10        SECTION 3.        AMENDATORY        61 O.S. 2011, Section 62, as  
11 amended by Section 307, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
12 2012, Section 62), is amended to read as follows:

13        Section 62.    A.    ~~The Construction and Properties Division~~  
14 Department of Real Estate Services of the Office of Management and  
15 Enterprise Services shall maintain a file of all persons and  
16 entities interested in and capable of performing construction  
17 management and consultant services for state agencies. The file  
18 shall include registration forms and information submitted by  
19 construction managers and consultants pursuant to rules promulgated  
20 by the Office of Management and Enterprise Services. Pursuant to  
21 rules promulgated by the Office, the ~~Division~~ Department shall  
22 determine whether a construction manager or consultant qualifies for  
23 registration and shall notify the construction manager or consultant  
24 within twenty (20) days of receipt of a request for registration.

1 Construction managers and consultants shall re-register for each  
2 successive calendar year with the ~~Division~~ Department.

3 B. The requisitioning state agency shall define the scope of a  
4 proposed project. The scope shall identify project components,  
5 phases, and timetables and shall include detailed project  
6 descriptions. The state agency may request the ~~Division~~ Department  
7 to assist with scope development. The state agency shall send the  
8 scope and a requisition for construction management or consultant  
9 services, signed by ~~the chief administrative officer~~ an authorized  
10 official, to the ~~Division~~ Department. The ~~Division~~ Department shall  
11 review the scope and approve it before the state agency issues a  
12 solicitation.

13 C. The state agency shall issue a solicitation to construction  
14 managers or consultants that are registered with the Department and  
15 capable of providing the services the state agency desires. The  
16 solicitation shall, at a minimum, contain:

- 17 1. Description and scope of the project;
- 18 2. Estimated construction cost or available funds, anticipated  
19 starting date, and completion date the state agency desires for the  
20 project;
- 21 3. Certification of funds available for the construction  
22 manager or consultant fee, including federal, state or other  
23 participation;

24

1 4. Closing date for construction manager or consultant to give  
2 notice of interest to the state agency; and

3 5. Additional data the state agency requires from the  
4 construction manager or consultant. The closing date for submission  
5 of construction manager or consultant notice of interest for  
6 consideration shall be within thirty (30) days of the date of the  
7 notice the state agency issues.

8 D. After the closing date, the ~~State Construction Administrator~~  
9 ~~of the Construction and Properties Division of the Office of~~  
10 ~~Management and Enterprise Services~~ Department shall provide  
11 information from the construction managers' or consultants' files to  
12 the state agency. Should there be an inadequate expression of  
13 interest in the project, the state agency and ~~Division~~ Department  
14 personnel shall confer to add construction managers or consultants  
15 for consideration.

16 E. The state agency shall review the information the ~~Division~~  
17 Department provides and shall select no less than three and no more  
18 than five construction managers or consultants per contract for  
19 interviews. The review shall include consideration of factors from  
20 the information the ~~Division~~ Department supplies including, but not  
21 limited to:

22 1. Professional qualifications for the type of work  
23 contemplated;

24

1        2. Capacity for completing the project in the specified time  
2 period; and

3        3. Past performance on projects of a similar nature.

4        F. The ~~Division~~ Department shall advise the state agency of the  
5 methods to be used to conduct an evaluation, interview, selection,  
6 contract negotiation, and fee negotiation processes pursuant to  
7 rules promulgated by the Office of Management and Enterprise  
8 Services.

9        G. 1. Upon completion of contract negotiation with the highest  
10 qualified construction manager or consultant, which contract shall  
11 include a fair and reasonable fee, the ~~Division~~ Department shall  
12 approve and award the contract.

13        2. If the ~~Division~~ Department and the first-choice construction  
14 manager or consultant cannot reach an agreement, the negotiations  
15 shall terminate and negotiations with the second-choice construction  
16 manager or consultant shall commence. If the ~~Division~~ Department  
17 and the second-choice construction manager or consultant cannot  
18 reach an agreement, the negotiations shall terminate and  
19 negotiations with the third-choice construction manager or  
20 consultant shall commence. If the ~~Division~~ Department and the  
21 third-choice construction manager or consultant cannot reach an  
22 agreement, then all negotiations shall terminate. Should the  
23 ~~Division~~ Department be unable to negotiate a satisfactory contract  
24 with any of the three selected construction managers or consultants,

1 the ~~Division~~ Department shall select additional construction  
2 managers or consultants in order of their competency and  
3 qualifications and shall continue negotiations in accordance with  
4 the provisions of this section until an agreement is reached.

5 H. Any plans developed pursuant to the process for selection of  
6 a contractor for construction of a facility authorized pursuant to  
7 Section 183 of Title 73 of the Oklahoma Statutes shall become the  
8 property of the State of Oklahoma as a condition of the award of the  
9 final contract for construction of the facility.

10 I. For all state agencies subject to the Public Facilities Act,  
11 Sections 202 through 220 of this title, the Department shall perform  
12 the necessary procurement actions on behalf of a requisitioning  
13 agency as enumerated in subsections B through H of this section:

14 1. Determine or approve the agency's scope of a project and  
15 required services as provided in the Public Facilities Act;

16 2. Issue solicitations for construction manager and consultant  
17 services;

18 3. Conduct evaluations, interviews, selection, contract  
19 negotiation, and fee negotiation processes; and

20 4. Provide contract management services after award of a  
21 construction management or consultant contract.

22 J. In the selection of a construction manager or consultant,  
23 all political subdivisions of this state shall follow these  
24 procedures:

1 The subdivision shall select a construction manager or  
2 consultant based upon the professional qualifications and technical  
3 experience of the construction manager or consultant. The  
4 subdivision shall negotiate a contract with the highest qualified  
5 construction manager or consultant, provided that a fee can be  
6 negotiated that is fair and reasonable to both parties. In the  
7 event a reasonable fee cannot be negotiated with the selected  
8 construction manager or consultant, the subdivision may negotiate  
9 with other construction managers or consultants in order of their  
10 qualifications.

11 SECTION 4. AMENDATORY 61 O.S. 2011, Section 63, as  
12 amended by Section 309, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
13 2012, Section 63), is amended to read as follows:

14 Section 63. All drawings, plans, specifications, reports, and  
15 models made by a construction manager or consultant for a state  
16 agency shall be the property of this state, and shall be delivered  
17 to the ~~Construction and Properties Division~~ Department of Real  
18 Estate Services of the Office of Management and Enterprise Services.  
19 The ~~construction manager or consultant receiving payment for plans~~  
20 ~~paid for in whole or in part with state funds~~ agency shall file such  
21 plans with the ~~Division~~ Department for inclusion in a library system  
22 to be maintained by the ~~Division~~ Department. Any state agency shall  
23 have access for review to any plans or specifications filed with the  
24 ~~Division~~ Department.

1 SECTION 5. AMENDATORY 61 O.S. 2011, Section 65, as  
2 amended by Section 310, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
3 2012, Section 65), is amended to read as follows:

4 Section 65. A. In addition to the conditions prescribed  
5 pursuant to subsections C and D of this section, the provisions of  
6 Section 62 of this title shall not apply whenever the ~~Construction~~  
7 ~~and Properties Division~~ Department of Real Estate Services of the  
8 Office of Management and Enterprise Services with concurrence of the  
9 chief administrative officer of the public agency affected declares  
10 that an emergency exists. The construction manager or consultant  
11 shall be selected by the State ~~Construction Administrator~~ Facilities  
12 Director of the ~~Construction and Properties Division~~ Department of  
13 Real Estate Services of the Office of Management and Enterprise  
14 Services. The resulting construction manager or consultant contract  
15 shall not exceed ~~Fifteen Thousand Dollars (\$15,000.00)~~ Fifty  
16 Thousand Dollars (\$50,000.00). The reasons for the emergency shall  
17 be recorded in the official records of the ~~Division~~ Department.

18 B. Emergency as used in this section shall be limited to  
19 conditions resulting from any of the following:

20 1. A sudden unexpected happening or unforeseen occurrence if it  
21 is impossible for the provisions of Section 62 of this title to be  
22 observed because of the time factor and if the public health or  
23 safety is endangered; and  
24

1           2. A condition or situation which, if allowed to continue,  
2 would lead to economic loss to the state or to further damage of  
3 state property.

4           C. The provisions of Section 62 of this title shall not apply  
5 to the process for construction of a correctional facility whenever  
6 the State Board of Corrections informs the ~~Division~~ Department that  
7 an emergency condition threatens the security of the state  
8 correctional system, including inmate population growth, and the  
9 condition requires expeditious treatment for the review, approval  
10 and bid process as it relates to construction or expansion of  
11 correctional facilities. The ~~Division~~ Department and the Department  
12 of Corrections are authorized to implement an expedited competitive  
13 bid process for the contracting of construction managers or  
14 consultants and construction of new or expanded correctional  
15 facilities that adequately respond to the emergency. The State  
16 Board of Corrections shall provide written notification to the  
17 Governor, the Speaker of the House of Representatives and to the  
18 President Pro Tempore of the Senate of the emergency conditions.

19           D. The provisions of Section 62 of this title shall not apply  
20 to CompSource Oklahoma if CompSource Oklahoma is operating pursuant  
21 to a pilot program authorized by Sections 3316 and 3317 of Title 74  
22 of the Oklahoma Statutes.

23           SECTION 6.           AMENDATORY           61 O.S. 2011, Section 201, is  
24 amended to read as follows:

1 Section 201. Sections 202 through ~~209~~ 220 of this title shall  
2 be known and may be cited as the "Public ~~Building Construction and~~  
3 ~~Planning~~ Facilities Act".

4 SECTION 7. AMENDATORY 61 O.S. 2011, Section 202, as last  
5 amended by Section 48 of Enrolled Senate Bill No. 977 of the 1st  
6 Session of the 54th Oklahoma Legislature, is amended to read as

1 ~~leasing of facility space~~ Department of Real Estate Services for  
2 real property data acquisition, data analysis and determination of  
3 capital construction projects and procurement related to real  
4 property;

5 4. 3. "Construction" means the process of planning, acquiring,  
6 designing, building, equipping, altering, repairing, improving,  
7 maintaining, leasing, disposing or demolishing any structure or  
8 appurtenance thereto including facilities, utilities, or other  
9 improvements to any real property but not including highways,  
10 bridges, airports, railroads, tunnels, sewers not related to a  
11 structure or appurtenance thereto, or dams;

12 ~~5.~~ 4. "Construction administration" means a series of actions  
13 required of the ~~State Construction Administrator~~ State Facilities  
14 Director, of other state agency employees, or, under a construction  
15 administration contract or contract provision, to ensure the full,  
16 timely, and proper performance of all phases of a construction  
17 project by all contractors, suppliers, and other persons having  
18 responsibility for project work and any guarantees or warranties  
19 pertaining thereto;

20 5. "Department" means the Department of Real Estate Services of  
21 the Office of Management and Enterprise Services;

22 6. "Construction management" means a project delivery method  
23 based on an agreement whereby the owner acquires from a construction  
24 entity a series of services that include, but are not necessarily

1 limited to, design review, scheduling, cost control, value  
2 engineering, constructability evaluation, preparation and  
3 coordination of bid packages, and construction administration;

4 "construction management" includes:

5 a. "agency construction management" whereby the  
6 construction entity provides services to the owner  
7 without taking on financial risks for the execution of  
8 the actual construction, and

9 b. "at-risk construction management" whereby the  
10 construction entity, after providing agency services  
11 during the pre-construction period, takes on the  
12 financial obligation to carry out construction under a  
13 specified cost agreement;

14 7. "Consultant" means an individual or legal entity possessing  
15 the qualifications to provide licensed architectural, registered

24 leasing, allocating, trading or otherwise acquiring or disposing of

1 supplies, services, or construction necessary to evaluate, plan,  
2 construct, manage, operate and preserve real property capital  
3 assets;

4 ~~15.~~ 14. "Public improvement" means any beneficial or valuable  
5 change or addition, betterment, enhancement or amelioration of or  
6 upon any real property, or interest therein, belonging to a ~~public~~  
7 state agency and the State of Oklahoma, intended to enhance its  
8 value, beauty or utility or to adapt it to new or further purposes.  
9 The term does not include the direct purchase of materials, ~~provided~~  
10 ~~that the materials are not purchased in increments for an amount of~~  
11 ~~less than Twenty five Thousand Dollars (\$25,000.00) and used for the~~  
12 ~~purposes of completing a single project, equipment or supplies by a~~  
13 ~~public agency, or any personal property as defined in paragraphs 1~~  
14 ~~and 4 of subsection B of Section 430.1 of Title 62 of the Oklahoma~~  
15 Statutes used for general repairs and maintenance to state  
16 facilities;

17 ~~16.~~ 15. "Shared savings financing" means the financing of  
18 energy conservation measures and maintenance services through a  
19 private firm which may own any purchased equipment for the duration  
20 of a contract. Such contract shall specify that the private firm  
21 will be recompensed either out of a negotiated portion of the  
22 savings resulting from the conservation measures and maintenance  
23 services provided by the private firm or, in the case of a  
24 cogeneration project, through the payment of a rate for energy lower

7 only political subdivisions and the Oklahoma State Regents of Higher  
8 Education and its constituent institutions.

9 SECTION 8. AMENDATORY 61 O.S. 2011, Section 202.1, as  
10 amended by Section 319, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
11 2012, Section 202.1), is amended to read as follows:

12 Section 202.1. A. The design-build and construction management  
13 project delivery methods shall not be used without the written  
14 approval of the Director of the Office of Management and Enterprise  
15 Services, or the Director's designee, when those projects are  
16 constructed for a state agency or by an act of the Legislature  
17 specifying design-build or at-risk construction management for a  
18 project. In all instances where the design-build project or at-risk  
19 construction management delivery method is authorized, construction  
20 administration shall be performed by the State ~~Construction~~  
21 ~~Administrator~~ Facilities Director, the ~~Administrator's~~ SFD's  
22 designee or designees, or otherwise by contract or contract  
23 provision approved by the Director of the Office of Management and  
24

1 Enterprise Services for construction administration by another  
2 party.

3 B. Municipalities, counties, public trusts, or any other  
4 political subdivision in this state shall not be required to get  
5 approval of any other state agency in order to use ~~design-build~~  
6 agency construction management or at-risk construction management as  
7 a construction ~~management~~ delivery method. However, municipalities,  
8 counties, public trusts, and any other political subdivision shall  
9 be subject to ~~all other provisions of the Public Building~~  
10 ~~Construction and Planning Act~~ Section 220 of this title.

11 C. The design-build and construction management project  
12 delivery methods shall not be used for any project unless the  
13 project meets the criteria established by the administrative rules  
14 promulgated as required by this act. Such methods shall not be used  
15 unless there is a need for compressed construction time as required  
16 to respond to a natural disaster or other emergency situation  
17 affecting public health and safety, or all of the following criteria  
18 for designation are met:

- 19 1. The project benefits the public;
- 20 2. There is a need for cost control; and
- 21 3. The need exists for specialized or complex construction  
22 methods due to the unique nature of the project.

23 D. The use of design-build and construction management project  
24 delivery methods shall not interfere or inhibit the opportunity for

1 subcontractors to openly and freely compete for subcontracts  
2 pursuant to the Public Competitive Bidding Act of 1974 with respect  
3 to public notices.

4 E. The provisions of subsections A and B of this section shall  
5 not apply to projects by contract pursuant to an interagency  
6 agreement under Section 581 of Title 74 of the Oklahoma Statutes or  
7 to projects a state agency performs solely with the staff of the  
8 agency.

9 ~~F. The State Construction Administrator shall file an annual~~  
10 ~~report to the legislature summarizing cost information for each~~  
11 ~~construction management project completed the preceding year.~~

12 ~~G.~~ The Office of Management and Enterprise Services shall,  
13 pursuant to the Administrative Procedures Act, promulgate rules to  
14 effect procedures, processes and design-build/construction  
15 management fee guidelines necessary to the fulfillment of its  
16 responsibilities under this section.

17 ~~H.~~ G. As used in the Public ~~Building Construction and Planning~~  
18 Facilities Act, public trusts shall not include state beneficiary  
19 public trusts.

20 SECTION 9. AMENDATORY 61 O.S. 2011, Section 203, as  
21 amended by Section 320, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
22 2012, Section 203), is amended to read as follows:  
23  
24

1 Section 203. A. There is hereby created within the Office of  
2 Management and Enterprise Services the ~~Construction and Properties~~  
3 ~~Division~~ Department of Real Estate Services.

4 B. There is hereby created within the ~~Division~~ Department the  
5 position of State ~~Construction Administrator~~ Facilities Director who  
6 shall be the chief administrative officer of the ~~Division~~ Department  
7 and chief official over procurement as authorized in this act. The  
8 ~~Administrator~~ State Facilities Director shall be a registered  
9 professional engineer ~~or~~, a licensed architect or an individual  
10 credentialed and experienced in the field of real property  
11 administration who shall be appointed by and serve at the pleasure  
12 of the Director.

13 C. The State Facilities Director or designee shall have  
14 authority over planning, procurement, contracts, facility  
15 management, property standards, state leasing and real estate  
16 brokerage services as delegated to the Department.

17 D. The Director shall employ or contract with experts and  
18 consultants as are necessary to perform the duties of the ~~Division~~  
19 Department.

20 E. Anywhere the terms "State Construction Administrator" and  
21 "Construction and Properties Division" appear in the Oklahoma  
22 Statutes, they shall have the same meaning as "State Facilities  
23 Director" and "Department of Real Estate Services" respectively.

1 SECTION 10. AMENDATORY 61 O.S. 2011, Section 204, as  
2 last amended by Section 50 of Enrolled Senate Bill No. 977 of the  
3 1st Session of the 54th Oklahoma Legislature, is amended to read as  
4 follows:

5 Section 204. A. ~~The Construction and Properties Division of~~  
6 ~~the Office of Management and Enterprise Services~~ Department of Real  
7 Estate Services shall:

8 1. Maintain a comprehensive master plan for utilization and  
9 construction of state buildings ~~for state agencies~~, capital  
10 improvements, and utilization of land owned by this state.

11 Requirements of the master planning process shall include:

- 12 a. reporting by each state agency concerning facility  
13 needs,
- 14 b. data acquisition of condition and performance  
15 benchmarking of state agency facilities,
- 16 c. analyses and audits of state agency facilities,  
17 properties and leaseholds to determine critical and  
18 long-range needs,
- 19 d. development of state agency long-range strategic  
20 facility plans,
- 21 e. short-range project programming to identify budget  
22 requests for facility capital improvements and asset  
23 management decisions, and

24

1 f. an annual capital plan for all state agencies  
2 submitted to the Legislature for line-item  
3 appropriation requests;

4 2. Review and approve all construction plans and specifications  
5 to ensure compliance with good construction practices and space  
6 standards, costs of project, proposed construction timetables, and  
7 agency need for the project, ~~except as otherwise provided in~~  
8 ~~subsection B of this section;~~

9 3. Inspect prior to acceptance and final payment all completed  
10 projects for which the ~~Division~~ Department issued bid solicitations  
11 to ensure compliance with the plans and specifications of the  
12 project;

13 4. ~~Provide assistance to state agencies when a state agency~~  
14 ~~desires to~~ Select and hire ~~a consultant or~~ consultants and  
15 construction ~~manager~~ managers for ~~a project~~ projects as determined  
16 or approved by the Department. ~~Except as provided by subsection B~~  
17 ~~of this section, the Division~~ The Department shall select, award and  
18 execute contracts to consultants and construction managers that  
19 provide services to state agencies ~~for construction projects~~ subject  
20 to this act;

21 5. Develop and issue solicitations for award of state agency  
22 contracts for construction services. The ~~Division~~ Department shall  
23 have final approval authority for contracts and contract documents.  
24 Neither the ~~Division~~ Department nor any ~~state agency~~ public entity

1 shall, for performance of work that requires that a contractor be  
2 licensed by this state, issue a solicitation to, or make a contract  
3 with, a contractor not licensed by this state;

4 6. Review inspections performed by consultants and construction  
5 managers during construction, perform primary inspections when  
6 consultants or construction managers are not used, and final  
7 inspections after completion;

8 7. ~~Recommend~~ Establish standards, ~~including, but not limited~~  
9 ~~to, building codes~~ and policies as required to standardize facility  
10 assessment and benchmarking, facility operations and maintenance,  
11 asset preservation, design and energy standards, space utilization,  
12 material testing, indexes of efficiency, economy, and effectiveness,  
13 ~~pursuant to rules the Director promulgates;~~

14 8. Monitor indices of facility condition, effectiveness of  
15 operations and maintenance programs, deferred maintenance  
16 prioritization, effectiveness of planning processes, budgeting for  
17 capital needs, application of facility standards as established by  
18 the Department, and performance outcomes of construction projects to  
19 ensure maximum efficiency in the expenditure of state funds for  
20 ~~construction~~ asset management and preservation of the state's  
21 capital real property;

22 9. Coordinate, monitor and report on statewide energy  
23 conservation programs delegated to the Office;  
24

1        10. Provide property leasing and brokerage services delegated  
2 to the Office;

3        11. Report fraud or waste in any construction project by  
4 written notification with documentation for the report to the  
5 Attorney General. The Attorney General shall take appropriate  
6 action to protect the interest of the state; and

7        ~~10.~~ 12. Prequalify as good and sufficient insurance carriers,  
8 bonding companies and surety companies to meet provisions of  
9 Sections 1 and 134 of this title. The Director shall promulgate  
10 rules to establish criteria to determine whether a carrier or  
11 company is good and sufficient. The prequalification requirement  
12 and process shall not violate the provisions of Section 135 of this  
13 title.

14        B. When a state agency ~~has~~ employs a licensed architect or  
15 licensed engineer, as a full-time employee, ~~to review construction~~  
16 ~~plans and specifications, the review and approval of all~~  
17 ~~construction plans and specifications required pursuant to paragraph~~  
18 ~~2 of subsection A of this section shall not apply to:~~

19        ~~1. The common schools subject to the jurisdiction of the State~~  
20 ~~Department of Education;~~ said licensed employee may conduct required  
21 facility planning, prepare project plans and specifications and  
22 monitor construction work as prescribed by the Department. State  
23 agencies authorized to employ licensed architects and engineers for  
24 the purposes of this section include:

1       ~~2.~~ 1. The Department of Transportation with respect to  
2 highways, bridges and dams;

3       ~~3.~~ 2. The Oklahoma State ~~System of~~ Regents for Higher Education  
4 and its constituent institutions;

5       ~~4.~~ 3. The Military Department of the State of Oklahoma;

6       ~~5.~~ 4. The Oklahoma Tourism and Recreation Department; and

7       ~~6.~~ 5. The Department of Human Services.

8       C. Not later than December 31, 2012, with the advice of the  
9 State ~~Construction Administrator~~ Facilities Director, the Director  
10 of the Office of Management and Enterprise Services shall provide a  
11 report containing recommendations to the Legislature for the  
12 streamlining, integration, and consolidation of state construction,  
13 maintenance, and real property management processes to maximize  
14 capital assets and achieve cost savings to the state. The report  
15 shall identify the necessary planning processes for transitioning  
16 from a decentralized capital budgeting process to a centralized  
17 annual capital plan appropriation process, to be implemented no  
18 later than January 1, 2014.

19       SECTION 11.       AMENDATORY       61 O.S. 2011, Section 208, as  
20 amended by Section 324, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
21 2012, Section 208), is amended to read as follows:

22       Section 208. A. The ~~Construction and Properties Division~~  
23 Department of Real Estate Services of the Office of Management and  
24 Enterprise Services shall ~~approve state agency selection of,~~ select

1 and award contracts to construction managers and design consultants  
2 pursuant to the provisions of Section 62 of this title.

3 B. The negotiation of construction manager and ~~design~~  
4 consultant contracts and fees shall be performed by the ~~Division~~  
5 Department.

6 C. The ~~Division~~ Department shall award and administer  
7 construction contracts for state agencies pursuant to the provisions  
8 of the Public Competitive Bidding Act of 1974.

9 D. 1. When all bids for a public construction contract exceed  
10 ~~an agency's~~ the programmed estimate and available funding, the ~~State~~  
11 ~~Construction Administrator~~ Department may enter into negotiations  
12 with the lowest responsible bidder for the purpose of modifying the  
13 project scope and reducing the construction cost, provided that:

14 a. the unexpected higher construction costs resulted from  
15 unforeseen economic conditions or otherwise sudden  
16 price volatility in the construction industry,

17 b. the project was appropriately planned, and cost  
18 estimates were developed using standards of care  
19 acceptable to the ~~Division~~ Department, and

20 c. further delay caused by redesigning and rebidding the  
21 project would jeopardize the using agency's mission or  
22 result in the loss of a planned funding source.

23 2. To request consideration for negotiations pursuant to this  
24 subsection, the using agency, within ten (10) days of the bid

1 opening date, shall make a written request to the Director of the  
2 Office of Management and Enterprise Services to enter into  
3 negotiations pursuant to paragraph 1 of this subsection. If  
4 approved by the Director, the ~~State Construction Administrator~~  
5 Department shall consult with the using agency, consultant and low  
6 bidder on methods to reduce the project scope or other cost-saving  
7 measures.

8 3. If a suitable revised scope and contract amount is agreed  
9 upon by the using agency, low bidder and ~~State Construction~~  
10 ~~Administrator~~ the SFD, the ~~Division~~ Department may award the public  
11 construction contract to the low bidder.

12 4. The ~~State Construction Administrator~~ Department shall  
13 negotiate a fair and reasonable fee with the project's consultant,  
14 if applicable, to make any necessary revisions to the contract  
15 documents. The cost of this additional consulting work shall be  
16 paid from the agency's available funds.

17 5. Approval and final award of the contract for the  
18 construction negotiated pursuant to this subsection shall occur no  
19 later than one hundred twenty (120) days from the opening bid.

20 E. The Department of Real Estate Services is authorized to  
21 issue solicitations and award statewide contracts for managed  
22 construction service delivery in order to provide efficient and  
23 cost-effective procurement solutions for public agencies. Statewide  
24

1 contracts may be either mandatory or nonmandatory as determined by  
2 the SFD.

3 F. The Department of Real Estate Services is authorized to  
4 provide facility management and operations and maintenance services  
5 for any state agency on a cost-recovery basis for any facility  
6 operated by a state agency when:

7 1. The state agency initiates a request with the SFD; or

8 2. Beginning on or after July 1, 2016, the SFD determines a  
9 state agency is performing in the bottom ten percent (10%) of all  
10 state agencies with respect to performance measures for facility  
11 management established by the Department.

12 G. In addition to the exception from this act hereby provided  
13 to the Oklahoma State Regents for Higher Education and its  
14 constituent institutions, the State Facilities Director may  
15 authorize an exemption to the provisions of this act to any other  
16 state agency provided that the recipient of the exemption:

17 1. Adopts standards, processes and procedures for planning,  
18 budgeting, design, facility management, asset management and asset  
19 preservation that are substantially compliant with those as  
20 prescribed by the Department;

21 2. Adheres to procurement requirements of Sections 62 through  
22 65 of this title and the provisions of this act;

23 3. Reports benchmark, budget and ongoing performance data  
24 required by the Department; and

1        4. Participates in annual performance reviews and organized  
2 forums for promoting best practices statewide as determined by the  
3 SFD.

4        SECTION 12.        AMENDATORY        61 O.S. 2011, Section 208.1, as  
5 last amended by Section 52 of Enrolled Senate Bill No. 977 of the  
6 1st Session of the 54th Oklahoma Legislature, is amended to read as  
7 follows:

8        Section 208.1.    ~~The Construction and Properties Division of the~~  
9 ~~Office of Management and Enterprise Services~~ Department of Real  
10 Estate Services may collect a reasonable fee for the purpose of  
11 providing or contracting for architectural, engineering, land  
12 surveying, planning, real estate and related services to state  
13 agencies and political subdivisions of the state, and from persons  
14 requesting plans and notification of solicitations issued by the  
15 ~~Division~~ Department.    The ~~Division~~ Department may collect a  
16 reasonable fee for management services. Annual fees to the ~~Division~~  
17 Department shall be on a cost-recovery basis and may be calculated  
18 as a percentage of annual construction and real estate services in  
19 an amount necessary to support ~~Division~~ Department operation as  
20 designated in the annual capital plan. All fees collected in  
21 accordance with the provisions of this section shall be deposited in  
22 the "State Construction Revolving Fund" created in Section 208.2 of  
23 this title.

1 SECTION 13. AMENDATORY 61 O.S. 2011, Section 208.2, as  
2 last amended by Section 54 of Enrolled Senate Bill No. 977 of the  
3 1st Session of the 54th Oklahoma Legislature, is amended to read as  
4 follows:

5 Section 208.2. There is hereby created in the State Treasury a  
6 revolving fund for the ~~Construction and Properties Division~~  
7 Department of Real Estate Services of the Office of Management and  
8 Enterprise Services, to be designated the "State Construction  
9 Revolving Fund". The fund shall be a continuing fund, not subject  
10 to fiscal year limitations, and shall consist of all funds  
11 appropriated by the Legislature for projects included in the annual  
12 capital plan; funds from nonappropriated sources designated for  
13 projects within a capital plan; allocations from an approved annual  
14 capital plan designed for assessment and planning services;  
15 allocations from an approved annual capital plan for emergency  
16 response in accordance with Section 130 of this title; and fees  
17 collected by the ~~Division~~ Department in accordance with the  
18 provisions of this section or as otherwise provided by law. All  
19 monies accruing to the credit of the fund are hereby appropriated  
20 and may be budgeted and expended by the ~~Division~~ Department. The  
21 fund shall be used to pay expenses resulting from contracts awarded  
22 by the ~~Division~~ Department and to defray ~~Division~~ Department  
23 operating costs and expenses the ~~Department~~ Office incurs to support  
24 ~~Division~~ Department operations. Expenditures from the fund shall be

1 made upon warrants issued by the State Treasurer against claims  
2 filed as prescribed by law with the Director of the Office of  
3 Management and Enterprise Services for approval and payment.

4 SECTION 14. AMENDATORY 61 O.S. 2011, Section 208.3, is  
5 amended to read as follows:

6 Section 208.3. Nothing in the Public ~~Building Construction and~~  
7 ~~Planning~~ Facilities Act shall be construed to prevent any state  
8 entity exempted from any of the provisions of the Public ~~Building~~  
9 ~~Construction and Planning~~ Facilities Act from complying with any  
10 provisions of the Public ~~Building Construction and Planning~~  
11 Facilities Act.

12 SECTION 15. AMENDATORY 61 O.S. 2011, Section 209, as  
13 amended by Section 327, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
14 2012, Section 209), is amended to read as follows:

15 Section 209. The Director of the Office of Management and  
16 Enterprise Services shall promulgate rules:

17 1. For state agencies to perform minor construction projects;

18 2. Specifying building codes pursuant to the Oklahoma Uniform  
19 Building Code Commission Act for construction projects;

20 3. Permitting state agencies who have the expertise, upon  
21 written application to the ~~Construction and Properties Division~~  
22 Department of Real Estate Services of the Office of Management and  
23 Enterprise Services, to perform any part of the responsibilities of  
24 the ~~Division~~ Department pursuant to the provisions of the Public

1 ~~Building Construction and Planning~~ Facilities Act for a specific  
2 project;

3 4. Specifying procedures and guidelines for the implementation  
4 of shared savings financing by state agencies;

5 5. Specifying energy conservation performance guidelines, for  
6 conducting a life cycle cost analysis of alternative architectural  
7 and engineering designs and alternative major items of energy-  
8 consuming equipment to be retrofitted in existing state-owned or  
9 leased structures and for developing energy performance indices to  
10 evaluate the efficiency of energy utilization for completing designs  
11 in the construction of state-financed and leased structures;

12 6. The time, manner, authentication, and form of making  
13 requisitions to the ~~Division~~ Department;

14 7. The form and manner of submission for bids or proposals and  
15 the manner of accepting and opening bids or proposals that may  
16 include online bids pursuant to the Oklahoma Online Bidding Act;

17 8. The manner for a state agency to acquire services for  
18 construction projects ~~not exceeding the amount for which competitive~~  
19 ~~bids are required pursuant to Section 102 of this title~~;

20 9. Conditions under which any of the rules herein authorized  
21 may be waived;

22 10. The form of any document the Director requires;

23

24

1 11. Specifying provisions ~~the Division of~~ a state agency shall  
2 follow to adhere to acquisition, contract, contract management and  
3 other provisions of this title; and

4 12. Specifying the process a state agency shall follow to  
5 establish the scope of work, schedule and cost estimate for all  
6 publicly bid construction projects involving construction or  
7 renovation of buildings. ~~This requirement shall not apply to  
8 project planning work performed by a state agency which employs an  
9 architect pursuant to other provisions of this act.~~

10 SECTION 16. AMENDATORY 61 O.S. 2011, Section 210, as  
11 amended by Section 328, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
12 2012, Section 210), is amended to read as follows:

13 Section 210. A. Shared savings contracts shall be developed in  
14 accordance with a model contract ~~to be developed by the Construction  
15 and Properties Division~~ Department of Real Estate Services of the  
16 Office of Management and Enterprise Services. The model contract  
17 shall include:

18 1. The methodology for calculating baseline energy costs;

19 2. A procedure for revising these costs should the state  
20 institute additional energy conservation features or structure use  
21 change;

22 3. A requirement for a performance bond guaranteeing that the  
23 structure will be restored to the original condition in the event of  
24 default;

1 4. A provision for early ~~buy-out~~ buyout;

2 5. A clause specifying who will be responsible for maintaining  
3 the equipment; and

4 6. A provision allowing the disposal of equipment at the end of  
5 the contract.

6 No state agency or department shall substantially alter the  
7 provisions described in the model without the permission of the  
8 ~~Division~~ Department.

9 B. Contracts subject to this section shall be awarded pursuant  
10 to the provisions of subsection A of Section 208 of this title.

11 SECTION 17. AMENDATORY 61 O.S. 2011, Section 213, as  
12 amended by Section 331, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
13 2012, Section 213), is amended to read as follows:

14 Section 213. ~~A.~~ The purpose of this section is to promote  
15 effective energy and environmental standards for the construction,  
16 renovation, and maintenance of ~~public~~ state buildings ~~in this state~~  
17 which will improve the capacity of the state to design, build, and  
18 operate high-performance buildings thus creating new jobs,  
19 contributing to economic growth, and increasing energy independence.  
20 To accomplish the objectives of this section, the state shall adopt  
21 planning and construction standards for ~~public~~ state buildings that:

22 1. ~~Optimize~~ Conserve energy consumption and optimize the energy  
23 performance of ~~public buildings in the state~~ new building  
24 construction;

1           2. Increase the demand for environmentally preferable building  
2 materials, finishes, and furnishings;

3           3. Reduce the dependence of the state on imported sources of  
4 energy through buildings that conserve energy and utilize local and  
5 renewable energy sources;

6           4. Protect and restore the natural resources of the state by  
7 avoiding development of inappropriate building sites;

8           5. Reduce the burden on municipal water supply and treatment by  
9 reducing potable water consumption;

10          6. Reduce waste generation and manage waste through recycling  
11 and diversion from landfill disposal;

12          7. Establish life-cycle cost analysis as the appropriate and  
13 most efficient analysis to determine the optimal performance level  
14 of a building project;

15          8. Ensure that the systems of each building project are  
16 designed, installed, and tested to perform according to the design  
17 intent and operational needs of the building ~~through third-party~~  
18 ~~postconstruction review and verification;~~ and

19          9. Authorize the Office of Management and Enterprise Services  
20 to pursue ENERGY STAR designation from the United States  
21 Environmental Protection Agency to further demonstrate the energy  
22 ~~independence~~ efficiency of a public building project.

23           ~~B. For purposes of this section:~~  
24

1       ~~1. "High performance certification program" means a public~~  
2 ~~building design, construction, and renovation standard which meets~~  
3 ~~either the standards of the United States Green Building Council's~~  
4 ~~Leadership in Energy and Environmental Design Rating System (LEED)~~  
5 ~~or the standards of the Green Building Initiative's Green Globes~~  
6 ~~Rating System, and which:~~

7           ~~a. is quantifiable, measurable, and verifiable as~~  
8           ~~certified by an independent third party,~~

9           ~~b. reduces the operating costs of public buildings by~~  
10          ~~reducing the consumption of energy, water, and other~~  
11          ~~resources,~~

12          ~~c. results in the recovery of the increased initial~~  
13          ~~capital costs attributable to compliance with the~~  
14          ~~program over a time period by reducing long-term~~  
15          ~~energy, maintenance, and operating costs,~~

16          ~~d. improves the indoor environmental quality of public~~  
17          ~~buildings for a healthier work environment,~~

18          ~~e. encourages the use of products harvested, created, or~~  
19          ~~mined within Oklahoma, regardless of product~~  
20          ~~certification status, and~~

21          ~~f. protects the environment of Oklahoma;~~

22       ~~2. a. "Public building" means a facility that:~~

23           ~~(1) is constructed or renovated in whole or in part~~  
24           ~~with state funds or with funds guaranteed or~~

~~insured by a state agency and the state funds constitute at least fifty percent (50%) of the project cost,~~

~~(2) contains ten thousand (10,000) or more gross square feet,~~

~~(3) includes a heating, ventilation, or air conditioning system, and~~

~~(4) has not entered the design phase prior to July 1, 2008.~~

~~b. A public building shall not include:~~

~~(1) a building constructed or renovated with funds from a public school in the state as defined in Section 1-106 of Title 70 of the Oklahoma Statutes, and~~

~~3. "State agency" means any agency, board, commission, counsel, court, office, officer, bureau, institution, unit division, body, or house of the executive or judicial branches of state government, whether elected or appointed. State agency shall include institutions within The Oklahoma State System of Higher Education. State agency shall not mean a public school district or technology center school district; and~~

1       ~~4. "Substantial renovation" means any renovation of a public~~  
2 ~~building the cost of which exceeds fifty percent (50%) of the~~  
3 ~~replacement value of the facility.~~

4       ~~C. The Office of Management and Enterprise Services shall adopt~~  
5 ~~and update from time to time a high-performance certification~~  
6 ~~program.~~

7       ~~D. A state agency designing, constructing, or controlling the~~  
8 ~~substantial renovation of a public building shall carry out the~~  
9 ~~design, construction, or substantial renovation so as to achieve the~~  
10 ~~highest performance certification attainable as certified by an~~  
11 ~~independent third party pursuant to the high-performance~~  
12 ~~certification program adopted by the Office pursuant to subsection C~~  
13 ~~of this section. For purposes of this subsection, a certification~~  
14 ~~is attainable if the increased initial costs of achieving the~~  
15 ~~certification, including the time value of money, can be recouped~~  
16 ~~from decreased operational costs within five (5) years.~~

17       ~~E. If the state agency estimates that the increased initial~~  
18 ~~costs of achieving certification will exceed five percent (5%) of~~  
19 ~~the total cost of the design, construction, or substantial~~  
20 ~~renovation project, the Office of Management and Enterprise Services~~  
21 ~~shall specifically examine the estimate before authorizing the~~  
22 ~~design, construction or substantial renovation.~~

23       ~~F. If a public building undergoing substantial renovation~~  
24 ~~cannot achieve a high-performance certification due to either the~~

1 ~~historical nature of the building or because the increased costs of~~  
2 ~~renovating the public building cannot be recouped from decreased~~  
3 ~~operational costs within five (5) years, an accredited professional~~  
4 ~~shall assert in writing that, as much as possible, the substantial~~  
5 ~~renovation was executed in a manner that is consistent with the~~  
6 ~~standards in the high-performance certification program adopted by~~  
7 ~~the Office of Management and Enterprise Services.~~

8 ~~G. Any facility that is designed or newly constructed with~~  
9 ~~state funds with less than five thousand (5,000) gross square feet~~  
10 ~~that except for the size would be a public building subject to the~~  
11 ~~high-performance certification program, any minor renovation of a~~  
12 ~~public building, and any controlled maintenance of a public building~~  
13 ~~shall, as much as possible, be executed in a manner that is~~  
14 ~~consistent with the standards in the high-performance certification~~  
15 ~~program adopted by the Office of Management and Enterprise Services.~~

16 ~~H. A public building may be exempted from complying with this~~  
17 ~~section upon a determination by the Office of Management and~~  
18 ~~Enterprise Services that extenuating circumstances exist such as to~~  
19 ~~preclude compliance with the high-performance certification program.~~

20 ~~I. The Office of Management and Enterprise Services shall~~  
21 ~~identify and seek to have any public building which has been~~  
22 ~~designed, constructed, or renovated in accordance with the standards~~  
23 ~~of the high-performance certification program designated as an~~  
24

1 ~~ENERGY STAR building by the United States Environmental Protection~~  
2 ~~Agency.~~

3 ~~J. The Office of Management and Enterprise Services shall~~  
4 ~~develop and implement a process to monitor and evaluate the energy~~  
5 ~~and environmental benefits associated with designing, constructing,~~  
6 ~~or renovating a public building in accordance with the standards of~~  
7 ~~the high-performance certification program. The Office shall issue~~  
8 ~~an annual report regarding program guidelines, monitoring and~~  
9 ~~evaluation procedures, and the energy and environmental benefits~~  
10 ~~related to the implementation of the high-performance certification~~  
11 ~~program.~~

12 SECTION 18. AMENDATORY 61 O.S. 2011, Section 220, as  
13 amended by Section 332, Chapter 304, O.S.L. 2012 (61 O.S. Supp.  
14 2012, Section 220), is amended to read as follows:

15 Section 220. A. Any political subdivision or board of  
16 education of a school district may use construction management as a  
17 project delivery method for the building, altering, repairing,  
18 improving, maintaining or demolishing any structure or appurtenance  
19 thereto, or any other improvement to real property owned by that  
20 political subdivision or school district. For purposes of this  
21 section "construction management" shall be defined as set forth in  
22 Section 202 of this title and shall include both agency construction  
23 management and at-risk construction management.

1 B. A political subdivision or school district shall select a  
2 construction manager based on the professional qualifications and  
3 technical experience of the construction manager. Selection  
4 criteria shall include the experience of the candidate, past  
5 performance, and certification of the company or individuals within  
6 the company of their knowledge of recognized standards of  
7 construction, construction management and project management. Only  
8 firms recognized as qualified construction managers by the  
9 ~~Construction and Properties Division~~ Department of Real Estate  
10 Services of the Office of Management and Enterprise Services  
11 pursuant to Section 62 of this title, may be considered for  
12 selection as a construction manager by a political subdivision or  
13 school district.

14 C. The construction management project delivery method may only  
15 be used for public construction contracts when the construction  
16 project meets the criteria established by Section 202.1 of this  
17 title, except that a political subdivision or school district shall  
18 not be required to obtain permission from the Director of the Office  
19 of Management and Enterprise Services.

20 D. When bids for a public construction project have been  
21 received from general contractors pursuant to the Public Competitive  
22 Bidding Act of 1974 and the lowest responsible bid is within the  
23 awarding agency's available funding, the awarding agency shall not  
24 reject all bids and award the project to a construction manager.

1 E. Construction management contracts, for both agency  
2 construction management and at-risk construction management, entered  
3 into by a political subdivision or school district pursuant to this  
4 section shall not be considered a public construction contract  
5 pursuant to Section 102 of Title 61 of the Oklahoma Statutes and  
6 shall not be subject to competitive bidding requirements as set  
7 forth in the Public Competitive Bidding Act of 1974.

8 F. All construction contracts or subcontracts for work to be  
9 performed for any political subdivision or school district pursuant  
10 to a construction management project delivery method shall be  
11 awarded in accordance with the provisions of the Public Competitive  
12 Bidding Act of 1974. If a construction manager at-risk wishes to  
13 self-perform portions of the construction work to be performed, the  
14 construction manager at-risk may self-perform portions of the work  
15 provided the construction manager at-risk competitively bids the  
16 work under the same terms and conditions as the other bidders and  
17 the construction manager at-risk is the lowest responsible bidder  
18 for the construction subcontract. No work shall commence until the  
19 school district executes a written contract and the contractor and  
20 subcontractors submit bonds and proofs of insurance as required by  
21 the appropriate contract.

22 SECTION 19. This act shall become effective November 1, 2013.
