraph 4 of this subsection, being that which is  
12           derived from a unitary business enterprise, shall be apportioned to  
13           this state on the basis of the arithmetical average of three factors  
14           consisting of property, payroll and sales or gross revenue  
15           enumerated as subparagraphs a, b and c of this paragraph. Net  
16           income or loss as used in this paragraph includes that derived from  
17           patent or copyright royalties, purchase discounts, and interest on  
18           accounts receivable relating to or arising from a business activity,  
19           the income from which is apportioned pursuant to this subsection,  
20           including the sale or other disposition of such property and any  
21           other property used in the unitary enterprise. Deductions used in  
22           computing such net income or loss shall not include taxes based on  
23           or measured by income. Provided, for corporations whose property

1 for purposes of the tax imposed by Section 2355 of this title has an  
2 initial investment cost equaling or exceeding Two Hundred Million  
3 Dollars (\$200,000,000.00) and such investment is made on or after  
4 July 1, 1997, or for corporations which expand their property or  
5 facilities in this state and such expansion has an investment cost  
6 equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00)  
7 over a period not to exceed three (3) years, and such expansion is  
8 commenced on or after January 1, 2000, the three factors shall be  
9 apportioned with property and payroll, each comprising twenty-five  
10 percent (25%) of the apportionment factor and sales comprising fifty  
11 percent (50%) of the apportionment factor. The apportionment  
12 factors shall be computed as follows:

13 a. The property factor is a fraction, the numerator of  
14 which is the average value of the taxpayer's real and  
15 tangible personal property owned or rented and used in  
16 this state during the tax period and the denominator  
17 of which is the average value of all the taxpayer's  
18 real and tangible personal property everywhere owned  
19 or rented and used during the tax period.

20 (1) Property, the income from which is separately  
21 allocated in paragraph 4 of this subsection,  
22 shall not be included in determining this  
23 fraction. The numerator of the fraction shall

1 include a portion of the investment in  
2 transportation and other equipment having no  
3 fixed situs, such as rolling stock, buses, trucks  
4 and trailers, including machinery and equipment  
5 carried thereon, airplanes, salespersons'  
6 automobiles and other similar equipment, in the  
7 proportion that miles traveled in Oklahoma by  
8 such equipment bears to total miles traveled,

9 (2) Property owned by the taxpayer is valued at its  
10 original cost. Property rented by the taxpayer  
11 is valued at eight times the net annual rental  
12 rate. Net annual rental rate is the annual  
13 rental rate paid by the taxpayer, less any annual  
14 rental rate received by the taxpayer from  
15 subrentals,

16 (3) The average value of property shall be determined  
17 by averaging the values at the beginning and  
18 ending of the tax period but the Oklahoma Tax  
19 Commission may require the averaging of monthly  
20 values during the tax period if reasonably  
21 required to reflect properly the average value of  
22 the taxpayer's property;

1           b.    The payroll factor is a fraction, the numerator of  
2                    which is the total compensation for services rendered  
3                    in the state during the tax period, and the  
4                    denominator of which is the total compensation for  
5                    services rendered everywhere during the tax period.  
6                    "Compensation", as used in this subsection means those  
7                    paid-for services to the extent related to the unitary  
8                    business but does not include officers' salaries,  
9                    wages and other compensation.

10           (1)   In the case of a transportation enterprise, the  
11                    numerator of the fraction shall include a portion  
12                    of such expenditure in connection with employees  
13                    operating equipment over a fixed route, such as  
14                    railroad employees, airline pilots, or bus  
15                    drivers, in this state only a part of the time,  
16                    in the proportion that mileage traveled in  
17                    Oklahoma bears to total mileage traveled by such  
18                    employees,

19           (2)   In any case the numerator of the fraction shall  
20                    include a portion of such expenditures in  
21                    connection with itinerant employees, such as  
22                    traveling salespersons, in this state only a part  
23                    of the time, in the proportion that time spent in

Oklahoma bears to total time spent in furtherance  
of the enterprise by such employees;

c. The sales factor is a fraction, the numerator of which  
is the total sales or gross revenue of the taxpayer in  
this state during the tax period, and the denominator  
of which is the total sales or gross revenue of the  
taxpayer everywhere during the tax period. "Sales",  
as used in this subsection does not include sales or  
gross revenue which are separately allocated in  
paragraph 4 of this subsection.

(1) Sales of tangible personal property have a situs  
in this state if the property is delivered or  
shipped to a purchaser other than the United  
States government, within this state regardless  
of the FOB point or other conditions of the sale;  
or the property is shipped from an office, store,  
warehouse, factory or other place of storage in  
this state and (a) the purchaser is the United  
States government or (b) the taxpayer is not  
doing business in the state of the destination of  
the shipment.

(2) In the case of a railroad or interurban railway  
enterprise, the numerator of the fraction shall

1 not be less than the allocation of revenues to  
2 this state as shown in its annual report to the  
3 Corporation Commission.

4 (3) In the case of an airline, truck or bus  
5 enterprise or freight car, tank car, refrigerator  
6 car or other railroad equipment enterprise, the  
7 numerator of the fraction shall include a portion  
8 of revenue from interstate transportation in the  
9 proportion that interstate mileage traveled in  
10 Oklahoma bears to total interstate mileage  
11 traveled.

12 (4) In the case of an oil, gasoline or gas pipeline  
13 enterprise, the numerator of the fraction shall  
14 be either the total of traffic units of the  
15 enterprise within Oklahoma or the revenue  
16 allocated to Oklahoma based upon miles moved, at  
17 the option of the taxpayer, and the denominator  
18 of which shall be the total of traffic units of  
19 the enterprise or the revenue of the enterprise  
20 everywhere as appropriate to the numerator. A  
21 "traffic unit" is hereby defined as the  
22 transportation for a distance of one (1) mile of  
23 one (1) barrel of oil, one (1) gallon of gasoline

1 or one thousand (1,000) cubic feet of natural or  
2 casinghead gas, as the case may be.

3 (5) In the case of a telephone or telegraph or other  
4 communication enterprise, the numerator of the  
5 fraction shall include that portion of the  
6 interstate revenue as is allocated pursuant to  
7 the accounting procedures prescribed by the  
8 Federal Communications Commission; provided that  
9 in respect to each corporation or business entity  
10 required by the Federal Communications Commission  
11 to keep its books and records in accordance with  
12 a uniform system of accounts prescribed by such  
13 Commission, the intrastate net income shall be  
14 determined separately in the manner provided by  
15 such uniform system of accounts and only the  
16 interstate income shall be subject to allocation  
17 pursuant to the provisions of this subsection.  
18 Provided further, that the gross revenue factors  
19 shall be those as are determined pursuant to the  
20 accounting procedures prescribed by the Federal  
21 Communications Commission.

22 In any case where the apportionment of the three factors  
23 prescribed in this paragraph attributes to Oklahoma a portion of net

1 income of the enterprise out of all appropriate proportion to the  
2 property owned and/or business transacted within this state, because  
3 of the fact that one or more of the factors so prescribed are not  
4 employed to any appreciable extent in furtherance of the enterprise;  
5 or because one or more factors not so prescribed are employed to a  
6 considerable extent in furtherance of the enterprise; or because of  
7 other reasons, the Tax Commission is empowered to permit, after a  
8 showing by taxpayer that an excessive portion of net income has been  
9 attributed to Oklahoma, or require, when in its judgment an  
10 insufficient portion of net income has been attributed to Oklahoma,  
11 the elimination, substitution, or use of additional factors, or  
12 reduction or increase in the weight of such prescribed factors.  
13 Provided, however, that any such variance from such prescribed  
14 factors which has the effect of increasing the portion of net income  
15 attributable to Oklahoma must not be inherently arbitrary, and  
16 application of the recomputed final apportionment to the net income  
17 of the enterprise must attribute to Oklahoma only a reasonable  
18 portion thereof.

19 6. For calendar years 1997 and 1998, the owner of a new or  
20 expanded agricultural commodity processing facility in this state  
21 may exclude from Oklahoma taxable income, or in the case of an  
22 individual, the Oklahoma adjusted gross income, fifteen percent  
23 (15%) of the investment by the owner in the new or expanded

1 agricultural commodity processing facility. For calendar year 1999,  
2 and all subsequent years, the percentage, not to exceed fifteen  
3 percent (15%), available to the owner of a new or expanded  
4 agricultural commodity processing facility in this state claiming  
5 the exemption shall be adjusted annually so that the total estimated  
6 reduction in tax liability does not exceed One Million Dollars  
7 (\$1,000,000.00) annually. The Tax Commission shall promulgate rules  
8 for determining the percentage of the investment which each eligible  
9 taxpayer may exclude. The exclusion provided by this paragraph  
10 shall be taken in the taxable year when the investment is made. In  
11 the event the total reduction in tax liability authorized by this  
12 paragraph exceeds One Million Dollars (\$1,000,000.00) in any  
13 calendar year, the Tax Commission shall permit any excess over One  
14 Million Dollars (\$1,000,000.00) and shall factor such excess into  
15 the percentage for subsequent years. Any amount of the exemption  
16 permitted to be excluded pursuant to the provisions of this  
17 paragraph but not used in any year may be carried forward as an  
18 exemption from income pursuant to the provisions of this paragraph  
19 for a period not exceeding six (6) years following the year in which  
20 the investment was originally made.

21 For purposes of this paragraph:

- 22 a. "Agricultural commodity processing facility" means  
23 building, structures, fixtures and improvements used

1 or operated primarily for the processing or production  
2 of marketable products from agricultural commodities.  
3 The term shall also mean a dairy operation that  
4 requires a depreciable investment of at least Two  
5 Hundred Fifty Thousand Dollars (\$250,000.00) and which  
6 produces milk from dairy cows. The term does not  
7 include a facility that provides only, and nothing  
8 more than, storage, cleaning, drying or transportation  
9 of agricultural commodities, and

10 b. "Facility" means each part of the facility which is  
11 used in a process primarily for:

- 12 (1) the processing of agricultural commodities,  
13 including receiving or storing agricultural  
14 commodities, or the production of milk at a dairy  
15 operation,  
16 (2) transporting the agricultural commodities or  
17 product before, during or after the processing,  
18 or  
19 (3) packaging or otherwise preparing the product for  
20 sale or shipment.

21 7. Despite any provision to the contrary in paragraph 3 of this  
22 subsection, for taxable years beginning after December 31, 1999, in  
23 the case of a taxpayer which has a farming loss, such farming loss

1 shall be considered a net operating loss carryback in accordance  
2 with and to the extent of the Internal Revenue Code, 26 U.S.C.,  
3 Section 172(b)(G). However, the amount of the net operating loss  
4 carryback shall not exceed the lesser of:

- 5 a. Sixty Thousand Dollars (\$60,000.00), or
- 6 b. the loss properly shown on Schedule F of the Internal  
7 Revenue Service Form 1040 reduced by one-half (1/2) of  
8 the income from all other sources other than reflected  
9 on Schedule F.

10 ~~8. In taxable years beginning after December 31, 1995, all~~  
11 ~~qualified wages equal to the federal income tax credit set forth in~~  
12 ~~26 U.S.C.A., Section 45A, shall be deducted from taxable income.~~  
13 ~~The deduction allowed pursuant to this paragraph shall only be~~  
14 ~~permitted for the tax years in which the federal tax credit pursuant~~  
15 ~~to 26 U.S.C.A., Section 45A, is allowed. For purposes of this~~  
16 ~~paragraph, "qualified wages" means those wages used to calculate the~~  
17 ~~federal credit pursuant to 26 U.S.C.A., Section 45A.~~

18 ~~9.~~ In taxable years beginning after December 31, 2005, an  
19 employer that is eligible for and utilizes the Safety Pays OSHA  
20 Consultation Service provided by the Oklahoma Department of Labor  
21 shall receive an exemption from taxable income in the amount of One  
22 Thousand Dollars (\$1,000.00) for the tax year that the service is  
23 utilized.

1           B. The taxable income of any corporation shall be further  
2 adjusted to arrive at Oklahoma taxable income, except those  
3 corporations electing treatment as provided in subchapter S of the  
4 Internal Revenue Code, 26 U.S.C., Section 1361 et seq., and Section  
5 2365 of this title, deductions pursuant to the provisions of the  
6 Accelerated Cost Recovery System as defined and allowed in the  
7 Economic Recovery Tax Act of 1981, Public Law 97-34, 26 U.S.C.,  
8 Section 168, for depreciation of assets placed into service after  
9 December 31, 1981, shall not be allowed in calculating Oklahoma  
10 taxable income. Such corporations shall be allowed a deduction for  
11 depreciation of assets placed into service after December 31, 1981,  
12 in accordance with provisions of the Internal Revenue Code, 26  
13 U.S.C., Section 1 et seq., in effect immediately prior to the  
14 enactment of the Accelerated Cost Recovery System. The Oklahoma tax  
15 basis for all such assets placed into service after December 31,  
16 1981, calculated in this section shall be retained and utilized for  
17 all Oklahoma income tax purposes through the final disposition of  
18 such assets.

19           Notwithstanding any other provisions of the Oklahoma Income Tax  
20 Act, Section 2351 et seq. of this title, or of the Internal Revenue  
21 Code to the contrary, this subsection shall control calculation of  
22 depreciation of assets placed into service after December 31, 1981,  
23 and before January 1, 1983.

1 For assets placed in service and held by a corporation in which  
2 accelerated cost recovery system was previously disallowed, an  
3 adjustment to taxable income is required in the first taxable year  
4 beginning after December 31, 1982, to reconcile the basis of such  
5 assets to the basis allowed in the Internal Revenue Code. The  
6 purpose of this adjustment is to equalize the basis and allowance  
7 for depreciation accounts between that reported to the Internal  
8 Revenue Service and that reported to Oklahoma.

9 C. 1. For taxable years beginning after December 31, 1987, the  
10 taxable income of any corporation shall be further adjusted to  
11 arrive at Oklahoma taxable income for transfers of technology to  
12 qualified small businesses located in Oklahoma. Such transferor  
13 corporation shall be allowed an exemption from taxable income of an  
14 amount equal to the amount of royalty payment received as a result  
15 of such transfer; provided, however, such amount shall not exceed  
16 ten percent (10%) of the amount of gross proceeds received by such  
17 transferor corporation as a result of the technology transfer. Such  
18 exemption shall be allowed for a period not to exceed ten (10) years  
19 from the date of receipt of the first royalty payment accruing from  
20 such transfer. No exemption may be claimed for transfers of  
21 technology to qualified small businesses made prior to January 1,  
22 1988.

23 2. For purposes of this subsection:

1           D. 1. For taxable years beginning after December 31, 2005, the  
2 taxable income of any corporation, estate or trust, shall be further  
3 adjusted for qualifying gains receiving capital treatment. Such  
4 corporations, estates or trusts shall be allowed a deduction from  
5 Oklahoma taxable income for the amount of qualifying gains receiving  
6 capital treatment earned by the corporation, estate or trust during  
7 the taxable year and included in the federal taxable income of such  
8 corporation, estate or trust.

9           2. As used in this subsection:

10           a. "qualifying gains receiving capital treatment" means  
11 the amount of net capital gains, as defined in Section  
12 1222(11) of the Internal Revenue Code, included in the  
13 federal income tax return of the corporation, estate  
14 or trust that result from:

15           (1) the sale of real property or tangible personal  
16 property located within Oklahoma that has been  
17 directly or indirectly owned by the corporation,  
18 estate or trust for a holding period of at least  
19 five (5) years prior to the date of the  
20 transaction from which such net capital gains  
21 arise,

22           (2) the sale of stock or on the sale of an ownership  
23 interest in an Oklahoma company, limited

1 liability company, or partnership where such  
2 stock or ownership interest has been directly or  
3 indirectly owned by the corporation, estate or  
4 trust for a holding period of at least three (3)  
5 years prior to the date of the transaction from  
6 which the net capital gains arise, or

7 (3) the sale of real property, tangible personal  
8 property or intangible personal property located  
9 within Oklahoma as part of the sale of all or  
10 substantially all of the assets of an Oklahoma  
11 company, limited liability company, or  
12 partnership where such property has been directly  
13 or indirectly owned by such entity owned by the  
14 owners of such entity, and used in or derived  
15 from such entity for a period of at least three  
16 (3) years prior to the date of the transaction  
17 from which the net capital gains arise,

18 b. "holding period" means an uninterrupted period of  
19 time. The holding period shall include any additional  
20 period when the property was held by another  
21 individual or entity, if such additional period is  
22 included in the taxpayer's holding period for the  
23 asset pursuant to the Internal Revenue Code,

- 1           c.    "Oklahoma company", "limited liability company", or  
2                "partnership" means an entity whose primary  
3                headquarters have been located in Oklahoma for at  
4                least three (3) uninterrupted years prior to the date  
5                of the transaction from which the net capital gains  
6                arise,
- 7           d.    "direct" means the taxpayer directly owns the asset,  
8                and
- 9           e.    "indirect" means the taxpayer owns an interest in a  
10               pass-through entity (or chain of pass-through  
11               entities) that sells the asset that gives rise to the  
12               qualifying gains receiving capital treatment.
- 13           (1)  With respect to sales of real property or  
14               tangible personal property located within  
15               Oklahoma, the deduction described in this  
16               subsection shall not apply unless the pass-  
17               through entity that makes the sale has held the  
18               property for not less than five (5) uninterrupted  
19               years prior to the date of the transaction that  
20               created the capital gain, and each pass-through  
21               entity included in the chain of ownership has  
22               been a member, partner, or shareholder of the  
23               pass-through entity in the tier immediately below

6                   be added or deducted, as the case may be, the  
7                   difference necessary to allow a standard deduction in  
8                   lieu of the standard deduction allowed by the Internal  
9                   Revenue Code, in an amount equal to the larger of  
10                  fifteen percent (15%) of the Oklahoma adjusted gross  
11                  income or One Thousand Dollars (\$1,000.00), but not to  
12                  exceed Two Thousand Dollars (\$2,000.00), except that  
13                  in the case of a married individual filing a separate  
14                  return such deduction shall be the larger of fifteen  
15                  percent (15%) of such Oklahoma adjusted gross income  
16                  or Five Hundred Dollars (\$500.00), but not to exceed
