SECTION 2. AMENDATORY 74 O.S. 2011, Section 914, is amended to read as follows:

Section 914. A. The normal retirement date for a member of the Oklahoma Public Employees Retirement System shall be as defined in Section 902 of this title, provided members employed on or after January 1, 1983, shall have six (6) or more years of full-time-equivalent employment with a participating employer before receiving

any retirement benefits or if the member is a legislative session employee of the Legislature, shall have three (3) or more years of full-time-equivalent employment with a participating employer before receiving any retirement benefits. In no event shall a normal retirement date for a member be before six (6) months after the entry date of the participating employer by whom he or she is employed.

B. A member may be employed beyond the normal retirement date by the appointing authority of the participating employer. However, the member may not receive retirement pay so long as the member continues employment under this act. Any member who has terminated employment with a participating employer prior to the month immediately preceding said member's normal retirement date must elect a vested benefit pursuant to Section 917 of this title before receiving any retirement benefits.

C. Notice for retirement shall be filed through the retirement coordinator for the participating employer in such form and manner as the Board shall prescribe; provided, that such notice for retirement shall be filed with the office of the retirement system at least sixty (60) days prior to the date selected for the member's retirement; provided further, that the Executive Director may waive the sixty-day notice for good cause shown as defined by the Board.

1. The participating employer shall provide the System with the following information for a retiring member, no later than the fifteenth day of the month of retirement: last day physically on the job; last day on payroll; and final unused sick leave balance.

2. Failure to submit this information by the deadline, or errors in submitted information that result in a disqualification of retirement eligibility shall be the responsibility of the participating employer. In cases where the error results in disqualification of retirement eligibility, it is the participating employer's responsibility to reemploy the member, or retain the member on the payroll, for time period required to reach eligibility, not exceeding two (2) months.

D. No retirement benefits shall be payable to any member until the first day of the month following the termination of the member's employment with any participating employer. The type of retirement benefit selected by a member may not be changed on or after the effective date of the member's retirement. Receipt of workers'

compensation benefits shall in no respect disqualify the retiree for benefits.

E. If a retiree should be elected or appointed to any position or office for which compensation for service is paid from levies or taxes imposed by the state or any political subdivision thereof, the retiree shall not receive any retirement benefit for any month for which the retiree serves in such position or office after the retiree has received compensation in a sum equal to the amount allowable as wages or earnings by the Social Security Administration in any calendar year. This subsection shall not apply to service rendered by a retiree as a juror, as a witness in any legal proceeding or action, as an election board judge or clerk, or in any other office or position of a similar nature, or to an employer that is not a participating employer. Provided, further, that any participating employer who is employing such a retiree shall make proper written notification to the System informing it of the beginning date of such retiree's employment and the date such retiree reaches the maximum compensation allowed by this section in the calendar year. Any retiree returning to work for a participating employer shall make contributions to the System and the employer shall do likewise. All retirees who have returned to employment and participation in the System following retirement shall have post-retirement benefits calculated on one of the following methods:

1. All service accumulated from date of reemployment shall be computed based on the benefit formula applicable at that time and the additional benefits shall be added to the previous benefits. Such additional benefits shall be calculated each year based upon additional service accrued from July 1 to June 30 of the previous year and the additional benefit, if any, will be added to the retiree's monthly benefit beginning January 1, 2000, and each January 1 thereafter. However, the post-retirement service credit shall be cumulative, beginning with service credit accrued after the date of retirement, provided that the retiree has not received a distribution of the post-retirement contributions.

2. Any retiree who returns to employment with a participating employer may elect not to receive any retirement benefits while so reemployed. If such an election is made and reemployment is for a minimum period of thirty-six (36) consecutive months, all service accumulated from date of reemployment shall be participating service. For purposes of determining the retirement benefits of such a member upon the termination of such reemployment all

creditable service of the member shall be computed based on the benefit formula applicable at the time of termination of such reemployment. Provided, a retiree who became reemployed prior to July 1, 1982, and who is reemployed for a minimum of thirty-six (36) consecutive months shall have all the creditable service of such retiree computed based on the benefit formula applicable at the time of termination of such reemployment if the retiree elects not to receive retirement benefits prior to such termination of reemployment. A retiree who has waived receipt of the monthly benefit, but is not reemployed for the full thirty-six (36) consecutive months, shall upon termination of such reemployment have only the additional amount added to his or her benefit as if they had not waived the benefit as provided in paragraph 1 of this subsection.

3. All post-retirement additional benefits shall be calculated using actual hours worked as well as the actual compensation received and upon which contributions are paid. Post-retirement service is not subject to the partial year round-up provisions of subsection C of Section 913 of this title.

4. A retired member who returns to work for a participating employer pursuant to this section shall be bound by the election made pursuant to paragraph (2) of subsection A of Section 915 of this title if the member had made such election prior to retirement. If the member had not made such election prior to retirement, the member may do so during the member's reemployment with a participating employer pursuant to this section. A retired member may not be rehired by their former employer, nor may the retired member be permitted to enter into an employment contract of any kind with a former employer, for a period of one (1) year after the retired member ended his or her employment with the former employer unless the retired member waives his or her benefit under paragraph 2 of this subsection and returns as a bona fide employee.

F. Except as otherwise provided by subsection G of this section, any member may elect to retire before his or her normal retirement date on the first day of any month coinciding with or following the attainment of age fifty-five (55), provided such member has completed ten (10) years of participating service, but in no event before six (6) months after the entry date. Any member who shall retire before the normal retirement date shall receive an annual retirement benefit adjusted in accordance with the following percentage schedule:

G. Any member whose first participating service occurs on or after November 1, 2011, may elect to retire before his or her normal retirement date on the first day of any month coinciding with or following the attainment of age sixty (60), provided such member has completed ten (10) years of participating service, but in no event before six (6) months after the entry date. Section 915. A. (1) Except as otherwise provided in this subsection and as provided for elected officials in Section 913.4 of this title, any member who shall retire on or after the member's normal retirement date shall be entitled to receive an annual retirement benefit equal to two percent (2%) of the member's final average compensation as determined pursuant to paragraph (18) of Section 902 of this title, multiplied by the number of years of credited service that has been credited to the member in accordance with the provisions of Section 913 of this title other than years credited pursuant to paragraph (2) of this subsection.

(2) Effective January 1, 2004, except as otherwise provided for elected officials in Section 913.4 of this title and except for those members making contributions pursuant to paragraphs (c), (d) and (e) of subsection (1) of Section 919.1 of this title, any member who shall retire shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the member's final average compensation as determined pursuant to paragraph (18) of Section 902 of this title, multiplied by the number of full years of participating service after January 1, 2004, that have been credited to the member in accordance with the provisions of Section 913 of this title and only for those full years of participating service for which contributions have been made pursuant to paragraph ~~(f)~~ (e) of subsection (1) of Section 919.1 of this title. The two and one-half percent (2 1/2%) multiplier shall not apply to purchased service, purchased or granted military service or transferred service. In order to receive the two and one-half percent (2 1/2%) multiplier in computing retirement benefits, an active member shall make an irrevocable written election to pay the contributions pursuant to paragraph ~~(f)~~ (e) of subsection (1) of Section 919.1 of this title. The two and one-half percent (2 1/2%) multiplier pursuant to this paragraph shall not apply to additional years of service credit attributed to sick leave pursuant to paragraph 7 of subsection B of Section 913 of this title and fractional years pursuant to subsection C of Section 913 of this title and shall be attributable only to the participating service credited after the election of the member.

(3) The minimum final average compensation for any person who becomes a member of the System on or after July 1, 1995:

- a. and who had twenty (20) or more years of credited service within the System as of the member's retirement date shall be no less than Thirteen Thousand Eight Hundred Dollars (\$13,800.00) per annum,
- b. and who had at least fifteen (15) but not more than nineteen (19) years of credited service within the System as of the member's retirement date shall be no less than Six Thousand Nine Hundred Dollars (\$6,900.00) per annum,
- c. and who had less than fifteen (15) years of credited service within the System as of the member's retirement date shall not be eligible for any minimum amount of final average compensation and the member's final average compensation shall be the final average compensation as defined by paragraph (18) of Section 902 of this title,

(4) Provided, further, any member who has elected a vested benefit pursuant to Section 917 of this title shall be entitled to receive benefits as outlined in this section except the percent factor and the member's maximum compensation level in effect the date the member's employment was terminated with a participating employer shall be applicable.

(5) Any member who is a correctional officer or a probation and parole officer employed by the Department of Corrections at the time of retirement and who retires on or before June 30, 2000, shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member not to exceed Twenty-five Thousand Dollars (\$25,000.00) and two percent (2%) of the final average salary in excess of Twenty-five Thousand Dollars (\$25,000.00) but not exceeding the maximum compensation level as provided in paragraph (9) of Section 902 of this title, multiplied by the number of years of service as a correctional officer or a probation and parole officer, provided, any years accrued prior to July 1, 1990, as a correctional officer or a probation and parole officer by a member who is employed as a correctional officer or a probation and parole officer on July 1, 1990, shall be calculated for retirement purposes at two and one-quarter percent (2 1/4%) of the final average compensation of the member not to exceed Twenty-five Thousand Dollars (\$25,000.00) and two percent (2%) of the final average salary in excess of Twenty-five Thousand Dollars (\$25,000.00) but not exceeding the maximum

compensation level as provided in paragraph (9) of Section 902 of this title, multiplied by the number of years of such service and any years in excess of twenty (20) years as such an officer or years credited to the member in accordance with the provisions of Section 913 of this title shall be calculated for retirement purposes at two percent (2%) of the final average compensation of the member multiplied by the number of years of such service. Any person who contributes to the System as a correctional officer or a probation and parole officer as provided in paragraph (c) of subsection (1) of Section 919.1 of this title, on or before June 30, 2000, but who does not make such contributions after June 30, 2000, and who does not qualify for normal retirement under subparagraph (c) of paragraph (24) of Section 902 of this title shall have retirement benefits for each year of full-time-equivalent participating service as a correctional or a probation and parole officer after July 1, 1990, computed on two and one-half percent (2 1/2%) of the final average compensation based upon those years as a correctional officer or a probation and parole officer. Provided, further, any fugitive apprehension agent shall be entitled to receive benefits as outlined in this act for service as a fugitive apprehension agent prior to July 1, 2002, only upon payment to the System of the employee contributions which would have been paid if such fugitive apprehension agent had been covered by this section prior to the effective date of this act, plus interest of not to exceed ten percent (10%) as determined by the Board. The Department of Corrections may make the employee contribution and interest payment on behalf of such member.

(6) Any member who is a correctional officer, a probation and parole officer or a fugitive apprehension agent employed by the Department of Corrections at the time of retirement and who retires on or after July 1, 2002, shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member, but not exceeding the maximum compensation level as provided in paragraph (18) of Section 902 of this title, multiplied by the number of years of service as a correctional officer, a probation and parole officer or a fugitive apprehension agent, and any years in excess of twenty (20) years as such an officer or agent, or years credited to the member in accordance with the provisions of Section 913 of this title, shall be calculated for retirement purposes at two percent (2%) of the final average compensation of the member multiplied by the number of years of such service. For purposes of this paragraph, "final average compensation" shall be determined by computing the average annual salary, in the manner prescribed by paragraph (18) of Section

902 of this title, for the highest three (3) years of the last ten (10) years of participating service immediately preceding retirement or termination of employment for all years of service performed by such member, both for years of service performed as a correctional officer, probation and parole officer or fugitive apprehension agent, not in excess of twenty (20) years, and for years of service performed in excess of twenty (20) years, whether as a correctional officer, probation and parole officer, fugitive apprehension agent or other position unless the computation of benefits would result in a lower retirement benefit amount than if final average compensation were to be computed as otherwise provided by this paragraph. "Final average compensation" shall be determined by computing the average annual salary for the highest five (5) of the last ten (10) years of participating service immediately preceding retirement or termination of employment, with respect to members whose first participating service occurs on or after July 1, 2013.

(7) Any member who is a correctional officer, a probation and parole officer or a fugitive apprehension agent who has at least five (5) years of service as a correctional officer, a probation and parole officer or a fugitive apprehension agent who is in such position on June 30, 2004, or who is hired after June 30, 2004, in such position, and who receives a promotion or change in job classification after June 30, 2004, to another position in the Department of Corrections, and who is employed by the Department of Corrections at the time of retirement and who retires on or after July 1, 2004, shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member, but not exceeding the maximum compensation level as provided in paragraph (18) of Section 902 of this title, multiplied by the number of years of service with the Department of Corrections and any years in excess of twenty (20) years with the Department or years credited to the member in accordance with the provisions of Section 913 of this title, shall be calculated for retirement purposes at two percent (2%) of the final average compensation of the member multiplied by the number of years of such service. For purposes of this paragraph, "final average compensation" shall be determined by computing the average annual salary, in the manner prescribed by paragraph (18) of Section 902 of this title, for the highest three (3) years of the last ten (10) years of participating service immediately preceding retirement or termination of employment for all years of service performed by such member with the Department. "Final average compensation" shall be determined by computing the average annual salary for the highest five (5) of the last ten (10) years of participating service

immediately preceding retirement or termination of employment, with respect to members whose first participating service occurs on or after July 1, 2013.

(8) Any person who contributed to the System as a correctional officer, a probation and parole officer or a fugitive apprehension agent as provided in paragraphs (c) or (d) of subsection (1) of Section 919.1 of this title, and who retires under normal retirement or early retirement on or after January 1, 2004, under paragraph (24) of Section 902 of this title shall have retirement benefits for each year of full-time-equivalent participating service as a correctional officer, a probation and parole officer or a fugitive apprehension agent, computed on two and one-half percent (2 1/2%) of the final average compensation based upon those years as a correctional officer, a probation and parole officer or a fugitive apprehension agent. For purposes of this paragraph, "final average compensation" shall be determined by computing the average annual salary, in the manner prescribed by paragraph (18) of Section 902 of this title, for the highest three (3) years of the last ten (10) years of participating service immediately preceding retirement or termination of employment for all years of service performed by such member, both for years of service performed as a correctional officer, probation and parole officer or fugitive apprehension agent, not in excess of twenty (20) years, and for years of service performed in excess of twenty (20) years, whether as a correctional officer, probation and parole officer, fugitive apprehension agent or other position unless the computation of benefits would result in a lower retirement benefit amount than if final average compensation were to be computed as otherwise provided by this paragraph. "Final average compensation" shall be determined by computing the average annual salary for the highest five (5) of the last ten (10) years of participating service immediately preceding retirement or termination of employment, with respect to members whose first participating service occurs on or after July 1, 2013.

(9) Any member who is:

- a. initially on or after July 1, 2002, employed as a firefighter for the Oklahoma Military Department and who retires on or after the member's normal retirement date shall be entitled to receive an annual retirement benefit equal to two and one-half percent (2 1/2%) of the final average compensation of the member multiplied by the number of years of service in such service,

- b. (1) a firefighter who performs firefighting services for the Oklahoma Military Department prior to July 1, 2002, and who makes an election in writing on a form prescribed for this purpose by the System not later than December 31, 2002, shall be entitled to receive a retirement benefit based upon two and one-half percent (2 1/2%) of the final average compensation of the member multiplied by the number of years of service as a firefighter with the Oklahoma Military Department on or after July 1, 2002. The election authorized by this subdivision shall be irrevocable once the election is filed with the System,
- (2) a firefighter who performs firefighting services for the Oklahoma Military Department prior to July 1, 2002, and who makes the election in division (1) of this subparagraph may also make an election in writing on a form prescribed for this purpose by the System not later than December 31, 2002, to receive a retirement benefit based upon two and one-half percent (2 1/2%) of the final average compensation of the member multiplied by the number of years of service as a firefighter with the Oklahoma Military Department prior to July 1, 2002. The election authorized by this subdivision shall be irrevocable once the election is filed with the System. Retirement benefits shall be calculated based upon the two and one-half percent (2 1/2%) multiplier upon payment being made pursuant to Section 913.5 of this title.

(10) Upon death of a retirant, there shall be paid to his beneficiary an amount equal to the excess, if any, of his accumulated contributions over the sum of all retirement benefit payments made.

(11) Such annual retirement benefits shall be paid in equal monthly installments, except that the Board may provide for the payment of retirement benefits which total less than Two Hundred Forty Dollars (\$240.00) a year on other than a monthly basis.

(12) Pursuant to the rules established by the Board, a retiree receiving monthly benefits from the System may authorize warrant deductions for any products currently offered to active state employees through the Employees Benefits Council, provided that product is offered to state retirees as a group and has a minimum participation of five hundred state retirees. The System has no responsibility for the marketing, enrolling or administration of such products, but shall retain a processing fee of two percent (2%) of the gross deductions for the products. Retirement benefit deductions shall be made for membership dues for any statewide association for which payroll deductions are authorized pursuant to subsection B of Section ~~7.10~~ 34.70 of Title 62 of the Oklahoma Statutes for retired members of any state-supported retirement system, upon proper authorization given by the member to the board from which the member or beneficiary is currently receiving retirement benefits.

B. A member shall be considered disabled if such member qualifies for the payment of Social Security disability benefits, or the payment of benefits pursuant to the Railroad Retirement Act of 1974, Section 231 et seq. of Title 45 of the United States Code, and shall be eligible for benefits hereunder upon proof of such disability, provided such member is an active regularly scheduled employee with a participating employer at the time of injury or inception of illness or disease resulting in subsequent certification of eligibility for Social Security disability benefits by reason of such injury, illness or disease, providing such disability is certified by the Social Security Administration within one (1) year after the last date physically on the job and after completion of at least eight (8) years of participating service or combined prior and participating service or resulting in subsequent certification of eligibility of disability by the Railroad Retirement Board providing such certification is made by the Railroad Retirement Board within one (1) year after the last date physically on the job and after completion of at least eight (8) years of participating service or combined prior and participating service. The member shall submit to the Retirement System the Social Security Award Notice or the Railroad Retirement Award Notice certifying the date of entitlement for disability benefits, as issued by the Social Security Administration, Department of Health and Human Services or the Railroad Retirement Board. Disability benefits shall become effective on the date of entitlement as established by the Social Security Administration or the Railroad Retirement Board, but not before the first day of the month following removal from the payroll, whichever is later, and final

approval by the Retirement System. Benefits shall be based upon length of service and compensation as of the date of disability, without actuarial reduction because of commencement prior to the normal retirement date. The only optional form of benefit payment available for disability benefits is Option A as provided for in Section 918 of this title. Option A must be elected in accordance with the provisions of Section 918 of this title. Benefit payments shall cease upon the member's recovery from disability prior to the normal retirement date. Future benefits, if any, shall be paid based upon length of service and compensation as of the date of disability. In the event that disability ceases and the member returns to employment within the System credited service to the date of disability shall be restored, and future benefits shall be determined accordingly.

C. A member who incurred a disability pursuant to subsection B of this section on or after July 1, 1999, and who has retired from the System with an early retirement benefit pending certification from the Social Security Administration or the Railroad Retirement Board shall receive a retirement benefit not less than the disability retirement benefit provided by subsection B of this section once the System receives a Social Security Award Notice or a Railroad Retirement Award Notice pursuant to subsection B of this section and a completed Application for Disability Benefits. In addition, such member shall receive the difference, if any, between the early retirement benefit and the disability benefit from the date the Social Security Administration or the Railroad Retirement Board establishes disability entitlement.

D. Any actively participating member of the System on or after July 1, 1998, except for those employees provided in subparagraph (e) of paragraph (14) of Section 902 of this title, whose employment is less than full-time, shall have his or her final average compensation calculated on an annualized basis using his or her hourly wage subject to the maximum compensation limits; provided, however, any such member who has at least three (3) years of full-time employment during the last ten (10) years immediately preceding termination or retirement shall not be eligible for the annualization provisions contained herein. The Board of Trustees shall promulgate such administrative rules as are necessary to implement the provisions of this subsection.

SECTION 4. AMENDATORY 74 O.S. 2011, Section 916.1, is amended to read as follows:

Section 916.1 A. Upon the death of a retired member, the Oklahoma Public Employees Retirement System shall pay to the beneficiary of the member or if there is no beneficiary or if the beneficiary predeceases the member, to the estate of the member, the sum of Four Thousand Dollars (\$4,000.00) as a death benefit for those retired members who died prior to July 1, 1999. For those retired members who died on or after July 1, 1999, the sum shall be Five Thousand Dollars (\$5,000.00). The benefit payable pursuant to this subsection shall be deemed, for purposes of federal income taxation, as life insurance proceeds and not as a death benefit if the Internal Revenue Service approves this provision pursuant to a private letter ruling request which shall be submitted by the board of trustees of the System for that purpose.

B. Upon the death of a member who dies leaving no living beneficiary or having designated his estate as beneficiary, the System may pay any applicable death benefit, unpaid contributions, or unpaid benefit which may be subject to probate, in an amount of ~~Ten Thousand Dollars (\$10,000.00)~~ Twenty-five Thousand Dollars (\$25,000.00) or less, without the intervention of the probate court or probate procedure pursuant to Section 1 et seq. of Title 58 of the Oklahoma Statutes.

1. Before any applicable probate procedure may be waived, the System must be in receipt of the member's proof of death and the following documents from those persons claiming to be the legal heirs of the deceased member:

- a. the member's valid last will and testament, trust documents or affidavit that a will does not exist,
- b. an affidavit or affidavits of heirship which must state:
 - (1) the names and signatures of all claiming heirs to the deceased member's estate including the claiming heirs' names, relationship to the deceased, current addresses and current telephone numbers,
 - (2) a statement or statements by the claiming heirs that no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction,

- (3) ~~a statement that the value of the deceased member's entire estate is subject to probate, and that the estate wherever located, less liens and encumbrances, does not exceed Ten Thousand Dollars (\$10,000.00), including the payment of benefits or unpaid contributions from the System as authorized by this subsection,~~
- ~~(4)~~ a description of the personal property claimed (i.e., death benefit or unpaid contributions or both), together with a statement that such personal property is subject to probate, and
- ~~(5)~~ (4) a statement by each individual claiming heir identifying the amount of personal property that the heir is claiming from the System, and that the heir has been notified of, is aware of and consents to the identified claims of all the other claiming heirs of the deceased member pending with the System,
- c. a written agreement or agreements signed by all claiming heirs of the deceased member which provides that the claiming heirs release, discharge and hold harmless the System from any and all liability, obligations and costs which it may incur as a result of making a payment to any of the deceased member's heirs,
- d. a corroborating affidavit from an individual other than a claiming heir, who was familiar with the affairs of the deceased member, and
- e. proof that all debts of the deceased member, including payment of last sickness, hospital, medical, death, funeral and burial expenses have been paid or provided for.

2. The Executive Director of the System shall retain complete discretion in determining which requests for probate waiver may be granted or denied, for any reason. Should the System have any question as to the validity of any document presented by the claiming heirs, or as to any statement or assertion contained therein, the probate requirement provided for in Section 1 et seq. of Title 58 of the Oklahoma Statutes shall not be waived.

3. After paying any death benefits or unpaid contributions to any claiming heirs as provided pursuant to this subsection, the System is discharged and released from any and all liability, obligation and costs to the same extent as if the System had dealt with a personal representative of the deceased member. The System is not required to inquire into the truth of any matter specified in this subsection or into the payment of any estate tax liability.

C. Death benefits provided pursuant to this section may be assigned by the beneficiary to a person licensed as a funeral director or to a lawfully recognized business entity licensed as required by law to provide funeral services for the deceased member.

SECTION 5. AMENDATORY 74 O.S. 2011, Section 917, is amended to read as follows:

Section 917. (1) Upon termination of employment with a participating employer, not followed by employment with such participating employer, or another participating employer, within four (4) calendar months, the member shall be paid an amount equal to the amount of money he or she has paid into the System upon the filing of the proper application with the System. Payment of these accumulated contributions may be made in less than four (4) calendar months only in the event that a member is not eligible to elect a vested benefit pursuant to this section and said member is terminally ill, as evidenced by a physician's certification that the member is not expected to live beyond four (4) months.

(2) If such member has completed eight (8) years of credited service at date of termination or if the member is a legislative session employee of the Legislature or if the employee is a session employee employed by the Legislative Service Bureau, four (4) years of credited service at date of termination, he may elect a vested benefit in lieu of receiving his accumulated contributions. The amount of the vested benefit shall commence at the normal retirement date and shall be paid monthly during the lifetime of the retirant with the last payment made on the last day of the month in which death occurs.

(3) Upon death before the normal or early retirement date of a member who has elected a vested benefit, his accumulated contributions shall be paid to his beneficiary unless the spouse of the deceased member elects monthly benefits as provided for in Section 918 of this title.

(4) Upon death after the normal or early retirement date of a retirant who elected a vested benefit without an option, the excess, if any, of his accumulated contributions over the sum of all payments of the vested benefit made to date of death shall be paid to his beneficiary.

(5) If a former employee, who meets the eligibility requirements for membership, returns to employment after the expiration of four (4) calendar months following the termination of his employment and the employee has withdrawn his accumulated contributions, he may pay to the System the sum of the accumulated contributions he has withdrawn plus interest of not to exceed ten percent (10%), as determined by the Board, and shall receive the same benefits as if he had never withdrawn his contributions. No member shall be permitted to take advantage of the payback for restoration of creditable service more than one time. If a member, who has elected a vested benefit, or a reemployed member, who has not withdrawn the member's contributions, again becomes an employee of a participating employer, the period of absence shall not be counted as a break in service; however, the period of absence shall not be credited.

(6) Prior to January 1, 1991, members, who at the time of employment were ineligible for membership into the System due to their age, shall receive benefits for the period of ineligibility if the employer and employee contributions are paid the System for that ineligible period. No interest shall be paid on a payback of this type. However, effective January 1, 1991, to receive benefits, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

(7) When any error in calculation or participation coverage to a prior or current employee exists, it shall be the responsibility of the participating employer which made the error to pay the amount determined by the Board pursuant to Section 913.5 of this title. This obligation of the participating employer to pay the amount due pursuant to this section shall be considered a current obligation of the employer until the amount is paid in full, regardless of the dates of the periods of service.

(8) Upon application to the Board and payment as determined by the Board, a member of the System may receive service credit for those years of service that the member was eligible to receive service credit from the Teachers' Retirement System of Oklahoma. To

receive the service credit, the member shall pay the amount determined by the Board pursuant to Section 913.5 of this title.

(9) Upon the death of a retired member, the benefit payment for the month in which the retired member died, if not previously paid, shall be made to the ~~estate~~ beneficiary of the member or to the member's ~~beneficiary if there is no~~ estate if there is no beneficiary. Such benefit payment shall be made in an amount equal to a full monthly benefit payment regardless of the day of the month in which the retired member died.

(10) Subject to the provisions of Sections 918 and 918.1 of this title, if there are two or more beneficiaries designated by the member, upon the member's death, the System shall pay any applicable benefits to any of the beneficiaries that have completed all required paperwork regardless of whether or not all beneficiaries have completed such paperwork.

SECTION 6. This act shall become effective July 1, 2013.

SECTION 7. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

Re: Floor amendment to House Bill No. 1325

The floor amendment returns the definition of final average compensation for those who first participate in OPERS to a three year average rather than a five year average. House Bill No. 1325 would change the average to a five year average.

Floor amendment to House Bill No. 1325 is a nonfiscal retirement bill as defined by the Oklahoma Pension Legislation Actuarial Analysis Act.
