

1 STATE OF OKLAHOMA

2 2nd Session of the 53rd Legislature (2012)

3 SENATE BILL 1002

By: Adelson

4
5
6 AS INTRODUCED

7 An Act relating to patient decision aids; creating
8 the Empowering Patient Decision Act; providing short
9 title; defining terms; directing the State Board of
10 Health to establish certain protocols; requiring
11 certain protocols to be published and distributed
12 free of charge to specified entities; making certain
legislative declaration; requiring informed consent
in certain circumstances; requiring use of shared
decision making and patient decision aids in certain
circumstances; providing for codification; and
providing an effective date.

13
14
15 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

16 SECTION 1. NEW LAW A new section of law to be codified
17 in the Oklahoma Statutes as Section 3161 of Title 63, unless there
18 is created a duplication in numbering, reads as follows:

19 This act shall be known and may be cited as the "Empowering
20 Patient Decision Act".

21 SECTION 2. NEW LAW A new section of law to be codified
22 in the Oklahoma Statutes as Section 3162 of Title 63, unless there
23 is created a duplication in numbering, reads as follows:

24 As used in the Empowering Patient Decision Act:

1 1. "Health care provider" means a physician licensed in the
2 state by the State Board of Medical Licensure and Supervision or the
3 State Board of Osteopathic Examiners;

4 2. "Patient decision aid" means an educational tool, including,
5 but not limited to, the internet, a video, or a pamphlet, that helps
6 a patient, or if appropriate, a patient's caregiver:

7 a. understand and communicate the patient's beliefs and
8 preferences related to the patient's treatment
9 options, and

10 b. decide, in consultation with the patient's health care
11 provider, which treatments are best for the patient
12 based on the patient's treatment options, scientific
13 evidence, circumstances, beliefs, and preferences;

14 3. "Preference-sensitive care" means medical care for which the
15 clinical evidence does not clearly support one treatment option such
16 that the appropriate course of treatment depends on the values of
17 the patient or the preferences of the patient regarding the
18 benefits, harms, and scientific evidence for each treatment option.
19 The use of such care shall depend on informed patient choice among
20 clinically appropriate treatment options. "Preference-sensitive
21 care" shall include medical care for the conditions specified in
22 Section 4 of this act; and

23 4. "Shared decision making" means a collaborative process
24 between the patient and health care provider that engages the

1 patient in decision making, provides the patient with information
2 about trade-offs among treatment options, and facilitates the
3 incorporation of patient preferences and values into the medical
4 plan.

5 SECTION 3. NEW LAW A new section of law to be codified
6 in the Oklahoma Statutes as Section 3163 of Title 63, unless there
7 is created a duplication in numbering, reads as follows:

8 A. The State Board of Health shall establish protocols for
9 patient decision aids in consultation with national organizations
10 whose mission is to help patients make informed medical decisions.

11 B. Protocols established pursuant to subsection A of this
12 section shall be published and distributed free of charge to health
13 care providers.

14 SECTION 4. NEW LAW A new section of law to be codified
15 in the Oklahoma Statutes as Section 3164 of Title 63, unless there
16 is created a duplication in numbering, reads as follows:

17 A. The Oklahoma Legislature declares that every human being of
18 adult years and sound mind and body has a natural right to determine
19 what shall be done with his or her own body and that the state has
20 an interest in protecting that right.

21 B. No medical intervention shall be delivered except upon the
22 informed consent of the patient. With regard to the following
23 conditions, informed consent shall be rendered by the use of shared
24

1 decision making and the provision of certified patient decision
2 aids:

- 3 1. Arthritis of the hip and knee;
- 4 2. Chronic back pain;
- 5 3. Chest pain, or stable angina;
- 6 4. Enlarged prostate, or benign prostatic hypertrophy;
- 7 5. Early-stage prostate cancer;
- 8 6. Early-stage breast cancer;
- 9 7. Peripheral vascular disease;
- 10 8. Gall stones;
- 11 9. Threat of stroke from carotid artery disease; and
- 12 10. Any condition identified by the State Board of Health as
13 preference-sensitive care.

14 SECTION 5. This act shall become effective January 1, 2013.
