Research Analysis

The proposed committee substitute to House Bill 1380 restores language stricken in the measure regarding the definitions of probationary and career teachers.

The substitute removes different hearing processes for probationary teachers and career teachers recommended for dismissal and provides that all teachers have the right to a hearing before a local board of education. The measure removes the process of a pretermination hearing for career teachers.

The measure repeals the section of law that gives teachers the right to trial de novo.
