Bill Summary and Fiscal Impact

Agency: DHS

Bill Number: HB 2388

Senate Author: Holt

House Author: Liebmann

FY '13 Impact: see comments

Full Year Impact: see comments

Bill Summary and Comments: HB 2388 requires every adult applying for TANF benefits to take a drug test at their own expense. DHS currently administers a substance assessment program that DHS would eliminate with the passage of this bill. DHS estimates the savings from the elimination of the assessment program to be approximately \$500,000. This impact does not take into account any funds that may be used for any legal expenses if the bill was challenged.
