Fiscal Analysis

The measure directs the Department of Transportation (ODOT) to place permanent markers upon the highways bearing the names. ODOT estimates the cost of markers to average \$650.00 each and, with the placement of markers for each direction of travel, the total estimated cost for placement is \$3,900. The measure includes thirteen (13) memorial designations for members of the United States Armed Forces killed in action. The costs of markers for those memorials will be paid by the Department of Transportation at a total cost of \$16,900. The balance of the memorial designations are honoring other persons, with the costs of placing markers being paid by sponsors of the memorial designation.
