

**BILL SUMMARY**  
**SB 118**

**Oklahoma Tax Commission**

**Section 1:** Modifies two FY-09 program budgetary category amounts to accommodate legislation (HB 3326 – Tag Reissuance, and SB 2034 – Voluntary Compliance Initiative) passed late in the 2008 Session after the Tax Commission’s budget limits bill was enacted into law. The Tag Reissuance bill provided \$3,000,000 from motor vehicle collections to pay for license plates associated with the reissuance from the Department of Corrections; and the Voluntary Compliance Initiative resulted in collections that exceeded original projections based on similar programs in other states. This increase in budget limits will allow for the full payment of obligations incurred under the above legislation. No appropriations are necessary for this modification as the cash funds are available for payments.

**Section 2:** Declares an Emergency.
