

An Act

ENROLLED SENATE
BILL NO. 2024

By: Barrington of the Senate

and

Armes of the House

An Act relating to the Oklahoma Firefighters Pension and Retirement System; amending 11 O.S. 2011, Sections 29-102, 49-100.8, as amended by Section 48, Chapter 304, O.S.L. 2012, 49-106.1, as last amended by Section 4, Chapter 388, O.S.L. 2013, 49-106.2, as last amended by Section 5, Chapter 388, O.S.L. 2013, 49-113.2, 49-117.1, as last amended by Section 8, Chapter 388, O.S.L. 2013 and 49-135 (11 O.S. Supp. 2013, Sections 49-100.8, 49-106.1, 49-106.2 and 49-117.1), which relate to administration of the retirement system; modifying provisions related to fire chief; modifying provisions related to amortization period; modifying provisions related to Deferred Retirement Option Plan; modifying provisions related to death benefit; removing requirement that System request an opinion from the Internal Revenue Service for purposes of certain income tax treatment; modifying provisions related to termination of service prior to normal retirement date; clarifying method for calculating certain retirement annuity; modifying provisions related to age requirement for purposes of retirement; and declaring an emergency.

SUBJECT: Oklahoma Firefighters Pension and Retirement System

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 11 O.S. 2011, Section 29-102, is amended to read as follows:

Section 29-102. All cities having a paid fire department shall have one full-time fire chief who shall supervise and administer the fire department in accordance with the policies and procedures prescribed by the governing body or by the city manager. The fire department shall be under the direction and control of the fire chief who shall not serve as fire chief and also as police chief, city manager, mayor or any other position that impairs the ability to perform the duties of a fire chief. The fire chief, whether permanent or interim, of any paid municipal fire department shall have had at least three (3) years' actual experience as a paid fire fighter before assuming the position of fire chief. It shall be the duty of the fire chief to file the appropriate activity report forms with the Office of the State Fire Marshal in Oklahoma City on an annual basis. The activity report forms shall be designed by the State Fire Marshal and shall include, but not be limited to, the amount of property and vehicle fire loss, types of fires, inspections and investigations. The report shall include notification of all fire-related civilian deaths and injuries in the respective jurisdiction and of fire fighter deaths in the line of duty and of fire fighter injuries in the line of duty requiring the services of a hospital or physician or both.

SECTION 2. AMENDATORY 11 O.S. 2011, Section 49-100.8, as amended by Section 48, Chapter 304, O.S.L. 2012 (11 O.S. Supp. 2013, Section 49-100.8), is amended to read as follows:

Section 49-100.8 The State Board shall certify to the Director of the Office of Management and Enterprise Services, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate, on or before July 15 of each year, an actuarially determined estimate of the rate of contribution which will be required, together with all accumulated contributions and other assets of the System to pay by level-dollar payments all liabilities which shall exist or accrue pursuant to the provisions of the System, including amortization of the unfunded accrued liability over a period of not to exceed thirty (30) years beginning July 1, ~~2003~~ 2014.

SECTION 3. AMENDATORY 11 O.S. 2011, Section 49-106.1, as last amended by Section 4, Chapter 388, O.S.L. 2013 (11 O.S. Supp. 2013, Section 49-106.1), is amended to read as follows:

Section 49-106.1 A. In lieu of terminating employment and accepting a service retirement pension pursuant to Sections 49-101 and 49-106 of this title, any member of the Oklahoma Firefighters Pension and Retirement System serving as an active firefighter in a fire department of a participating municipality who has not less than twenty (20) years of creditable service, or any member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs on or after November 1, 2013, and who has not less than twenty-two (22) years of creditable service and who is eligible to receive a service retirement pension may elect to participate in the Oklahoma Firefighters Deferred Option Plan and defer the receipts of benefits in accordance with the provisions of this section.

B. For purposes of this section, creditable service shall include service credit reciprocally recognized pursuant to Sections 49-100.1 through 49-100.8 and Sections 49-101, 49-101.1 and 49-101.2 of this title but for eligibility purposes only.

C. The duration of participation in the Oklahoma Firefighters Deferred Option Plan for active firefighters shall not exceed five (5) years. Participation in the Oklahoma Firefighters Deferred Option Plan must begin the first day of a month and end on the last day of a month. At the conclusion of a member's participation in the Oklahoma Firefighters Deferred Option Plan, the member shall terminate employment with all participating municipalities as a firefighter, and shall start receiving the member's accrued monthly retirement benefit from the System. Such a member may be reemployed by a participating municipality but only in a position not covered under the System, and receive in-service distributions of such member's accrued monthly retirement benefit from the System.

D. When a member begins participation in the Oklahoma Firefighters Deferred Option Plan, the contribution of the member shall cease. The employer contributions shall continue to be paid in accordance with subsection B of Section 49-122 of this title. Employer contributions for members who elect the Oklahoma Firefighters Deferred Option Plan shall be credited equally to the

Oklahoma Firefighters Pension and Retirement System and to the member's Oklahoma Firefighters Deferred Option Plan account. The monthly retirement benefits that would have been payable had the member elected to cease employment and receive a service retirement shall be paid into the member's Oklahoma Firefighters Deferred Option Plan account.

E. 1. A member who participates in this plan shall be eligible to receive cost-of-living increases.

2. A member who participates in this plan shall earn interest at a rate of two percentage points below the rate of return of the investment portfolio of the System, but no less than the actuarial assumed interest rate as certified by the actuary in the yearly evaluation report of the actuary. The interest shall be credited to the individual account balance of the member on an annual basis.

3. Effective November 1, 2013, the Oklahoma Firefighters Deferred Option Plan account for a member whose first service with a participating municipality of the System occurs on or after November 1, 2013, and who participates for the first time in the Oklahoma Firefighters Deferred Option Plan on or after November 1, 2013, and has completed active participation in the Oklahoma Firefighters Deferred Option Plan, shall earn interest at a rate equal to the actual rate of return of the investment portfolio of the System, less one (1) percentage point to offset administrative costs of the System as determined by the System.

F. A member in the plan shall receive, at the option of the member, a lump-sum payment from the account equal to the payments to the account or an annuity based upon the account of the member or may elect any other method of payment if approved by the Board of Trustees. If a member becomes so physically or mentally disabled while in, or in consequence of, the performance of his or her duty as to prevent the effective performance of his or her duties that the State Board approves an in-line-of-duty disability pension, the payment from the account shall be an in-line-of-duty disability payment. Notwithstanding any other provision contained herein to the contrary, commencement of distributions under the Oklahoma Firefighters Deferred Option Plan shall be no later than the time as set forth in subsection B of Section 49-106 of this title and a member whose first service with a participating municipality of the

System occurs on or after November 1, 2013, and who participates for the first time in the Oklahoma Firefighters Deferred Option Plan on or after November 1, 2013, must receive a distribution of the entire remaining balance in the member's Oklahoma Firefighters Deferred Option Plan account no later than April 1 of the calendar year following the later of:

1. The calendar year in which the member reaches seventy and one-half (70 1/2) years of age; or

2. The actual retirement date of the member.

G. If a member dies while maintaining an account balance in the plan the System shall pay to the designated recipient or recipients of the member, or if there is no designated recipient or if the designated recipient predeceases the member, to the spouse of the member, or if there is no spouse or if the spouse predeceases the member, to the estate of the member a lump-sum payment equal to the account balance of the member. If such member was receiving, or eligible to receive, an in-line-of-duty disability pension at the time of his or her death, payment of the account balance shall be an in-line-of-duty disability payment. If a designated recipient is the surviving spouse of the member, the surviving spouse shall receive his or her portion of the account balance of the member pursuant to subsection F of this section. The surviving spouse, whether or not he or she is a designated recipient of the member, may elect to receive his or her portion of the account balance of the member in the same manner as was applicable to the member.

H. In lieu of participating in the Oklahoma Firefighters Deferred Option Plan pursuant to subsections A, B, C, D, E and F of this section, a member may elect to participate in the Oklahoma Firefighters Deferred Option Plan pursuant to this subsection as follows:

1. For purposes of this subsection and subsection I of this section, the following definitions shall apply:

- a. "back drop date" means the member's normal retirement date or the date five (5) years before the member elects to participate in the Oklahoma Firefighters Deferred Option Plan, whichever date is later,

- b. "termination date" means the date the member elects to participate in the Oklahoma Firefighters Deferred Option Plan pursuant to this subsection, and the date the member terminates employment with all participating municipalities as an active firefighter,
- c. "earlier attained credited service" means the credited service earned by a member as of the back drop date, and
- d. "deferred benefit balance" means all monthly retirement benefits that would have been payable had the member elected to cease employment on the back drop date and receive a service retirement from the back drop date to the termination date, all the member's contributions and one-half (1/2) of the employer contributions from the back drop date to the termination date, with interest based on how the benefit would have accumulated on a compound annual basis as if the member had participated in the Oklahoma Firefighters Deferred Option Plan pursuant to subsections A, B, C, D, E and F of this section from the back drop date to the termination date; and

2. At the termination date, the monthly pension benefit shall be determined based on earlier attained credited service and on the final average salary as of the back drop date. The member's individual deferred option account shall be credited with an amount equal to the deferred benefit balance, the member shall terminate employment with all participating municipalities as a firefighter, and shall start receiving the member's accrued monthly retirement benefit from the System. Such a member may be reemployed by a participating municipality but only in a position not covered under the System, and receive in-service distributions of such member's accrued monthly retirement benefit from the System. The provisions of subsections B, C, E, F and G of this section shall apply to this subsection. A member shall not participate in the Oklahoma Firefighters Deferred Option Plan pursuant to this subsection if the member has elected to participate in the Oklahoma Firefighters Deferred Option Plan pursuant to subsections A, B, C, D, E and F of this section.

I. Certain surviving spouses and members shall be eligible to participate in the Oklahoma Firefighters Deferred Option Plan pursuant to subsection H of this section and this subsection.

1. For purposes of this subsection, the following definitions shall apply:

- a. "back drop election date" means the date the surviving spouse or member elects to commence participation in the Oklahoma Firefighters Deferred Option Plan pursuant to subsection H of this section and this subsection,
- b. "interest" means the actuarial assumed interest rate as certified by the actuary in the yearly evaluation report of the actuary,
- c. "monthly adjustment amount" means the difference between the monthly pension prior to the back drop election and the adjusted monthly pension due to the back drop election,
- d. "back drop pension adjustment amount" means the sum of all the monthly adjustment amounts adjusted for interest from the pension commencement date to the back drop election date, and
- e. "deferred benefit balance adjustment amount" means the interest on the deferred benefit balance from the pension commencement date to the back drop election date.

2. If a member who has more than twenty (20) years of creditable service and is eligible to receive a service, or a member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs on or after November 1, 2013, and such member has more than twenty-two (22) years of creditable service, retirement pension dies on or after June 4, 2007, and prior to terminating employment, the member's surviving spouse shall be eligible to elect to receive a benefit determined as if the member had elected to participate in

the Oklahoma Firefighters Deferred Option Plan in accordance with subsection H of this section on the day immediately preceding such member's death. Prior to July 1, 2010, the surviving spouse must make any such election within one (1) year from the date of the member's death. Effective July 1, 2010, the surviving spouse must make any such election within ninety (90) days from the date of the member's death. If on or after June 4, 2007, such election is made, the monthly pension such surviving spouse is entitled to receive shall be adjusted in accordance with the provisions of subsection H of this section to account for the member's participation in the Oklahoma Firefighters Deferred Option Plan. The surviving spouse may only make this election if the member has not previously elected to participate in the Oklahoma Firefighters Deferred Option Plan. For purposes of this election, the surviving spouse must have been married to the firefighter for the thirty (30) continuous months preceding the firefighter's death; provided, the surviving spouse of a member who died while in, or as a consequence of, the performance of the member's duty for a participating municipality shall not be subject to the marriage limitation for this election.

3. If a member has more than twenty (20) years of creditable service, or a member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs on or after November 1, 2013, and such member has more than twenty-two (22) years of creditable service and is eligible to receive a service retirement pension, and is eligible for a retirement for disability monthly pension pursuant to Section 49-109 of this title on or after June 4, 2007, such member shall be eligible to elect to receive a benefit determined as if the member had elected to participate in the Oklahoma Firefighters Deferred Option Plan, in accordance with subsection H of this section, on the day immediately preceding the date of the member's disability retirement, provided such election is made within two (2) years from the date of the member's disability retirement. The disability monthly pension such member is receiving, or entitled to receive, shall be adjusted in accordance with the provisions of subsection H of this section to account for the member's participation in the Oklahoma Firefighters Deferred Option Plan. The deferred benefit balance such member is entitled to receive shall be reduced by the back drop pension adjustment amount and increased by the deferred benefit balance adjustment amount. The member may only make a back drop election if the deferred benefit balance after the adjustment

described in this paragraph is greater than Zero Dollars (\$0.00). The member may only make this election if the member has not previously elected to participate in the Oklahoma Firefighters Deferred Option Plan.

4. If a member has more than twenty (20) years of creditable service, or a member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs on or after November 1, 2013, and such member has more than twenty-two (22) years of creditable service and is eligible to receive a service retirement pension, and filed a grievance for wrongful termination occurring on or after June 4, 2007, or is not a member of a collective bargaining organization as a firefighter, is involuntarily terminated and is seeking to have his or her position as a firefighter reinstated through a legal process, but is not reinstated as an active member, such member shall be eligible to elect to receive a benefit determined as if the member had elected to participate in the Oklahoma Firefighters Deferred Option Plan in accordance with subsection H of this section on the day immediately preceding the date of the member's termination. Such election must be made within two (2) years from the date of the member's termination as an active member and, if the member's case pertaining to the member's termination is on appeal to a court of competent jurisdiction, within such period set by the State Board in its sole discretion. The monthly pension such member is receiving, or entitled to receive, shall be adjusted in accordance with the provisions of subsection H of this section to account for the member's participation in the Oklahoma Firefighters Deferred Option Plan. The deferred benefit balance such member is entitled to receive shall be reduced by the back drop pension adjustment amount and increased by the deferred benefit balance adjustment amount. The member may only make a back drop election if the deferred benefit balance after the adjustment described in this paragraph is greater than Zero Dollars (\$0.00). The member may only make this election if the member has not previously elected to participate in the Oklahoma Firefighters Deferred Option Plan.

5. Subparagraphs d and e of paragraph 1 and paragraphs 3 and 4 of this subsection are effective June 4, 2007, provided the Internal Revenue Service issues a favorable determination letter for the System which includes the provisions of such subparagraphs and paragraphs without modification or as modified to conform to any

changes required by the Internal Revenue Service as part of its determination letter review process. In the event the Internal Revenue Service does not issue such a determination letter which includes the provisions of such subparagraphs or paragraphs without modification or as modified to conform to any changes required by the Internal Revenue Service as part of its determination letter review process, then subparagraphs d and e of paragraph 1 and paragraphs 3 and 4 of this subsection shall be repealed effective June 4, 2007.

SECTION 4. AMENDATORY 11 O.S. 2011, Section 49-106.2, as last amended by Section 5, Chapter 388, O.S.L. 2013 (11 O.S. Supp. 2013, Section 49-106.2), is amended to read as follows:

Section 49-106.2 A. For limitation years prior to July 1, 2007, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, shall be computed in accordance with the applicable provisions of the System in effect at that time and, to the extent applicable, Revenue Ruling 98-1 and Revenue Ruling 2001-51, except as provided below. Notwithstanding any other provision contained herein to the contrary, the benefits payable to a member from the System provided by employer contributions (including contributions picked up by the employer under Section 414(h) of the Internal Revenue Code of 1986, as amended) shall be subject to the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, in accordance with the provisions of this section. The limitations of this section shall apply in limitation years beginning on or after July 1, 2007, except as otherwise provided below.

B. Except as provided below, effective for limitation years ending after December 31, 2001, any accrued retirement benefit payable to a member as an annual benefit as described below shall not exceed One Hundred Sixty Thousand Dollars (\$160,000.00), automatically adjusted under Section 415(d) of the Internal Revenue Code of 1986, as amended, for increases in the cost of living, as prescribed by the Secretary of the Treasury or his or her delegate, effective January 1 of each calendar year and applicable to the limitation year ending with or within such calendar year. The automatic annual adjustment of the dollar limitation in this subsection under Section 415(d) of the Internal Revenue Code of

1986, as amended, shall apply to a member who has had a severance from employment.

1. The member's annual benefit is a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit and is payable on the first day of each month, before applying the limitations of this section. For a member who has or will have distributions commencing at more than one annuity starting date, the annual benefit shall be determined as of each such annuity starting date (and shall satisfy the limitations of this section as of each such date), actuarially adjusting for past and future distributions of benefits commencing at the other annuity starting dates. For this purpose, the determination of whether a new starting date has occurred shall be made without regard to Section 1.401(a)-20, Q&A 10(d), and with regard to Section 1.415(b)-1(b)(1)(iii)(B) and (C) of the Income Tax Regulations.

2. No actuarial adjustment to the benefit shall be made for:

- a. survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form,
- b. benefits that are not directly related to retirement benefits such as a qualified disability benefit, preretirement incidental death benefits, and postretirement medical benefits, or
- c. the inclusion in the form of benefit of an automatic benefit increase feature, provided, the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended, and would otherwise satisfy the limitations of this section, and the System provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this section applicable at the annuity starting date, as increased in subsequent

years pursuant to Section 415(d) of the Internal Revenue Code of 1986, as amended. For this purpose, an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

3. The determination of the annual benefit shall take into account Social Security supplements described in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended, and benefits transferred from another defined benefit plan, other than transfers of distributable benefits pursuant to Section 1.411(d)-4, Q&A-3(c), of the Income Tax Regulations, but shall disregard benefits attributable to employee contributions or rollover contributions.

4. Effective for distributions in plan years beginning after December 31, 2003, the determination of actuarial equivalence of forms of benefit other than a straight life annuity shall be made in accordance with paragraph 5 or paragraph 6 of this subsection.

5. Benefit Forms Not Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph if the form of the member's benefit is either:

- a. a nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse), or
- b. an annuity that decreases during the life of the member merely because of:
 - (1) the death of the survivor annuitant, but only if the reduction is not below fifty percent (50%) of the benefit payable before the death of the survivor annuitant, or
 - (2) the cessation or reduction of Social Security supplements or qualified disability payments as

defined in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended.

- c. Limitation Years Beginning Before July 1, 2007. For limitation years beginning before July 1, 2007, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit computed using whichever of the following produces the greater annual amount:
- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 49-100.9 of this title for adjusting benefits in the same form, and
 - (2) a five percent (5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.
- d. Limitation Year Beginning On January 1, 2008. For the limitation year beginning on January 1, 2008, the actuarially equivalent straight life annuity is equal to the greater of:
- (1) the annual amount of the straight life annuity, if any, payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
 - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.

- e. Limitation Years Beginning On or After July 1, 2008. For limitation years beginning on or after July 1, 2008, the actuarially equivalent straight life annuity is equal to the greater of:
- (1) the annual amount of the straight life annuity, if any, payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
 - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Revenue Ruling 2007-67 (and subsequent guidance) for that annuity starting date.

6. Benefit Forms Subject to Section 417 (e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph if the form of the member's benefit is other than a benefit form described in paragraph 5 of this subsection. In this case, the actuarially equivalent straight life annuity shall be determined as follows:

- a. Annuity Starting Date on or after January 1, 2009. If the annuity starting date of the member's form of benefit is in the period beginning on January 1, 2009 through June 30, 2009, or in a plan year beginning after June 30, 2009, the actuarially equivalent straight life annuity is equal to the greatest of divisions (1), (2) and (3) of this subparagraph:
- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the

interest rate and the mortality table or other tabular factor as set forth in the most recent actuarial valuation referenced in subsection H of Section 49-100.9 of this title prior to September 1, 2011, and effective September 1, 2011, in subsection L of this section for adjusting benefits in the same form,

- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Revenue Ruling 2007-67 (and subsequent guidance), and
- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computing using:
 - (a) the adjusted first, second, and third segment rates under Section 417(e)(3)(C) and (D) of the Internal Revenue Code of 1986, as amended, applied under rules similar to the rules of Section 430(h)(2)(C) of the Internal Revenue Code of 1986, as amended, for the fourth calendar month preceding the plan year in which falls the annuity starting date for the distribution and the stability period is the successive period of one plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, or as otherwise provided in the applicable guidance if the first day of the first plan year beginning after December 31, 2007, does not coincide with the first day of the applicable stability period, and

- (b) the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance),

divided by one and five one-hundredths (1.05).

- b. Annuity Starting Date in the Period Beginning on July 1, 2008 through December 31, 2008. If the annuity starting date of the member's form of benefit is in the period beginning on July 1, 2008 through December 31, 2008, the actuarially equivalent straight life annuity is equal to the greatest of divisions (1), (2) and (3) of this subparagraph:
 - (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table or other tabular factor each as set forth in subsection H of Section 49-100.9 of this title for adjusting benefits in the same form,
 - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and
 - (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:
 - (a) the adjusted first, second, and third segment rates under Section 417(e)(3)(C) and

(D) of the Internal Revenue Code of 1986, as amended, applied under rules similar to the rules of Section 430(h)(2)(C) of the Internal Revenue Code of 1986, as amended, for the fourth calendar month preceding the plan year in which falls the annuity starting date for the distribution and the stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, or as otherwise provided in the applicable guidance if the first day of the first plan year beginning after December 31, 2007, does not coincide with the first day of the applicable stability period, and

- (b) the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

- c. Annuity Starting Date in Plan Years Beginning in 2006 or 2007. If the annuity starting date of the member's form of benefit is in a plan year beginning in 2006 or 2007, the actuarially equivalent straight life annuity is equal to the greatest of divisions (1), (2) and (3) of this subparagraph:

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) each as set forth in subsection H of Section 49-100.9 of this title for adjusting benefits in the same form,

- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the

member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and

- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:
 - (a) the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, and
 - (b) the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

- d. Annuity Starting Date in Plan Years Beginning in 2004 or 2005.
 - (1) If the annuity starting date of the member's form of benefit is in a plan year beginning in 2004 or 2005, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greater annual amount:

- (a) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 49-100.9 of this title for adjusting benefits in the same form, and
 - (b) a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).
- (2) If the annuity starting date of the member's benefit is on or after the first day of the first plan year beginning in 2004 and before December 31, 2004, the application of this subparagraph shall not cause the amount payable under the member's form of benefit to be less than the benefit calculated under the System, taking into account the limitations of this section, except that the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greatest annual amount:
- (a) the interest rate and mortality table or other tabular factor, each as set forth in subsection H of Section 49-100.9 of this title for adjusting benefits in the same form,
 - (b) i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the

stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, and

- ii. the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable), and
- (c) i. the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant (as in effect on the last day of the last plan year beginning before January 1, 2004, under provisions of the System then adopted and in effect), and
- ii. the applicable mortality table described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

C. If a member has less than ten (10) years of participation in the System and all predecessor municipal firefighter pension and retirement systems, the dollar limitation otherwise applicable under subsection B of this section shall be multiplied by a fraction, the numerator of which is the number of the years of participation, or

part thereof, in the System of the member, but never less than one (1), and the denominator of which is ten (10).

D. Adjustment of Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age or After Sixty-five (65) Years of Age: Effective for benefits commencing in limitation years ending after December 31, 2001, the dollar limitation under subsection B of this section shall be adjusted if the annuity starting date of the member's benefit is before sixty-two (62) years of age or after sixty-five (65) years of age. If the annuity starting date is before sixty-two (62) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 1 of this subsection, as modified by paragraph 3 of this subsection, but subject to paragraph 4 of this subsection. If the annuity starting date is after sixty-five (65) years of age, the dollar limitation under subsection B of this section shall be adjusted under paragraph 2 of this subsection, as modified by paragraph 3 of this subsection.

1. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement Before Sixty-two (62) Years of Age:

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:

- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 49-100.9 of this title, or

- (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).
- b. Limitation Years Beginning On or After July 1, 2007.
- (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement.
 - (a) If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in the limitation year beginning on January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).
 - (b) If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year

beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e) (3) (B) of the Internal Revenue Code of 1986, as amended, as described in Revenue Ruling 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-two (62) Years of Age and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is prior to sixty-two (62) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-two (62) years of age and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the lesser of the limitation determined under division (1) of this subparagraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of

the immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the immediately commencing straight life annuity under the System at sixty-two (62) years of age, both determined without applying the limitations of this section.

- (3) Effective for limitation years commencing on or after January 1, 2014, notwithstanding any other provision of paragraph 1 of this subsection, the age-adjusted dollar limit applicable to a member shall not decrease on account of an increase in age or the performance of additional services.

2. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement After Sixty-five (65) Years of Age:

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:
- (1) the interest rate and the mortality table or other tabular factor, each as set forth in subsection H of Section 49-100.9 of this title, or
 - (2) a five percent (5%) interest rate assumption and the applicable mortality table as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable).

b. Limitation Years Beginning On or After July 1, 2007.

(1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and the Age of Benefit Commencement.

(a) If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in the limitation year beginning on January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table for the annuity starting date as described in Revenue Ruling 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).

(b) If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar

limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Revenue Ruling 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Sixty-five (65) Years of Age and Age of Benefit Commencement. If the annuity starting date for the member's benefit is after sixty-five (65) years of age and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both sixty-five (65) years of age and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the lesser of the limitation determined under division (1) of this subparagraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the adjusted immediately commencing straight life annuity under the System at sixty-five (65) years

of age, both determined without applying the limitations of this section. For this purpose, the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date is the annual amount of such annuity payable to the member, computed disregarding the member's accruals after sixty-five (65) years of age but including actuarial adjustments even if those actuarial adjustments are used to offset accruals; and the adjusted immediately commencing straight life annuity under the System at sixty-five (65) years of age is the annual amount of such annuity that would be payable under the System to a hypothetical member who is sixty-five (65) years of age and has the same accrued benefit as the member.

3. Notwithstanding the other requirements of this subsection, ~~no adjustment shall be made to the dollar limitation under subsection B of this section~~ in adjusting the dollar limitation for the member's annuity starting date under subparagraph a of paragraph 1 of this subsection, division (1) of subparagraph b of paragraph 1 of this subsection, subparagraph a of paragraph 2 of this subsection, or division (1) of subparagraph b of paragraph 2 of this subsection, no adjustment shall be made to reflect the probability of a member's death between the annuity starting date and sixty-two (62) years of age, or between sixty-five (65) years of age and the annuity starting date, as applicable, if benefits are not forfeited upon the death of the member prior to the annuity starting date. To the extent benefits are forfeited upon death before the annuity starting date, such an adjustment shall be made. For this purpose, no forfeiture shall be treated as occurring upon the member's death if the System does not charge members for providing a qualified preretirement survivor annuity, as defined in Section 417(c) of the Internal Revenue Code of 1986, as amended, upon the member's death.

4. Notwithstanding any other provision to the contrary, for limitation years beginning on or after January 1, 1997, if payment begins before the member reaches sixty-two (62) years of age, the reductions in the limitations in this subsection shall not apply to a member who is a "qualified participant" as defined in Section 415(b)(2)(H) of the Internal Revenue Code of 1986, as amended.

E. Minimum Benefit Permitted: Notwithstanding anything else in this section to the contrary, the benefit otherwise accrued or payable to a member under this System shall be deemed not to exceed the maximum permissible benefit if:

1. The retirement benefits payable for a limitation year under any form of benefit with respect to such member under this System and under all other defined benefit plans (without regard to whether a plan has been terminated) ever maintained by a participating municipality do not exceed Ten Thousand Dollars (\$10,000.00) multiplied by a fraction:

- a. the numerator of which is the member's number of credited years (or part thereof, but not less than one (1) year) of service (not to exceed ten (10) years) with the participating municipality, and
- b. the denominator of which is ten (10); and

2. The participating municipality (or a predecessor employer) has not at any time maintained a defined contribution plan in which the member participated (for this purpose, mandatory employee contributions under a defined benefit plan, individual medical accounts under Section 401(h) of the Internal Revenue Code of 1986, as amended, and accounts for postretirement medical benefits established under Section 419A(d)(1) of the Internal Revenue Code of 1986, as amended, are not considered a separate defined contribution plan).

F. In no event shall the maximum annual accrued retirement benefit of a member allowable under this section be less than the annual amount of such accrued retirement benefit, including early pension and qualified joint and survivor annuity amounts, duly accrued by the member as of the last day of the limitation year beginning in 1982, or as of the last day of the limitation year beginning in 1986, whichever is greater, disregarding any plan changes or cost-of-living adjustments occurring after July 1, 1982, as to the 1982 accrued amount, and May 5, 1986, as to the 1986 accrued amount.

G. For limitation years beginning on or after January 1, 1995, subsection C of this section, paragraph 1 of subsection D of this section, and the proration provided under subparagraphs a and b of paragraph 1 of subsection E of this section, shall not apply to a benefit paid under the System as a result of the member becoming disabled by reason of personal injuries or sickness, or amounts received by the beneficiaries, survivors or estate of the member as a result of the death of the member.

H. If a member purchases service credit under the System, which qualifies as "permissive service credit" pursuant to Section 415(n) of the Internal Revenue Code of 1986, as amended, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, may be met by either:

1. Treating the accrued benefit derived from such contributions as an annual benefit under subsection B of this section; or

2. Treating all such contributions as annual additions for purposes of Section 415(c) of the Internal Revenue Code of 1986, as amended.

I. If a member repays to the System any amounts refunded from the System because of the member's prior termination or any other amount which qualifies as a repayment under Section 415(k)(3) of the Internal Revenue Code of 1986, such repayment shall not be taken into account for purposes of Section 415 of the Internal Revenue Code of 1986, as amended, pursuant to Section 415(k)(3) of the Internal Revenue Code of 1986, as amended.

J. For distributions made in limitation years beginning on or after January 1, 2000, the combined limit of repealed Section 415(e) of the Internal Revenue Code of 1986, as amended, shall not apply.

K. The State Board is hereby authorized to revoke the special election previously made on June 21, 1991, under Section 415(b)(10) of the Internal Revenue Code of 1986, as amended.

L. Effective September 1, 2011, the interest rate and mortality assumptions for the System used to determine the actuarial equivalence of a member's form of benefit shall be set by the State Board in a manner that precludes employer discretion, shall be based

upon recommendations from independent professional advisors and shall be published annually in the actuarial valuation.

SECTION 5. AMENDATORY 11 O.S. 2011, Section 49-113.2, is amended to read as follows:

Section 49-113.2 A. Upon the death of an active or retired member, the System shall pay to the surviving spouse of the member if the surviving spouse has been married to the firefighter for thirty (30) continuous months preceding the member's death provided a surviving spouse of a member who died while in, or as a consequence of, the performance of the member's duty for a participating municipality shall not be subject to the marriage limitation for survivor benefits, or if there is no surviving spouse or no surviving spouse meeting the requirements of this section, the System shall pay to the designated recipient or recipients of the member, or if there is no designated recipient or if the designated recipient predeceases the member, to the estate of the member, the sum of Four Thousand Dollars (\$4,000.00) for those active or retired members who died prior to July 1, 1999. For those active or retired members who die on or after July 1, 1999, the sum shall be Five Thousand Dollars (\$5,000.00). ~~The benefit payable pursuant to this subsection shall be deemed, for purposes of federal income taxation, as life insurance proceeds and not as a death benefit if the Internal Revenue Service approves this provision pursuant to a private letter ruling request which shall be submitted by the board of trustees of the System for that purpose.~~

B. Upon the death of a member who dies leaving no living designated recipient or having designated the member's estate as recipient, the System may pay any applicable death benefit which may be subject to probate, in an amount of Five Thousand Dollars (\$5,000.00), to the heir or heirs of the member without the intervention of a probate court or probate procedures.

C. Before any applicable probate procedure may be waived, the System must be in receipt of the member's proof of death and the following documents from those persons claiming to be the legal heirs of the deceased member:

1. The member's last will and testament if available;

2. An affidavit or affidavits of heirship which must contain:

- a. the names and signatures of all claiming heirs to the deceased member's estate including the claiming heirs' names, relationship to the deceased member, current addresses and current telephone numbers,
- b. a statement or statements by the claiming heirs that no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction,
- c. a statement that the value of the deceased member's entire probate estate, less liens and encumbrances, does not exceed Ten Thousand Dollars (\$10,000.00), including the payment of benefits from the System, and
- d. a statement by each individual claiming heir identifying the amount of personal property that the heir is claiming from the System or the amount the heir agrees to be paid to another person, and that the heir has been notified of, is aware of and consents to the identified claims of all the other claiming heirs of the deceased member pending with the System;

3. A written agreement or agreements signed by all claiming heirs of the deceased member which provides that the claiming heirs release, discharge and hold harmless the System from any and all liability, obligations and costs which it may incur as a result of making a payment to any of the deceased member's heirs;

4. A corroborating affidavit from an individual other than a claiming heir, who was familiar with the affairs of the deceased member; and

5. Proof that funeral and burial expenses of the deceased member have been paid or provided for.

D. The System shall retain complete discretion in determining which requests for probate waiver may be granted or denied, for any reason. Should the System have any questions as to the validity of any document presented by the claiming heirs, or as to any statement

or assertion contained therein, the probate requirements provided for in Section 1 et seq. of Title 58 of the Oklahoma Statutes shall not be waived.

E. After paying any death benefits to any claiming heirs as provided pursuant to this section, the System is discharged and released from any and all liability, obligation and costs to the same extent as if the System had paid a personal representative holding valid letters testamentary issued by a court of competent jurisdiction. The System is not required to inquire into the truth of any matter specified in this section or into the payment of any estate tax liability.

F. The provisions of this section shall not be subject to qualified domestic orders as provided in subsection B of Section 49-126 of this title.

G. 1. For purposes of this section, if a person makes a qualified disclaimer with respect to the death benefit provided for in subsection A of this section, this section shall apply with respect to such death benefit as if the death benefit had never been transferred to such person.

2. For purposes of this subsection, the term "qualified disclaimer" means an irrevocable and unqualified refusal by a person, including but not limited to the surviving spouse of the deceased member, to accept an interest in the death benefit provided for in subsection A of this section, but only if:

- a. such refusal is in writing,
- b. such writing is received by the System not later than the date which is nine (9) months after the date of death of the deceased member,
- c. such person has not accepted the death benefit provided for in subsection A of this section, and
- d. as a result of such refusal, the death benefit provided for in subsection A of this section passes without any direction on the part of the person making the disclaimer and passes first, to the organization

providing funeral and burial services for the deceased member or, if the cost of the funeral and burial services for the deceased member has already been paid, to the person or persons other than the person making the disclaimer as further provided for in this section.

SECTION 6. AMENDATORY 11 O.S. 2011, Section 49-117.1, as last amended by Section 8, Chapter 388, O.S.L. 2013 (11 O.S. Supp. 2013, Section 49-117.1), is amended to read as follows:

Section 49-117.1 A. A member who terminates service before normal retirement date, other than by death or disability shall, upon application filed with the State Board, be refunded from the Fund an amount equal to the accumulated contributions the member has made to the Fund, but excluding any interest or any amount contributed by the municipality or state.

B. If a member, whose first employment with a participating employer of the System occurs prior to November 1, 2013, has completed ten (10) years of credited service at the date of termination, the member may elect a vested benefit in lieu of receiving the member's accumulated contributions.

C. If a member whose first employment with a participating employer of the System occurs on or after November 1, 2013, has completed eleven (11) years of credited service at the date of termination, the member may elect a vested benefit in lieu of receiving the member's accumulated contributions.

D. If the member who has completed ten (10) or more years of credited service as prescribed by subsection B of this section elects the vested benefit, the member shall be entitled to a monthly retirement annuity commencing on the date the member reaches fifty (50) years of age or the date the member would have had twenty (20) years of credited service had the member's employment continued uninterrupted, whichever is later. The annual amount of such retirement annuity shall be equal to two and one-half percent (2 1/2%) of the annualized final average salary multiplied by the number of years of credited service not to exceed thirty (30) years. The death benefits provided for in Section 49-113.2 of this title

shall not apply to any member retiring under the provisions of this section.

E. If the member who has completed eleven (11) or more years of credited service as prescribed by subsection C of this section elects the vested benefit, the member shall be entitled to a monthly retirement annuity commencing on the date the member reaches fifty (50) years of age or the date the member would have had twenty-two (22) years of credited service had the member's employment continued uninterrupted, whichever is later. The annual amount of such retirement annuity shall be equal to two and one-half percent (2 1/2%) of the annualized final average salary multiplied by the number of years of credited service not to exceed thirty (30) years. The death benefits provided for in Section 49-113.2 of this title shall not apply to any member retiring under the provisions of this section.

F. If a member who terminates employment and elects a vested benefit dies prior to being eligible to receive benefits, the member's beneficiary shall be entitled to the member's normal monthly retirement benefit on the date the deceased member would have been eligible to receive the benefit.

G. If a member terminates employment and withdraws the member's accumulated contributions and then subsequently rejoins the System, he may pay to the System the sum of the accumulated contributions he has withdrawn plus five percent (5%) annual interest from the date of withdrawal and shall receive the same benefits as if he had never withdrawn his contributions; however, effective January 1, 1991, the rate of interest provided herein shall be ten percent (10%) per annum.

H. Effective January 1, 2002, lump-sum payments for repayment of any amounts received because of a member's prior termination with interest may be repaid by a trustee-to-trustee transfer from a Code Section 403(b) annuity, a governmental Code Section 457 plan, and/or a Code Section 401(a) qualified plan.

I. A firefighter shall not be permitted to withdraw from the System while employed as a firefighter in a participating municipality.

SECTION 7. AMENDATORY 11 O.S. 2011, Section 49-135, is amended to read as follows:

Section 49-135. No person shall be employed in a fire department who has reached the age of forty-five (45) years, unless it appears he or she shall become eligible for retirement at the age of sixty-five (65) years, or at the age of sixty-seven (67) years for a firefighter whose first service with a participating employer of the System occurs on or after November 1, 2013, or unless he or she be retired from a municipal fire department in the State of Oklahoma. This section shall not apply to professional engineers, or to persons employed as technical specialists on a temporary basis. The State Board shall be authorized to establish the maximum age, within the limits herein prescribed, over which an applicant may not be considered for initial employment, but no person shall be prohibited from making application for reemployment and having such reemployment application considered merely because of his or her age, provided that such person be under the age of forty-five (45) years, and provided further, that such reemployment shall be with the consent of the fire chief of such municipality.

SECTION 8. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
