With respect to distributions under the System made for calendar years beginning on or after January 1, 2001, through December 31, 2004, the System shall apply the minimum distribution requirements and incidental benefit requirements of Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, in accordance with the regulations under Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, which were proposed in January 2001, notwithstanding any provision of the System to the contrary.

Effective July 1, 1989, notwithstanding any other provision contained herein to the contrary, in no event shall commencement of distribution of the accrued retirement benefit of a member be delayed beyond April 1 of the calendar year following the later of: (1) the calendar year in which the member reaches seventy and one-half (70 1/2) years of age; or (2) the actual retirement date of the member. The preceding sentence does not allow deferral of benefit commencement beyond the age of sixty-five (65).

Effective September 8, 2009, notwithstanding anything to the contrary of the System, the System, which as a governmental plan (within the meaning of Section 414(d) of the Internal Revenue Code of 1986, as amended), is treated as having complied with Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, for all years to which Section 401(a)(9) of the Internal Revenue Code of

1986, as amended, applies to the System if the System complies with a reasonable and good faith interpretation of Section 401(a)(9) of the Internal Revenue Code of 1986, as amended.

A member who was required to join the System effective July 1, 1980, because of the transfer of the employing agency from the Oklahoma Public Employees Retirement System to the System, and was not a member of the Oklahoma Public Employees Retirement System on the date of such transfer shall be allowed to receive credit for prior law enforcement service rendered to this state, if the member is not receiving or eligible to receive retirement credit or benefits for such service in any other public retirement system, upon payment to the System of the employee contribution the member would have been subject to had the member been a member of the System at the time, plus five percent (5%) interest. Service credit received pursuant to this paragraph shall be used in determining the member's retirement benefit, and shall be used in determining years of service for retirement or vesting purposes;

8. "Actual paid base salary" means the salary received by a member, excluding payment for any accumulated leave or uniform allowance. Salary shall include any amount of nonelective salary reduction under Section 414(h) of the Internal Revenue Code of 1986;

Gross salary shall include any amount of elective salary reduction under Section 457 of the Internal Revenue Code of 1986, as amended, and any amount of nonelective salary reduction under Section 414(h) of the Internal Revenue Code of 1986, as amended. Effective July 1, 1992, gross salary shall include any amount of elective salary reduction under Section 125 of the Internal Revenue Code of 1986, as amended. Effective July 1, 1998, gross salary shall include any amount of elective salary reduction not includable in the gross income of the member under Section 132(f)(4) of the Internal Revenue Code of 1986, as amended. Effective July 1, 1998, for purposes of determining a member's compensation, any contribution by the member to reduce his or her regular cash remuneration under Section 132(f)(4) of the Internal Revenue Code of 1986, as amended, shall be treated as if the member did not make such an election. Only salary on which required contributions have been made may be used in

computing the final average salary. Gross salary shall not include severance pay.

In addition to other applicable limitations, and notwithstanding any other provision to the contrary, for plan years beginning on or after July 1, 2002, the annual gross salary of each "Noneligible Member" taken into account under the System shall not exceed the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") annual salary limit. The EGTRRA annual salary limit is Two Hundred Thousand Dollars (\$200,000.00), as adjusted by the Commissioner for increases in the cost of living in accordance with Section 401(a)(17)(B) of the Internal Revenue Code of 1986, as amended. The annual salary limit in effect for a calendar year applies to any period, not exceeding twelve (12) months, over which salary is determined ("determination period") beginning in such calendar year. If a determination period consists of fewer than twelve (12) months, the EGTRRA salary limit will be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is twelve (12). For purposes of this section, a "Noneligible Member" is any member who first became a member during a plan year commencing on or after July 1, 1996.

For plan years beginning on or after July 1, 2002, any reference in the System to the annual salary limit under Section 401(a)(17) of the Internal Revenue Code of 1986, as amended, shall mean the EGTRRA salary limit set forth in this provision.

Effective January 1, 2008, gross salary for a plan year shall also include gross salary, as described above, for services, but paid by the later of two and one-half (2 1/2) months after a member's severance from employment or the end of the calendar year that includes the date the member terminated employment, if it is a payment that, absent a severance from employment, would have been paid to the member while the member continued in employment with the employer.

Effective January 1, 2008, any payments not described above shall not be considered gross salary if paid after severance from employment, even if they are paid by the later of two and one-half (2 1/2) months after the date of severance from employment or the end of the calendar year that includes the date of severance from

employment, except payments to an individual who does not currently perform services for the employer by reason of qualified military service within the meaning of Section 414(u)(5) of the Internal Revenue Code of 1986, as amended, to the extent these payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service.

Effective January 1, 2008, back pay, within the meaning of Section 1.415(c)-2(g)(8) of the Income Tax Regulations, shall be treated as gross salary for the limitation year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included in this definition.

Effective for years beginning after December 31, 2008, gross salary shall also include differential wage payments under Section 414(u)(12) of the Internal Revenue Code of 1986, as amended;

10. "Credited service" means the period of service used to determine the amount of benefits payable to a member. Credited service shall consist of the period during which the member participated in the System or the predecessor Plan as an active employee in an eligible membership classification, plus any service prior to the establishment of the predecessor Plan which was credited under the predecessor Plan and for law enforcement officers and criminalists of the Oklahoma State Bureau of Investigation and the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control who became members of the System on July 1, 1980, any service credited under the Oklahoma Public Employees Retirement System as of June 30, 1980, and for members of the Communications and Lake Patrol Divisions of the Oklahoma Department of Public Safety, who became members of the System on July 1, 1981, any service credited under the predecessor Plan or the Oklahoma Public Employees Retirement System as of June 30, 1981, and for law enforcement officers of the Alcoholic Beverage Laws Enforcement Commission who became members of the System on July 1, 1982, any service credited under the Oklahoma Public Employees Retirement System as of June 30, 1982, and for park rangers of the Oklahoma Tourism and Recreation Department who became members of the System on July 1, 1985, any service credited under the Oklahoma Public Employees Retirement System as of June 30, 1985, and for inspectors of the Oklahoma State Board of Pharmacy who became members of the System on July 1, 1986, any service credited

under the Oklahoma Public Employees Retirement System as of June 30, 1986, for law enforcement officers of the Oklahoma Capitol Patrol Division of the Department of Public Safety who became members of the System effective July 1, 1993, any service credited under the Oklahoma Public Employees Retirement System as of June 30, 1993, and for all commissioned officers in the Gunsmith/Ammunition Reloader Division of the Department of Public Safety who became members of the System effective July 1, 1994, any service credited under the Oklahoma Public Employees Retirement System as of June 30, 1994, and for the park managers or park supervisors of the Oklahoma Tourism and Recreation Department who were employed in such a position prior to July 1, 1985, and who elect to become members of the System effective September 1, 1996, any service transferred pursuant to subsection C of Section 2-309.6 of this title and any service purchased pursuant to subsection B of Section 2-307.2 of this title. Effective August 5, 1993, an authorized leave of absence shall include a period of absence pursuant to the Family and Medical Leave Act of 1993;

11. "Disability" means a physical or mental condition which, in the judgment of the Board, totally and presumably permanently prevents the member from engaging in the usual and customary duties of the occupation of the member and thereafter prevents the member from performing the duties of any occupation or service for which the member is qualified by reason of training, education or experience. A person is not under a disability when capable of performing a service to the employer, regardless of occupation, providing the salary of the employee is not diminished thereby;

12. "Limitation year" means the year used in applying the limitations of Section 415 of the Internal Revenue Code of 1986, which year shall be the calendar year;

13. "Line of duty" means any action which a member whose primary function is crime control or reduction or enforcement of the criminal law is obligated or authorized by rule, regulations, condition of employment or service, or law to perform, including those social, ceremonial, or athletic functions to which the member is assigned, or for which the member is compensated, by the agency the member serves;

14. "Personal injury" or "injury" means any traumatic injury as well as diseases which are caused by or result from such an injury, but not occupational diseases;

15. "Catastrophic nature" means consequences of an injury that permanently prevent an individual from performing any gainful work;

16. "Traumatic injury" means a wound or a condition of the body caused by external force, including injuries inflicted by bullets, explosives, sharp instruments, blunt objects or other physical blows, chemicals, electricity, climatic conditions, infectious diseases, radiation, and bacteria, but excluding stress and strain; and

Section 2-305.1A A. This section applies to distributions made on or after January 1, ~~1993~~ 2002. Notwithstanding any provision of the System to the contrary that would otherwise limit a Distributee's election hereunder, a Distributee, including a nonspouse designated beneficiary, to the extent permitted under paragraph 3 of subsection B of this section, may elect, at the time and in the manner prescribed by the Board, to have any portion of an Eligible Rollover Distribution paid directly to:

specified by the Distributee in a Direct Rollover.

B. As used in this section:

1. "Eligible Rollover Distribution" means any distribution of all or any portion of the balance to the credit of the Distributee, except that an Eligible Rollover Distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or life expectancies) of the Distributee and the Distributee's designated beneficiary, or for a specified period of ten (10) years or more; any distribution to the extent such distribution is required under Section 401(a)(9) of the Internal Revenue Code of 1986, as amended; and the portion of any distribution that is not includable in gross income. Effective January 1, 2002, a portion of a distribution shall not fail to be an Eligible Rollover Distribution merely because the portion consists of after-tax member contributions which are not includable in gross income. However, such portion may be transferred only:

a. from January 1, 2002, through December 31, 2006:

- (1) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code of 1986, as amended, or
- (2) in a direct trustee-to-trustee transfer, to a qualified trust which is part of a defined contribution plan that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includable in gross income and the portion of such distribution which is not so includable; and

b. on or after January 1, 2007:

- (1) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code of 1986, as amended, or

domestic order, as defined in subsection B of Section 2-303.3 of this title, are Distributees with regard to the interest of the spouse or the former spouse. Effective for distributions after December 31, 2006, a Distributee also includes the member's nonspouse designated beneficiary (and certain trusts described in Section 402(c)(11)(B) of the Internal Revenue Code of 1986, as amended), pursuant to Section 401(a)(9)(E) of the Internal Revenue Code of 1986, as amended, who may ~~only~~ elect any portion of a payment to be made in a Direct Rollover ~~(to the extent such Distributee does not receive a lump sum payment)~~ to an individual retirement account or annuity (other than an endowment contract) described in Section 408(a) or (b) of the Internal Revenue Code of 1986, as amended, ("IRA"), that is established on behalf of such designated beneficiary and that will be treated as an inherited IRA pursuant to the provisions of Section 402(c)(11) of the Internal Revenue Code of 1986, as amended. The required minimum distribution rules of Section 401(a)(9)(B) (other than clause iv thereof) of the Internal Revenue Code of 1986, as amended, apply to the transferee IRA. 1. The Board clearly informs the Distributee that the Distributee has a right to a period of at least thirty (30) days after receiving the notice to consider the decision of whether or not to elect a distribution; and

2. The Distributee, after receiving the notice, affirmatively elects a distribution.

D. ~~Prior~~ For distributions made after December 31, 2006, but prior to January July 1, 2010, a distribution with respect to a nonspouse designated beneficiary shall be made in accordance with Notice 2007-7, Q&A 15, 2007-5 Internal Revenue Bulletin 395. Effective January 1, 2010 for plan years beginning after December 31, 2009, a distribution with respect to a nonspouse designated beneficiary shall be subject to Sections 401(a)(31), 402(f) and 3405(c) of the Internal Revenue Code of 1986, as amended.

Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit and is payable on the first day of each month, before applying the limitations of this section. For a member who has or will have distributions commencing at more than one annuity starting date, the annual benefit shall be determined as of each such annuity starting date (and shall satisfy the limitations of this section as of each such date), actuarially adjusting for past and future distributions of benefits commencing at the other annuity starting dates. For this purpose, the determination of whether a new starting date has occurred shall be made without regard to Section 1.401(a)-20, Q&A 10(d), and with

regard to Section 1.415(b)-1(b)(1)(iii)(B) and (C) of the Income Tax Regulations.

2. No actuarial adjustment to the benefit shall be made for:

- a. survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form,
- b. benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits) and postretirement medical benefits, or
- c. the inclusion in the form of a benefit of an automatic benefit increase feature, provided, the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended, and would otherwise satisfy the limitations of this section, and the System provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this section applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code of 1986, as amended. For this purpose, an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

3. The determination of the annual benefit shall take into account Social Security supplements described in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended, and benefits transferred from another defined benefit plan, other than transfers of distributable benefits pursuant to Section 1.411(d)-4, Q&A-3(c), of the Income Tax Regulations, but shall disregard benefits attributable to employee contributions or rollover contributions.

4. Effective for distributions in plan years beginning after December 31, 2003, the determination of actuarial equivalence of

forms of benefit other than a straight life annuity shall be made in accordance with paragraph 5 or paragraph 6 of this subsection.

5. Benefit Forms Not Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph 5 if the form of the member's benefit is either:

- a. a nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse), or
- b. an annuity that decreases during the life of the member merely because of:
 - (1) the death of the survivor annuitant (but only if the reduction is not below fifty percent (50%) of the benefit payable before the death of the survivor annuitant), or
 - (2) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended).
- c. Limitation Years Beginning Before July 1, 2007. For limitation years beginning before July 1, 2007, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit computed using whichever of the following produces the greater annual amount:
 - (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form, and

- (2) a five percent (5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.
- d. Limitation Years Beginning On Or After July 1, 2007. For limitation years beginning on or after July 1, 2007, the actuarially equivalent straight life annuity is equal to the greater of:
- (1) the annual amount of the straight life annuity, if any, payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
 - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.

6. Benefit Forms Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph 6 if the form of the member's benefit is other than a benefit form described in paragraph 5 of this subsection. In this case, the actuarially equivalent straight life annuity shall be determined as follows:

- a. Annuity Starting Date in Plan Years Beginning After December 31, 2007 (Plan Years beginning on or after July 1, 2008). If the annuity starting date of the member's form of benefit is in a plan year beginning after December 31, 2007, the actuarially equivalent straight life annuity is equal to the greatest of (1), (2) or (3) below:

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form,
- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and
- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:
 - (a) the adjusted first, second, and third segment rates under Section 417(e)(3)(C) and (D) of the Internal Revenue Code of 1986, as amended, applied under rules similar to the rules of Section 430(h)(2)(C) of the Internal Revenue Code of 1986, as amended, for the fourth calendar month preceding the plan year in which falls the annuity starting date for the distribution and the stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, or as otherwise provided in the applicable guidance if the first day of the first plan year beginning after December 31, 2007, does not coincide with the first day of the applicable stability period, and

(b) the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

b. Annuity Starting Date in Plan Years Beginning in 2006 or 2007. If the annuity starting date of the member's form of benefit is in a Plan Year beginning in 2006 or 2007, the actuarially equivalent straight life annuity is equal to the greatest of (1), (2) or (3) below:

(1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form,

(2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and

(3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:

(a) the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified

below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, and

- (b) the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

c. Annuity Starting Date in Plan Years Beginning in 2004 or 2005.

- (1) If the annuity starting date of the member's form of benefit is in a plan year beginning in 2004 or 2005, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greater annual amount:

- (a) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title for adjusting benefits in the same form, and
- (b) a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

- (2) If the annuity starting date of the member's benefit is on or after the first day of the first plan year beginning in 2004 and before December 31, 2004, the application of this subparagraph shall not cause the amount payable under the

member's form of benefit to be less than the benefit calculated under the System, taking into account the limitations of this section, except that the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greatest annual amount:

- (a) the interest rate and mortality table or other tabular factor, each as set forth in subsection H of Section 2-203.1 of this title for adjusting benefits in the same form,
- (b)
 - i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, and
 - ii. the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and
- (c)
 - i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the

stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant (as in effect on the last day of the last plan year beginning before January 1, 2004, under provisions of the System then adopted and in effect), and

- ii. the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

C. If a member has less than ten (10) years of participation in the System and all predecessor pension and retirement systems, the dollar limitation otherwise applicable under subsection B of this section shall be multiplied by a fraction, the numerator of which is the number of the years of participation in the System of the member, but never less than one (1), and the denominator of which is ten (10).

D. Adjustment of Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age or After Sixty-five (65) Years of Age: Effective for benefits commencing in limitation years ending after December 31, 2001, the dollar limitation under subsection B of this section shall be adjusted if the annuity starting date of the member's benefit is before sixty-two (62) years of age or after sixty-five (65) years of age. If the annuity starting date is before sixty-two (62) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 1 of this subsection, as modified by paragraph 3 of this subsection, but subject to paragraph 4 of this subsection. If the annuity starting date is after sixty-five (65) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 2 of this subsection, as modified by paragraph 3 of this subsection.

1. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age:

a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:

- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title, or
- (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

b. Limitation Years Beginning On or After July 1, 2007.

- (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System does not have an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a

straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the immediately commencing straight life annuity under the System at sixty-two (62) years of age, both determined without applying the limitations of this section.

2. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement After Sixty-five (65) Years of Age:

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:
- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 2-303.1 of this title, or
 - (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).
- b. Limitation Years Beginning On or After July 1, 2007.
- (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System does not have an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial

equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and Age of Benefit Commencement. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the adjusted immediately commencing straight life annuity under the System at sixty-five (65) years of age, both determined without applying the limitations of this section. For this purpose, the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date is the annual amount of such annuity payable to the member, computed disregarding the member's

accruals after sixty-five (65) years of age but including actuarial adjustments even if those actuarial adjustments are used to offset accruals; and the adjusted immediately commencing straight life annuity under the System at sixty-five (65) years of age is the annual amount of such annuity that would be payable under the System to a hypothetical member who is sixty-five (65) years of age and has the same accrued benefit as the member.

3. Notwithstanding the other requirements of this subsection, no adjustment shall be made to the dollar limitation under subsection B of this section to reflect the probability of a member's death between the annuity starting date and sixty-two (62) years of age, or between sixty-five (65) years of age and the annuity starting date, as applicable, if benefits are not forfeited upon the death of the member prior to the annuity starting date. To the extent benefits are forfeited upon death before the annuity starting date, such an adjustment shall be made. For this purpose, no forfeiture shall be treated as occurring upon the member's death if the System does not charge members for providing a qualified preretirement survivor annuity, as defined in Section 417(c) of the Internal Revenue code of 1986, as amended, upon the member's death.

4. Notwithstanding any other provision to the contrary, for limitation years beginning on or after January 1, 1997, if payment begins before the member reached sixty-two (62) years of age, the reductions in the limitations in this subsection shall not apply to a member who is a "qualified participant" as defined in Section 415(b)(2)(H) of the Internal Revenue Code of 1986, as amended.

E. Minimum Benefit Permitted: Notwithstanding anything else in this section to the contrary, the benefit otherwise accrued or payable to a member under this System shall be deemed not to exceed the maximum permissible benefit if:

1. The retirement benefits payable for a limitation year under any form of benefit with respect to such member under this System and under all other defined benefit plans (without regard to whether a plan has been terminated) ever maintained by a participating

employer do not exceed Ten Thousand Dollars (\$10,000.00) multiplied by a fraction:

- a. the numerator of which is the member's number of credited years (or part thereof, but not less than one (1) year) of service, not to exceed ten (10), with the participating employer, and
- b. the denominator of which is ten (10), and

2. The participating employer (or a predecessor employer) has not at any time maintained a defined contribution plan in which the member participated (for this purpose, mandatory employee contributions under a defined benefit plan, individual medical accounts under Section 401(h) of the Internal Revenue Code of 1986, as amended, and accounts for postretirement medical benefits established under Section 419A(d)(1) of the Internal Revenue Code of 1986, as amended, are not considered a separate defined contribution plan).

F. In no event shall the maximum annual accrued retirement benefit of a member allowable under this section be less than the annual amount of such accrued retirement benefit, including early pension and qualified joint and survivor annuity amounts, duly accrued by the member as of the last day of the limitation year beginning in 1982, or as of the last day of the limitation year beginning in 1986, whichever is greater, disregarding any plan changes or cost-of-living adjustments occurring after July 1, 1982, as to the 1982 accrued amount, and May 5, 1986, as to the 1986 accrued amount.

G. Effective for years beginning after December 31, 1997, if a member purchases service under this title, which qualifies as "permissive service credit" pursuant to Section 415(n) of the Internal Revenue Code of 1986, as amended, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, may be met by either:

1. Treating the accrued benefit derived from such contributions as an annual benefit under subsection B of this section, or

2. Treating all such contributions as annual additions for purposes of Section 415(c) of the Internal Revenue Code of 1986, as amended.

H. Effective for years beginning after December 31, 1997, if a member repays to the System any amounts received because of the member's prior termination pursuant to paragraph 3 of subsection (b) of Section 2-307 of this title, such repayment shall not be taken into account for purposes of Section 415 of the Internal Revenue Code of 1986, as amended, pursuant to Section 415(k)(3) of the Internal Revenue Code of 1986, as amended.

I. For limitation years beginning on or after January 1, 1995, subsection C of this section, paragraph 1 of subsection D of this section, and the proration provided under subparagraphs a and b of paragraph 1 of subsection E of this section, shall not apply to a benefit paid under the System as a result of the member becoming disabled by reason of personal injuries or sickness, or amounts received by the beneficiaries, survivors or estate of the member as the result of the death of the member.

J. For distributions made in limitation years beginning on or after January 1, 2000, the combined limit of repealed Section 415(e) of the Internal Revenue Code of 1986, as amended, shall not apply.

K. The Board is hereby authorized to revoke the special election previously made under Section 415(b)(10) of the Internal Revenue Code ~~Section 415(b)(10) of 1986, as amended.~~

SECTION 5. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
