

**BILL SUMMARY**  
2nd Session of the 53rd Legislature

<b>Bill No.:</b>	<b>SB 1866</b>
<b>Version:</b>	<b>Engrossed</b>
<b>Request Number:</b>	<b>N/A</b>
<b>Author:</b>	<b>Rep. R. McDaniel / Sen. Newberry</b>
<b>Date:</b>	<b>3/23/2012</b>
<b>Impact:</b>	<b>\$0</b>

**Research Analysis**

SB 1866 transfers from the State Department of Health to the Department of Labor the responsibility for regulation of locksmiths, closed circuit televisions, access controls, burglar alarms, fire alarms and sprinkler and nurse calls. The transfer includes all powers, duties, responsibilities, employees, records and equipment of the agencies related to the regulation of these activities. In providing for the transfer of classified and unclassified personnel, the measure prohibits reductions in salary or benefits and prohibits a change in classification without written consent of the employee. Licenses, registrations, certifications and accreditations will remain in full force and all board and committee members will retain their appointments.

The measure replaces the Commissioner of Health with the Commissioner of Labor as a member of the Alarm and Locksmith Industry Committee. It directs the Governor to appoint the other eight members of the committee and requires them to be confirmed by the Senate. It does not prohibit current appointees from continuing to serve until their terms expire or from being reappointed if eligible. The measure also creates a revolving fund for the administration, implementation and enforcement of the Alarm and Locksmith Industry Act by the Department of Labor.

**Fiscal Analysis**

SB 1866 in its current form transfers administration along with all property, employees and fees related to the Alarm and Locksmith Industry Act, from the State Department of Health (OSDH) to the Department of Labor (DoL). Officials from OSDH and DoL anticipate no additional expenses or loss of general agency funding as a result of the transfer. The Officials from both agencies expect the transfer to be budget neutral. The measure is anticipated to have no, (\$0) direct fiscal impact on the State Budget or Appropriations.
