The annual report shall be written in such a manner as to permit a readily understandable means for analyzing the financial condition and performance of the System for the fiscal year. The annual financial statements must be audited and filed in accordance with the

requirements set forth for financial statement audits in Section 212A of Title 74 of the Oklahoma Statutes.

Section 2-305.1A. A. This section applies to distributions made on or after January 1, 2002. - b. on or after January 1, 2007:
- (1) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code of 1986, as amended, or

Effective for distributions after December 31, 2007, such after-tax portion may also be directly transferred to a Roth ~~IRA~~ individual retirement account or annuity described in Section 408A of the Internal Revenue Code of 1986, as amended, ("Roth IRA"), subject to any limitations described in Section 408A(c) of the Internal Revenue Code of 1986, as amended, ~~that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includable in gross income and the portion of such distribution which is not so includable.~~

Effective for distributions after December 31, 2006, a Distributee also includes the member's nonspouse designated beneficiary (and certain trusts described in Section 402(c)(11)(B) of the Internal Revenue Code of 1986, as amended), pursuant to Section 401(a)(9)(E) of the Internal Revenue Code of 1986, as amended, who may elect any portion of a payment to be made in a Direct Rollover only to an a traditional individual retirement account or annuity (other than an endowment contract) described in Section 408(a) or (b) of the Internal Revenue Code of 1986, as amended, ("IRA"), or, effective for distributions after December 31, 2007, to a Roth IRA, that is established on behalf of such nonspouse designated beneficiary for the purpose of receiving the distribution and that will be treated as an inherited IRA pursuant to the provisions of Section 402(c)(11) of the Internal Revenue Code of 1986, as amended. Also, in this case, the determination of any required minimum distribution under Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, that is ineligible for rollover shall be made in accordance with Notice 2007-7, Q&A 17 and 18, 2007-5 Internal Revenue Bulletin 395. Such distribution may commence less than thirty (30) days after the notice is given, provided that:

1. The Board clearly informs the Distributee that the Distributee has a right to a period of at least thirty (30) days after receiving the notice to consider the decision of whether or not to elect a distribution; and

2. The Distributee, after receiving the notice, affirmatively elects a distribution.

D. For distributions made after December 31, 2006, but prior to July 1, 2010, a distribution with respect to a nonspouse designated beneficiary shall be made in accordance with Notice 2007-7, Q&A 15, 2007-5 Internal Revenue Bulletin 395. Effective for plan years beginning after December 31, 2009, a distribution with respect to a nonspouse designated beneficiary shall be subject to Sections 401(a)(31), 402(f) and 3405(c) of the Internal Revenue Code of 1986, as amended.

If such transfer is made, then:

1. For distributions made after December 31, 2006, but prior to July 1, 2010, the transfer is treated as an eligible rollover distribution for purposes of Section 402(c)(11) of the Internal Revenue Code of 1986, as amended. For plan years beginning after December 31, 2009, the transfer is treated as an eligible rollover distribution;

2. The transferee IRA is treated as an inherited individual retirement account or an inherited individual retirement annuity (within the meaning of Section 408(d)(3)(C) of the Internal Revenue Code of 1986, as amended), and must be titled in the name of the deceased member, for the benefit of the beneficiary; and

~~beginning after December 31, 2009, a nonspouse designated beneficiary (as described in and in accordance with Section 402(c)(11) of the Internal Revenue Code of 1986, as amended), may elect to have a direct trustee-to-trustee transfer of any portion of such beneficiary's distribution from the Oklahoma Law Enforcement Retirement System to a Roth IRA.~~

B. A trust maintained for the benefit of one or more designated beneficiaries shall be treated in the same manner as a designated beneficiary.

C. The Board shall promulgate such rules as are necessary to implement the provisions of this section.

SECTION 4. AMENDATORY 47 O.S. 2011, Section 2-305.4, is amended to read as follows:

Section 2-305.4. A. For limitation years prior to July 1, 2007, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, shall be computed in accordance with the applicable provisions of the System in effect at that time and, to the extent applicable, Revenue Ruling 98-1 and Revenue Ruling 2001-51, except as provided below. Notwithstanding any other provision contained herein to the contrary, the benefits payable to a member from the Oklahoma Law Enforcement Retirement System provided by employer contributions (including contributions picked up by the employer under Section 414(h) of the Internal Revenue Code of 1986, as amended), shall be subject to the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, in accordance with the provisions of this section. The limitations of this section shall apply in limitation years beginning on or after July 1, 2007, except as otherwise provided below.

B. Except as provided below, effective for limitation years ending after December 31, 2001, any accrued retirement benefit payable to a member as an annual benefit as described below shall not exceed One Hundred Sixty Thousand Dollars (\$160,000.00), automatically adjusted under Section 415(d) of the Internal Revenue Code of 1986, as amended, for increases in the cost of living, as prescribed by the Secretary of the Treasury or the Secretary's delegate, effective January 1 of each calendar year and applicable to the limitation year ending with or within such calendar year.

The automatic annual adjustment of the dollar limitation in this subsection under Section 415(d) of the Internal Revenue Code of 1986, as amended, shall apply to a member who has had a severance from employment.

1. The member's annual benefit is a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit and is payable on the first day of each month, before applying the limitations of this section. For a member who has or will have distributions commencing at more than one annuity starting date, the annual benefit shall be determined as of each such annuity starting date (and shall satisfy the limitations of this section as of each such date), actuarially adjusting for past and future distributions of benefits commencing at the other annuity starting dates. For this purpose, the determination of whether a new starting date has occurred shall be made without regard to Section 1.401(a)-20, Q&A 10(d), and with regard to Section 1.415(b)-1(b)(1)(iii)(B) and (C) of the Income Tax Regulations.

2. No actuarial adjustment to the benefit shall be made for:

- a. survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form,
- b. benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits) and postretirement medical benefits, or
- c. the inclusion in the form of a benefit of an automatic benefit increase feature, provided, the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended, and would otherwise satisfy the limitations of this section, and the System provides that the amount payable under the form of benefit in any limitation year shall not

exceed the limits of this section applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code of 1986, as amended. For this purpose, an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

3. The determination of the annual benefit shall take into account Social Security supplements described in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended, and benefits transferred from another defined benefit plan, other than transfers of distributable benefits pursuant to Section 1.411(d)-4, Q&A-3(c), of the Income Tax Regulations, but shall disregard benefits attributable to employee contributions or rollover contributions.

4. Effective for distributions in plan years beginning after December 31, 2003, the determination of actuarial equivalence of forms of benefit other than a straight life annuity shall be made in accordance with paragraph 5 or paragraph 6 of this subsection.

5. Benefit Forms Not Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph 5 if the form of the member's benefit is either:

- a. a nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse), or
- b. an annuity that decreases during the life of the member merely because of:
 - (1) the death of the survivor annuitant (but only if the reduction is not below fifty percent (50%) of the benefit payable before the death of the survivor annuitant), or

- (2) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended).
- c. Limitation Years Beginning Before July 1, 2007. For limitation years beginning before July 1, 2007, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit computed using whichever of the following produces the greater annual amount:
- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form, and
 - (2) a five percent (5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.
- d. Limitation ~~Years~~ Year Beginning On ~~Or After July 1, 2007~~ January 1, 2008. For the ~~limitation years~~ year beginning on ~~or after July 1, 2007~~ January 1, 2008, the actuarially equivalent straight life annuity is equal to the greater of:
- (1) the annual amount of the straight life annuity, if any, payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and

- (1) the annual amount of the straight life annuity, if any, payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
 - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) for that annuity starting date.

6. Benefit Forms Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph if the form of the member's benefit is other than a benefit form described in paragraph 5 of this subsection. - (b) the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form,

- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and
- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:

d. Annuity Starting Date in Plan Years Beginning in 2004 or 2005.

- (1) If the annuity starting date of the member's form of benefit is in a plan year beginning in 2004 or 2005, the actuarially equivalent straight life

- (a) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form, and
 - (b) a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).
- (2) If the annuity starting date of the member's benefit is on or after the first day of the first plan year beginning in 2004 and before December 31, 2004, the application of this subparagraph shall not cause the amount payable under the member's form of benefit to be less than the benefit calculated under the System, taking into account the limitations of this section, except that the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greatest annual amount:
- (a) the interest rate and mortality table or other tabular factor, each as set forth in subsection H of Section 2-203.1 of this title for adjusting benefits in the same form,

- (b)
 - i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below.  - i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant (as in effect on the last day of the last plan year beginning before January 1, 2004, under provisions of the System then adopted and in effect), and
 - ii. the applicable mortality table described in Revenue Ruling 2001-62 (or

its successor for these purposes, if applicable).

C. If a member has less than ten (10) years of participation in the System and all predecessor pension and retirement systems, the dollar limitation otherwise applicable under subsection B of this section shall be multiplied by a fraction, the numerator of which is the number of the years of participation or part thereof, in the System of the member, but never less than one (1), and the denominator of which is ten (10).

D. Adjustment of Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age or After Sixty-five (65) Years of Age: Effective for benefits commencing in limitation years ending after December 31, 2001, the dollar limitation under subsection B of this section shall be adjusted if the annuity starting date of the member's benefit is before sixty-two (62) years of age or after sixty-five (65) years of age. If the annuity starting date is before sixty-two (62) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 1 of this subsection, as modified by paragraph 3 of this subsection, but subject to paragraph 4 of this subsection. If the annuity starting date is after sixty-five (65) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 2 of this subsection, as modified by paragraph 3 of this subsection.

1. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age:

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using

whichever of the following produces the smaller annual amount:

- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title, or
- (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

b. Limitation Years Beginning On or After July 1, 2007.

- (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement.

(a) If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in ~~a~~ the limitation year beginning on or after ~~July 1, 2007~~ January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these

purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).

(b) If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e) (3) (B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as the annuity starting date).

(2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for

the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the immediately commencing straight life annuity under the System at sixty-two (62) years of age, both determined without applying the limitations of this section.

2. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement After Sixty-five (65) Years of Age:

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:

- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title, or
- (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

b. Limitation Years Beginning On or After July 1, 2007.

(1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and the Age of Benefit Commencement.

(a) If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in ~~a~~ the limitation year beginning on ~~or after July 1, 2007~~ January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).

(b) If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar

limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and Age of Benefit Commencement. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the adjusted immediately commencing straight life annuity under the System

at sixty-five (65) years of age, both determined without applying the limitations of this section. For this purpose, the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date is the annual amount of such annuity payable to the member, computed disregarding the member's accruals after sixty-five (65) years of age but including actuarial adjustments even if those actuarial adjustments are used to offset accruals; and the adjusted immediately commencing straight life annuity under the System at sixty-five (65) years of age is the annual amount of such annuity that would be payable under the System to a hypothetical member who is sixty-five (65) years of age and has the same accrued benefit as the member.

3. Notwithstanding the other requirements of this subsection, no adjustment shall be made to the dollar limitation under subsection B of this section to reflect the probability of a member's death between the annuity starting date and sixty-two (62) years of age, or between sixty-five (65) years of age and the annuity starting date, as applicable, if benefits are not forfeited upon the death of the member prior to the annuity starting date. To the extent benefits are forfeited upon death before the annuity starting date, such an adjustment shall be made. For this purpose, no forfeiture shall be treated as occurring upon the member's death if the System does not charge members for providing a qualified preretirement survivor annuity, as defined in Section 417(c) of the Internal Revenue ~~code~~ Code of 1986, as amended, upon the member's death.

4. Notwithstanding any other provision to the contrary, for limitation years beginning on or after January 1, 1997, if payment begins before the member reached sixty-two (62) years of age, the reductions in the limitations in this subsection shall not apply to a member who is a "qualified participant" as defined in Section 415(b)(2)(H) of the Internal Revenue Code of 1986, as amended.

E. Minimum Benefit Permitted: Notwithstanding anything else in this section to the contrary, the benefit otherwise accrued or

payable to a member under this System shall be deemed not to exceed the maximum permissible benefit if:

1. The retirement benefits payable for a limitation year under any form of benefit with respect to such member under this System and under all other defined benefit plans (without regard to whether a plan has been terminated) ever maintained by a participating employer do not exceed Ten Thousand Dollars (\$10,000.00) multiplied by a fraction:

- a. the numerator of which is the member's number of credited years (or part thereof, but not less than one (1) year) of service, not to exceed ten (10), with the participating employer, and
- b. the denominator of which is ten (10), and

2. The participating employer (or a predecessor employer) has not at any time maintained a defined contribution plan in which the member participated (for this purpose, mandatory employee contributions under a defined benefit plan, individual medical accounts under Section 401(h) of the Internal Revenue Code of 1986, as amended, and accounts for postretirement medical benefits established under Section 419A(d)(1) of the Internal Revenue Code of 1986, as amended, are not considered a separate defined contribution plan).

F. In no event shall the maximum annual accrued retirement benefit of a member allowable under this section be less than the annual amount of such accrued retirement benefit, including early pension and qualified joint and survivor annuity amounts, duly accrued by the member as of the last day of the limitation year beginning in 1982, or as of the last day of the limitation year beginning in 1986, whichever is greater, disregarding any plan changes or cost-of-living adjustments occurring after July 1, 1982, as to the 1982 accrued amount, and May 5, 1986, as to the 1986 accrued amount.

G. Effective for years beginning after December 31, 1997, if a member purchases service under this title, which qualifies as "permissive service credit" pursuant to Section 415(n) of the Internal Revenue Code of 1986, as amended, the limitations of

Section 415 of the Internal Revenue Code of 1986, as amended, may be met by either:

1. Treating the accrued benefit derived from such contributions as an annual benefit under subsection B of this section, or

2. Treating all such contributions as annual additions for purposes of Section 415(c) of the Internal Revenue Code of 1986, as amended.

H. Effective for years beginning after December 31, 1997, if a member repays to the System any amounts received because of the member's prior termination pursuant to paragraph 3 of subsection (b) of Section 2-307 of this title, such repayment shall not be taken into account for purposes of Section 415 of the Internal Revenue Code of 1986, as amended, pursuant to Section 415(k)(3) of the Internal Revenue Code of 1986, as amended.

I. For limitation years beginning on or after January 1, 1995, subsection C of this section, paragraph 1 of subsection D of this section, and the proration provided under subparagraphs a and b of paragraph 1 of subsection E of this section, shall not apply to a benefit paid under the System as a result of the member becoming disabled by reason of personal injuries or sickness, or amounts received by the beneficiaries, survivors or estate of the member as the result of the death of the member.

J. For distributions made in limitation years beginning on or after January 1, 2000, the combined limit of repealed Section 415(e) of the Internal Revenue Code of 1986, as amended, shall not apply.

K. The Board is hereby authorized to revoke the special election previously made under Section 415(b)(10) of the Internal Revenue Code of 1986, as amended.

SECTION 5. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
