

1 by the Oklahoma Hazardous Waste Management Act, the Oklahoma
2 Environmental Permitting Act, and rules promulgated thereunder, for
3 a permit, and shall also meet design standards as promulgated by the
4 Board. Such recycling facilities which were in existence on July 1,
5 1990, may but shall not be required to file a permit application
6 pursuant to the provisions of the Oklahoma Hazardous Waste
7 Management Act. A permit modification is not required for a
8 permitted recycling facility to use new, improved, or better methods
9 of recycling if the Department has approved the plans as being
10 environmentally acceptable. An approved class 1 permit modification
11 shall be required for a permitted recycling facility to increase the
12 capacity of its recycling units or add new or different recycling
13 units.

14 ~~B. No hazardous waste having a heating value less than five~~
15 ~~thousand (5,000) British Thermal Units per pound shall be burned as~~
16 ~~fuel in any unit in this state permitted as a hazardous waste~~
17 ~~recycling unit.~~

18 ~~C. No owner or operator of any unit in this state permitted as~~
19 ~~a hazardous waste recycling unit shall burn as fuel in such unit any~~
20 ~~substance which the owner or operator knows, or should know,~~
21 ~~contains hazardous waste which has a heating value of less than five~~
22 ~~thousand (5,000) British Thermal Units per pound which has been~~
23 ~~blended with other materials or wastes and produces a hazardous~~

24

1 ~~waste fuel with a heating value equal to or exceeding five thousand~~
2 ~~(5,000) British Thermal Units per pound.~~

3 SECTION 2. This act shall become effective November 1, 2013.
