

ENROLLED SENATE
BILL NO. 346

By: Jolley, Ford, Stanislawski
and Brecheen of the Senate

and

Kern and Coody of the
House

An Act relating to schools; amending 70 O.S. 2001, Sections 1210.508C, as last amended by Section 3, Chapter 431, O.S.L. 2005, 1210.508D, as last amended by Section 1, Chapter 387, O.S.L. 2008 and 1210.508E, as last amended by Section 2, Chapter 387, O.S.L. 2008 (70 O.S. Supp. 2010, Sections 1210.508C, 1210.508D and 1210.508E), which relate to the Reading Sufficiency Act; modifying the program of reading instruction requirements for certain students; deleting certain recommendation authorization; providing for retention of certain third-grade students with a reading deficiency as measured by the results of a certain test; requiring certain notification of parents; specifying notification; prohibiting social promotion of a student; allowing exemption from mandatory retention for good cause; listing good cause criteria; providing for requests for certain promotion exemption; requiring school districts to conduct a review of certain programs of reading instruction; stating contents of the review; requiring a portfolio for retained students; requiring certain reading instruction and services be provided to certain retained students; listing other strategies that may be provided to retained students; requiring certain written notification be provided to the parents or guardians of retained students; directing school districts to implement a midyear promotion policy for retained students; specifying criteria for a midyear promotion; requiring that a high-performing teacher be provided to retained

students; providing for additional instructional options; directing school districts to establish a Reading Enhancement and Acceleration Development (READ) Initiative; stating focus of a READ Initiative; specifying criteria of a READ Initiative; listing certain specifications for a state-approved reading curriculum; providing for an Intensive Acceleration Class in certain circumstances; specifying criteria for an Intensive Acceleration Class; providing for certain reports to the State Board of Education; providing for a transitional instructional setting option for certain retained students; stating goal of a transitional instructional setting; requiring school districts to report certain progress and testing information to parents and guardians in writing; requiring school districts to publish and report to the State Board of Education certain information annually; requiring the State Department of Education to establish a uniform reporting format and to annually compile and report certain information; directing the Department to provide certain technical assistance; adding category of students eligible for reimbursement; modifying authority of a teacher to recommend participation in a certain summer academy or other program; and requiring retention of a student who fails to complete certain competencies.

SUBJECT: Reading Sufficiency Act

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 70 O.S. 2001, Section 1210.508C, as last amended by Section 3, Chapter 431, O.S.L. 2005 (70 O.S. Supp. 2010, Section 1210.508C), is amended to read as follows:

Section 1210.508C A. 1. Each student enrolled in kindergarten in a public school in this state shall be screened for reading skills including, but not limited to, phonological awareness, letter recognition, and oral language skills as identified in the Priority Academic Student Skills (PASS) adopted by the State Board of

Education. A screening instrument approved by the State Board shall be utilized for the purposes of this section.

2. For those kindergarten children at risk for reading difficulties, teachers shall emphasize reading skills as identified in the PASS, monitor progress throughout the year and measure year-end reading progress.

3. Classroom assistants, which may include parents, grandparents, or other volunteers, shall be provided in kindergarten classes to assist with the screening of students if a teacher aide is not already employed to assist in a kindergarten classroom.

B. 1. Each student enrolled in first, second and third grade of the public schools of this state shall be assessed at the beginning of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension.

2. Any student who is assessed and found not to be reading at the appropriate grade level shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. Beginning with students entering the first grade in the 2011-2012 school year, the program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in subsection N of this section. If a student is found not to be reading at the appropriate grade level and teachers, in collaboration with others, are concerned that undiagnosed health problems may affect the ability of the student to read, the school district may make a recommendation to the parents or legal guardians for medical evaluation without being liable for cost of the evaluation or any associated costs.

3. Throughout the year progress monitoring shall continue, and diagnostic assessment, if determined appropriate, shall be provided. Year-end reading skills shall be measured to determine reading success.

C. The State Board of Education shall approve no more than three screening instruments for use at the beginning of the school

year, for monitoring of progress, and for measurement of reading skills at the end of the school year as required in subsections A and B of this section; provided, one of the screening instruments shall be recommended by the Oklahoma Commission for Teacher Preparation. The State Board shall also determine other comparable reading assessments for diagnostic purposes and for periodic and post assessments to be used for students at risk of reading failure. The State Board shall ensure that any assessments approved are in alignment with the PASS.

D. The program of reading instruction required in subsection B of this section shall align with the PASS, shall include provisions of the READ Initiative adopted by the school district as provided for in subsection N of this section beginning with students entering the first grade in the 2011-2012 school year and may include, but is not limited to:

1. Sufficient additional in-school instructional time for the acquisition of phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension;

2. If necessary, tutorial instruction after regular school hours, on Saturdays and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day school year required in Section 1-109 of this title; and

3. Assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

E. The program of reading instruction shall continue until the student is determined by the results of approved reading assessments to be reading on grade level.

F. 1. Every school district shall adopt, implement, and annually update a district reading sufficiency plan which has had input from school administrators, teachers, and parents and if possible a reading specialist, and which shall be submitted to and approved by the State Board of Education as a part of each district's Comprehensive Local Education Plan. The district reading

sufficiency plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required in this section, and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

2. Each school site shall establish a committee, composed of educators, which if possible shall include a certified reading specialist, to develop the required programs of reading instruction. A parent or guardian of the student shall be included in the development of the program of reading instruction for that student.

3. The State Board of Education shall adopt rules for the implementation and evaluation of the provisions of the Reading Sufficiency Act. The evaluation shall include, but not be limited to, an analysis of the data required in subsection ~~H~~ R of this section.

G. For any third-grade student found not to be reading at grade level as determined by reading assessments administered pursuant to this section, a new program of reading instruction, including provisions of the READ Initiative adopted by the school district as provided for in subsection N of this section, shall be developed and implemented as specified in this section. If possible, a fourth-grade teacher shall be involved in the development of the program of reading instruction. In addition to other requirements of the Reading Sufficiency Act, the plan may include specialized tutoring ~~and may include a recommendation as to whether the student should be retained in the third grade at the close of that year. The parent or guardian of the student shall be included in the retention consideration.~~

H. Beginning with students entering the first grade in the 2011-2012 school year, if the reading deficiency of a student, as identified based on assessments administered as provided for in subsection B of this section, is not remedied by the end of third grade, as demonstrated by scoring at the unsatisfactory level on the reading portion of the third-grade criterion-referenced test administered pursuant to Section 1210.508 of this title, the student shall be retained in the third grade.

I. The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is exempt for good cause as set forth in subsection K of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. That while the results of the criterion-referenced test administered pursuant to Section 1210.508 of this title are the initial determinant, it is not the sole determiner of promotion and that portfolio reviews and assessments are available; and

7. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection M of this section.

J. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

K. For those students who do not meet the academic requirements for promotion, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. Limited-English-proficient students who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education plan (IEP), consistent with state law, indicates that participation in the statewide criterion-referenced tests administered pursuant to Section 1210.508 of this title is not appropriate;

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

5. Students with disabilities who participate in the statewide criterion-referenced tests and who have an individualized education plan that reflects that the student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading and was previously retained in kindergarten, first grade, second grade, or third grade; and

6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in kindergarten, first grade, second grade, or third grade for a total of two (2) years. A student who is promoted as provided for in this paragraph shall be provided intensive reading instruction during an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

L. In addition to the good-cause exemptions as set forth in subsection K of this section, requests to exempt students from the academic requirements for promotion to the next grade shall only be made upon documentation submitted from the teacher of the student to the school principal that indicates that the promotion of the student is appropriate and is based upon the record of the student.

In order to minimize paperwork requirements, documentation shall consist only of a student portfolio.

M. Beginning with the 2011-2012 school year, each school district shall:

1. Conduct a review of the program of reading instruction for all students who score at the unsatisfactory level on the reading portion of the criterion-referenced test administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set forth in subsection K of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection H of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:

- a. small group instruction,
- b. reduced teacher-student ratios,
- c. more frequent progress monitoring,
- d. tutoring or mentoring,
- e. transition classes containing third- and fourth-grade students,
- f. extended school day, week, or year, and
- g. summer reading academies as provided for in Section 1210.508E of this title, if available;

3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection H of this section that the student has not met the proficiency level required for promotion and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and independent reader, is reading at or above grade level, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating a level of proficiency required to score above the unsatisfactory level on the third-grade statewide criterion-referenced test and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:

- a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,
- b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or
- c. a mentor or tutor with specialized reading training.

N. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction; and

3. Provide a state-approved reading curriculum that, at a minimum, meets the following specifications:

- a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,
- b. provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension,
- c. provides scientifically based and reliable assessment,
- d. provides initial and ongoing analysis of the reading progress of each student,
- e. is implemented during regular school hours,
- f. provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects,

g. establishes at each school, where applicable, an Intensive Acceleration Class for retained third-grade students who subsequently score at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests. The focus of the Intensive Acceleration Class shall be to increase the reading level of a child at least two grade levels in one (1) school year. The Intensive Acceleration Class shall:

- (1) be provided to any student in the third grade who scores at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests and who was retained in the third grade the prior year because of scoring at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests,
- (2) have a reduced teacher-student ratio,
- (3) provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,
- (4) use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,
- (5) provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist,
- (6) include weekly progress monitoring measures to ensure progress is being made, and
- (7) provide reports to the State Department of Education, in the manner described by the

Department, outlining the progress of students in the class at the end of the first semester,

- h. provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public Instruction shall annually prescribe the required components of the reports, and
- i. provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

O. In addition to the requirements set forth in this section, each school district board of education shall annually report to the parent or guardian of each student in the district the progress of the student toward achieving state and district expectations for proficiency in reading, writing, science, and mathematics. The school district board of education shall report to the parent or guardian of each student the results on each statewide criterion-referenced test. The evaluation of the progress of each student shall be based upon classroom work, observations, tests, district and state assessments, and other relevant information. Progress reporting shall be provided to the parent or guardian in writing.

P. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

- a. the provisions of this section relating to public school student progression and the policies and procedures of the school district on student retention and promotion,

- b. by grade, the number and percentage of all students in grades three through ten performing at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests,
- c. by grade, the number and percentage of all students retained in grades three through ten,
- d. information on the total number and percentage of students who were promoted for good cause, by each category of good cause as specified above, and
- e. any revisions to the policies of the school district on student retention and promotion from the prior year.

2. The State Department of Education shall establish a uniform format for school districts to report the information required in this subsection. The format shall be developed with input from school districts and shall be provided not later than ninety (90) days prior to the annual due date. The Department shall annually compile the information required along with state-level summary information, and report the information to the public, the Governor, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives.

Q. The State Department of Education shall provide technical assistance as needed to aid school districts in administering the provision of the Reading Sufficiency Act.

R. On or before December 1 of each year, the State Department of Education shall issue to the Governor and members of the Senate and House of Representatives Education Committees a Reading Report Card for the state and each school district and elementary site which shall include, but is not limited to, trend data detailing three (3) years of data, disaggregated by student subgroups to include economically disadvantaged, major racial or ethnic groups, students with disabilities, and English language learners, as appropriate for the following:

1. The number and percentage of students in kindergarten through third grade determined to be at risk for reading

difficulties compared to the total number of students enrolled in each grade;

2. The number and percentage of students in kindergarten who continue to be at risk for reading difficulties as determined by the year-end measurement of reading progress;

3. The number and percentage of students in first through third grade who have successfully completed their program of reading instruction and are reading on grade level as determined by the results of approved reading assessments;

4. The number and percentage of students scoring at each performance level on the third-grade criterion-referenced test in reading;

5. The amount of funds for reading remediation received by each district;

6. An evaluation and narrative interpretation of the report data analyzing the impact of the Reading Sufficiency Act on students' ability to read at grade level; and

7. Any recommendations for improvements or amendments to the Reading Sufficiency Act.

The State Department of Education may contract with an independent entity for the reporting and analysis requirements of this subsection.

~~I~~ S. Copies of the results of the assessments administered shall be made a part of the permanent record of each student.

SECTION 2. AMENDATORY 70 O.S. 2001, Section 1210.508D, as last amended by Section 1, Chapter 387, O.S.L. 2008 (70 O.S. Supp. 2010, Section 1210.508D), is amended to read as follows:

Section 1210.508D A. Contingent on the provision of appropriated funds designated for the Reading Sufficiency Act, school districts may be reimbursed in the amount of up to One Hundred Fifty Dollars (\$150.00) for each enrolled first-, second- and third-grade student of the current school year, including any

student who has been retained in the third grade pursuant to Section 1210.508C of this title, who is found to be in need of remediation in reading. The reimbursement shall be for expenses incurred in reading assessment and remediation at those grade levels pursuant to the provisions of the Reading Sufficiency Act. School districts may be reimbursed up to Four Hundred Dollars (\$400.00) for each student completing the third grade, including any student who has been retained in the third grade pursuant to Section 1210.508C of this title, who is found not to be reading at the third-grade level and who subsequently participates in a summer reading remediation program. A school district which has ten or fewer students participating in a summer reading remediation program may be allocated a base amount of One Thousand Five Hundred Dollars (\$1,500.00) for the program which shall be in addition to the per-student reimbursement amount provided for in this subsection. The State Board of Education shall promulgate rules for such a course that specify at least four (4) weeks of tutoring a half (1/2) day each day. The summer reading remediation programs shall be taught by teachers who have successfully completed a professional development institute in reading administered by the Oklahoma Commission for Teacher Preparation or a scientifically-based reading professional development program administered by the State Board of Education.

B. In order to be reimbursed, school districts shall file a claim with the State Department of Education at the end of each school semester or prior to the end of the fiscal year in which the remediation is provided. Claims from summer remediation provided in July or August shall be filed with the first semester claim of the subsequent school year. Claims shall be reimbursed in a timely manner. The State Board of Education shall promulgate rules for the administration of reimbursements.

C. If a teacher attends and completes a professional development institute in elementary reading approved by the Oklahoma Commission for Teacher Preparation during the summer or when school is not in session, the teacher shall receive a stipend equal to the amount of the cost for a substitute teacher, based on the amount of funds allocated.

SECTION 3. AMENDATORY 70 O.S. 2001, Section 1210.508E, as last amended by Section 2, Chapter 387, O.S.L. 2008 (70 O.S. Supp. 2010, Section 1210.508E), is amended to read as follows:

Section 1210.508E A. If a teacher determines that a third-grade student is not reading at grade level by the end of the second quarter of the school year, the parent or guardian of the student shall be notified of:

1. The reading level of the student;
2. The program of reading instruction for the student as required pursuant to the Reading Sufficiency Act; and
3. The potential need for the student to participate in a summer academy or other program designed to assist the student in attaining grade-level reading skills.

B. A teacher who determines a third-grade student is unable to meet competencies required for reading for completion of third grade and promotion to fourth grade, ~~may have the authority~~ shall, after consultation with the parent or guardian of the student, ~~to~~ recommend that the promotion of the student to the fourth grade is contingent upon the participation in and successful completion of the required competencies for reading by the student at a summer academy or other program. If the student does not participate in the summer academy or other program or does not successfully complete the competencies in the summer academy or other program, the student ~~may~~ shall be retained in the third grade as set forth in Section 1210.508C of this title.

C. Summer academy programs shall be designed to ensure that participating students successfully complete the competencies necessary in reading for promotion to fourth grade and to enhance next-grade readiness. A summer academy reading program shall be a program that incorporates the content of a scientifically research-based professional development program administered by the Oklahoma Commission for Teacher Preparation or a scientifically based reading program administered by the State Board of Education and is taught by teachers who have successfully completed professional development in the reading program or who are certified as reading specialists.

D. School districts may approve an option for students who are unable to attend a summer academy. The optional program may include, but is not limited to, an approved private provider of instruction, approved computer- or Internet-based instruction, or an approved program of reading instruction monitored by the parent or guardian. School districts shall not be required to pay for the optional program, but shall clearly communicate to the parent or guardian the expectations of the program and any costs that may be involved.

E. Subject to the availability of funds, beginning one (1) year after implementation of this section, the requirements of subsection B of this section shall be expanded to apply to fourth-grade student promotion to fifth grade. Each year thereafter, the requirements shall be expanded by one grade level until the requirements apply to third-grade students through eighth-grade students. Summer academy programs shall be designed for each grade level. Nothing in this section shall prevent the State Board of Education or a school district board of education from utilizing private, local, or federal funds to implement this section.

F. The provisions of this section shall not apply to:

1. Students who have individualized education programs pursuant to the Individuals with Disabilities Education Act (IDEA) and who satisfy the annual goals of the individualized education program for that student; and

2. Students who are English language learners who have been determined not to be proficient in English as defined by a state-designated English proficiency assessment. A third-grade student who is an English language learner and is found not to be reading at the third-grade level shall be eligible to participate in a summer reading remediation program.

G. The State Board of Education shall adopt rules to implement the provisions of this section which shall include requirements for instructional time for summer school programs, teacher qualifications, and evaluation of student achievement as a result of summer academy programs or other optional programs.
